The Central Bank of Ireland is responsible for supervising Lazard Fund Managers (Ireland) Limited in relation to this Key Information Document.

Lazard Global Investment Funds Public Limited Company (the "Company") is authorised in Ireland and regulated by Central Bank of Ireland.

KID production date: 29 November 2024.

What is this product?

Type: Lazard Nordic High Yield Bond Fund (the "Fund") is a sub-fund of the Company, an Irish UCITS investment fund company.

Product Term: The Fund does not have a maturity date however the PRIIP Manufacturer can unilaterally decide to terminate the Product at the discretion of the Directors of the Company on giving thirty days written notice to shareholders.

Objective: The Fund aims to maximise total return from income and capital growth.

The Fund is actively managed and may invest in a diversified portfolio of high yielding (including non-investment grade and unrated) fixed and floating rate debt securities (e.g. bonds) issued or guaranteed by corporates, sovereigns, governments and quasi- governmental bodies in Scandinavian countries (i.e. Denmark, Finland, Iceland, Norway and Sweden) in local Scandinavian currencies, or in hard currencies (i.e. currencies of the G7 nations).

Securities will have an individual credit rating, or deemed rating by the Investment Manager, at the time of purchase of B3/B- or higher. Where securities are downgraded or are no longer deemed equivalent to B3/B- at a later date, the Investment Manager may at its sole discretion continue to hold the downgraded securities.

The Fund may also invest in debt securities issued or guaranteed by any other corporates, sovereigns, governments and quasi-governmental bodies provided the security is issued or denominated in the local Scandinavian currency.

The individual selection of the securities will be determined by the Investment Manager's assessment of credit quality of the issuers (i.e. the capacity of issuers to meet their obligations); nature and maturity of the instruments; and the relative value offered compared to instruments from comparable issuers.

The Fund may gain exposure to the asset classes above either by investing in them directly, or by using derivatives (which are financial contracts whose value is linked to the price of the underlying investment), for the purposes of efficient portfolio management. The currency exposures of the Fund's portfolio will be substantially hedged back into Euro, being the base currency of the Fund.

As a result of its use of derivatives, the Fund may be 'geared' or 'leveraged' (which can lead to a proportionately much larger movement in the value of the Fund's assets). The expected level of the Fund's leverage will be 100% of the value of the Fund.

The Fund has discretion as to which investments it will hold within the limits of the Investment Objective and Policy.

The Fund's performance is not measured in reference to a benchmark.

Income and profits, if any, attributable to your shares will not be paid out as a dividend but will be accumulated in the Fund on your behalf and reflected in an increase in the value of your holdings.

The Fund promotes environmental and/or social characteristics within the meaning of Article 8 of Regulation (EU) 2019/2088, the "SFDR Regulation".

The Company's depository is State Street Custodial Services (Ireland) Limited (the "Depository").

This document describes a share class of the Fund, which is a sub-fund of the Company. The Company is comprised of a number of sub-funds (including the Fund), each having a separate portfolio of assets. As a matter of Irish law, the assets of one sub-fund will not be available to meet the liabilities of another. However, the Company is a single legal entity that may operate, have assets held on its behalf, or be subject to claims in other jurisdictions that may not necessarily recognise such segregation. You may switch between share classes and sub-funds of the Company. See "Switching Between Share Classes and Funds" in the prospectus for the Company (the "Prospectus").

Further information about the Fund and about the Company's other sub-funds/share classes including those marketed in your Member State may be obtained from the Prospectus (available in English and German), the annual and half-yearly Report and Accounts which are prepared for the Company as a whole (available in English, German and Italian). These documents are available free of charge from Lazard Fund Managers (Ireland) Limited, 4th Floor, Lumen Building, Upper Baggot St. Dublin 4 or at www.lazardassetmanagement.com. Latest share prices of the Fund are also available at www.lazardassetmanagement.com.

