DIRECTORS' REPORT **For the financial year ended 31 December 2022**

The Board of Directors (the "Directors") present the annual report and audited financial statements for InRIS UCITS Plc (the "Company") for the financial year ended 31 December 2022. The Company, whose registered office is located at 33 Sir John Rogerson's Quay, Dublin 2, Ireland, is an investment company with variable capital and having segregated liability between its funds. The Company was incorporated in Ireland on 9 May 2013 and is an Undertaking for Collective Investment in Transferable Securities ("UCITS") pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (S.I. No. 352 of 2011) (as amended) and SI No 230 of 2020 – Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (together, the "UCITS regulations"). The Company has been authorised by the Central Bank of Ireland as a UCITS pursuant to the UCITS regulations.

The Company is structured as an umbrella fund and may consist of different funds each comprising one or more classes of shares. During the year ended 31 December 2022, the Company had three active funds, InRIS Parus, InRIS CFM Diversified and InRIS Perdurance Market Neutral (together, the "Funds"). As disclosed in note 1, the Manager has entered into an agreement with a number of Trading Advisors to which management of part or all of the Funds' assets have been delegated.

Investment Objectives

The investment objective of InRIS Parus is to generate absolute returns by targeting, on the long side, mainly growth stocks with a competitive advantage and, on the short side, structurally declining companies with operating or financial leverage.

The investment objective of InRIS CFM Diversified is to achieve long-term capital appreciation through trading strategies that seek to have a return profile different from that of traditional asset classes such as stocks and bonds.

The investment objective of InRIS Perdurance Market Neutral is to produce long-term capital growth by investing in a market neutral portfolio of primarily European equities while delivering low correlation to equity markets.

Review of Business

The Directors consider that the review of the business for the period is contained in the Manager's Report on pages 12 - 17.

Principal Risks and Uncertainties

The Funds are exposed to the risks associated with the financial instruments and markets in which they invest. Such risks are disclosed in note 15 to the financial statements. A further comprehensive summary of the risk factors that investors should consider is included in the prospectus of the Company and the offering supplements of the Funds.

Results and Dividends

The results of the Company are set out in the Statement of Comprehensive Income. The Directors have not recommended a dividend.

The Company's key financial performance indicator for the year is the change in net assets attributable to participating shareholders from operations, as presented in the Statement of Comprehensive Income.

The NAV per share of each share class of the Funds is disclosed in note 23 of the financial statements.

DIRECTORS' REPORT
For the financial year ended 31 December 2022 (continued)

Directors

The names of persons who were Directors at any time during the financial year are as follows:

Matthew Williamson (*Irish*)¹
Catherine Lane (*Irish*)¹
Etienne Rouzeau (*French*)²
Henri Vernhes (*French*)²
Baptiste Fabre (*French*)²
Karan Sarda (*British*)²

¹ *Independent non-executive director*

² *Non-executive director*

Directors' Interests

Etienne Rouzeau held Nil (31 December 2021: 905) Class M Euro shares in InRIS CFM Diversified at 31 December 2022.

None of the other Directors held, at 31 December 2022 or during the financial year, any beneficial interest in the shares of the company (31 December 2021: no beneficial interest).

Related Parties

Disclosures in respect of related parties are contained in note 18 to the financial statements.

Connected Persons

The Directors are satisfied that (a) there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by Regulation 43(1) of the UCITS Regulations are applied to all transactions with a connected person; and (b) all transactions with a connected person that were entered into during the financial year to which the report relates complied with the obligations that are prescribed by Regulation 43(1) of the UCITS Regulations.

Books of Account

The Directors believe that they have complied with the requirements of section 281-285 of the Companies Act 2014 with regard to maintaining adequate accounting records by employing an experienced Administrator with appropriate expertise who provides adequate resources to the financial function. The accounting records of the Company are maintained by RBC Investor Services Ireland Limited, 4th Floor, One George's Quay Plaza, George's Quay, Dublin 2, Ireland.

Directors' Statement on Relevant Audit Information

Each of the Directors at the date of approval of the Directors' Report confirms that:

- a) So far as the Directors are aware, there is no relevant audit information of which the Company's statutory auditor is unaware; and
- b) The Directors have taken all the steps that they ought to have taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's statutory auditor is aware of that information.

DIRECTORS' REPORT
For the financial year ended 31 December 2022 (continued)

Audit Committee

An audit committee has not been appointed because the Directors are satisfied that the established processes regarding internal control and risk management systems are sufficient to ensure effective oversight of the financial reporting and audit process. The established processes are disclosed in the Corporate Governance Statement on page 9.

Going Concern

The Directors have made an assessment of the Company's ability to continue as a going concern and are satisfied that the Company has the resources to continue in business for the foreseeable future. Furthermore, the Directors are not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern.

Independent Auditor

The auditors, Deloitte Ireland LLP, have signified their willingness to continue in office in accordance with Section 383(2) of the Companies Act 2014, as amended.

Significant Events during the Year

Prior to 15 June 2022, the administration of the Company was delegated to State Street Fund Services (Ireland) Limited, the Former Administrator, and State Street Custodial Services (Ireland) Limited was the Former Depository. Since 15 June 2022, the Company appointed RBC Investor Services Ireland Limited as Administrator and RBC Investor Services Bank S.A. as Depository in accordance with UCITS Regulations. Since 15 June 2022, the Administrator has undertaken the role of the transfer agent and registrar of the Company. Prior to this date, CACEIS Ireland Limited was the Former Transfer Agent of the Company.

Conflict in Ukraine

On 24 February 2022, Russian forces advanced into Ukraine launching a large-scale military invasion. The conflict continues to escalate with devastating implications for the region both politically and economically. In an attempt to deter Russian advances NATO member countries have imposed severe sanctions on the Russian economy. The effect of these sanctions have led to sharp increases in the price of commodities, assets of Russian's central bank have been frozen, travel restrictions imposed and certain powerful individuals have been targeted for their association to the Kremlin.

The Funds' portfolios have no equity or fixed income exposure in either Russia or Ukraine and also has no exposure to the respective currencies of the two countries. The direct and indirect impacts of this situation are being closely monitored by the Board.

COVID-19

The effects of COVID-19 may continue to adversely affect the global economy, the economies of certain nations and individual corporates and issuers, all of which may negatively impact the Funds' performance.

Subsequent Events

On the 28 April 2023, the Directors of the Company were made aware that the majority investor of the INRIS CFM Diversified fund (the "CFM Fund") is looking to redeem from the Company. The Directors have decided, in a Board Meeting on the 28 April 2023, that subject to receiving the formal notification from this investor of their request to redeem, to instruct the Trading Advisor to sell all the underlying assets of the CFM Fund and transform the portfolio into cash. At the same time, a notice will be sent to all investors in the CFM Fund informing them of the decision of the Board to terminate the CFM Fund subject to the relevant notice period.

Up to the date of approval of the financial statements, there were no other material subsequent events affecting the Company which necessitate disclosure in or revision of the figures included in the financial statements.

DIRECTORS' REPORT
For the financial year ended 31 December 2022 (continued)

Taxonomy Disclosure

The Trading Advisor for each sub-fund does not anticipate that the strategy of the sub-fund will take account of the criteria for environmentally sustainable economic activities under the Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment as may be supplemented, consolidated, substituted in any form or otherwise modified from time to time (the Taxonomy Regulation).

Corporate Governance Statement

The Company is subject to corporate governance practices imposed by:

- (i) the Irish Companies Act 2014 (the "Irish Companies Act");
- (ii) the Articles of Association of the Company; and
- (iii) the Central Bank of Ireland

In addition, the Company adopted the Corporate Governance Code published by Irish Funds ("IF") for Irish domiciled Collective Investment Schemes (the "IFIA Code"). The IFIA Code is publicly available at www.irishfunds.ie.

The Directors voluntarily adopted the Corporate Governance Code for Irish Domiciled Collective Investment Schemes as published by IF, as the Company's corporate governance code. The Directors have assessed the measures included in the IFIA Code as being consistent with its corporate governance practices and procedures for the financial period.

The Directors have established processes regarding internal control and risk management systems to ensure effective oversight of the financial reporting process. These include appointing the Administrator, RBC Investor Services Ireland Limited, to maintain the accounting records of the Company independently of the Manager and the Custodian. The Administrator is contractually obliged to maintain proper books and records as required by the administration agreement. To that end the Administrator performs regular reconciliations of its records to those of the Manager and the Custodian.

The Directors have procedures in place to ensure all relevant books of account are properly maintained and are readily available, including production of the annual and interim financial statements. The annual and interim financial statements of the Company are required to be approved by the Directors of the Company and are required to be filed with the Central Bank of Ireland. The annual financial statements are required to be audited by independent auditors who report annually to the Directors on their findings.

The Directors liaise with the Company's auditors and the Administrator in evaluating and discussing significant accounting and reporting issues as the need arises. From time to time the Directors also examine and evaluate the Administrator's financial accounting and reporting routines and monitor and evaluate the external auditors' performance, qualifications and independence. The Administrator has operating responsibility for internal control in relation to the financial accounting process and the Administrator reports to the Directors.

The convening and conduct of shareholders' meetings are governed by the Articles of Association of the Company and the Companies Acts. Although the Directors may convene an extraordinary general meeting of the Company at any time, the Directors are required to convene an annual general meeting of the Company within eighteen months of incorporation and fifteen months of the date of the previous annual general meeting thereafter. Not less than twenty one days' notice of every annual general meeting and any meeting convened for the passing of a special resolution must be given to shareholders and fourteen days' notice must be given in the case of any other general meeting.

Two members, present either in person or by proxy, constitutes a quorum at a general meeting.

DIRECTORS' REPORT
For the financial year ended 31 December 2022 (continued)

Compliance Statement

The Company is required to include an annual compliance statement in the Directors' report under section 225 of the Companies Act 2014 (the "Act").

The Directors:

- acknowledge their responsibility for ensuring compliance with the relevant obligations;
- confirm that a "compliance policy statement" has been drawn up setting out the Company's policies with regard to compliance with the relevant obligations;
- confirm that appropriate arrangements or structures have been put in place that are, in the Directors' opinion, designed to secure material compliance with the Company's relevant obligations; and
- confirm that the Directors have reviewed, during the financial year, the effectiveness of the arrangements or structures which have been put in place to secure such material compliance.

Approval of the Directors' Report

Approved by the Board of Directors on 28 April 2023 and signed on its behalf by:

Matthew Williamson
Director

Henri Vernhes
Director

STATEMENT OF DIRECTORS' RESPONSIBILITIES
For the financial year ended 31 December 2022

The Directors are responsible for preparing the Directors' report and the financial statements in accordance with the Companies Act 2014 and the applicable regulations.

Irish company law requires the Directors to prepare financial statements for each financial year. Under the law, the Directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards as adopted by the European Union ("relevant financial reporting framework"). Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the company as at the financial year end date and of the profit or loss of the company for the financial year and otherwise comply with the Companies Act 2014.

In preparing those financial statements, the Directors are required to:

- select suitable accounting policies for the Company financial statements and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with the applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for ensuring that the company keeps or causes to be kept adequate accounting records which correctly explain and record the transactions of the company, enable at any time the assets, liabilities, financial position and profit or loss of the company to be determined with reasonable accuracy, enable them to ensure that the financial statements and Directors' report comply with the Companies Act 2014 and enable the financial statements to be audited.

They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Board of Directors on 28 April 2023 and signed on its behalf by:

Matthew Williamson
Director

Henri Vernhes
Director

MANAGER'S REPORT
For the financial year ended 31 December 2022

InRIS UCITS PLC – InRIS Parus

Inception date: 19 July 2013

Investment Strategy:

The objective of InRIS Parus is to generate absolute returns by using a long / short equity strategy. This strategy is mostly long growth stocks and shorts companies with a structurally declining business. In order to achieve its investment objective, InRIS Parus uses a bottom-up approach, emphasizing stock picking, based on in-house fundamental analysis together with portfolio monitoring and risk control. InRIS Parus primarily invests directly or indirectly in equities but also use financial derivative instruments ("FDIs"). InRIS Parus primarily invests in North America or Europe but may also invest from time to time in other markets (including up to 20% of its net asset value in emerging markets). InRIS Parus may take synthetic long and short positions through investments in FDIs.

