

## KEY INVESTOR INFORMATION DOCUMENT

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

## EVLI GEM FUND

Growth unit, unit series B (ISIN: FI4000153697)

This fund is managed by Evli Fund Management Company Ltd, which is a part of the Evli Group.

## OBJECTIVES AND INVESTMENT POLICY

The fund will invest primarily in the equities and equity-linked securities of companies operating in emerging markets worldwide. The fund's geographical investment coverage consists typically of emerging markets in Asia, Africa, Europe, Latin America and the Middle East. The fund may also invest its assets in derivatives contracts both for hedging purposes and within the fund's investment strategy.

The fund's investment policy complies with Evli's policies for responsible investment. ESG factors have been integrated into the fund's investment decisions, the fund's investments are monitored for violations against the UN Global Compact principles and certain industries have been excluded.

The benchmark of the fund's return is the MSCI Emerging Markets TR Net (USD) return index (takes dividend income into account). The fund's target is to exceed the return of the benchmark index. The fund's investment strategy is active and is based on stock selection. The fund does not have any sector or country restrictions within its geographical investment area, and it may, for example, also invest in the equities of emerging economies whose equity markets and financial development are still at an early stage of advancement. The fund's investment strategy emphasizes underpriced companies that generate cash flow and have strong debt coverage.

The fund's base currency is the euro.

The returns on the fund's investments will be reinvested.

Fund units may be subscribed for and redeemed on every Finnish banking day excluding those banking days on which the net asset value of the fund or its investments cannot be determined due to foreign public or bank holidays. The trading of fund units is also not possible if the management company has temporarily suspended the calculation of the net asset value of the fund units due to exceptionally unstable or unpredictable market conditions, exceptional conditions or any other important reason. A list of days on which the trading of fund units is not possible will be available from the Management Company and the Management Company's website.

Recommendation: this fund may not be appropriate for investors who plan to withdraw their money within 9 years.

Additional information on fund investment is available in the official fund prospectus and at the address [www.evli.com/funds](http://www.evli.com/funds).

## RISK AND REWARD PROFILE

The risk-reward profile describes the variation in the performance of the net asset value of the fund unit over the last 5 years. The fund's risk-reward profile and risk category may change. Even the lowest category (1) in the risk-reward indicator is not entirely risk-free. Historical data cannot be used to predict the future performance of the fund's risk-reward profile and risk category.

The fund's risk level is determined on a scale from 1 to 7, where 1 signifies a low risk and 7 a high risk. The fund's current risk category is 6. This means that the fund's performance is subject to a high risk.

All the fund's assets will be invested in the equities and equity-linked securities of emerging markets, and therefore the net asset value of a fund unit may fluctuate very abruptly. In addition to the general economic performance, equity market returns are also affected by other factors such as political or legislative changes. Securities investments outside the euro area are subject to exchange rate risk.

The fund's overall risk is also affected by the following risk factors, which the fund's risk profile does not necessarily address fully:

- Liquidity risk: The risk that a financial instrument cannot be bought or sold within the planned time or at the desired price.
- Event risk: Unforeseeable events such as sudden devaluations or political events.
- Sovereign risk: The risk that a certain country or geographical area performs worse than expected or suffers a negative event, in which case the value of financial instruments associated with the country or continent in question declines. This risk is emphasized in funds that invest in individual countries or continents (e.g. Asia, Middle East, Russia, India, Brazil).
- Operational risks: The risk of deficient internal processes, systems and personnel, including custody of assets and securities trading and settlement systems.
- Counterparty risk: The counterparty in a securities transaction or the issuer of an investment does not act according to the agreed terms.

## CHARGES FOR THIS FUND

The charges paid by the investor are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential return on your investment.

### Fees associated with subscription and redemption of fund units

Subscription fee	0%
Redemption fee	0%

The subscription and redemption fees shown are maximum figures that can be charged as expenses from the investment in conjunction with subscription and redemption. More detailed information is available in the valid price list, from the Management Company or from the Management Company's agent.

### Fees to be charged from the fund during the year

Ongoing charges	1,80%
-----------------	-------

The ongoing charges figure based on expenses for 2021. This figure may vary from year to year. It excludes:

- performance-based fees
- transaction costs paid by the fund.

For more information about charges, please refer to the official fund prospectus and the funds' price list, which are available at the address [www.evli.com/funds](http://www.evli.com/funds).

## PAST PERFORMANCE

The fund commenced operations on January 25, 2016. The past performance takes into account the fund unit's management fee, but not the subscription or redemption fees or any taxes paid by the investor. The performance of a fund unit is calculated in euros. Past performance is not a guarantee of future returns.

## PRACTICAL INFORMATION

- The Fund's custodian is Skandinaviska Enskilda Banken AB (publ) Helsinki Branch. Evli Fund Management Company Ltd is in charge of the asset management for the Fund.
- The Fund's auditor will be PricewaterhouseCoopers Oy, Authorized Public Accountants.
- The fund rules, key investor information document and other fund publications are available at [www.evli.com/funds](http://www.evli.com/funds) and from the Investor Service tel. +358 9 4766 9701, Mon-Fri from 9.30 am to 4.30 pm (Finnish time).
- The latest quotations of fund units are available at [www.evli.com/funds](http://www.evli.com/funds) or in the My Evli online service.
- The tax legislation of the Fund's home Member State may have an impact on the personal tax position of the investor.
- Evli Fund Management Company Ltd may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the fund prospectus.
- The units of the Fund are divided on the basis of the distribution of returns into yield units and growth units. Returns will not be distributed on growth units; instead, the returns (such as dividends and interest income) will be reinvested in order to increase the value of the growth units. Returns will be distributed on yield units annually, which reduces the portion of the Fund's capital calculated for yield units. The aim will be to distribute a return that is as stable as possible, which is why the return distribution is not tied to the Fund's financial year, or to the result of the financial year that ended most recently or of previous financial years. As a result of the return distribution, the net asset value of a yield unit may fall below its subscription price.
- The Fund may issue units issued in a currency other than its base currency.
- Information on the management company's remuneration practices can be found at the address [www.evli.com](http://www.evli.com).

The fund's rules were approved on July 1, 2020 in Finland and are valid as of October 1, 2020.

Evli Fund Management Company Ltd has been granted a license in Finland. The fund and the management company are supervised by the Financial Supervisory Authority.

This key investor information document is valid as of February 18, 2022.