Intended Retail Investor: The Fund is suitable for retail and institutional investors over the medium to long term seeking to achieve an attractive level of return from an actively managed, medium volatility portfolio of Debt Instruments which are either issued by Scandinavian issuers in local or hard currency or issued by global issuers in Scandinavian currencies.

What are the risks & what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 3 years. This product has no maturity date.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. **What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended Holding Period: 3 years

Example Investment = € 10,000

Scenarios		If you exit after 1 year	If you exit after 3 years
Minimum There is no minimum guaranteed return. You could lose some or all of your investment.			
Stress	What you might get back after costs	€2,650	€4,200
	Average return each year	-73.5%	-25.1%
Unfavourable	What you might get back after costs	€7,470	€8,450
	Average return each year	-25.3%	-5.5%
Moderate	What you might get back after costs	€10,010	€11,190
	Average return each year	0.1%	3.8%
Favourable	What you might get back after costs	€12,790	€13,580
	Average return each year	27.9%	10.7%

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable scenario: March 2017 and April 2020

Moderate Scenario: March 2015 and March 2018

Favourable Scenario: March 2020 and March 2023

What happens if Lazard Fund Managers (Ireland) Limited is unable to pay out?

The Fund is responsible for paying redemptions. The Fund's assets are safeguarded by the Depositary. If the Fund is unable to pay out to investors due to its insolvency, investors will be unsecured creditors and are likely to suffer a financial loss. Investors may also suffer a financial loss in the event of the Depositary's insolvency or default (or that of any custody delegate). Investors in the Fund are not covered under the terms of the Irish statutory investor compensation scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- € 10,000 is invested

Table 1: Costs over time

	If you exit after 1 year	If you exit after 3 years
Total costs	€620	€1,080
Annual cost impact (*)	6.2% each year	3.2% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.0% before costs and 3.8% after costs.

Table 2: Composition of costs

One-off costs		If you exit after 1 year
Entry costs	This is the maximum that might be taken out of your money before it is invested and is typically charged only in exceptional circumstances.	3.0%
Exit costs	This is the maximum that might be taken out of your money before proceeds of your investment are paid out and is typically charged only in exceptional circumstances.	2.0%
Ongoing costs taken each year		
Management fees and other administrative or operating costs	This is an estimate based on actual costs over the last year.	0.7%
Transaction costs	The figure shown is a percentage of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	0.7%
Incidental costs		
Performance Fees	There is no performance fee for this product.	0.0

How long should I hold it and can I take money out early?

Recommended holding period: 3 years

The selection of the recommended holding period is based on the risk-return profile of the product, its cost structure and how similar products have been used by retail investors. The selection of this recommended holding period does not necessarily mean that it is the only reasonable holding period. There are no penalties for redeeming before the end of the recommended holding period. You can buy and sell shares in the Fund on any day treated as a normal business day in Frankfurt, Denmark, Norway and Sweden.

How can I complain?

Shareholders may file a complaint in relation to the Fund with the PRIIP Manufacturer in the official language or one of the official languages of their member state of the European Union. Shareholders may address written complaints to: The Designated Person for Regulatory Compliance, Lazard Fund Managers (Ireland) Limited, 6th Floor, 2 Grand Canal Square, Dublin 2, Ireland.

Shareholders may file their complaints with the PRIIP Manufacturer and obtain information regarding the complaints handling procedures free of charge and on request.

Shareholders have the right to refer any complaint to the Central Bank and the Financial Services Ombudsman. The contact details of the Financial Services Ombudsman are: Address: 3rd Floor, Lincoln House, Lincoln Place, Dublin 2, D02 VH29 Telephone: 1890 88 20 90 Email: enquiries@financialombudsman.ie

Other relevant information

There is insufficient data to provide a useful indication of past performance to investors. Previous performance scenario calculations are published on a monthly basis at www.lazardassetmanagement.com.

The Fund is subject to the tax legislation of Ireland. This may have an impact on your personal tax position.
