What is this product?

| | |
|--------------------------------------|--|
| Type: | The Product is a sub-fund of Muzinich Funds, an open-ended umbrella unit trust with segregated liability between sub-funds authorized by the Central Bank as an Undertaking for Collective Investment in Transferable Securities (UCITS). |
| Term: | The Product has no fixed maturity date and therefore has an unlimited duration, subject to earlier termination by a shareholder vote. Units in the Product ("Units") may be redeemed prior to termination, subject to as set out in the Prospectus. |
| Objectives: | <p>The Fund seeks to generate attractive returns and protect capital by investing in debt instruments that meet the Fund's environmental, social and governance ("ESG") criteria while seeking to meet its sustainable objective of assisting in the transition to a low carbon economy.</p> <p>The Product primarily invests in corporate bonds. Such bonds will generally be rated sub-investment grade (i.e. high yield), but may be rated investment grade and be issued by US and European issuers as well as emerging market issues (up to 20% of the Fund's Net Asset Value). Such bonds will also meet the Fund's ESG criteria. The Product significantly reduces exposure to the most carbon intensive companies and implements specific screening criteria.</p> <p>The Product may use derivatives (financial instruments whose value is linked to the price of an underlying asset) for hedging and efficient portfolio management purposes.</p> <p>The Fund is actively managed and run on an entirely discretionary basis.</p> <p>The Fund is not managed in reference to any benchmark.</p> <p>The net income will be reinvested in the Fund on behalf of investors.</p> <p>The Manager endeavours to reduce currency risk this unit class could face from assets held in currencies different from the unit class currency. For this purpose, the Manager may utilize derivatives such as currency forward contracts which lock in a future price for buying or selling currency.</p> <p>You can buy and sell units in the Fund on any business day in London and New York (a "Dealing Day"). Purchase and sale orders must be received by the Administrator no later than 4.00PM Irish time on the relevant Dealing Day.</p> |
| Intended Retail Investor: | The Product is intended for investors (retail, professional and eligible counterparties) who (1) understand the associated risks, (2) seek higher returns than those available in investment grade credits over a 3-5 year period, (3) intend to stay invested for 4 years or longer and (4) have at least basic knowledge of relevant financial instruments. Product is not suitable for investors who are unable to bear any capital loss for their investments. |
| Insurance benefits and costs: | The Product is not designed to create particular insurance benefits and has no particular insurance costs. |
| Depositary: | State Street Custodial Services (Ireland) Ltd. |
| More Information: | More detailed information on this Fund, such as the full prospectus as well as the latest annual and semi-annual report, can be obtained, in English, free of charge from the Fund management company, the Administrator, or online at www.muzinich.com |
| Price Publication: | The Net Asset Value per unit is available at www.muzinich.com . |

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the product for 4 years.

The summary risk indicator ("SRI") is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as class 3 out of 7, which is a medium-low risk class.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other materially relevant risks include: Credit Risk, Liquidity Risk, Currency Risk, Derivative Risk and Operational Risk. Please refer to the Prospectus for more details.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the the product / a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

What happens if Muzinich & Co. is unable to pay out?

You will not face financial loss should Muzinich & Co. (Ireland) Limited default on their obligation. In the event of insolvency of the Depositary, State Street Custodial Services (Ireland) Ltd., the Product's Financial Instruments are protected and are not subject to a claim by the Depositary's liquidator. In the event that there is a loss of Financial Instruments, there are certain protections in place under the Alternative Investment Fund Managers Directive (AIFMD) to help mitigate the loss.

What are the costs?

The person selling you or advising you about this product may charge you other costs. If so, this person will provide you with information about these costs, and should show you the impact that all costs will have on your investment over time.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods:

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

| Investment: 10 000 EUR | If you exit after 1 Year | If you exit after 4 Years |
|------------------------|--------------------------|---------------------------|
| Total Costs | 469 EUR | 1014 EUR |
| Annual Cost Impact (*) | 4.69 % | 2.35 % |

*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 3.68% before costs and 1.33% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you.

Composition of Costs

| One-off costs upon entry or exit | | If you exit after 1 Year |
|---|---|--------------------------|
| Entry costs | 3.00% maximum of the amount you pay in when entering this investment. These costs are already included in the price you pay. | 300 EUR |
| Exit costs | We do not charge an exit fee for this product, but the person selling you the product may do so. | N/A |
| Ongoing costs | | |
| Management fees and other administrative or operating costs | 1.22% of the value of your investment per year. This is an estimate based on actual costs over the last year. | 138 EUR |
| Transaction costs | 0.30% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell. | 31 EUR |
| Incidental costs taken under specific conditions | | |
| Performance fees | There is no performance fee for this product. | N/A |
