The Manager is licensed in Ireland and regulated by the Central Bank of Ireland (CBI).

Date of production of the KID: 09/05/2024

## What is this product?

<b>Type</b>	The product (hereinafter also referred to as the "Fund") is a sub-fund of the ICAV. The ICAV has been established as a UCITS fund in Ireland.
<b>Term</b>	The Fund was created for an indefinite term. Investors may redeem shares in the Fund on any Dealing Day (e.g. a weekday which banks are open for business in both Dublin and Frankfurt am Main).
<b>Objectives</b>	The Fund is actively managed. The Fund seeks to achieve long-term returns above those of the MSCI World Index Total Return Net ("MSCI World Index") by actively investing in a portfolio of global companies. The Fund will invest predominantly in equities included in a Recognised Market and admitted for official trading within and outside the EEA. The Fund will also be permitted to invest in Money Market Instruments, cash deposits, cash or cash equivalents and other ancillary liquid assets with no specific geographical focus or spread for cash management and ancillary purposes only in accordance with the requirements of the UCITS Regulations. Up to 10% of the Net Asset Value of the Fund may be invested in Collective Investment Schemes (including EU domiciled exchange-traded funds and those managed by the Investment Manager). The investment policy of such Collective Investment Schemes will be consistent with the investment policy of the Fund. The Fund is actively managed with reference to the MSCI World Index Total Return Net (GBP) as a performance measure. The Investment Manager is not constrained by reference to the MSCI World Index Total Return Net (GBP) and has broad discretion to deviate from its constituents, weightings and risk characteristics within the Funds objective and investment policy. The Fund may perform derivative trades in order to hedge positions or to increase its returns. Within this scope, the selection of individual assets is performed by the Investment Manager. This Share Class is accumulating in nature and there is currently no distribution of dividend income. The Fund's assets are held with its depository, which is J.P. Morgan SE - Dublin Branch. The Prospectus and current reports, the current share prices and further information about the Fund or further Share Classes of the Fund can be found free of charge in English language on <a href="https://fondsfinder.universal-investment.com">https://fondsfinder.universal-investment.com</a> .
<b>Intended retail investor</b>	The Fund is designed for investors who are capable of assessing the risks and value of the investment. The investor must be prepared and able to accept significant fluctuations in the value of the Shares, and the potential of a significant loss of capital. The assessment of the Manager should not be considered investment advice; instead, it is intended to provide the investor with an initial point of reference for determining whether the Fund is appropriate for their investing experience, risk tolerance and investment horizon.

# What are the risks and what could I get in return?

## Risk indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact our capacity to pay you. Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above. If we are not able to pay you what is owed, you could lose your entire investment.

## Performance scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of 100% MSCI World Index Total Return Net (GBP) over the last 10 years. Markets could develop very differently in the future.

**Recommended holding period: 5 Years**

**Example Investment: 10,000 GBP**

		If you exit after 1 year	If you exit after 5 years
<b>Minimum</b>	<b>There is no minimum guaranteed return. You could lose some or all of your investment.</b>		
<b>Stress</b>	What you might get back after costs	1,614 GBP	1,635 GBP
	Average return each year	-83.86%	-30.39%
<b>Unfavourable</b>	What you might get back after costs	9,134 GBP	11,663 GBP
	Average return each year	-8.66%	3.12%
<b>Moderate</b>	What you might get back after costs	11,058 GBP	17,243 GBP
	Average return each year	10.58%	11.51%
<b>Favourable</b>	What you might get back after costs	13,789 GBP	20,007 GBP
	Average return each year	37.89%	14.88%

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. The unfavourable scenario was based on an investment between 12/2021 and 03/2024. The moderate scenario was based on an investment between 11/2014 and 11/2019. The favourable scenario was based on an investment between 04/2016 and 04/2021.

## What happens if the Manager is unable to pay out?

The failure of the Manager will have no direct impact on your payment, if the Manager becomes insolvent the Fund does not become part of the insolvency assets of the Manager, but rather remains separate.

## What are the costs?

The person selling you this product or advising you on it may charge you other costs. If this is the case, this person will inform you of these costs (also free of charge in paper form) and explain how these costs will affect your investment.

### Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- 10,000 GBP is invested.

	<b>If you exit after 1 year</b>	<b>If you exit after 5 years</b>
<b>Total costs</b>	74 GBP	466 GBP
<b>Annual cost impact (*)</b>	0.7%	0.7%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 10.9% before costs and 10.1% after costs.

### Composition of costs

<b>One-off costs upon entry or exit</b>		<b>If you exit after 1 year</b>
<b>Entry costs</b>	0.0% (currently 0.0%) of the amount you pay when acquiring this investment. The amount indicated is the maximum rate. This may be lower in individual cases. You can request the amount actually applicable for you from the distributor of the shares in the Fund.	Up to 0 GBP
<b>Exit costs</b>	0.0% (currently 0.0%) of your investment before it is paid out to you. The amount indicated is the maximum rate. This may be lower in individual cases. You can request the amount actually applicable for you from the distributor of the shares in the Fund.	Up to 0 GBP
<b>Ongoing costs taken each year</b>		
<b>Management fees and other administrative or operating costs</b>	0.4% of the value of your investment per year. The ongoing charges shown here are an estimate of costs, as the Fund (or, where applicable, this unit class) does not yet exist for one year. The ongoing costs can fluctuate from year to year.	39 GBP
<b>Transaction costs</b>	0.4% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	35 GBP
<b>Incidental costs taken under specific conditions</b>		
<b>Performance related fees</b>	None	0 GBP

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. Due to legal requirements, we are obliged to show the percentage figures with only one decimal place.

## How long should I hold it and can I take my money out early?

### Recommended holding period: 5 Years

The Fund may not be suitable for investors who plan to withdraw their money within 5 years of their initial investment. Investors may redeem their investment from the Fund without penalty during the recommended holding period. Investors may redeem their Shares in the Fund on any Dealing Day, there are no costs or charges for redemptions.

## How can I complain?

If you have any questions or complaints, please contact your investment advisor first. Complaints can also be submitted in writing to Universal Investment Ireland, Kilmore House, Spencer Dock, Dublin 1, D01 YE64, Ireland or via e-mail to: [Mgt.UII@universal-investment.com](mailto:Mgt.UII@universal-investment.com). Further details on the complaint process are available at the following website: <https://www.universal-investment.com/en/Corporate/Compliance/Ireland/>

## Other relevant information

Information on past performance as well as a calculation of past performance scenarios which is updated monthly are available on our homepage at <https://fondsfinder.universal-investment.com>. Irish taxation legislation may have an impact on your personal tax position as an investor in the Fund. Investors should consult their own tax advisers before investing in the Fund. The details of the up-to-date remuneration policy, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration are available on <https://www.universal-investment.com/en/Corporate/Compliance/>, a paper copy will be made available free of charge upon request. The ICAV is established as an umbrella fund with segregated liability between sub-funds. Capitalised terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Prospectus and/or supplement relating to the Fund (together, the "Prospectus").