InRIS Parus' performance for the financial year ended 31 December 2022 was as follows:

InRIS Parus Class C Euro hedged	1.60%
InRIS Parus Class C USD	3.30%

MANAGER'S REPORT
For the financial year ended 31 December 2022 (continued)**InRIS UCITS PLC – InRIS CFM Diversified****Inception date:** 11 December 2014**Investment Strategy:**

InRIS CFM Diversified is a quantitative trading fund, meaning that it selects assets based on models and mathematical formulas which are systematic in nature. InRIS CFM Diversified aims to achieve its investment objective by investing according to the CFM Institutional Systematic Diversified Program (the "Program") designed by CFM and adapted to conform to UCITS Rules (currently by exclusion of commodities exposures and modification of leverage). The Program consists of a series of systematic trading models, as further described below. The Program deploys its strategy by investing in FDIs, as specifically described below for each model. The models used by the Program apply proprietary algorithms that seeks to predict the future prices and risks of financial instruments.

InRIS CFM Diversified's performance for the financial year ended 31 December 2022 was as follows:

InRIS CFM Diversified Class C Euro	2.92%
InRIS CFM Diversified Class F Euro	2.69%

InRIS UCITS PLC – InRIS Perdurance Market Neutral

Inception date: 11 October 2017

Investment Strategy:

The investment objective of InRIS Perdurance Market Neutral is to produce long term capital growth by investing in a market neutral portfolio of primarily European equities while delivering low correlation to equity markets. InRIS Perdurance Market Neutral seeks to achieve its investment objective by taking long and short positions in equity securities of all types of market capitalization. InRIS Perdurance Market Neutral may invest directly in equities such as common and preferred stocks listed or traded on a Recognised Exchange in developed European countries and from time to time in other developed markets comprised in the MSCI World Index. InRIS Perdurance Market Neutral may also seek indirect exposure to equity markets by investing in futures on equity indices, swaps on equity indices, contracts for differences, swaps on single listed stocks, OTC swaps on customised equity portfolios (“Baskets”), currency forwards and total return swaps as further described in the section below “*Financial Instruments Derivatives*” in InRIS Perdurance Market Neutral’s offering supplement. InRIS Perdurance Market Neutral may also invest in collective investment schemes and hold cash and other liquid assets for cash management purposes as further described below.

InRIS Perdurance Market Neutral’s performance for the financial year ended 31 December 2022 was as follows:

InRIS Perdurance Market Neutral Class C Euro	3.21%

**DEPOSITARY'S REPORT TO THE SHAREHOLDERS
For the financial year ended 31 December 2022**

We have enquired into the conduct of InRIS UCITS Plc (the "Company") for the financial period from 1 January 2022 to 15 June 2022 in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ('the UCITS Regulations'), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's Memorandum and Articles of Association and the UCITS Regulations. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Company's Memorandum and Articles of Association and the UCITS Regulations and (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Memorandum & Articles of Association, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations'); and
- (ii) otherwise in accordance with the provisions of the Memorandum & Articles of Association, the UCITS Regulations and the Central Bank UCITS Regulations.

**Report of the Depositary to the Shareholders
For the period 16 June 2022* to 31 December 2022**

As required by the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (“the Regulations”) and solely within the context of our oversight duties as depositary, we are pleased to present our report as follows.

In our opinion, InRIS UCITS plc (the “Company”) has been managed for the period 16 June 2022* to 31 December 2022:

- (i) In accordance with the limitations imposed on the investment and borrowing powers of the Company by the Memorandum & Articles of Association and the Regulations; and
- (ii) Otherwise in accordance with the provisions of the Memorandum & Articles of Association and the Regulations.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF INRIS UCITS PLC

Report on the audit of the financial statements

Opinion on the financial statements of InRis UCITS plc ("the company")

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 31 December 2022 and of the profit for the financial year then ended; and
- have been properly prepared in accordance with the relevant financial reporting framework, the applicable Regulations and, in particular, with the requirements of the Companies Act 2014.

The financial statements we have audited comprise:

- the Statement of Comprehensive Income;
- the Statement of Financial Position;
- the Statement of Changes in Net Assets attributable to Participating Shareholders;
- the Statement of Cash Flows; and
- the related notes 1 to 27, including a summary of significant accounting policies as set out in note 3.

The relevant financial reporting framework that has been applied in their preparation is the Companies Act 2014 and International Financial Reporting Standards as adopted by the European Union ("IFRS") ("the relevant financial reporting framework").

The applicable regulations that have been applied in their preparation is the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 ("the applicable Regulations").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF INRIS UCITS PLC (continued)

Other information

The other information comprises the information included in the Annual Report and Audited Financial Statements, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the Annual Report and Audited Financial Statements. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and otherwise comply with the Companies Act 2014, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on IAASA's website at: <https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements>. This description forms part of our auditor's report.

Report on other legal and regulatory requirements

Opinion on other matters prescribed by the Companies Act 2014

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the company were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the directors' report is consistent with the financial statements and the directors' report has been prepared in accordance with the Companies Act 2014.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the provisions in the Companies Act 2014 which require us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions specified by law are not made.

**INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF
INRIS UCITS PLC (continued)**

Use of our report

This report is made solely to the company's shareholders, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS For the financial year ended 31 December 2022

1. The Company

InRIS UCITS Plc (the “Company”), whose registered office is located at 33 Sir John Rogerson’s Quay, Dublin 2, Ireland is an investment company with variable capital and having segregated liability between its funds. The Company was incorporated in Ireland on 9 May 2013 with limited liability under the Companies Act 2014 and established as an Undertaking for Collective Investment in Transferable Securities (“UCITS”) pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (S.I. No. 352 of 2011) (as amended) and SI No 230 of 2019 - Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (together, the “UCITS regulations”). The Company has been authorised by the Central Bank of Ireland as a UCITS pursuant to the UCITS regulations.

The Company is structured as an umbrella fund and may consist of different funds each comprising one or more classes of shares. The shares issued in each fund will rank pari passu with each other in all respects provided that they may differ as to certain matters including currency of denomination, hedging strategies (if any applied to the currency of a particular class), dividend policy, voting rights, the level of fees and expenses to be charged, subscription or redemption procedures or the minimum subscription and minimum holding applicable, as set out in the prospectus and/or relevant offering supplement as applicable. The assets of each Fund are invested separately on behalf of each Fund in accordance with the investment objective and policies of each Fund. A separate portfolio of assets is not maintained for each class.

During the financial year ended 31 December 2022, the Company had three active funds (the “Funds”):

Fund Name	Date of Commencement
InRIS Parus	19 July 2013
InRIS CFM Diversified	11 December 2014
InRIS Perdurance Market Neutral	11 October 2017

InRIS CFM Trends and InRIS Prentice were fully redeemed on 4 May 2021 and 2 February 2021, respectively. InRIS CFM Trends merged out to another platform on 4 May 2021.

The Company has appointed Alma Capital Investment Management S.A. (“ACIM” or the “Manager”), to perform all duties related to the Management of the Company and each of the Funds, including the Distribution.

Prior to 15 June 2022, the administration of the Company was delegated to State Street Fund Services (Ireland) Limited (the “Former Administrator”) and State Street Custodial Services (Ireland) Limited was the depositary (the “Former Depositary”). Since 15 June 2022, the Company appointed RBC Investor Services Ireland Limited as administrator (the “Administrator”) and RBC Investor Services Bank S.A. as depositary (the “Depositary”) in accordance with UCITS Regulations. Since 15 June 2022, the Administrator has undertaken the role of the transfer agent and registrar of the Company. Prior to this date, CACEIS Ireland Limited was the transfer agent of the Company (the “Former Transfer Agent”).

The Manager has entered into agreements with a number of Trading Advisors to manage the assets of the Funds in accordance with their respective investment objectives and policies. InRIS Parus, InRIS CFM Diversified and InRIS Perdurance Market Neutral each have one Trading Advisor. Further details in relation to the role of the Trading Advisors is set out in note 11.

Capitalised terms are defined within the prospectus of the Company and/or the offering supplement of the Funds, unless otherwise defined herein.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

1. The Company (continued)

At 31 December 2022 and 31 December 2021, or during the financial year, the Company had no employees.

The Company's shares are not listed on any securities exchange.

2. Basis of Preparation

a) Statement of Compliance

These financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union and interpretations issued by the International Accounting Standards Board ("IASB").

b) Basis of Measurement

The financial statements have been prepared in accordance with Irish Statute comprising the Companies Act 2014 under the historical cost convention as modified by the revaluation of financial assets and liabilities at fair value through profit or loss. Other financial assets and liabilities and non-financial assets and liabilities are stated at amortised cost or redemption amount (participating shares). The financial statements have been prepared on a going concern basis.

c) Functional and Presentation Currency

The financial statements are presented in United States Dollars ("USD"), which is the Company's presentation currency. Please refer to note 3(k) for details of each Funds functional currency.

Transactions in foreign currencies are translated at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the reporting currency at the foreign exchange rate ruling at that date. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised as a component of net gain from financial instruments at fair value through profit or loss and is not part of the net asset value ("NAV") of any sub-fund.

Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated to the reporting currency at the foreign exchange rates ruling at the dates that the fair value was determined.

d) Comparatives

Comparative balances have been reclassified where necessary to conform to the current year presentation.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies

(a) Financial Instruments

(i) Classification

In accordance with IFRS 9, Financial Instruments ("IFRS 9"), the Company classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- (a) It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term; or
- (b) On initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking; or
- (c) It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument).

Financial Assets

The Company classifies its financial assets as subsequently measured at amortised cost or measured at fair value through profit or loss on the basis of both:

- The entity's business model for managing the financial asset;
- The contractual cash flow characteristics of the financial asset.

Financial Assets Measured at Amortised Cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company includes in this category short-term non-financing receivables including restricted broker balances, accrued income and other receivables.

Financial Assets Measured at Fair Value through Profit or Loss

A financial asset is measured at fair value through profit or loss if:

- (a) Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest ("SPPI") on the principal amount outstanding; or
- (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell; or
- (c) At initial recognition, it is irrevocably designated as measured at fair value through profit or loss when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(a) Financial Instruments (continued)

(i) Classification (continued)

Financial Assets (continued)

The Company's investment portfolio is managed and performance is evaluated on a fair value basis. The Company is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Company has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income. The contractual cash flows of the Company's debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Company's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

Financial Liabilities

Financial Liabilities Measured at Fair Value through Profit or Loss

A financial liability is measured at fair value through profit or loss if it meets the definition of held for trading.

Derivative contracts that have a negative fair value are presented as liabilities at fair value through profit or loss.

Financial Liabilities Measured at Amortised Cost

This category includes all financial liabilities, other than those measured at fair value through profit or loss. The Company includes in this category short-term payables.

As such, the Company classifies all of its investment portfolio as financial assets or liabilities as fair value through profit or loss.

The Company's policy requires the Manager and the Board of Directors to evaluate the information about these financial assets and liabilities on a fair value basis together with other related financial information.

(ii) Recognition

The Company recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument.

A regular way purchase of financial assets is recognised using trade date accounting. From this date any gains or losses arising from changes in fair value of the financial assets or liabilities are recorded in the Statement of Comprehensive Income.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(a) Financial Instruments (continued)

(iii) Measurement and Fair Value Measurement Principles

Initial Measurement

Financial assets and financial liabilities measured at fair value through profit or loss are recorded in the Statement of Financial Position at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets and liabilities (other than those classified as at fair value through profit or loss) are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

Subsequent Measurement

Subsequent to initial recognition, all financial assets and liabilities at fair value through profit or loss are re-measured at fair value. Subsequent changes in the fair value of those financial instruments are recorded in net gain/(loss) on financial assets and liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

Interest and dividends earned or paid on these instruments are recorded separately in interest revenue or expense and dividend revenue or expense in the Statement of Comprehensive Income.

Financial assets, other than those classified as at fair value through profit or loss, are measured at amortised cost using the effective interest method less any allowance for impairment. Gains and losses are recognised in profit or loss when the financial assets are derecognised or impaired, as well as through the amortisation process.

Financial liabilities arising on redeemable shares issued by the Company are measured at the redemption amount representing the investors' rights to a residual interest in the Company's net assets. Financial liabilities that are not at fair value through profit or loss are measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, as well as through the amortisation process.

Fair Value Measurement Principles – General

When available, the Company measures the fair value of an instrument using quoted prices in an active market for that instrument. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives, trading securities and exchange-traded funds) are based on the mid-price at the close of trading on the reporting date.

Fair Value Measurement Principles – Derivative Financial Instruments

For over-the-counter ("OTC") derivatives, fair value is determined using pricing models that incorporate observable market prices and the contractual prices of the underlying instruments, the time value of money, yield curves and volatility factors as applicable. Fair value may be adjusted to take into account market, model and credit risks as well as related costs.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(a) Financial Instruments (continued)

(iv) Derecognition

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognised where the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Company has:

- (a) Transferred substantially all of the risks and rewards of the asset; or
- (b) Neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement), and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

The Company derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired. On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid is recognised in the statement of comprehensive income.

(v) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amounts reported in the Statement of Financial Position, when a current legally enforceable right to offset the recognised amounts exists and there is intent to settle on a net basis or to settle the asset and the liability simultaneously.

(vi) Impairment

Financial assets that are measured at amortised cost are reviewed at each reporting date. The Company applies the general approach in accordance with IFRS 9.

The Company measures the loss allowance at an amount equal to the lifetime expected credit losses ("ECLs") if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Company shall measure the loss allowance at an amount equal to 12-month ECLs.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(a) Financial Instruments (continued)

(vi) Impairment (continued)

The Company's approach to ECLs reflects a probability-weighted outcome, the time value of money and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions. Significant financial difficulties of the counterparty, probability that the counterparty will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required.

If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 45 days past due or if the credit rating of the counterparty deteriorates to below investment grade. Any contractual payment which is more than 90 days past due is considered credit impaired.

(b) Cash and Cash Equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short term, highly liquid investments with maturities of three months or less that are readily convertible to known amounts of cash and which are subject to insignificant changes in value and are held for the purpose of meeting short term cash commitments rather than for investment or other purposes.

(c) Contracts for Difference

Contracts for differences ("CFD") are agreements between the Company and third parties, which allow the Company to acquire an exposure to the price movement of specific securities without actually purchasing the securities. Upon entering into a CFD, the Company is required to deposit with a broker an initial cash margin equal to a certain percentage of the contract amount. Variation margin payments are made or received by the Company depending upon the fluctuation in the value of the underlying securities.

The changes in contract values are recorded as unrealised gains or losses and the Company recognises a realised gain or loss when the contract is closed or when offsetting contracts have been entered into. CFD's are considered closed and derecognised when the number of contracts bought long and sold short with the same broker offset and as such only the cost/proceeds associated with the net position is reflected in these financial statements.

(d) Forward Currency Contracts

A forward currency contract involves an obligation to purchase or sell a specific currency at a future date, at a price set at the time the contract is made. Forward currency contracts will be valued by reference to the forward price at which a new forward contract of the same size and maturity could be undertaken at the valuation date. The unrealised gain or loss on open forward currency contracts is calculated as the difference between the contract rate and this forward price, and are recognised in the Statement of Financial Position whilst the movement in unrealised gain or loss is recognised in the Statement of Comprehensive Income.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(e) Futures Contracts

A futures contract is an agreement between two parties to buy or sell a security, index or currency at a specific price or rate at a future date. Upon entering into a futures contract, the Company is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as "initial cash margin". Subsequent payments ("variation margin") are made or received by the Company each day, depending upon the daily fluctuation in the value of a contract. The daily changes in contract value are recorded as change in unrealised gains or losses and the Company recognises a realised gain or loss when the contract is closed or an offsetting position is taken. Unrealised gains and losses on futures contracts are recognised in the Statement of Financial Position.

(f) Swaps

Swaps are contractual agreements between two parties to exchange streams of payments over time based on specified notional amounts. Interest rate swaps relate to contracts taken out by the Company with major brokers in which the Company either receives or pays a floating rate of interest in return for paying or receiving a fixed rate of interest. The payment flows are usually netted against each other, with the difference being paid by one party to the other. In a currency swap, the Company pays a specified amount in one currency and receives a specified amount in another currency. Currency swaps are gross-settled.

(g) Interest Income and Expense

Interest income and expense is recognised in the Statement of Comprehensive Income as it accrues, using the historical effective interest rate of the asset or liability. Interest income includes the amortisation of any discount or premium, transaction costs (in the case of financial instruments other than those classified at fair value through profit or loss) or other differences between the initial carrying amount of an interest-bearing instrument and its amount at maturity calculated on an effective interest rate basis.

(h) Dividend Income and Expense

Dividend income relating to exchange-traded equity securities bought long is recognised in the Statement of Comprehensive Income on the ex-dividend date. Dividend income, interest received and capital gains may be subject to non-recoverable withholding tax in the country of origin.

(i) Expenses

All expenses are recognised in the Statement of Comprehensive Income on an accruals basis.

(j) Amounts Receivable for Fund Shares Sold and Amounts Payable for Fund Shares Purchased

Receivables on subscriptions and payables on redemptions represent amounts receivable and payable for transactions contracted but not yet delivered.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(k) Foreign Currency Translation

The Funds

Items included in the financial statements of the Funds are measured and presented using the currency of the primary economic environment in which it operates (the “functional currency”). The functional currency of InRIS Parus is EUR.

Transactions in foreign currencies are translated at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated to the reporting currency at the foreign exchange rate ruling at that date. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised as a component of net gain from financial instruments at fair value through profit or loss and is not part of the NAV of any sub-fund.

Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated to the reporting currency at the foreign exchange rates ruling at the dates that the fair value was determined.

The Company

The functional currencies of the Funds of the Company are EUR or USD, reflecting the primary economic environment in which each Fund operates. Both currencies are reflective of the economic environment in which the Company operates and as such judgement is required in determining the appropriate functional currency. The Company has adopted USD as its presentation currency.

Where Funds have a functional currency other than USD, those Funds’ financial position and performance is translated from their functional currency to the Company’s presentation currency, as follows:

- assets and liabilities, including net assets attributable to participating shareholders, are translated at the closing rate at each reporting date; and
- income and expenses for each Statement of Comprehensive Income and capital transactions are translated at average exchange rates (unless the average rate is not a reasonable approximation of the cumulative effect of rates prevailing on the transaction dates, in which case income and expenses and capital transactions are translated at the rates prevailing on the dates of each transaction).

Included in the Statement of Changes in Net Assets of the Company is an *exchange difference due to the presentation of the financial statements in USD*. This arises as a result of the conversion of the EUR Funds from their functional currency to the presentation currency of the Company as described above and has no impact on the net asset value of each Fund.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2022 (continued)

3. Significant Accounting Policies (continued)

(l) Taxation

Under current law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Act. Under current Irish law and practice, on that basis, it is not chargeable to Irish tax on its income and gains. However, tax can arise on the happening of a “chargeable event” in the Company. A chargeable event includes any distribution payments to Shareholders or any encashment, redemption, cancellation or transfer of Shares. A chargeable event also includes the appropriation or cancellation of Shares of a Shareholder by the Company for the purposes of meeting the amount of appropriate tax payable on any gain arising on the transfer of an entitlement to a Share.

To the extent that any tax arises on such a deemed chargeable event, such tax will be allowed as a credit against any tax payable on the subsequent encashment, redemption, cancellation or transfer of the relevant Shares. No tax will arise on the Company in respect of chargeable events in respect of a Shareholder who is neither Irish Resident nor Irish Ordinarily Resident at the time of the chargeable event provided that the necessary signed Relevant Declaration is in place and the Company is not in possession of any information which would reasonably suggest that the information contained therein is not or, is no longer materially correct.

Dividend income, interest received and capital gains may be subject to non-recoverable withholding tax in the country of origin.

(m) Participating Shares

All redeemable participating shares issued by the Company provide investors with the right to require redemption for cash at the value proportionate to the investor’s share in the relevant Funds’ net assets at the redemption date. In accordance with IAS 32, Financial Instruments: Presentation, such instruments meet the definition of puttable instruments. A puttable instrument may be classified as a financial liability or an equity instrument depending on its features.

The Company has three active funds at 31 December 2022. The Funds have multiple share classes, which are denominated in different currencies and to which different rates of distribution fees may apply. All classes of participating shares are financial liability instruments by virtue of not having identical features and are measured at the present value of the redemption amounts.

(n) Net Asset Value Attributable to Participating Shareholders

The liability to participating shareholders is presented in the Statement of Financial Position as “net asset value attributable to participating shareholders” and is determined based on the residual assets of the Company after deducting all other liabilities. The prices at which participating shares of the Funds’ may be issued or redeemed are calculated by reference to the Funds’ net asset value (“NAV”) calculated in accordance with the prospectus of the Company and the offering supplement of the Funds.

(o) Standards, Interpretations and Amendments to Published Standards that are Not Yet Effective

A number of new standards, interpretations and amendments to published standards have been issued to date and are not yet effective for the financial statements of the Company for the year ended 31 December 2022, and have not been applied nor early adopted in preparing these financial statements.

(p) Adoption of New and Amended Accounting Standards and Interpretations

There are no new standards, interpretations or amendments to existing standards that are effective for the year beginning on or after 1 January 2023, that would have had a material impact on the financial statements of the Company.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2022 (continued)

4. Judgements in Applying Accounting Policies and Key Sources of Estimation Uncertainty

The preparation of these audited financial statements, in accordance with IFRS as adopted by the EU, requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next financial year, and the judgements that have been made in the process of applying the accounting policies and that have the most significant effect on the amounts recognised in the financial statements, are disclosed in note 3.

Therefore, the financial statements are prepared on the going concern basis.

5. Cash and Cash Equivalents

Cash and cash equivalents comprise balances held with the Depositary, balances held in deposit accounts and holdings in money market funds, which are held as cash equivalents, as disclosed in the below table:

31 December 2022	Cash Held at Depositary	Cash Held in Deposit Accounts	Investment in Money Market Funds	Total Cash and Cash Equivalents
InRIS Parus	10,699,771	13,267,170 ¹	259	23,967,200

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

8. Administrator and Depositary Fees

The Company has appointed the Administrator and Depositary pursuant to the Administration and Depositary agreements, respectively.

The Administrator administers the day to day operations and business of the Company, including computing the NAV and the NAV per Share and maintaining the books and records of the Company.

The Depositary acts as depositary of the assets of the Company. In its capacity as trustee, the Depositary also performs certain functions of oversight and review. The Funds are subject to a combined administration and depositary fee.

Pursuant to an administration agreement and depositary agreement, InRIS Parus paid to the Former Administrator and Former Depositary the following maximum fees which were accrued and calculated at each valuation date and were payable monthly in arrears for the period from 1 January 2022 to 14 June 2022:

NAV of InRIS Parus	Administration and Depositary Fee
From USD Nil to USD 249,999,999	0.08%
From USD 250,000,000 to USD 499,999,999	0.07%
From USD 500,000,000 to USD 749,999,999	0.06%
From USD 750,000,000 to USD 999,999,999	0.05%
From and above USD 1,000,000,000	0.04%

Effective 1 July 2018 up until 14 June 2022, the fees were subject to a minimum fee of USD 100,000 per annum with the minimal annual charge discounted by 50% in year 1 and by 25% in year 2.

Dated 15 June 2022, the administration agreement and depositary agreement in place between the Funds and RBC Investor Services Ireland Limited as Administrator and RBC Investor Services Bank S.A. as Depositary, specifies InRIS Parus pays to the Administrator and the Depositary the following maximum fees which are accrued and calculated at each valuation date and payable monthly in arrears:

NAV of InRIS Parus	Administration and Depositary Fee
From EUR Nil to EUR 2,000,000,000	0.10%
From EUR 2,000,000,001 to EUR 4,000,000,000	0.08%
From EUR 4,000,000,001 to EUR 10,000,000,000	0.07%
From and above EUR 10,000,000,001	0.06%

The fees are subject to a minimum fee of EUR 50,000 per annum.

During the financial year, InRIS Parus incurred administration fees of USD 53,068 (31 December 2021: USD 116,789) and depositary fees of USD 26,429 (31 December 2021: USD 45,897). At 31 December 2022, administration fees payable amounted to USD Nil (31 December 2021: USD 72,980) and depositary fees payable amounted to USD 8,348 (31 December 2021: USD 14,657).

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

7. Administrator and Depositary Fees (continued)

Pursuant to an administration agreement and depositary agreement, InRIS CFM Diversified paid to the Former Administrator and Former Depositary the following maximum fees which were accrued and calculated at each valuation date and were payable monthly in arrears for the period from 1 January 2022 to 14 June 2022:

NAV of InRIS CFM Diversified	Administration and Depositary Fee
From USD Nil to USD 249,999,999	0.085%
From USD 250,000,000 to USD 499,999,999	0.08%
From USD 500,000,000 to USD 749,999,999	0.075%
From USD 750,000,000 to USD 999,999,999	0.075%
From and above USD 1,000,000,000	0.07%

Effective 1 July 2018 up until 14 June 2022, the fees were subject to a minimum fee of USD 150,000 per annum with the minimal annual charge discounted by 75% in year 1 and by 25% in year 2.

Dated 15 June 2022, the Administration Agreement and Depositary Agreement in place between the Funds and RBC Investor Services Ireland Limited as Administrator and RBC Investor Services Bank S.A. as Depositary, specifies InRIS CFM Diversified pays to the Administrator and the Depositary the following maximum fees which are accrued and calculated at each valuation date and payable monthly in arrears:

NAV of InRIS CFM Diversified	Administration and Depositary Fee
From EUR Nil to EUR 2,000,000,000	0.11%
From EUR 2,000,000,001 to EUR 4,000,000,000	0.09%
From EUR 4,000,000,001 to EUR 10,000,000,000	0.08%
From and above EUR 10,000,000,001	0.07%

The fees are subject to a minimum fee of EUR 75,000 per annum.

During the financial year, InRIS CFM Diversified incurred administration fees of EUR 110,218 (31 December 2021: EUR 158,074) and depositary fees of EUR 25,289 (31 December 2021: EUR 30,072). At 31 December 2022, administration fees payable amounted to EUR Nil (31 December 2021: EUR 84,198) and depositary fees payable amounted to EUR 5,593 (31 December 2021: EUR 25,253).

Pursuant to an amended administration and depositary agreement, InRIS CFM Trends paid to the Former Administrator and to the Former Depositary the following maximum fees which were accrued and calculated at each valuation date and payable monthly in arrears:

NAV of InRIS CFM Trends	Administration and Depositary Fee
From USD Nil to USD 249,999,999	0.08%
From USD 250,000,000 to USD 499,999,999	0.07%
From USD 500,000,000 to USD 749,999,999	0.06%
From USD 750,000,000 to USD 999,999,999	0.05%
From and above USD 1,000,000,000	0.04%

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

8. Administrator and Depositary Fees (continued)

The fees were subject to a minimum fee of USD 100,000 per annum with the minimal annual charge discounted by 50% in year 1 and by 25% in year 2.

InRIS CFM Trends was fully redeemed on 4 May 2021 and merged out to another platform on 4 May 2021. During the financial year ended 31 December 2021, InRIS CFM Trends incurred administration fees of USD 41,507 and depositary fees of USD 7,348.

Pursuant to an administration agreement and depositary agreement, InRIS Perdurance paid to the Former Administrator and Former Depositary the following maximum fees which were accrued and calculated at each valuation date and were payable monthly in arrears for the period from 1 January 2022 to 14 June 2022:

NAV of InRIS Perdurance Market Neutral	Administration and Depositary Fee
From USD Nil to USD 249,999,999	0.08%
From USD 250,000,000 to USD 499,999,999	0.07%
From USD 500,000,000 to USD 749,999,999	0.06%
From USD 750,000,000 to USD 999,999,999	0.05%
From and above USD 1,000,000,000	0.04%

Effective 1 July 2018 until 14 June 2022, the fees were subject to a minimum fee of USD 100,000 per annum with the minimal annual charge discounted by 50% in year 1 and by 25% in year 2.

Dated 15 June 2022, the Administration Agreement and Depositary Agreement in place between the Funds and RBC Investor Services Ireland Limited as Administrator and RBC Investor Services Bank S.A. as Depositary, specifies InRIS Perdurance Market Neutral pays to the Administrator and the Depositary the following maximum fees which are accrued and calculated at each valuation date and payable monthly in arrears:

NAV of InRIS Perdurance Market Neutral	Administration and Depositary Fee
From EUR Nil to EUR 2,000,000,000	0.10%
From EUR 2,000,000,001 to EUR 4,000,000,000	0.08%
From EUR 4,000,000,001 to EUR 10,000,000,000	0.07%
From and above EUR 10,000,000,001	0.06%

The fees are subject to a minimum fee of EUR 75,000 per annum.

During the financial year, InRIS Perdurance Market Neutral incurred administration fees of EUR 38,171 (31 December 2021: EUR 84,681) and depositary fees of EUR 12,730 (31 December 2021: EUR 21,260). At 31 December 2022, administration fees payable amounted to EUR Nil (31 December 2021: EUR 54,608) and depositary fees payable amounted to EUR 6,575 (31 December 2021: EUR 2,397).

Pursuant to an administration agreement and depositary agreement, InRIS Prentice paid to the Former Administrator and to the Former Depositary the following maximum fees which were accrued and calculated at each valuation date and payable monthly in arrears:

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

8. Administrator and Depositary Fees (continued)

NAV of InRIS Prentice	Administration and Depositary Fee
From USD Nil to USD 249,999,999	0.096%
From USD 250,000,000 to USD 499,999,999	0.086%
From USD 500,000,000 to USD 749,999,999	0.076%
From USD 750,000,000 to USD 999,999,999	0.066%
From and above USD 1,000,000,000	0.056%

The fees were subject to a minimum fee of USD 50,000 for the first twelve months following the launch of the Fund, USD 75,000 for the period between the twelfth and twenty-fourth months following the launch of the Fund, and USD 100,000 per annum thereafter.

InRIS Prentice was fully redeemed on 2 February 2021. During the financial year ended 31 December 2021, InRIS Prentice incurred administration fees of USD Nil and depositary fees of USD Nil.

The fees for the Funds are accrued and calculated each valuation date and payable monthly in arrears. The Administrator and Depositary are also entitled to be repaid all of their reasonable out-of-pocket expenses properly incurred by them in the performance of their duties and responsibilities under the administration and depositary agreements.

9. Transfer Agent Fees

The fees payable to the Former Transfer Agent under the registrar and transfer agency agreement comprised a maximum aggregate fee of 0.025% per annum of the NAV of the Company, accrued and calculated as at the relevant Valuation Point, together with any VAT, if applicable, payable monthly in arrears. The Transfer Agent was also entitled to be repaid all of their reasonable out-of-pocket expenses properly incurred by each of them respectively, in the performance of their respective duties and responsibilities under the transfer agency agreement. Since 15 June 2022, the Administrator has undertaken the role of the transfer agent and registrar of the each of the Funds and has ceased to charge transfer agent fees.

Transfer agent fees incurred by Fund during the financial year is as follows:

	Financial year ended 31 December 2022	Financial year ended 31 December 2021

11. Manager and Trading Advisor Fees

The Manager, Alma Capital Investment Management S.A., is responsible for the management of the investment of the assets of the Company in accordance with the investment objectives and policies described in the prospectus. The Manager is authorised and regulated by the Central Bank of Ireland.

The Manager has appointed Parus Finance (UK) Limited, Capital Fund Management S.A. and Perdurance Asset Management Limited as Trading Advisors to manage the assets of InRIS Parus, InRIS CFM Diversified and InRIS Perdurance Market Neutral, respectively, in accordance with the investment objectives and policies of the Funds.

Capital Fund Management S.A. and Prentice Capital Management, L.P. were Trading Advisors to InRIS CFM Trends and InRIS Prentice, respectively, prior to these trading advisor agreements being terminated during the year ended 31 December 2021.

Manager Remuneration

Pursuant to an investment management agreement, the maximum annual fee payable to the Manager consists of a percentage of the net assets of each class in InRIS Parus, InRIS CFM Diversified, InRIS CFM Trends, InRIS Perdurance Market Neutral and InRIS Prentice as disclosed below.

The Manager fees are paid monthly in arrears.

Trading Advisor Remuneration - Other Fees

During the financial year, InRIS Parus incurred Trading advisor - research costs in the amount of USD Nil (31 December 2021: USD 72,225) and InRIS Perdurance Market Neutral incurred Trading advisor - middle office service charges in the amount of EUR Nil (31 December 2021: EUR 50,400).

Trading Advisor Remuneration – Performance Fees

The Trading Advisors of InRIS Parus, InRIS CFM Diversified and InRIS Perdurance Market Neutral are also entitled to a performance fee. The performance fee is calculated and accrued on each valuation day as an expense of the relevant share class, payable annually in arrears at the end of the calculation period.

The performance fees consist of between 10% to 20% (as disclosed below and overleaf) of the net trading gain, being the greater of zero or the difference between the previous applicable high water mark (and the Hurdle Rate for the relevant Funds shares applicable) and the net assets per share of the Funds as of the end of the relevant calculation period.

The Funds do not apply an equalisation per share method or a series accounting method. Consequently, the rate able performance fees to be borne by a shareholder may be greater than or less than the performance fee borne by other shareholders depending on, among other things, the performance of the Funds and the payment periods and investment period.

Fund	Class	Maximum Annual Trading Advisor - Performance Fee

¹ Payable by reference to the net assets of each share class in excess of the Euro Overnight Index Average (the “Hurdle Rate”) and subject to that share class’ high water mark.

Trading advisor - performance fees incurred by Fund during the financial year is as follows:

	Financial Year Ended 31 December 2022	Financial Year Ended 31 December 2021
InRIS Parus	USD 1,136,988	USD 1,448,680

Trading advisor - performance fees payable by Fund at the reporting date is as follows:

	31 December 2022	31 December 2021
InRIS Parus	USD 1,136,988	USD 4,352,485

12. Distribution Fees, Fixed Consultant Fees and Variable Consultant Fees

The role of the Distributor/Consultant was to assist and advise the Company in the making of offers of shares and to procure applicants for shares on terms and at the subscription prices set forth in the prospectus. Since 1 June 2021, ACIM performs all duties in relation to the management and distribution of the Company and the role of Distributor/Consultant has ceased.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

12. Distribution Fees, Fixed Consultant Fees and Variable Consultant Fees (continued)

Distribution Fees

The Company paid the Distributor/Consultant a distribution fee. The distribution fee consisted of a percentage of the net assets of each class in InRIS Parus, InRIS CFM Diversified, InRIS CFM Trends, InRIS Perdurance Market Neutral and InRIS Prentice as disclosed below. The fees were accrued daily and paid quarterly in arrears. The below fees were in place for the period from 1 January 2021 to 31 May 2021. From 1 June 2021, distribution fees ceased to be charged by the Manager and instead the Company pays all Financial Management fees to ACIM except for the Trading Advisory fee.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

12. Distribution Fees, Fixed Consultant Fees and Variable Consultant Fees (continued)

Distribution Fees (continued)

Distribution fees incurred by Fund during the financial year is as follows:

	Financial Year Ended 31 December 2022	Financial Year Ended 31 December 2021
InRIS Parus	-	USD 103,936
InRIS CFM Diversified	-	EUR 42,270
InRIS Perdurance Market Neutral	-	EUR 47,578

There were no distribution fees payable by any Fund at the reporting date (31 December 2021: Nil).

Fixed Consultant Fees

From 1 June 2021, the Company does not pay fixed consultant fees. Prior to 1 June 2021, the Company paid the Distributor/Consultant a fixed consultant fee of EUR 300,000 per annum, which was accrued on each valuation point and paid quarterly out of the assets of each Fund of the Company, in proportion to their respective NAV.

Fixed consultant fees incurred by Fund during the financial year is as follows:

	Financial Year Ended 31 December 2022	Financial Year Ended 31 December 2021
InRIS Parus	-	USD 47,959
InRIS CFM Diversified	-	EUR 39,272
InRIS Perdurance Market Neutral	-	EUR 14,791

Fixed consultant fees payable by Fund at the reporting date is as follows:

	31 December 2022	31 December 2021
InRIS Parus	-	USD 4,809
InRIS CFM Diversified	-	EUR 11,225
InRIS Perdurance Market Neutral	-	EUR 4,192

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

12. Distribution Fees, Fixed Consultant Fees and Variable Consultant Fees (continued)

Variable Consultant Fees

The Company also paid the Consultant a variable consultant fee which was equal to (or less than) the difference between the total financial management fee disclosed in the relevant Funds' offering supplement of each share class¹ and:

- I. Trading Advisor management fee;
- II. Investment Management fees; and
- III. Distribution fees

¹ Not applicable for Class W CHF hedged, Classes WD Euro hedged, Class WD GBP hedged, Class WD USD and Class M Euro hedged in InRIS CFM Trends; and Class M Euro in InRIS CFM Diversified.

Variable consultant fees incurred by Fund during the financial year is as follows:

	Financial Year Ended 31 December 2022	Financial Year Ended 31 December 2021
InRIS Parus	-	USD 130,838
InRIS CFM Diversified	-	EUR 123,521
InRIS Perdurance Market Neutral	-	EUR 35,328

There were no variable consultant fees payable by any Fund at the reporting date (31 December 2021: Nil).

In addition to the variable consultant fees, the Consultant may share a portion of the performance fee payable to Alma Capital Fund Management S.A., in respect of the classes of InRIS CFM Diversified, with the exception of Class SI Euro.

13. Auditor's Remuneration

Remuneration for work carried out for the Company in respect of the financial year by the statutory audit firm Deloitte Ireland LLP is as follows:

	Financial Year Ended 31 December 2022 USD	Financial Year Ended 31 December 2021 USD
Auditors Remuneration		
Statutory Audit Fees	39,511	50,955
Other Assurance Services	-	-
Tax Advisory	-	-
Other Non-Audit Services	-	-
	39,511	50,955

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

14. Share Capital

The Company is structured as an umbrella fund and may consist of different Funds each comprising one or more classes of shares. The Company's capital is represented by the participating shares outstanding. The capital of each Fund shall at all times equal its NAV.

The objective of the Company is to efficiently deploy the capital of different Funds to different investment strategies in order to enjoy the benefits of each distinct investment strategy. The Company strives to invest the subscriptions of redeemable participating shares in investments that meet the Company's investment objectives while maintaining sufficient liquidity to meet shareholder redemptions.

The terms and conditions applicable to an application for the issue of Shares in a Fund may vary by Class from Fund to Fund.

Authorised

The authorised share capital of the Company is:

- 2 redeemable non-participating voting subscriber shares of no par value;
- 299,998 redeemable non-participating non-voting management shares of no par value; and
- 500,000,000,000 participating shares of no par value (the "participating shares").

Non-participating shares do not entitle the holders thereof to any dividend and on a winding up entitle the holders thereof to receive the consideration paid thereof but do not otherwise entitle them to participate in the assets of the Company. There are two voting non-participating shares currently in issue, which were taken by the subscribers to the Company. There are no redeemable non-participating non-voting management shares in issue.

Every shareholder or holder of voting non-participating shares present in person or by proxy who votes on a show of hands shall be entitled to one vote.

Issued

Movement in participating shares for the year ending 31 December 2022 was as follows:

15. Financial Instrument Disclosures and Associated Risks

The Manager is responsible for the management of the investment of the assets of the Company in accordance with the investment objectives and policies described in the prospectus.

The Manager has appointed Trading Advisors for the management of assets of the Funds. The Manager has specified the parameters within which the Trading Advisors are to manage assets allocated to them, and in particular, has specified the investment objective, investment strategy and restrictions that are applicable to such assets.

The strategies of the Funds are implemented by the Trading Advisors. The Trading Advisors are responsible for the discretionary investment management of the Funds, subject to the terms of the offering supplements and the Trading Advisory Agreements. Details of the Trading Advisor and the investment objective and policies for each of the Funds are disclosed in the offering supplements.

The Funds are exposed to market, credit, and liquidity risk arising from the financial instruments they hold. The nature and the extent of the financial instruments outstanding at the reporting date are set out in the portfolio statements and the risk management policies employed to manage these risks are detailed below and overleaf.

Risk is measured and managed by the Manager and Trading Advisors for the Funds.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(a) Market Risk

Market risk is the risk that the fair value of financial assets or liabilities will fluctuate because of changes in, amongst other things, foreign exchange rates, interest rates and other prices. The approach to the management of market risk is driven by the investment objective of the Funds.

The Funds' portfolios are susceptible to market price risk arising from uncertainties about future prices. Price movements can be volatile and are influenced by, among other things, changing supply and demand relationships, government trade and fiscal policies, national and international political and economic events and changes in exchange rates and interest rates.

The Funds may invest in securities denominated in currencies other than their reporting currency. Consequently, the Funds are exposed to risks that the exchange rate of the investing currency, relative to the reporting currency may move in a manner that may have a favourable or unfavourable effect on the value of the Funds' assets.

The Funds are subject to exposure to cash flow interest rate risk due to fluctuations in the prevailing levels of market interest rates affecting the amount of interest income and expense arising on cash and broker balances and debt and derivative instruments held.

The management of risk is an integral part of the trading programme adopted by the Company.

The Funds market risk is managed on a daily basis by the Manager, supported by the Trading Advisors, using a daily Value-at-Risk ("VaR") limit. VaR is a widely accepted risk measurement concept that uses statistical models to estimate, within a given level of confidence, the maximum loss that the Funds would experience from an adverse 1-day movement in market rates and prices. The VaR measured is based on a 99% confidence level for all of the Funds.

The VaR is processed using a historical simulation of the previous 2 years of trading days for InRIS Parus and InRIS Perdurance Market Neutral. The VaR is processed using a Monte Carlo simulation of 2 years of trading days for InRIS CFM Diversified and InRIS CFM Trends. The VaR is processed using a historical simulation of the previous 1 years of trading days for InRIS Prentice. On 25 May 2020, the methodology for the calculation of global exposure for InRIS Prentice was changed from the VaR approach to the commitment approach. As a consequence, a VaR limit no longer applies for InRIS Prentice from this date, and no further monitoring of VaR levels for this sub-fund is required.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(a) Market Risk (continued)

The VaR usage or exposure as a percentage of NAV at 31 December 2022 and 31 December 2021 for each Fund are set out in the following table below, together with the applicable maximum limit at the equivalent dates.

Fund	VaR Limit		VaR Usage	
	2022	2021	2022	2021
InRIS Parus*	N/A	4.20%	N/A	-
InRIS CFM Diversified	1.47%	1.47%	1.15%	0.64%
InRIS CFM Trends	-	2.10%	-	-
InRIS Perdurance Market Neutral	3.00%	3.00%	1.12%	1.21%
InRIS Prentice	-	No Limit	-	-

* Effective 30th April, VaR approach no longer applies to InRIS Parus, and instead the commitment approach will apply for calculation of Global exposure.

The Manager is responsible for calculating the VaR of the Funds and for monitoring the Trading Advisor's compliance within set limits.

The concept of VaR has a number of practical advantages and disadvantages. Advantages are that it quantifies potential losses in simple terms (e.g. a 1% chance of a loss exceeding USD 1 million), and has met with approval from various regulatory bodies concerned with the risks faced by financial institutions. Limitations include estimation difficulties, and sensitivity to estimation methods used; a tendency to underestimate worst-case outcomes; it paints an incomplete picture of a distribution.

The models are based on historical data and cannot take account of the fact that future market price movements, correlations between markets and levels of market liquidity in conditions of market stress may bear no relation to historical patterns. The market price risk information is a relative estimate of risk rather than a precise and accurate number.

The market price information represents a hypothetical outcome and is not intended to be predictive (in the case of probability-based methods, such as VaR, profits and losses are almost certain to exceed the reported amount with a frequency depending on the confidence interval chosen); and future market conditions could vary significantly from those experienced in the past.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(a) Market Risk (continued)

The following table details the Funds' maximum, minimum and average VaR for the financial years ended 31 December 2022 and 31 December 2021.

Fund	Maximum VaR		Minimum VaR		Average VaR	
	2022	2021	2022	2021	2022	2021
InRIS Parus*		-		-		-
InRIS CFM Diversified		6.50%		2.45%		4.44%
InRIS Perdurance Market Neutral		5.24%		4.22%		4.69%

* Effective 30th April, VaR approach no longer applies to InRIS Parus, and instead the commitment approach will apply for calculation of Global exposure.

The Company has certain investment and borrowing restrictions in place in order to manage the Funds' exposures and comply with Central Bank requirements. The Manager ensures that the Funds' portfolios remain in line with these restrictions.

The Trading Advisors may only invest in authorised instruments, within specified concentration limits, and with certain restrictions on borrowing and lending.

Currency Risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Funds may invest in financial instruments and enter into transactions denominated in currencies other than its functional currency. Consequently, the Funds are exposed to the risk that the exchange rate of its currency relative to other foreign currencies may change in a manner that has an adverse effect on the value of that portion of the Funds' assets or liabilities denominated in currencies other than USD or EUR.

The Funds may utilise forward currency contracts for the purposes of portfolio and/or share class hedging.

The currency exposure of the Funds is outlined in the tables overleaf. The amounts disclosed represent the fair value exposure of the assets and liabilities (before any hedging through forward currency contracts) at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

(a) Market Risk (continued)

Other Price Risk

Other price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market.

Short positions held by the Funds are exposed to a potentially infinite level of price risk. In order to meet the respective Funds' investment objective, the Trading Advisors apply a disciplined investment and risk management approach. The Trading Advisors have flexibility to invest across a number of markets and asset classes. A portion of each Funds' assets may be held in cash or cash equivalents for use as collateral or as part of the investment objective depending upon the market cycle and investment decision process.

The Trading Advisors seek to structure a diversified multi-asset class portfolio, subject to pre-defined concentration and liquidity limits and risk mitigation parameters. Exposure and counterparty management is managed to enhance cash balances and mitigate counterparty risks. Portfolio positions and associated hedges are identified and constructed through internally generated analysis and the use of primary data such as company level data, market share, market prices, production, consumption, price or credit data.

The Platform Advisor acts as a risk monitor to the Manager. Should the Manager become aware of any breach in the applicable investment restrictions, the Manager will immediately take appropriate action.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(b) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations whether through insolvency, bankruptcy or other causes. Credit risk comprises issuer risk, replacement risk, settlement risk, concentration risk and country risk.

Issuer risk is the risk of loss due to the default or credit deterioration of an issuer of instruments or due to the incapacity of a counterparty to honour its commitments before the transaction terminates.

Replacement risk is the risk of a loss due to the counterparty's failure or unwillingness to perform on a contract or agreement during the life of a transaction.

Settlement risk is the risk of loss when a Fund meets its obligation under a contract or agreement, through the advance of funds or securities, before receipt of the counterparty's payment or securities.

At 31 December 2022, the maximum credit risk exposure in the event of default is represented by the carrying amounts of financial assets per the Statement of Financial Position.

The financial assets which subject the Funds to credit risk consist of cash, debt instruments and derivative instruments. Cash and cash collateral held as cover against the Funds' margin liabilities with the brokers, cash assets held on deposit with the Depositary and other receivables also expose the Funds to credit risk.

The Company measures credit risk and expected credit losses on financial assets measured at amortised cost using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward-looking information in determining any expected credit loss. At 31 December 2022 and 31 December 2021, all cash and broker balances are held with counterparties with a credit rating of A- or higher and can be settled within 1 week. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Company.

The replacement risk is equal to the potential replacement cost of the transaction or portfolio of transactions estimated over the life of the contract. The replacement risk in a transaction is calculated as the current mark-to-market (MTM) exposure, which is the current replacement cost of the transaction.

In aggregating replacement risk exposures to a single counterparty, legally enforceable netting agreements and similar credit risk enhancements are fully reflected in the exposure measurement, to ensure that realistic measures of counterparty exposure are reported in addition to those laid out in the UCITS regulations.

The Funds equity instruments are held either directly with the Depositary or with one of the sub-Custodians. These assets are held distinct and separately from the proprietary assets of the Depositary/sub-Custodians. Securities are clearly recorded to ensure they are held on behalf of the Fund. Bankruptcy or insolvency of the Depositary, one of its agents or affiliates, and/or a sub-Custodian may cause the Funds' rights with respect to the securities held to be delayed.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(b) Credit Risk (continued)

InRIS Parus and InRIS CFM Diversified hold investments in debt instruments. These sub-funds are therefore exposed to the credit risk of the issuers. The Manager sets limits on the nature of the securities in which the Funds may invest.

The Manager monitors the exposure of the Funds to each counterparty and sets limits on the exposure allowed. Such credit risk monitoring permits the ongoing assessment of each Funds' aggregate credit exposures, and also facilitates the identification and resolution of any breach of restrictions in respect of credit risk in a timely manner.

Effective exposure monitoring and management is achieved through the following:

- Aggregating actual client entity exposures across all on and off balance sheet transactions/positions across each Fund. Risk measurement also permits the disaggregation of credit risk exposures by client, group of related/financially interdependent accounts, instrument or trading unit;
- Monitoring of exposures against limits established by the Manager; and
- Reporting and analysing of reports detailing exceptions to credit risk limits on a daily basis. The Platform Advisor also outlines the reasons for exceeding the credit risk limits and, if required, proposes actions to resolve the exceeding amount.

The credit exposure of a trade is assessed according to the current mark-to-market value ("MTM limit"). The derivative counterparties have a MTM limit per trade.

InRIS Parus and InRIS CFM Diversified engage in the trading of OTC derivative instruments. As at 31 December 2022, swaps entered into by InRIS CFM Diversified is centrally cleared. All other OTC derivatives entered into during the years ended 31 December 2022 and 31 December 2021 are uncleared.

The brokers hold the Funds' open derivatives positions and cash as collateral in respect of those positions. Disclosures in respect of cash collateral are included in note 5. Open derivative positions are disclosed in the portfolio statements of the Funds.

The Funds may also post securities as collateral. At 31 December 2022, InRIS CFM Diversified has pledged securities with a fair value of EUR 7,945,788 (31 December 2021: EUR 7,957,712). The assets, in the form of French government bonds, are pledged to Morgan Stanley (31 December 2021: Morgan Stanley).

The Manager monitors credit risk on a daily basis and looks to reduce Deutsche Bank credit risk by posting initial margin for CFM Diversified to pledge accounts held at the Depositary.

The Funds' open positions in respect of OTC derivatives are held in the Company's account on the counterparty's books.

The brokers shall treat funds they receive from the Company or hold on the Company's behalf pursuant to the ISDA Master Agreements as a debt due from the brokers to the Company and will be received by the brokers with title and full ownership transference. In the event of a broker's insolvency, the Company will rank as an unsecured creditor of such broker in respect of such funds.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(b) Credit Risk (continued)

The Manager monitors the credit rating of the brokers. In the event of deterioration in the credit standing of the brokers, the Manager will consider dealing with another provider.

The credit ratings of the Funds' Brokers, as determined by Standard and Poor's*, are as follows:

	31 December 2022	31 December 2021
Allianz SE	N/A	AA
Barclays Bank Plc	A	A
Citibank N.A. (ISDA MA)	N/A	A+
Credit Suisse Securities (Europe) Limited	N/A	A+
Deutsche Bank AG	BBB+	BBB+
Goldman Sachs International	A+	A+
JP Morgan Chase Bank, N.A.	A+	A+
Merrill Lynch International	N/A	A+
Morgan Stanley & Co International	A+	A+
National Bank of Canada	A	A
Nomura International Plc	A-	A-

* the credit ratings relate to Standard and Poor's ratings of the entity or its ultimate parent(s).

Cash and cash equivalents comprise balances held with the Depositary, balances held in deposit accounts and holdings in money market funds which are held as cash equivalents.

	Cash Held at Depositary	
	31 December 2022	31 December 2021
InRIS Parus	USD 10,699,771	USD 21,702,826
InRIS CFM Diversified	EUR 7,150,564	EUR 830,039
InRIS Perdurance Market Neutral	EUR 452,149	EUR 237,224

Cash deposited with the Depositary is deposited as banker and is held on its balance sheet. Accordingly, in accordance with usual banking practice, the Depositary's liability to the Fund in respect of such cash deposits shall be that of debtor and the Company will rank as a general creditor of the Depositary.

RBC Investor Services Bank S.A., Dublin Branch is a wholly owned subsidiary of Royal Bank of Canada ("RBC"). The credit rating of RBC, is approved by Standard and Poor's.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

15. Financial Instrument Disclosures and Associated Risks (continued)

(b) Credit Risk (continued)

The credit ratings of the banks that the Funds hold deposit accounts with, as determined by Standard and Poor's*, are as follows:

	31 December 2022	31 December 2021
BNP Paribas	A+	A+
Bank of Nova Scotia	A+	A+
CACEIS Ireland Limited	A+	A+
National Bank of Canada	A	A
Royal Bank of Canada	AA-	AA-

* the credit ratings relate to Standard and Poor's ratings of the entity or its ultimate parent(s).

At 31 December 2022, InRIS Parus held an investment in Blackrock Institutional Cash Series US Dollar Liquidity Fund – Core amounting to USD 259 (31 December 2021: USD 256).

At 31 December 2022, InRIS CFM Diversified held an investment in Blackrock Institutional Cash Series Euro Liquidity Fund – Core amounting to EUR Nil (31 December 2021: EUR Nil).

The credit rating of these money market funds, as determined by Fitch, is AAmmf (31 December 2021: AAmmf).

(c) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. InRIS Parus's offering supplements provide for the weekly creation and cancellation of shares. InRIS CFM Diversified and InRIS Perdurance Market Neutral's offering supplements provide for the daily creation and cancellation of shares. Therefore, they are exposed to the liquidity risk of meeting shareholder redemptions on a weekly and daily basis respectively. The Funds' liabilities as of 31 December 2022 are short term in nature.

The following tables show the residual contractual, undiscounted cash flows of the Funds' liabilities at 31 December 2022.

A portion of the Funds' assets are maintained as cash and cash equivalents and are available to meet unexpected redemptions. At 31 December 2022 and 31 December 2021, the Funds' cash and cash equivalents represented the following percentages of the net assets of the Funds:

	Cash And Cash Equivalents at 31 December 2022 % of Net Assets	Cash And Cash Equivalents at 31 December 2021 % of Net Assets
InRIS Parus	12.32%	25.56%
InRIS CFM Diversified	43.45%	4.59%
InRIS Perdurance Market Neutral	4.08%	1.45%

The Funds' investment portfolios include instruments which are considered to be readily realisable as they are highly liquid at the time of trading.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

16. Offsetting Financial Assets and Liabilities

The Funds enter into derivative transactions under International Swaps and Derivatives Association (ISDA) master agreements. In general, under ISDA master agreements the amounts owed by each counterparty on a single day in respect of a single transaction outstanding in the same currency are aggregated into a single net amount that is payable by one party to the other. In certain circumstances – for example, when a credit event such as a default occurs – all outstanding transactions (or certain transactions, specified as “Affected Transactions”) under the agreement are terminated, the termination value is assessed and only a single net amount is payable in settlement of such transactions. ISDA master agreements can be amended to allow for multi-transactional, cross currency or cross product netting.

Exchange-traded derivatives are subject to an enforceable master netting arrangement or similar agreement in that they are cleared under derivative clearing agreements.

The ISDA master agreements and derivative clearing agreements do not meet the criteria for offsetting in the Statement of Financial Position, since the Company does not have a currently legally enforceable right to offset recognised amounts. Rather, the right of offset is enforceable only on the occurrence of future events such as a default of the counterparty or other credit events.

The tables overleaf set out the carrying amounts of recognised financial instruments that are subject to these agreements.

The columns “Gross amount not offset in the Statement of Financial Position” in the following tables discloses amounts with respect to derivative financial instruments which are subject to ISDA master arrangements but were not offset due to not meeting the net settlement/simultaneous settlement criteria or because the rights to set-off are conditional upon the default of the counterparty only.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2022 (continued)

17. Fair Value Measurements Recognised in the Statement of Financial Position

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgement, and considers factors specific to the investment.

There were no transfers between levels during the financial years ended 31 December 2022 and 31 December 2021.

Valuation Methods

All of the Funds' investments are carried at fair value on the Statement of Financial Position. The major methods and assumptions used in estimating the fair values of financial instruments are set out overleaf.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

17. Fair Value Measurements Recognised in the Statement of Financial Position (continued)

Valuation Methods (continued)

Fair Value Determined Using a Quoted Price in an Active Market

Where financial assets and liabilities have a quoted price in an active market at the reporting date, the fair value of the financial assets and liabilities is based on this price. Such financial assets and financial liabilities are categorised within level 1 of the fair value hierarchy and include investments in equity instruments and exchange-traded derivative contracts.

Fair Value Determined Using a Valuation Technique

Where the fair value of financial assets and liabilities is determined using a valuation technique, the methods and assumptions will vary according to the instrument being valued.

Investments in Debt Instruments

The fair value of corporate bonds is estimated using market price quotations (where observable). When observable price quotations are not available, fair value is determined based on suitable valuation techniques. Corporate bonds are generally categorised in level 2 of the fair value hierarchy. In instances where significant inputs are unobservable, they are categorised in level 3 of the hierarchy.

The fair value of sovereign government bonds is based on quoted prices. Sovereign government bonds are categorised in level 2 of the fair value hierarchy.

Derivative Financial Instruments

The Funds' OTC derivatives are contracts for difference, forward currency contracts and swaps. The fair value of a contract for difference ("CFD") is calculated based on the change in fair value of the underlying securities, which are listed instruments. The pricing inputs used in determining the fair value of the sub-funds' CFDs are therefore observed from actively quoted markets. Accordingly, the CFDs contracts held by the sub-funds are categorised within level 2 of the fair value hierarchy. Forward currency contracts are valued by reference to the forward price at which a new forward currency contract of the same size and maturity could be undertaken at the valuation date. Forward currency contracts are categorised within level 2 of the fair value hierarchy. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows. Estimates cash flows are discounted using a yield curve which reflects the relevant benchmark rate used by market participants.

The pricing inputs used in determining the fair value of the interest rate swaps are observable. Accordingly, they are categorised within level 2 of the fair value hierarchy. The fair value of credit default swaps is determined using market standard models and pricing sources. The principal input into the model is the credit curve. The pricing inputs used in determining the fair value of the credit defaults swaps are observable. Accordingly, they are categorised within level 2 of the fair value hierarchy.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

18. Related Parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Manager and Promoter

The Manager charges each Fund management fees. Details of the Investment Management fees incurred by Fund during the financial year and payable by the Fund at the reporting date are disclosed in note 11.

Class M Shares

The Class M shares of InRIS CFM Diversified are restricted to the Trading Advisor of the Funds, its partners, employees and affiliates.

Etienne Rouleau, a Director of the Company, held Nil (31 December 2021: 905) Class M Euro shares in InRIS CFM Diversified at 31 December 2022.

Distributor and Consultant

Henri Vernhes, Baptiste Fabre and Karan Sarda, Directors of the Company, are also employees of the Manager, Alma Capital Investment Management S.A.. Henri Vernhes is the co-founder and CEO of Alma Capital Investment Management S.A. and Baptiste Fabre is a Conducting Officer of Alma Capital Investment Management and co-head of sales.

The ACIM charges a financial management fee, as disclosed in notes 10 and 11.

In addition to the variable consultant fees, the Consultant may share a portion of the performance fee payable to Capital Fund Management S.A., in respect of the classes of InRIS CFM Diversified, with the exception of Class SI Euro.

Directors' Fees

The listing of the members of the Board of Directors of the Company is shown on page 3. Matthew Williamson and Catherine Lane are each entitled to Director fees of EUR 20,000 per annum.

Etienne Rouleau, Henri Vernhes, Baptiste Fabre and Karan Sarda are not entitled to fees as Directors.

19. Soft Commission Arrangements

There were no soft commission arrangements affecting the scheme during the financial year.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2022 (continued)

20. Transaction Costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. Separately identifiable transaction costs for the financial year 31 December 2022 of USD 34,457 (31 December 2021: USD 836,384) have been included in the Statement of Comprehensive Income. These include transaction costs paid to Depositories, Custodians and sub-Custodians, identifiable brokerage charges and commissions, identifiable transaction related taxes and other market charges and separately identifiable transaction costs related to Financial Derivative Instruments.

21. Efficient Portfolio Management and Transactions in Financial Derivative Instruments

The Manager or each of the Trading Advisors may, on behalf of a Fund, engage in transactions in financial derivative instruments ("FDIs") for the purposes of efficient portfolio management and/or to protect against exchange risks within the conditions and limits laid down by the Central Bank from time to time. Efficient portfolio management transactions relating to the assets of the Fund may be entered into by the Manager or each of the Trading Advisors aiming to hedge or reduce the overall risk of its investments, enhance performance and/or to manage interest rate and currency exchange rate risk. Such transactions may include foreign exchange transactions which alter the currency characteristics of transferable securities held by a Fund. Such techniques and instruments may include futures, options, forward foreign exchange contracts and swaps and stocklending and repurchase and reverse repurchase agreements and when issued and/or delayed delivery securities.

At 31 December 2022 and 31 December 2021, the Funds did not have any open efficient portfolio management instruments other than FDIs, details of which are included in the portfolio statements.

InRIS Parus utilises contracts for difference (with underlying exposure to individual equities) for investment purposes and forward currency contracts for the purposes of portfolio and share class hedging.

InRIS CFM Diversified utilises futures (with underlying exposure to currencies, interest rates and equity indices), put and call options contracts (with underlying exposure to currencies and interest rates), contracts for difference (with underlying exposure to individual equities) and swaps (with underlying exposure to credit risk) for investment purposes and forward currency contracts for the purposes of portfolio and share class hedging.

InRIS Perdurance Market Neutral utilises contracts for difference (with underlying exposure to individual equities) for investment purposes and forward currency contracts for the purposes of portfolio and share class hedging.

Collateral

Details of collateral received at 31 December 2022 with respect to FDIs is included in note 6.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2022 (continued)

21. Efficient Portfolio Management and Transactions in Financial Derivative Instruments (continued)

Risk Factors of FDIs

Substantial risks are involved in trading FDIs. The value of positions is influenced by amongst other things, changing supply and demand for the underlying assets or by trade, fiscal and monetary policies of governments, foreign exchange controls as well as national and international political and economic events. In addition, government from time to time may intervene, directly or by regulation, in certain markets.

Certain of the derivatives in which the Funds may invest are interest and foreign exchange rate sensitive, which means that their value will fluctuate as interest and/or foreign exchange rates fluctuate. The Funds' performance, therefore, will depend in part on their ability to anticipate and respond to such fluctuations in market interest rates and to utilise appropriate strategies to maximise returns, while attempting to minimise the associated risks to its investment capital. Variance in the degree of volatility of the market from the Funds' expectations may produce significant losses to the Funds.

The Funds may enter into listed or OTC derivative transactions which are subject to the risk that the financial institution used as an intermediary or counterparty might default.

The Funds may also be subject to liquidity risk with respect to the FDIs whereby an illiquid market may make it difficult for the Funds to execute trades at a desired price.

22. Foreign Exchange Rates

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 31 December 2022 (continued)

24. Significant Events During the Year

Prior to 15 June 2022, the administration of the Company was delegated to State Street Fund Services (Ireland) Limited, the Former Administrator, and State Street Custodial Services (Ireland) Limited was the Former Depository. Since 15 June 2022, the Company appointed RBC Investor Services Ireland Limited as Administrator and RBC Investor Services Bank S.A. as Depository in accordance with UCITS Regulations. Since 15 June 2022, the Administrator has undertaken the role of the transfer agent and registrar of the Company. Prior to this date, CACEIS Ireland Limited was the Former Transfer Agent of the Company.

Conflict in Ukraine

On 24 February 2022, Russian forces advanced into Ukraine launching a large-scale military invasion. The conflict continues to escalate with devastating implications for the region both politically and economically. In an attempt to deter Russian advances NATO member countries have imposed severe sanctions on the Russian economy. The effect of these sanctions have led to sharp increases in the price of commodities, assets of Russian's central bank have been frozen, travel restrictions imposed and certain powerful individuals have been targeted for their association to the Kremlin.

The Funds' portfolios have no equity or fixed income exposure in either Russia or Ukraine and also has no exposure to the respective currencies of the two countries. The direct and indirect impacts of this situation are being closely monitored by the Board.

COVID-19

The effects of COVID-19 may continue to adversely affect the global economy, the economies of certain nations and individual corporates and issuers, all of which may negatively impact the Funds' performance.

25. Material Changes to the Prospectus During the Reporting Period

The Prospectus of the Company was re-issued on 16 June 2022 in order to reflect that the Company appointed RBC Investor Services Ireland Limited as Administrator and RBC Investor Services Bank S.A., as Depository from 15 June 2022. Prior to this date, the administration of the Company was delegated to State Street Fund Services (Ireland) Limited and State Street Custodial Services (Ireland) Limited was the Former Depository. Since 15 June 2022, the Administrator has undertaken the role of the transfer agent and registrar of the Company. Prior to this date, CACEIS Ireland Limited was the Former Transfer Agent of the Company.

26. Subsequent Events

On the 28 April 2023, the Directors of the Company were made aware that the majority investor of the INRIS CFM Diversified fund (the "CFM Fund") is looking to redeem from the Company. The Directors have decided, in a Board Meeting on the 28 April 2023, that subject to receiving the formal notification from this investor of their request to redeem, to instruct the Trading Advisor to sell all the underlying assets of the CFM Fund and transform the portfolio into cash. At the same time, a notice will be sent to all investors in the CFM Fund informing them of the decision of the Board to terminate the CFM Fund subject to the relevant notice period.

Up to the date of approval of the financial statements, there were no other material subsequent events affecting the Company which necessitate disclosure in or revision of the figures included in the financial statements.

27. Approval of the Financial Statements

The financial statements were approved by the Board of Directors of the Company on 28 April 2023.

SECURITIES FINANCING TRANSACTIONS DISCLOSURES (Unaudited)
For the financial year ended 31 December 2022

Background

The Securities Financing Transaction Regulation (“SFTR” or “Regulations”) came into effect on 12 January 2016. The Regulations provide for reporting and disclosure requirements for entities engaged in securities financing transactions (“SFTs”) and total return swaps (“TRS”). The disclosure requirements, which are not subject to audit, apply to annual financial statements issued after 13 January 2017 and form part of the annual report of the Company for the financial year ended 31 December 2022.

SFTs and TRS

The Company held no open positions in SFTs at the reporting date.

At 31 December 2022, the Company held open positions in TRS and contracts for difference (CFDs). The CFDs are deemed to be equivalent to TRS for the purposes of the Regulations.

The TRS and CFDs held by the Company at 31 December 2022 are presented in the Portfolio Statement.

Global Data

As at 31 December 2022, the net amount of CFDs as a proportion of total lendable assets (excluding cash and cash equivalents) was as follows:

Fund	Type of Asset	Net Amount	% of Net Asset Value
InRIS Parus	Contracts for difference	USD 813,948	0.42%
InRIS CFM Diversified	Contracts for difference	EUR 1,363,255	1.42%
InRIS Perdurance Market Neutral	Contracts for difference	EUR (50,551)	(0.45%)

Concentration Data

At 31 December 2022, the top counterparties for CFDs were as follows:

InRIS Parus	Counterparty	Fair Value USD
1	Morgan Stanley & Co. International	813,948

InRIS CFM Diversified	Counterparty	Fair Value EUR
1	Barclays	1,345,636
2	JP Morgan Chase	17,619
3	Morgan Stanley & Co. International	-

InRIS Perdurance Market Neutral	Counterparty	Fair Value EUR
1	Morgan Stanley & Co. International	(50,379)
2	UBS AG	(172)

Maturity Profile

The maturity profile of all TRS and CFDs held at 31 December 2022 is “open”.

SECURITIES FINANCING TRANSACTIONS DISCLOSURES (Unaudited)
For the financial year ended 31 December 2022 (continued)

Aggregate Transaction Data

InRIS Parus			
Counterparty	Security Type	Settlement Basis	Collateral
Morgan Stanley & Co. International	Contracts for difference	Net, bilateral	See note below

InRIS CFM Diversified			
Counterparty	Security Type	Settlement Basis	Collateral
Barclays	Contracts for difference	Net, bilateral	See note below
JP Morgan Chase	Contracts for difference	Net, bilateral	See note below
Morgan Stanley & Co. International	Contracts for difference	Net, bilateral	See note below

InRIS Perdurance Market Neutral			
Counterparty	Security Type	Settlement Basis	Collateral
Morgan Stanley & Co. International	Contracts for difference	Net, bilateral	See note below
UBS AG	Contracts for difference	Net, bilateral	See note below

All of the CFDs and underlying collateral can be liquidated on demand. It is not possible to separately identify the collateral posted in respect of each particular TRS and CFD. Aggregate data per counterparty is stated overleaf.

The collateral received is not reused by the Company and consequently no investment returns are made on the reuse of collateral received. The collateral granted is held in pooled and/or segregated accounts as per the various agreements in place with each counterparty.

The maturity profile of all other collateral is “open”.

**CALCULATION OF GLOBAL EXPOSURE DISCLOSURE (Unaudited)
For the financial year ended 31 December 2022**

Calculation of Global Exposure

The level of gross exposure employed at 31 December 2022 is disclosed in the table below.

	Cash	Credit	Currency	Equity	Fixed Income	Total
InRIS Parus	14.38%	-	19.38%	69.49%	50.44%	153.69%
InRIS CFM Diversified	51.24%	103.66%	143.61%	209.32%	669.84%	1177.67%
InRIS Perdurance Market Neutral	7.68%	-	-	194.59%	-	202.27%

The level of gross exposure employed at 31 December 2021 is disclosed in the table below.

	Cash	Credit	Currency	Equity	Fixed Income	Total
InRIS Parus	28.08%	-	19.45%	99.23%	-	146.76%
InRIS CFM Diversified	46.73%	68.17%	200.76%	228.70%	1,817.68%	2,362.04%
InRIS Perdurance Market Neutral	9.15%	-	-	133.13%	-	142.28%

The global exposure of the Funds, including FDIs, is calculated by an absolute VaR approach. Absolute VaR is measured over a holding period (of 20 days) and should not be greater than 20% of the NAV of the Funds. The VaR is calculated using a one-tailed 99% confidence level and the historical observation period will not be less than one year.

Existing Methods to Measure Leverage and Risk

Gross Methods

Gross methods consist of measuring leverage as the ratio between the total absolute value of all long and short positions (including off-balance sheet activities) held by the Funds and the Funds' NAV. A gross method typically takes into account the notional value for derivatives, with delta adjustment when applicable.

Gross methods provide information on the total exposure of a fund and in that way can be seen as a "footprint" at the individual Funds' level. Still, they do not measure the "riskiness" of the portfolio and they do not take into account netting and hedging effects, which means that they don't take into account positions that offset or mitigate risks in the portfolio.

DISCLOSURES ON REMUNERATION (Unaudited) For the financial year ended 31 December 2022

The Manager has implemented a policy on remuneration (the “**Remuneration Policy**”) in compliance with Commission Delegated Regulation (EU) No. 231/2013, the European Union (Alternative Investment Fund Managers) Regulations 2013 (S.I. No. 257 of 2013), Regulation 24A(1) of the UCITS Regulations and the European Securities and Markets Authority’s Guidelines on sound remuneration policies (the “ESMA Guidelines”).

The aim of the Remuneration Policy is to ensure that the Manager has risk-focused remuneration policies and practices that are consistent with and promote sound and effective risk management and do not encourage risk-taking that is inconsistent with the risk profiles, fund rules, offering documents, or instruments of incorporation of the funds that it manages including the Funds. By aligning its Remuneration Policy with effective risk management, it is less likely that the Manager’s employees will have incentives to act in a manner that is inconsistent with the risk tolerance of the Funds and contrary to interests of their investors.

The board of the Manager are responsible for overseeing the implementation and periodic review of the Remuneration Policy.

Identified Staff

The specific requirements of the Remuneration Policy apply only in relation to certain categories of the Manager’s employees, namely: senior management, risk-takers, staff engaged in control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk-takers, whose professional activities have a material impact on the Manager’s risk profile (the “**Identified Staff**”).

Remuneration Structure

Staff engaged in control functions are compensated in accordance with the achievement of the objectives linked to their functions, independent of the performance of the business areas they control. The remuneration of the senior officers in risk management and compliance functions is directly overseen by the non-executive directors of the Manager.

Fixed and variable components of total remuneration must be appropriately balanced and the fixed component must represent a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components including the possibility to pay no variable remuneration component.

Fixed Remuneration

Fixed remuneration is determined on the basis of the role of the individual employee, including responsibility, job complexity, skills, seniority, performance and local market conditions.

Variable Remuneration

The total amount of performance-related remuneration is based on a combination of the assessment of the performance of the (i) individual; (ii) business unit or fund concerned; and (iii) the overall results of the Manager. When assessing individual performance, financial as well as non-financial criteria are taken into account. The assessment of performance must be set in a multi-year framework appropriate to the life-cycle of the funds in order to ensure that the assessment process is based on longer-term performance. The measurement of performance used to calculate variable remuneration components or pools of variable remuneration components includes a comprehensive adjustment mechanism to integrate all types of current and future risks.

Employee Benefits & Severance Pay

The Manager did not have a pension policy in place during the financial year ended 31 December 2022. Other benefits such as health insurance are awarded on the basis of individual employment contracts and local market practice. No payments related to the early termination of a contract were made by the Manager during the financial year ended 31 December 2022.

DISCLOSURES ON REMUNERATION (Unaudited)
For the financial year ended 31 December 2022 (continued)

Personal Hedging Strategies

Employees of the Manager may not use personal hedging strategies or remuneration and liability-related contracts of insurance to undermine the risk alignment effects embedded in their remuneration arrangements.

Delegates of the Manager

The Manager delegates certain portfolio management activities of the sub-funds of the Company to the trading advisors. In accordance with the ESMA Guidelines, the Manager ensures that:

- a) the trading advisor is subject to regulatory requirements on remuneration that are equally as effective as those under the ESMA Guidelines; or
- b) the Manager has put in place appropriate contractual arrangements with the trading advisor to cover payments to the trading advisor's "identified staff" as compensation for the performance of the delegated portfolio management activities on behalf of the Manager and to ensure that there is no circumvention of the remuneration rules in the ESMA Guidelines.

Quantitative Remuneration Disclosures

The remuneration paid by the Manager during the Manager's financial year ended 31 December 2022 is set out below (total of 29 persons):

	Fixed Remuneration	Variable Remuneration
Total remuneration	€4,247,000	€1,558,000
Remuneration paid to Staff	€2,493,000	€1,242,000
Remuneration paid to Senior Management	€1,754,000	€316,000

Sustainable Finance Disclosure Regulation (“SFDR”) (Unaudited)

InRIS CFM Diversified and InRIS Perdurance Market Neutral Funds have been categorised as Article 6 financial products for the purposes of SFDR. For the purpose of the Taxonomy Regulation, it should be noted that the investments underlying the Sub-Funds do not take into account the EU criteria for environmentally sustainable economic activities.

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: InRIS Parus

Legal entity identifier: 5493008PQIVDQP9L3211

Environmental and/or social characteristics

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Did this financial product have a sustainable investment objective?

<input checked="" type="radio"/> <input type="radio"/> Yes	<input type="radio"/> <input checked="" type="radio"/> <input checked="" type="checkbox"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ___%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

During the reporting period, the Trading Advisor considered environmental and social characteristics while managing the sub-fund.

Regarding the environmental characteristics, the Trading Advisor had a portfolio that resulted in a lower environmental footprint than the investable universe, as measured by carbon intensity.

Regarding the social characteristics, the Trading Advisor avoided to invest in companies which did not follow good governance practices. The Trading Advisor had also operated an exclusion list and did not invest in any issuer that derived a majority of revenue (greater than 50%) from certain activities such as: illegal (as per the meaning of the 1997 Mine Ban Treaty of Ottawa) and nuclear weapons, adult entertainment, tobacco producers and thermal coal.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

● ***How did the sustainability indicators perform?***

The product met the sustainability indicators used to measure the attainment of the environmental and social characteristics provided.

The portfolio had a lower environmental footprint than the investable universe as measured by carbon intensity. The long portfolio had an average carbon intensity 71% below the universe of data, as calculated by the Trading Advisor.

The product also uses a proprietary model to assess the Sustainability Factors. As measured by the internal scoring methodology, the long portfolio had a score of 69.6, the highest level of the past two years.

Other, more qualitative analysis including engagement via questionnaires and fundamental research also ensured that the indicators performed as expected.

● ***...and compared to previous periods?***

This is not applicable as this is the first reporting period.

● ***What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?***

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments.

How were the indicators for adverse impacts on sustainability factors taken into account?

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments.

Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments.

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

This is not applicable as the sub-fund does not consider principal adverse impacts.

What were the top investments of this financial product?

The list includes the investments constituting the **greatest proportion of investments** of the financial product during the reference period which is: 08/30/2022 to 12/31/2022

What was the proportion of sustainability-related investments?

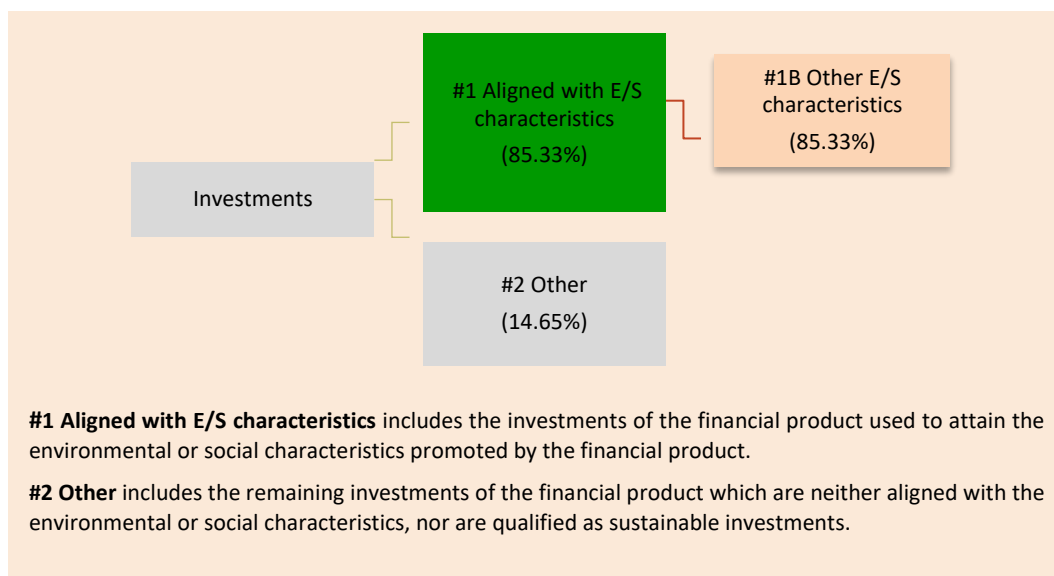

There were no sustainable investments during the period.

What was the asset allocation?

As of 31 December 2022:

- 85.33% of the sub-fund’s assets when looking at the long portfolio only (50.78% of the net portfolio) were invested in investments #1 Aligned with E/S characteristics.
- 14.65% of the sub-fund’s assets were invested in investements #2 Other.

Asset allocation describes the share of investments in specific assets.

To comply with the EU Taxonomy, the criteria for fossil gas include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For nuclear energy, the criteria include comprehensive safety and waste management rules. Enabling activities directly enable other activities to make a substantial contribution to an environmental objective. Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

● **In which economic sectors were the investments made?**

The figures provided below are based on the Long only portfolio, as of 31 December 2022.¹

Economic Sector	% of assets
Sovereign	50.44%
IT Services	10.40%
Oil, Gas & Consumable Fuels	6.24%
Transportation Infrastructure	3.02%
Distributors	3.01%
Health Care Providers & Services	2.68%
Pharmaceuticals	2.28%
Metals & Mining	2.15%
Biotechnology	1.91%
Professional Services	0.99%
Diversified Financials	0.98%
Automobiles	0.55%
Insurance	0.45%
Semiconductors & Semiconductor Equipment	0.23%
Banks	0.00%
Building Products	0.00%
Real Estate Management & Development	0.00%

¹ Cash and Other Investments were not included in the table.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments. Thus, 0% of the portfolio is aligned with the EU Taxonomy.

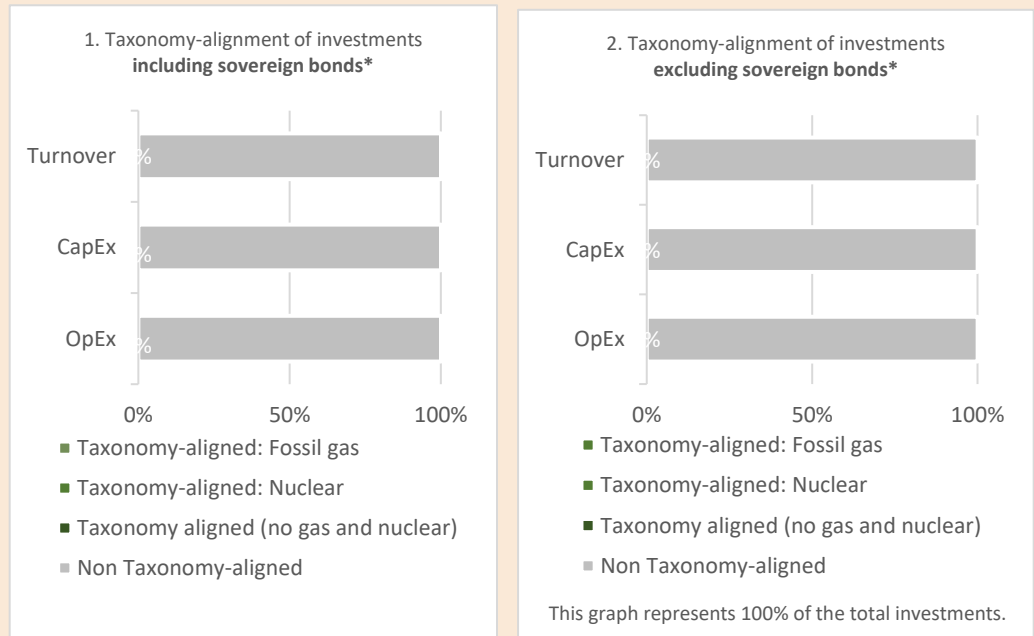

● Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy²?

- Yes
 - In fossil gas
 - In nuclear energy
- No

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the “greenness” of investee companies today.
- **capital expenditure** (CapEx) shows the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

*For the purpose of these graphs, ‘sovereign bonds’ consist of all sovereign exposures.

² Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

 are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

● **What was the share of investments made in transitional and enabling activities?**

0%.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

This is not applicable as this is the first reporting period and that the sub-fund does not take into account the EU criteria for environmentally sustainable economic activities within the meaning of the Taxonomy Regulation.

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments.

What was the share of socially sustainable investments?

This is not applicable as the sub-fund does not make any commitment to invest in sustainable investments.

What investments were included under “other”, what was their purpose and were there any minimum environmental or social safeguards?

Derivative instruments which are used mainly for hedging and in order to construct the short portfolio were included under “Other”.

Cash and fixed or floating rate notes which are held in the context of the liquidity management of the Fund were also included under “Other”.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The product actively monitored its carbon intensity, resulting in a lower environmental footprint than the investable universe. The Trading Advisor issued an annual ESG questionnaire for the reporting period and took the results into consideration in its investment strategy. It did not invest in companies with questionable corporate governance. It did not invest in companies that derive the majority of their revenues, greater than 50%, from illegal or nuclear weapons, adult entertainment, manufacturing of tobacco products or thermal coal, and screened for such activities. The product also used its proprietary scoring model as part of its ongoing qualitative and quantitative analysis.

How did this financial product perform compared to the reference benchmark?

No reference benchmark has been designated.

- ***How does the reference benchmark differ from a broad market index?***

This is not applicable as no reference benchmark has been designated.

- ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

This is not applicable as no reference benchmark has been designated.

- ***How did this financial product perform compared with the reference benchmark?***

This is not applicable as no reference benchmark has been designated.

- ***How did this financial product perform compared with the broad market index?***

This is not applicable as no reference benchmark has been designated.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

Total Expense Ratios (Unaudited)

The total expense ratio was calculated based on the version currently applicable of the “Guidelines on the calculation and disclosure of the Total Expense Ratio of collective investment schemes” of the Asset Management Association (AMAS).
