NOTE 1

GENERAL

Quaero Capital Funds (Lux) (the "SICAV") is an open-ended investment company organised under the laws of Luxembourg as a *Société d'Investissement à Capital Variable* ("SICAV"), incorporated under the form of a public limited liability company (*société anonyme*) on April 24, 2009, authorised under Part I of the Luxembourg Act dated December 17, 2010 as amended. Quaero Capital Funds (Lux)

Notes to the financial statements as at June 30, 2023 (continued)

The Board of Directors of the SICAV may decide to create several share classes for each sub-fund, whose assets would be invested according to the specific investment policy of the relevant sub-fund, but where the share classes may differ by specific subscription and/or redemption fee structures, currency risk hedging policies, distribution policies and/or management or advisory fees or by any other particularities applicable to each class. Where applicable, this information is provided in the current Prospectus of the SICAV.

c) Significant events

New Prospectus came into force in April 2023.

d) Co-management and pooling

To ensure effective management of the SICAV, the Board of Directors of the SICAV and the Management Company may decide to manage all or part of the assets of one or more sub-funds with those of other sub-funds in the SICAV (pooling technique) or, where applicable, to co-manage all or part of the assets, except for a cash reserve, if necessary, of one or more sub-funds with the assets of other Luxembourg investment funds or of one or more sub-funds of other Luxembourg investment funds (hereinafter referred to as the party(ies) to the co-managed assets) for which the Depositary Bank is the appointed depositary. These assets are managed in accordance with the respective investment policies of the Parties to the co-managed assets, each of which is pursuing identical or comparable objectives. Parties to the co-managed assets only participate in co-managed assets which are in accordance with the stipulations of their respective prospectuses and investment restrictions.

Each Party to the co-managed assets participates in the co-managed assets in proportion to the assets it has contributed to the co-management. Assets and liabilities are allocated to each Party to the co-managed assets in proportion to its contribution to the co-managed assets.

Each Party's rights to the co-managed assets apply to each line of investment in the said co-managed assets.

The aforementioned co-managed assets are formed by the transfer of cash or, where applicable, other assets from each of the Parties participating in the co-managed assets. Thereafter, the Board of Directors of the SICAV and the Management Company may regularly make subsequent transfers to the co-managed assets.

The assets can also be transferred back to a Party to the co-managed assets for an amount not exceeding the participation of the said Party to the co-managed assets.

Dividends, interest and other distributions deriving from income generated by the co-managed assets accrue to each Party to the co-managed assets in proportion to its respective investment. Such income may be kept by the Party to the co-managed assets or reinvested in the co-managed assets.

All charges and expenses incurred in respect of the co-managed assets are applied to these assets. Such charges and expenses are allocated to each party to the co-managed assets in proportion to its respective entitlement to the co-managed assets.

Quaero Capital Funds (Lux)

Notes to the financial statements as at June 30, 2023 (continued)

In the case of an infringement of the investment restrictions affecting a sub-fund of the SICAV, when such a sub-fund takes part in co-management and even if the manager has complied with the investment restrictions applicable to the co-managed assets in question, the Board of Directors of the SICAV and the Management Company shall ask the manager to reduce the investment in question in proportion to the participation of the sub-fund concerned in the co-managed assets or, where applicable, reduce its participation in the co-managed assets to a level that respects the investment restrictions of the sub-fund.

When the SICAV is liquidated or when the Board of Directors of the SICAV and the Management Company decide, without prior notice, to withdraw the participation of the SICAV or a sub-fund from co-managed assets, the co-managed assets are allocated to the Parties to the co-managed assets in proportion to their respective participation in the co-managed assets.

The investor must be aware of the fact that such co-managed assets are employed solely to ensure effective management inasmuch as all Parties to the co-managed assets have the same depository. Co-managed assets are not distinct legal entities and are not directly accessible to investors. However, the assets and liabilities of each sub-fund are constantly separated and identifiable.

UKRAINE RUSSIA CONFLICT

On February 25, 2022, the following sub-fund had more than 5 percent exposure to Russian or Belarusian securities:

- Quaero Capital Funds (Lux) - New Europe

On February 25, 2022, the following sub-fund had less than 5 percent exposure to Russian or Belarusian securities:

- Quaero Capital Funds (Lux) - Yield Opportunities

The Management Company continue to monitor existing exposures to Russia, and the effects of the Ukraine/Russia conflict.

In the context of daily/weekly Valuation Committee and Risk Committee meetings in particular, decisions are made considering the current situation; these decisions are subject to regular adjustments due to changes in the overall assessment.

Key considerations include, but are not limited to:

- Direct and indirect exposures, and spill-over effects likely to have a negative impact on sub-funds;
- Markets, and asset valuation;
- Portfolio Compliance considering capital restrictions and sanctions imposed as an outcome of the Russia/Ukraine conflict.

In light of the current situation in Ukraine/Russia, the Russian shares quoted on domestic stock exchange have been temporarily valued at zero due to the situation on markets, liquidity and sanctions amongst some considerations.

This may be subject to change as a result of the evolution of the current situation.

The Board of Directors of the SICAV is confident that the fund operations will continue as a going concern and is carefully following the current crisis.

Total Expense Ratio ("TER")

Pursuant to the "Guidelines on the calculation and disclosure of the total expense ratio (TER) of collective investment schemes" of May 16, 2008 (version of August 5, 2021) of the Asset Management Association Switzerland ("AMAS"), the SICAV is obliged to publish a TER for the latest 12-month period.

The TER is defined as the ratio between the total operating expenses (operating charges primarily consist of management and investment advisory fees, depositary fees, bank charges and interest, service fees, performance fees, taxes and duties) and the relevant sub-fund's / share class' average NAV (calculated on the basis of the daily average of the total net assets for the relevant year) expressed in its reference currency.

Moreover, for the new share classes launched during the period, operating fees were annualised as stated in point 8 of the Directive. The amounts were annualised whereas certain fixed costs were not split equally over the period.

As much as the sub-funds invest more than 10% of its assets in other investment funds, a synthetic TER is calculated:

- by adding to the TER the sum of the TER of underlying funds weighted according to their share in the net assets of the related sub-fund at the reference date. If one of the target funds does not publish any TER, no synthetic TER will be calculated for this fraction of investment,
- by subtracting the impact of the retrocession received calculated by dividing the amount of retrocessions by the average assets.

For the period from July 1, 2022 to June 30, 2023, the TER was:

Performance

The performance per share class was calculated by comparing the net assets per share as at June 30, 2023 with the net assets per share as at December 31, 2022.

For share classes that distributed a dividend, the dividend amount was reintegrated into the net assets as at June 30, 2023, in order to compute the performance including dividends.

The performance was calculated at the end of each financial year according to the "Guidelines on the calculation and publication of the performance data of collective investment schemes" of May 16, 2008 (version of August 5, 2021) of the Asset Management Association Switzerland ("AMAS").

The performance given is based on historical data, which is no guide to current or future performance. Commissions and fees levied for the issue or redemption of shares, as applicable, have not been taken into account in this performance calculation.

As at June 30, 2023, performances were the following:
