Background to the Company

UTI Goldfinch Funds Plc (the "Company") is structured as an open-ended investment company with variable capital incorporated with limited liability in Ireland under the Companies Act 2014 (as amended) with registration number 541549 and established as an Undertaking for Collective Investment in Transferable Securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the Central Bank "UCITS Regulations"). The Company was incorporated on 27 March 2014 and commenced trading on 16 July 2015.

The registered office of the Company is 33 Sir John Rogerson's Quay, Dublin 2, Ireland.

The Company is structured as an umbrella fund, which may ultimately consist of different funds, each comprising one or more share classes. During the financial year, the Company had four Funds in operation namely the UTI India Dynamic Equity Fund, UTI India Balanced Fund, UTI India Sovereign Bond UCITS ETF and UTI India Innovation Fund (individually the "Fund" collectively the "Funds"), which are denominated in USD. UTI India Sovereign Bond UCITS ETF was launched on 1 November 2021 and listed on Euronext Dublin (ISE) and Euronext Amsterdam (AEX) on 4 November 2021.

UTI India Dynamic Equity Fund

Investment objective and investment policy

The investment objective of the Fund is to achieve medium to long-term growth through investment primarily in growth oriented Indian stocks, which are listed on the Mumbai Stock Exchange and the National Stock Exchange in India. The Fund intends to achieve its investment objective by investing primarily in a diversified portfolio of equities and equity related securities of (i) large, mid and small-cap companies that have their registered office in India and are listed on recognised exchanges worldwide, (ii) large, mid and small-cap companies that exercise a preponderant part of their economic activity in India and are listed on recognised exchanges worldwide and/or (iii) large, mid and small-cap companies whose equity and equity related securities are listed, traded or dealt in on Indian stock exchanges listed in Appendix II of the Prospectus.

UTI India Balanced Fund

Investment objective and investment policy

The investment objective of the Fund is to provide moderate growth as well as income using an active asset allocation approach to Indian equity and debt. The Fund aims to achieve a higher return for investors by dynamic asset allocation between debt and equity, which will be done on a quarterly basis. The equity portion of the Fund will invest in a diversified portfolio of stocks, with predominant exposure to large cap companies. The debt portion of the scheme will be invested in high quality fixed income instruments.

The share classes and the launch dates of these share classes are detailed below:

Background to the Company (continued)

UTI India Sovereign Bond UCITS ETF

Investment objective and investment policy

The investment objective of the Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Reference Index. The Fund is a passively managed ETF which uses a passive investment approach and will invest directly in bonds issued by the Government of India, which may be listed on or dealt in Recognised Exchanges (stock exchanges or regulated markets set out in Appendix II of the prospectus) worldwide, that are constituents of the Reference Index. As the Fund will invest only in fixed income bonds issued by the Government of India which may be listed on or dealt in Recognised Exchanges worldwide, those bonds are required by the Central Bank to be investment grade.

The share class and the launch date of this share class is detailed below:

UTI India Innovation Fund

Investment objective and investment policy

The investment objective of the Fund is to achieve medium to long-term returns through investment primarily in growth and innovation oriented Indian stocks which are already listed or soon to be listed on a Recognised Exchange. The Fund intends to achieve its investment objective by investing on a permanent basis more than 75% of its Net Asset Value in a diversified portfolio of equities and equity related securities of (i) large, mid and small-cap companies that have their registered office and primary operations in India and which are listed on Recognised Exchanges worldwide, (ii) large, mid and small-cap companies that conduct a significant part of their economic activity in India i.e. more than 50% of their revenues are derived from activities done in India and which are listed or about to be listed on Recognised Exchanges worldwide and/or (iii) large, mid and small-cap companies whose equity and equity related securities are listed, traded or dealt in on any recognised Indian stock exchanges listed in Appendix II of the Prospectus.

The share class and the launch date of these share classes are detailed below:

| Name of Fund | Launch Date | Share Class |

| | 18 Nov 2022 | EUR Institutional Accumulating |

Calculation of net asset value of shares

The Net Asset Value of each Fund or, if there are different Classes within a Fund, each Class will be calculated by the Administrator as at the Valuation Point (being 12 noon Irish time) on each Dealing Day in accordance with the Articles. The Net Asset Value of a Fund shall be determined as at the Valuation Point for the relevant Dealing Day by valuing the assets of the relevant Fund (including income accrued but not collected) and deducting the liabilities of the relevant Fund (including a provision for duties and charges, accrued expenses and fees and all other liabilities).

The Net Asset Value attributable to a Class shall be determined as at the Valuation Point for the relevant Dealing Day by calculating that portion of the Net Asset Value of the relevant Fund attributable to the relevant Class as at the Valuation Point subject to adjustment to take account of assets and/or liabilities attributable to the Class. Accordingly, the Net Asset Value per Share of the different Classes of Shares can differ within each Fund as a result of the declaration/payment of dividends, differing fee and cost structure for each Class of Shares. The Net Asset Value of a Fund will be expressed in the Base Currency of the Fund, or in such other currency as the Directors may determine either generally or in relation to a particular Class or in a specific case.

The Net Asset Value per Share shall be calculated as at the Valuation Point on or with respect to each Dealing Day by dividing the Net Asset Value of the relevant Fund or attributable to a Class by the total number of Shares in issue or deemed to be in issue in the Fund or Class at the relevant Valuation Point and rounding the resulting total to four decimal places.

Investment Manager's Report

Market Commentary:

Global Events

U.S. GDP during the October-December 2022 period increased at a 2.6% annualized pace. The quarter brought an end to a 2022 that saw a 2.1% increase in annualized GDP. During Q1, Q2 and Q3 of 2023, US real GDP grew at a 2.2%, 2.1%, and 4.9% (Q-o-Q growth - Seasonally Adjusted Annual Rate). The GDP increase in Q3 marked the biggest gain since the fourth quarter of 2021 despite higher interest rates, ongoing inflation pressures, and other domestic and global headwinds. The sharp growth was led by increases in consumer spending, private inventory investment, exports, government spending and residential fixed investment. However, the growth was partly offset by a downturn in non-residential fixed investment and increase in Imports. During the reporting period, the US Federal Reserve raised interest rates by 2.25% to a range of 5.25% - 5.50%, driven by inflation remaining above the target inflation rate together with robust economic activity and labor market. In its recent meeting, FOMC kept the benchmark rates unchanged and cited that it will continue to closely assess the implications of the monetary policy on the economy, growth, and job market robustness. US CPI eased to 3.7% in September 2023 compared to 7.7% in October 2022. Core CPI, which excludes food and energy, stood at 4.1% YoY in September 2023 lower than 6.3% in October 2022. While CPI Inflation is moderating, it is still higher than the Fed target inflation rate of 2%.

In 2022, China's gross domestic product (GDP) grew by 3% in 2022, missing the official target of 5.5% and registering its second lowest growth rate in 50 years. China's economy expanded by 4.5%, 6.3% and 4.9% YoY in the first, second and third quarter of 2023 respectively. The growth was driven by services, retail sales and fixed asset investments, while the property sector and private investment continued to be lackluster. Also, China's exports and imports have continued to decline, although at a slower pace caused by weakness in global demand due to high inflation and diplomatic disputes. IMF forecasts China's economy to grow 5% in 2023 and 4.2% in 2024. China CPI stood at 0.0% y-o-y in September 2023 compared to 2.1% y-o-y in October 2022. Core CPI, which excludes food and energy, stood at 0.8% y-o-y through September 2023 after declining to 0.4% in June 2023, compared to 0.6% y-o-y in October 2022.

The European Central Bank hiked the three key main rates by 250 bps during the reporting period, taking the interest rates on the main refinancing operations, marginal lending facility and the deposit facility to 4.50%, 4.75% and 4.00% respectively. ECB noted that headline inflation has continued to decline but is expected to remain elevated compared to ECB's current medium-term inflation target of 2%. Euro area inflation stood at 4.3% y-o-y in September 2023 compared to 10.7% y-o-y in October 2022. ECB indicated that underlying domestic price pressures have remained strong, and that further trajectory of policy rates would be driven by economic and financial data, inflation dynamics and strength of transmission of monetary policy in the economy. Euro Area GDP grew by 0.1%, 0.1% and -0.1% in Q1, Q2 and Q3 of CY2023 respectively on Q-o-Q basis. ECB forecasted Euro area inflation at 5.6% in 2023, 3.2% in 2024 and 2.1% in 2025 and projects euro area economy to expand by 0.7% in 2023, 1.0% in 2024 and 1.5% in 2025.

The International Monetary Fund (IMF), in the recent World Economic Outlook update, kept the global growth forecasts unchanged. It estimated global growth to be 3.0% in 2023 compared to 3.5% in 2022 and the growth for 2024 was projected to be 2.9% (previously projected at 3.0%). The overall growth forecasts remained unchanged for Advanced economies - expected to slow down from 2.7% in 2022 to 1.5% in 2023 and 1.4% in 2024. IMF revised the growth estimates for the US to 2.1% (Previous forecasts 1.8%) in 2023 and 1.5% (previously 1.0%) in 2024. Growth for the Euro area is expected to be at 0.7% (previously 0.9%) in 2023 and 1.2% (previously 1.5%) in 2024. Emerging Market and Developing Economies group is expected to deliver 4.0% (previously 4.0%) GDP growth in 2023 and 4.0% (previously 4.1%) in 2024. Global inflation is expected to be 6.9% (previously 6.8%) in 2023 and 5.8% (previously 5.2%) by 2024. IMF noted that the global economy is still progressively recovering from the epidemic, Russia's invasion of Ukraine, and increased inflation. Despite the effects of the conflict on the food and energy markets and the unprecedented tightening of global monetary policy to combat decades-high inflation, the world economy has slowed but not stopped. However, global divergences are growing, and progress remains uneven and slow.

Domestic Events

The Union Budget presented by the Honourable Finance Minister (FM) has demonstrated continuity as it has built on last year's budget announcements with growth revival being the principal theme of the budget. Resisting the temptation of populist give-aways, the budget has focused on creation of sustainable long-term growth enablers through investments in infrastructure creation, manufacturing, and logistics rather than short-term measures through revenue expenditure. The FM reiterated the Government's intention to control the fiscal deficit from budget estimate of 6.4% of GDP in FY23 to under 4.5% in FY26. Moderate assumptions on Revenue growth targets and divestments makes Fiscal Deficit numbers more realistic. The sharp cut in subsidy program spending and a policy for new emerging industries are additional positives.

In Q4FY23, the country saw real GDP growth of 6.1%. For the fiscal year 2023, real GDP growth stood at 7.2%. FY 2023 was the first year without any kind of Covid-related restrictions and its positive impact was visible in private consumption as it grew by 7.5%. GDP growth was also supported by GFCF growth at 11.4% and growth in services at 9.5%. Real GDP growth improved to 7.8% in Q1FY24. In terms of contribution to growth, investments contributed positively, private consumption remained robust and real exports contracted sharply. Real GDP grew by 7.6% in Q2FY24, led by investment (Gross Fixed Capital Formation) growth of 11.0% (Q1FY24: 8.0%) and government consumption growth of 12.4% (Q1FY24: -0.7%) while private consumption grew by 3.1% (Q1FY24: 6.0%). On the production side, Q2FY24 real GVA grew by 7.4% (Q1FY24: 7.8%), led mainly by growth of 13.2% in Industry (Q1FY24: 5.5%). This was driven by healthy growth of 13.9%, 13.3%, 10.1%, and 10.0% in manufacturing, construction, electricity, and mining respectively. The services sector grew by 5.8% (Q1FY24: 10.3%) and agriculture grew by 1.2% (Q1FY24: 3.5%).

Investment Manager's Report (continued)

Domestic Events (continued)

CPI Inflation moderated to 5.02% in September 2023, after rising to 7.4% in July, compared to October 2022 levels of 6.77%. In September 2023, Food and beverages inflation stood at 6.3%, after increasing to 10.6% in July 2023, compared to 7.1% in October 2022 while fuel and light inflation contracted to -0.11% (November 2022: 10.6%). Rural inflation moderated to 5.3% (October 2022: 6.98%) and urban inflation moderated to 4.5% (October 2022: 6.5%) respectively. Core inflation (CPI excluding food and fuel) moderated to 4.5% (October 2022: 6.00%).

The Monetary Policy Committee (MPC) hiked the policy repo rate during November 2022 to October 2023 by 60 bps to 6.50%. The MPC reiterated to continue focus on "withdrawal of accommodation" to contain inflation while supporting growth. RBI forecasts inflation at 5.4% for 2023-24. Recent hike in vegetable prices, due to El Nino circumstances and volatility in global energy prices, could be sources for upward pressure in near term inflation. However, MPC expects the risks to be evenly balanced on the back of correction in food inflation and further decline in commodity prices due to lower global growth. MPC forecasts that the inflation trajectory will be shaped by domestic and global factors. On the growth front, MPC retained India's real GDP growth projection at 7% for 2023-24. MPC expressed its comfort on domestic growth on the back of healthy balance sheets of banks and corporates, consumer and business optimism, and government's continued focus on capital expenditure, while highlighting downside risks emanating from global factors like geopolitical tensions, global economic slowdown, and uneven monsoon.

UTI India Dynamic Equity Fund

Fund Commentary:

For the USD Institutional Class, during the period, the benchmark MSCI India Index (USD) increased by 4.16%, while the portfolio NAV rose by 3.53%.

| Returns (as of 31st Oct 2023) | 3 Months | 6 Months | 1 Year | 3 Year* | 5 Year* |
|----------------------------------|----------|----------|--------|---------|---------|
| Fund | -2.90% | 7.59% | 3.53% | 10.11% | 11.14% |
| MSCI | -3.23% | 7.38% | 4.16% | 13.36% | 10.76% |
| OP / (UP) | 0.33% | 0.21% | -0.62% | -3.26% | 0.38% |

^{*}Annualized Returns

During the period, the portfolio performance was positively impacted by the underweight position in Oil & Gas and Power sector and favorable stock selection in Information Technology sector. On the other hand, adverse stock selection within the Financial Services and Consumer Services sector impacted the performance negatively. In terms of individual stocks, the key positive contributors were Coforge Ltd, Ajanta Pharma Ltd and Poly Medicure Ltd. Nil exposure in Adani group companies contributed positively. The key underperforming stocks during the period was Avenue Supermart Ltd, Aavas Financiers Ltd and Barbeque National Hospitality Ltd. Nil exposure in Larsen & Toubro Ltd and Tata Motors Ltd impacted negatively.

Strategy Outlook:

While factors like volatile US yields, Israel-Hamas conflict, etc. caused some volatility in past, recent data suggested inflation was slowing down in U.S. and Europe which eased concerns about the outlook for interest rates. The yields on the 10-year U.S. Treasury declined to ~3.9% after US Fed signaled in its recent monetary policy that they might consider rate cuts next year if moderation in inflation continues. This led to expectations that major central banks across the globe may keep interest rates on hold and might even consider a couple of rate cuts by the middle of next year. Stability in global crude oil prices further contributed to bullish market sentiment. Economic data on the domestic front remains robust with GDP growth being steady and inflation continuing to moderate. Upbeat corporate earnings for the first half of Fiscal year 2023 also contributed to the market's momentum. Indian equity market maintained positive momentum during the past six months. We expect India to continue to be amongst the fastest growing large economies, with robust macro-economic position and a stable policy environment, which shall be the driver for long term wealth creation.

We shall continue to adhere to our investment philosophy of investing in great businesses with extremely resilient business models, strong cash flow generation, and negligible net debt on the Balance sheet. We shall continue to remain committed to buying high quality businesses that generate very high return on capital employed which is well above cost of capital and grow at an above industry growth rate thereby gaining market share from peers or un-organized players.

Investment Manager's Report (continued)

UTI India Balanced Fund

Fund Performance (as on 31st October 2023)

| Fund / Index Name | 1 Month | 3 Month | 6 Month | 1 Year | YTD |
|---|---------|---------|---------|--------|-------|
| UTI India Balanced Fund - USD Institutional Distributing Class | -3.00% | -3.23% | 2.36% | 3.60% | 4.06% |

Fund Commentary:

Fixed Income

The UTI India balanced fund currently has a mandate from the asset allocation committee of maintaining an asset allocation strategy of 45% exposure to equity and 55% exposure to debt including cash (with 5% deviation both sides). In the first half of August 2023, the mandate was revised with Equity: Debt exposure to be rebalanced to 45% Equity: 55% Debt (with 5% deviation both sides) from an earlier mandate of 55% Equity: 45% Debt (with 5% deviation both sides).

The fixed income component continues to remain primarily invested into local sovereign bonds and USD bonds of Indian issuers (local rating BBB-) with majority exposure positioned towards the front end (3-5yrs segment) of the yield curve to generate carry by taking minimal credit as well as lower duration and FX risk. The fixed income component of the fund was running a modified duration of 4.63 years and YTM of 6.76% as of end of October 2023 as compared to a modified duration of 4.33 years and YTM of 6.86% as of end of October 2022. Investment Manager's Report (continued)

UTI India Sovereign Bond UCITS ETF

Fund Performance vs. Benchmark (as on 31st October 2023)

| Fund / Index Name | 1 Month | 3 Month | 6 Month | 1 Year | YTD |
|--|---------|---------|---------|--------|-------|
| UTI India Sovereign Bond UCITS ETF - Class A USD Accumulating | -0.50% | -1.11% | -0.65% | 5.56% | 3.89% |
| Nifty India Select 7 Government Bond Index USD | -0.48% | -0.99% | -0.47% | 5.80% | 4.35% |

Fund Commentary:

- The fund tracks the performance of the Nifty India Select 7 Government Bond Index, which comprises the top 7 most-liquid, local currency bonds issued by the Central Government of India having residual maturities of more than 2 years.
- The index top 3 securities are assigned a weightage of 25% each, the bottom 3 securities are assigned a weightage of 5% each with the middle one being assigned a weightage of 10%.
- The ETF is currently listed on Euronext exchange in Amsterdam.
- The fund is listed on Euronext Dublin but it is a non-trading exchange.
- The Total Expense ratio is capped at 50 bps.
- The rebalancing of the ETF happens monthly corresponding to the rebalancing of the underlying benchmark index.
- The ETF fund is running a modified duration of 6.79 years and a YTM of 7.52% as of end of October 2023 as compared to a modified duration of 6.20 years and a YTM of 7.36% as of end October 2022. All the constituents of the Index / ETF Fund are FAR applicable securities.

Investment Manager's Report (continued)

UTI India Innovation Fund

Fund Commentary:

For the USD Institutional Class, during the period, the benchmark NSE 500 Index (USD) increased by 7.8%, while the portfolio NAV rose by 18.9%.

| Fund / Index Name | YTD (Absolute Returns) | 1 Year (Absolute Returns) | 3 Years (Annualised) | 5 Years (Annualised) | Since Inception (Annualised) |
|---------------------------|------------------------------|---------------------------------|-------------------------|-------------------------|------------------------------------|
| UTI India Innovation Fund | 22.26 | 18.03 | N. A | N. A | 8.99 |

The philosophy of the fund is to invest in companies that are innovators, disruptors in the space they operate in and can demonstrate significantly high growth in their respective sectors. These companies are present in industries that have a long runway of growth. The companies are primarily present in the space of emerging technologies, food tech, e-commerce, clean technologies, gaming, SAAS, e-healthcare, automation, and R&D ancillaries.

During the year we have seen the strong performance of platform names like Zomato, P.B Fintech. Some of the SAAS names like Rate Gain and ER&D names like KPIT Technologies performed well in the portfolio. Some of the names in Chemical Clean Science and clean tech name Borosil Renewable have underperformed.

We have seen a significant recovery in the valuations of the domestic tech names owing to possible peaking out of interest rates in the US and hence reducing the valuation overhang in the long-tenure names.

We have also seen a clear shift in mindset of the platform businesses from "Growth at any cost" to "Growth with profitability". The shift is also reflected in the latest quarterly numbers of most of the tech names where they have outperformed and exceeded analyst expectations on profitability metrics.

Strategy Outlook:

As we have seen a reduction in inflation in the US the concerns over high interest rates have eased now and hence provides valuation cushion to long dated names. The recently concluded state elections give comfort on possible stability in government going forward and hence they would continue to focus on higher digitization, focus on clean energy, and developing the start-up ecosystem. The IPO market has seen recovery in the last few months and hence, some of the possible innovative startups could come to public market for listing. Thus, expanding the opportunity for innovation fund. While the valuations in the near term do look a bit on the higher side, we still take comfort in the long-term growth runway for these emerging sectors.

We would continue to invest in high growth businesses that are present in highly disruptive, innovative industries and that have demonstrated leadership, unit economics and the ability to take market share in a competitive environment. Most of these businesses, being asset light in nature, do not require huge amount of fixed capital investment and have developed moats over a period that may be difficult to break into. While some of the companies may not be profitable today but we see them moving towards profitability in future and hence becoming high RoCE businesses. Innovation, Growth and Quality would be key focus areas of investment in the strategy. We believe India is at the cusp of significant growth in innovation led by favorable availability of talent pool, huge explosion in entrepreneurship, and availability of funding.

Directors' Report

The Board of Directors (the "Directors") of the Company present their annual report together with the audited financial state ments for the financial year ended 31 October 2023. The Company was incorporated in Ireland on 27 March 2014 as a public limited company under the Irish Companies Act 2014 (as amended).

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Directors' Report and the financial statements in accordance with Irish law. Irish law requires the Directors to prepare financial statements for each financial year. Under that law, the Directors have prepared the financial statements in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union. Under Irish law, the Directors shall not approve the financial statements unless they are satisfied that they give a true and fair view of the Company's assets, liabilities and financial position as at the end of the financial year and of the profit or loss of the Company for the financial year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with IFRS and ensure that they contain the additional information required by the Companies Act 2014 (as amended); and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Company;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Company to be determined with reasonable accuracy;
 and
- enable the Directors to ensure that the financial statements and directors' report comply with the Companies Act 2014 (as amended) and enable those financial statements to be audited.

In this regard, Citibank Europe Plc has been appointed for the purpose of maintaining adequate accounting records. Accordingly, the accounting records are kept at the following address: Citibank Europe Plc, I North Wall Quay, Dublin 1, Ireland (the "Administrator").

The Directors are responsible for safeguarding the assets of the Company. In this regard, they have entrusted the assets of the Company to Citi Depositary Services Ireland Designated Activity Company (DAC) (the "Depositary") who has been appointed as Depositary to the Company pursuant to the terms of a Depositary Agreement. The Directors have a general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities.

Directors' Compliance Statement

The Directors acknowledge that they are responsible for securing compliance by the Company with its Relevant Obligations as defined with the Companies Act 2014 (as amended) (hereinafter called the "Relevant Obligations").

The Directors confirm that they have drawn up and adopted a compliance policy statement setting out the Company's policies that, in the Directors' opinion, are appropriate to the Company in respect of its compliance with its Relevant Obligations.

The Directors further confirm the Company has put into place appropriate arrangements or structures that are, in the Directors' opinion, designed to secure material compliance with its Relevant Obligations including reliance on the advice of persons appointed by the Company and external legal and tax advisers as considered appropriate from time to time and that they have reviewed the effectiveness of these arrangements or structures during the financial year to which this Report relates.

Going Concern

The Directors believe that the Company has adequate resources to continue in operational existence for a period of at least twelve months from the date the financial statements are authorised for issue. For this reason, they have adopted the going concern basis in preparing the financial statements. The Directors have entrusted the management of the Company to the Investment Manager and the Manager. The investment management activities and the details of the performance of the Funds over the last financial year are reviewed in detail in the Investment Manager's Report.

Audit Committee

During the financial year ended 31 October 2023 and 31 October 2022, the Company did not have an audit committee in place. The Directors considered setting up an audit committee as outlined in Section 167 of the Companies Act 2014 (as amended). The Directors made the decision not to establish an audit committee as this was deemed most appropriate to the Company's structure as a UCITS fund and the nature, scale and complexity of the Company's operations at this time, as outlined in Section 1551 (11b) of the Companies Act 2014 (as amended).

Relevant Audit Information

As far as each director is aware, there is no relevant audit information of which the Company's auditors are unaware and the Directors have taken all the steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Directors' Report (continued)

Principal activities

UTI India Dynamic Equity Fund

The investment objective and investment policy of the Fund is summarised in the "Background to the Company" on page 2. The Investment Manager shall predominantly follow a bottom-up approach with emphasis on building exposure around strong blue chip companies that have a high earnings growth potential on account of the size of the future business opportunity. The Fund shall have a higher weightage into industries that exhibit stable and secular growth prospects, ability to generate high operating cash flows and preferably free cash flows as well. The Fund shall be a diversified fund and shall not have any sector or industry focus, however it is expected that the Fund will invest across many of the following sectors: Banking & Financial Services, Information Technology, Consumer Goods, Healthcare, Automobile, Industrials, Cement, Energy and Telecom services. The Fund will not follow a benchmark and will be actively managed.

UTI India Balanced Fund

The investment objective and investment policy of the Fund is summarised in the "Background to the Company" on page 2. The Investment Manager shall in the case of equities predominantly follow a bottom-up approach with emphasis on building exposure around strong blue chip companies that have a high earnings growth potential on account of the size of the future business opportunity. The Fund shall have a higher weightage into industries that exhibit the following factors; stable and secular growth prospects, ability to generate high operating cash flows and preferably free cash flows as well, minimum volatility in margins and the ability to maintain growth rates despite slow-down in the sector. The Fund shall be a diversified fund and shall not have any sector or industry focus, however it is expected that the Fund will invest across many of the following sectors: Banking & Financial Services, Information Technology, Consumer Goods, Healthcare, Automobile, Industrials, Cement, Energy and Telecom services. The Fund will not follow a benchmark and will be actively managed.

UTI India Sovereign Bond UCITS ETF

The investment objective and investment policy of the Fund is summarised in the "Background to the Company" on page 3. The Fund may invest in bonds issued by the Government of India which may or may not form part of the Reference Index. The Investment Manager may also select bonds issued by the Government of India by means of direct investment which are not underlying constituents of the relevant Reference Index where such bonds provide similar performance, with matching risk profile, to certain bonds that make up the relevant Reference Index. Bonds which are not underlying constituents of the relevant Reference Index are selected where they will enhance the Funds ability to track the performance of the Reference Index. The Fund aims to closely track the performance of the Reference Index and will be passively managed ETF.

UTI India Innovation Fund

The investment objective and investment policy of the Fund is summarised in the "Background to the Company" on page 3. The Fund is a thematic fund focused on Technology, Innovation and Disruption (TID) in India. The Investment Manager will predominantly follow a bottom-up approach to seek companies that exhibit strong TID characteristics. Such companies could be in any sector and could be large established blue chip companies or young start-ups in the pre-IPO stage. The rapid rise of digital technologies has created opportunities in fields as diverse as healthcare, e-commerce, fintech, edu-tech, agri-tech and renewable energy. Given India's scale, demographics and internet penetration, many such companies are likely to have a high earnings growth potential. The Fund will not follow a benchmark and will be actively managed.

Review of business and future developments

The Directors do not anticipate any changes in the structure of the Company or investment objectives of the Funds in the immediate future. For a detailed commentary on the results for the year and the state of affairs of the Company at 31 October 2023, see the Investment Manager's report, the statement of financial position, the statement of comprehensive income and the schedule of investments. Please also see Note 4 to the financial statements for the net assets attributable to holders or redeemable participating shares at year end.

Corporate Governance Code

A corporate governance code ("the Code") applicable to Irish domiciled collective investment schemes was issued by Irish Funds (formerly known as the Irish Funds Industry Association) on 14 December 2011. The Directors has put in place a framework for corporate governance which it believes is suitable for an investment company and which enables the Company to comply voluntarily with the main requirements of the Code, which sets out principles of good governance and a code of best practice. The Directors voluntarily adopted the Code with effect from date of incorporation, 27 March 2014.

During the financial year the Company was subject to corporate governance practices imposed by:

- (i) The Companies Act
- (ii) Euronext Regulations; and
- (iii)The Central Bank UCITS Regulations which can be obtained from the Central Bank's website at: http://www.centralbank.ie/regulation/industry-sectors/funds/ucits/Pages/default.aspx and is available for inspection at the registered office of the Sub-Fund.

The Directors consider that throughout the financial year ended 31 October 2023 and 31 October 2022, the Company was in compliance with the Irish Funds Code https://files.irishfunds.ie/1432820468-corporate-governance-code-for-collective-investment-schemes-and-management-companies.pdf

Directors' Report (continued)

Internal Control and Risk Management Systems in Relation to Financial Reporting

The Directors are responsible for establishing and maintaining adequate internal control and risk management systems of the Company in relation to the financial reporting process.

Such systems are designed to manage rather than eliminate the risk of error or fraud in achieving the Company's financial reporting objectives and can only provide reasonable and not absolute assurance against material misstatement or loss.

The annual financial statements are reviewed by the Directors.

Directors

The Directors of the Company who held office during the financial year ended 31 October 2023 and 31 October 2022 are detailed below: Praveen Jagwani (Indian)

Samantha McConnell (Irish)*

Simon McDowell (Irish)

*Samantha McConnell resigned as Director on 31 December 2023 and Tain Huei Hsia was appointed as Director on 31 December 2023.

Directors' and Secretary's Interests

Praveen Jagwani held 13,461 shares (31 October 2022: 13,461 shares) in UTI India Dynamic Equity Fund during the financial year ended and as at 31 October 2023 with a value of US\$266,671 (31 October 2022: of US\$261,825). The Directors are not aware of any other shareholding in the Company by any Director, the Secretary or their respective families during the financial year ended and as at 31 October 2023 and 2022.

During the financial year ended 31 October 2023, Directors' fees of US\$28,865 were incurred (31 October 2022: US\$26,754) and US\$1,346 was payable at the financial year end (31 October 2022: US\$2,318). Other than as disclosed here and in Note 10 to the financial statements, there are no related party transactions or directors' interests for the financial year.

Dealings with Connected Persons

Regulation 43 of the Central Bank UCITS Regulations "restrictions of transactions with connected persons" states that "a responsible person shall ensure that any transaction between a UCITS and a connected person is conducted a) at arm's length; and b) in the best interest of the unitholders of the UCITS".

As required under UCITS Regulation 81(4), the Directors, as responsible persons are satisfied that there are in place arrangements, evidenced by written procedures, to ensure that the obligations that are prescribed by UCITS Regulation 43(1) are applied to all transactions with a connected person; and all transactions with a connected person that were entered into during the financial year to which the report relates complied with the obligations that are prescribed by UCITS Regulation 43(1).

Results for the financial year and dividends

The results for the financial year are set out in the Statement of Comprehensive Income for the financial year ended 31 October 2023. The state of affairs of the Company is set out in the Statement of Financial Position as at 31 October 2023.

The Company declared distributions of US\$1,142,632 (31 October 2022: US\$1,209,920) during the financial year under review.

Principal risks and uncertainties

The principal risks and uncertainties faced by the Company include but are not limited to market risks, credit risk (including sovereign issuers) and liquidity risk. A detailed analysis of the risks faced by the Funds are included in Note 11 to the financial statements.

Diversity Policy

Owing to the organisational structure and operating model of the Company, whereby most activities/operational tasks have been delegated by the Company to the various service providers to the Company, and given that the only employees of the Company are the Directors, the Directors do not consider the adoption of a diversity policy necessary.

Russia - Ukraine and Israel Impact

The Directors noted the ongoing conflicts in the Ukraine and Israel. Given the absence of exposure in these regions, the Directors' view is that those developments are unlikely to have a significant direct adverse impact on the Company.

Significant events during the financial year

Significant events during the financial year are described in Note 18 of the financial statements.

Significant events since the financial year end

Significant events since the financial year end are disclosed in Note 19 of the financial statements.

Independent Auditors

Ernst & Young Chartered Accountants have been appointed as independent auditors and will continue in office in accordance with Section 383 (2) of the Companies Act 2014 (as amended).

UTI Goldfinch Funds plc

Report of the Depositary to the Shareholders

We have enquired into the conduct of the UTI Goldfinch Funds Plc ("the Company") for the financial year 1 November 2022 to 31 October 2023, in our capacity as Depositary to the Company.

This report including the opinion has been prepared for and solely for the shareholders in the Company as a body, in accordance with the UCITS Regulations, as amended, and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in the UCITS Regulations, as amended. One of those duties is to enquire into the conduct of the Company in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Company has been managed in that period in accordance with the provisions of the Company's Memorandum and Articles of Association and the UCITS Regulations, as amended. It is the overall responsibility of the Company to comply with these provisions. If the Company has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in UCITS Regulations, as amended, and to ensure that, in all material respects, the Company has been managed (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of its constitutional documentation and the appropriate regulations and (ii) otherwise in accordance with the Company's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the Company has been managed during the year, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the Memorandum & Articles of Association and by the UCITS Regulations, as amended, (the "Regulations") and;
- (ii) otherwise in accordance with the provisions of the Memorandum & Articles of Association and the Regulations.

Report on the audit of the financial statements

Opinion

We have audited the financial statements of UTI Goldfinch Funds PLC ('the Company') for the year ended 31 October 2023, which comprise the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares, Statement of Cash Flows, Schedule of Investments and notes to the financial statements, including the summary of significant accounting policies set out in note 3. The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 31 October 2023 and of its profit for the year then ended;
- have been properly prepared in accordance with IFRS as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard as applied to public interest entities issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the directors' assessment of the Company's ability to continue to adopt the going concern basis of accounting included:

- In conjunction with our walkthrough of the Company's financial close process, we confirmed our understanding of management's Going Concern assessment process and also engaged with management early to ensure all key factors were considered in their assessment;
- We obtained management's going concern assessment which covers a year from the date of approval
 of the financial statements.
- Reviewing and evaluating the reasonability of the key factors considered by management in making
 their assessment of going concern including the liquidity of the Company and the financial position of the
 Company. In assessing these, we reviewed the liquidity terms which the Company offers to investors
 and considered subsequent events, including Company performance, that might give rise to conditions
 which could lead management to discontinue the operations of the Company.
- We reviewed the Company going concern disclosures included in the annual report in order to assess that the disclosures were appropriate and in conformity with the reporting standards.

Conclusion

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) that we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Risk | Our response to the risk | Key observations communicated to the Board Directors |
|--|---|---|
| Fair value of financial assets at fair value through profit or loss Refer to the Accounting policies (page 34) Note 3(c); and Note 11(f) of the Financial Statements. We have considered valuation of the Company's financial assets at fair value through profit or loss as a key driver of performance and net asset value. As at 31 October 2023, the Company's financial assets at fair value through profit or loss consist of investments in equity and debt securities with a fair value of US\$928,862,853 (2022: US\$1,165,941,730) which have been categorised within level 1 and level 2 of the fair value hierarchy. The incorrect valuation of the financial assets at fair value through profit or loss may result in misstatement of the assets of the Company. The nature and size of the balance and its importance to the Company's results are such that we have identified this as a key audit matter. | In order to obtain sufficient audit evidence, we performed the following procedures: We obtained prices at year-end from independent sources for all investments held at fair value through profit or loss. The prices obtained independently were compared with the prices used in the year end portfolio. We reviewed the disclosures to ensure they were in conformity with the requirements of IFRS as adopted by the European Union. | Our planned audit procedures were completed without material exception. |

Our application of materiality

We apply the concept of materiality in planning and performing the audit, in evaluating the effect of identified misstatements on the audit and in forming our audit opinion.

Materiality

The magnitude of an omission or misstatement that, individually or in the aggregate, could reasonably be expected to influence the economic decisions of the users of the financial statements. Materiality provides a basis for determining the nature and extent of our audit procedures.

We determined materiality for the Company to be 0.5% (2022: 0.5%) of each sub-fund's Net Asset Value. We believe that Net Asset Value provides us with the most appropriate basis for materiality having considered the expectation of users of these financial statements and the overall business environment.

During the course of our audit, we reassessed initial materiality and made no changes to it.

Performance materiality

The application of materiality at the individual account or balance level. It is set at an amount to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements exceeds materiality.

On the basis of our risk assessments, together with our assessment of the Company's overall control environment, our judgement was that performance materiality was 75% (2022: 75%) of our planning materiality for each sub-fund. We have set performance materiality at this percentage due to knowledge of the Company and industry, our past history with the Company, the effectiveness of its control environment and our assessment of the risks associated with the engagement.

Reporting threshold

An amount below which identified misstatements are considered as being clearly trivial.

We agreed with the Board of Directors that we would report to them all uncorrected audit differences in excess of 5% (2022: 5%) of planning materiality for each sub-fund, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds.

We evaluate any uncorrected misstatements against both the quantitative measures of materiality discussed above and in light of other relevant qualitative considerations in forming our opinion.

An overview of the scope of our audit report

Tailoring the scope

Our assessment of audit risk, our evaluation of materiality and our allocation of performance materiality determine our audit scope for the Company. This enables us to form an opinion on the financial statements. We take into account size, risk profile, the organisation of the Company and effectiveness of controls, including controls and changes in the business environment when assessing the level of work to be performed. All audit work was performed directly by the audit engagement team.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2014

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

In addition we report, in relation to information given in the Corporate Governance Statement on page 9, that:

- based on knowledge and understanding of the Company and its environment obtained in the course of our audit, no material misstatements in the information identified above have come to our attention;
- based on the work undertaken in the course of our audit, in our opinion:
 - the description of the main features of the internal control and risk management systems in relation to the process for preparing the financial statements, are consistent with the financial statements and have been prepared in accordance with the Companies Act 2014; and
 - the Corporate Governance Statement contains the information required by the Companies Act 2014.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 8, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in

accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation to what extent the audit was considered capable detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud, that could reasonably be expected to have a material effect on the financial statements. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. In addition, the further removed any non-compliance is from the events and transactions reflected in the financial statements, the less likely it is that our procedures will identify such non-compliance. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the Company and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the Company and determined that the most significant are IFRS as adopted by the European Union, the Companies Act 2014 (as amended), the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.
- We understood how UTI Goldfinch Funds PLC is complying with those frameworks by updating our understanding of the entity level controls. The Board has established processes regarding internal control and risk management systems to ensure its effective oversight of the financial reporting process. The internal control process includes the appointment of the Administrator to maintain the accounting records of the Company, independently of the Investment Manager, and the Depositary.
- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by obtaining an understanding of the financial statement close process, reviewing adjusting journal entries and independently performing valuation of the financial assets.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved enquiries of management, enquiries of those charged with governance, review of breaches logs and review of the Board of Directors' meeting minutes.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description of auditors responsibilities for audit.pdf. This description forms part of our auditor's report.

Other matters which we are required to address

We were appointed by Board of Directors during 2015 to audit the financial statements for the year ending 31 October 2015 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 9 years.

The non-audit services prohibited by IAASA's Ethical Standard were not provided to the Company and we remain independent of the Company in conducting our audit.

Our audit opinion is consistent with the additional report to the Board of Directors.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

David Bennett for and on behalf of

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023

1. BASIS OF PREPARATION

Reporting Entity

UTI Goldfinch Funds Plc (the "Company") is structured as an open-ended investment company with variable capital incorporated with limited liability in Ireland under the Companies Act 2014 (as amended) with registration number 541549 and established as an Undertaking for Collective Investment in Transferable Securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the Central Bank "UCITS Regulations"). The Company was incorporated on 27 March 2014 and commenced trading on 16 July 2015.

The registered office of the Company is 33 Sir John Rogerson's Quay, Dublin 2, Ireland.

Statement of compliance

The financial statements of UTI Goldfinch Funds Plc (the "Company") for the financial year ended 31 October 2023 have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union (the "EU"), interpretations adopted by the International Accounting Standards Board ("IASB"), the provisions of the Companies Act 2014 (as amended), the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

All references to net assets throughout the financial statements refer to net assets attributable to holders of redeemable participating shares unless otherwise stated.

Functional and presentation currency

The financial statements are presented in US Dollars ("US\$") which is the Company's functional and presentation currency. Items included in the financial statements of the Company are measured in the currency of the primary economic environment in which the Company operates (the "functional currency"). The capital raising currency is also USD to handle the issue, acquisition and resale of the Funds' redeemable shares. The primary objective of the Company is to generate returns in US\$. The liquidity of the Company is managed on a day-to-day basis in US\$ in order to handle the issue, acquisition and resale of the Company's redeemable participating shares.

Basis of measurement

The financial statements have been prepared on the historical cost basis, except for financial instruments at fair value through profit and loss, which are measured at fair value. All amounts have been rounded to the nearest figure, unless otherwise stated. The Net Asset Value ("NAV") per share is rounded to two decimals.

The investment objective of the Company is to provide investors with a total return, taking into account both capital and income returns and to achieve long-term capital appreciation and its portfolio is managed on a fair value basis. The Company therefore applies the business model allowed by IFRS 9 paragraph 5.1.1 which requires its portfolio to be classified at fair value through profit or loss.

Standards and amendments to existing standards effective 1 November 2022

There are no standards, amendments to standards or interpretations that are effective for the first time for the year beginning 1 November 2022 that have had a material effect on the financial statements of the Company.

New standards, amendments and interpretations issued but not yet effective

There are no other standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the Company or the Company's financial statements.

2. ESTIMATES AND JUDGEMENTS

Significant Estimates

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts recognised in the financial statements and disclosure of contingent liabilities. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Fair value of financial instruments

The fair value of financial instruments is an estimate. Please refer to Note 3(c) and Note 11(f) further in the financial statements.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

2. ESTIMATES AND JUDGEMENTS (CONTINUED)

Going Concern

The Company's management has made an assessment of the Company's ability to continue as a going concern and is satisfied that the Company has the resources to continue in business for the foreseeable future. In performing the assessment, management has considered assets under management, redemptions during the period, litigation, conditional/unconditional obligations and the Company's exposure, which, is spread over several industries and regions. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

3. ACCOUNTING POLICIES

The significant accounting policies adopted by the Company for the financial year ended 31 October 2023 are set out below:

(a) Foreign currency translation

Transactions in currencies other than US\$ if applicable, are recorded at the rates of exchange prevailing on the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of financial year end exchange rates of monetary items and non-monetary assets and liabilities that are denominated in foreign currencies are recognised in the Statement of Comprehensive Income in the financial year in which they arise. Net foreign exchange gains/(losses) on non-monetary and monetary financial assets and liabilities are included in the line item realised and unrealised gain/(loss) on financial assets and liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

(b) Income and Expenses

Dividend income is recognised when a Company's right to receive the payment has been established, normally being the ex-dividend date. Dividend income is recognised gross of withholding tax, if any.

Interest income is recognised on an accrual basis and accrued on a daily basis.

Expenses are recognised in the Statement of Comprehensive Income on an accrual basis.

(c) Financial assets and financial liabilities at fair value through profit or loss

(i) Classification

The Company classifies its equity and debt securities into the categories below in accordance with IFRS 9 Financial Instruments (IFRS 9). A financial asset is measured at fair value through profit or loss if: (a) Its contractual terms do not give rise to cash flows on specified dates that are solely payments of principal and interest (SPPI) on the principal amount outstanding or (b) It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell or (c) At initial recognition, it is irrevocably designated as measured at fair value through profit or loss (FVPL) when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases.

Gains and losses from changes in the fair value of the financial assets at fair value through profit or loss category are included in the Statement of Comprehensive Income.

(ii) Recognition, de-recognition and measurement

Regular purchases and sales of investments are recognised on the trade date, the date on which the Company commits to purchase or sell the investment. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the Statement of Comprehensive Income.

Subsequent to initial recognition, all financial assets at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the financial assets at fair value through profit or loss are presented in the Statement of Comprehensive Income within total net movement in unrealised gain/(loss).

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the Company has transferred substantially all risks and rewards of ownership and a realised gain or loss is recognised. Realised gains and losses are presented in the Statement of Comprehensive Income as total realised gain/(loss).

(iii) Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

The Company uses closing bid price, last bid price, last traded price, closing mid-market price or last mid-market price as its valuation inputs for listed securities, which is consistent with the inputs used for the purpose of determining dealing prices. When market quotations are not available or are unrepresentative, estimation methods and valuation models may be used to calculate fair value.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the Statement of Financial Position when, and only when, the Company has a legal right to offset the amounts and it intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis for gains and losses from financial instruments at fair value through profit or loss and foreign exchange gains and losses.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

3. ACCOUNTING POLICIES (CONTINUED)

(c) Financial assets and financial liabilities at fair value through profit or loss (continued)

(v) Realised and unrealised gain/(loss)on financial assets and liabilities at fair value through profit or loss

Realised gains or losses on disposal of investments held for trading or classified at fair value through profit or loss and unrealised gains or losses on valuation of investments held for trading or classified at fair value through profit or loss at the financial year end are calculated using the first in, first out method ("FIFO") and included in the Statement of Comprehensive Income.

(d) Cash and cash equivalents

Cash and cash equivalents includes deposits held at call with banks and other short-term, highly liquid investments in an active market with original maturities of three months or less from the date of acquisition, that are readily convertible to known amounts of cash, subject to insignificant risk of changes in value, and are held for the purpose of meeting short-term cash commitments other than cash collateral provided in respect of derivative and security borrowing transactions.

(e) Umbrella cash accounts

Cash account arrangements have been put in place in respect of the Fund as a consequence of the introduction of requirements relating to the subscription and redemption collection accounts pursuant to the Central Bank of Ireland (Supervision and Enforcement) Act 2013 (Section 48 (i)) Investor Money Regulations 2015 for Fund Service Providers (the 'Investor Money Regulations'). These cash accounts, held with a third-party banking entity for collection of subscriptions, payment of redemptions and distributions for the Fund are deemed assets of the Fund. As of the financial year ended 31 October 2023, the balance on these cash accounts is US\$9,240 (31 October 2022: US\$2,826).

(f) Redeemable participating shares

Redeemable participating shares are redeemable at the shareholder's option and are classified as financial liabilities in accordance with IAS 32, "Financial Instruments: Presentation". IAS 32 classifies as equity (a) certain puttable financial instruments and (b) certain financial instruments that impose on the entity an obligation to deliver to another party a pro rata share of the net assets of the entity only on liquidation.

As the redeemable participating shares of the Company did not meet the specific criteria to be classified as equity instruments, these units have been classified as financial liabilities in these financial statements.

The redeemable shares can be repurchased by the Company on a Dealing Day at the Net Asset Value per Share calculated as at the Valuation Point to that Dealing Day. The redeemable participating share is carried at the redemption amount that is payable at the statement of financial position date if a shareholder exercised his or her right to have the Company repurchase his or her share.

In accordance with the Prospectus, the Fund is contractually obliged to redeem shares at dealing prices and the liability to redeemable participating shareholders has been adjusted to reflect this. Monetary value share transactions during the financial year are recognised in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares of the Fund.

(g) Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the Statement of Comprehensive Income.

Transaction costs on purchases and sales of equities are included in brokerage fees in the Statement of Comprehensive Income for each Fund. These include identifiable brokerage charges, commissions, transaction related taxes and other market charges.

(h) Subscriptions receivable and redemptions payable

Subscriptions receivable and redemptions payable relate to receivables on share subscriptions and payables on share redemptions that have been contracted for but not yet settled or delivered on the reporting date, respectively.

(i) Receivable for investments sold and payable for investments purchased

Receivable for investments sold and payable for investments purchased represent financial instruments sold and financial instruments purchased that have been contracted for but not yet settled or delivered on the reporting date respectively.

(J) Withholding Tax

The Company currently incur withholding taxes imposed by certain countries on investment income and capital gains. Such income or gains are recorded gross of withholding taxes in the Statement of Comprehensive Income. Withholding taxes are shown as a separate item in the Statement of Comprehensive Income.

5. DISTRIBUTIONS

The Directors are entitled to declare and pay dividends for shares in the Company. The Directors intend to declare and pay dividends on a quarterly or semi-annual basis to Distributing shares. Any dividend will be declared on the last Business Day in January, April, July and in October in each financial period or on such other date as may be determined by the Directors or such other frequency as the Directors consider appropriate. The Company may commence declaring and the payment of dividends for the relevant Class twelve months following the date of the closing of the Initial Offer Period for that Class. The Directors may also determine if and to what extent dividends paid include realised capital gains and/or are paid out of capital attributable to the relevant Class. Dividends declared will be paid in cash and payment will be made to the relevant shareholders' pre-designated bank accounts, net of bank charges. Distributions to the shareholders are recognised in the Statement of Comprehensive Income as finance costs.

The Company declared a distribution of US\$244,199 (31 October 2022: US\$348,003) from the UTI India Dynamic Equity Fund and US\$898,433 (31 October 2022: US\$861,917) from the UTI India Balanced Fund during the financial year ended 31 October 2023. The distributions per share for the financial year ended 31 October 2023 and 31 October 2022 are as follows:

6. CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise current deposits with banks. The counterparty for cash and cash equivalents including overnight deposits as at 31 October 2023 and 31 October 2022 was Citi Depositary Services Ireland DAC. Citi Depositary Services Ireland DAC is not rated but the credit rating of the parent company of the Depositary, Citibank N.A. is A+ (31 October 2022: A+).

Cash account arrangements have been put in place in respect of the Fund, as a consequence of the introduction of requirements relating to the subscription and redemption collection accounts pursuant to the Central Bank of Ireland (Supervision and Enforcement) Act 2013 (Section 48 (i)) Investor Money Regulations 2015 for Fund Service Providers (the 'Investor Money Regulations'). These cash accounts are held in an umbrella cash collection account in the name of the Company for collection of subscriptions, payment of redemptions and distributions for the Fund are deemed assets of the Fund. As of the financial year ended 31 October 2023, the balance on these cash accounts is US\$9,240 (31 October 2022: US\$2,826), they are recorded as Fund assets payable in the statement of financial position.

7. SUBSCRIBER AND REDEEMABLE PARTICIPATING SHARES

The authorised share capital of the Company is 300,000 redeemable non-participating shares of no par value and 500,000,000,000 participating shares of no par value. Non-participating shares do not entitle the holders thereof to any dividend and on a winding up entitle the holders thereof to receive the amount paid up thereon but do not otherwise entitle them to participate in the assets of the Company. The Directors have the power to allot shares up to the authorised share capital of the Company.

There are two issued Founder Shares in the Company. The Founder Shares each have full and equal voting rights. In addition, the Founder Shares have exclusive voting rights in relation to the appointment of Directors, the alteration of the Company's share capital, the winding up of the Company, and amendments to the Memorandum and Articles of Association of the Company, except insofar as the same involves a variation of the class rights or a change to the investment objectives, policies or restrictions of the Company. The Founder Shares are not redeemable.

The Founder Shares are held by UTI International (Singapore) Private Limited and Dillon Eustace.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

7. SUBSCRIBER AND REDEEMABLE PARTICIPATING SHARES (CONTINUED)

The issued share capital of the Funds in shares is as follows:

Capital management

As a result of the ability to issue, repurchase and resell shares, the capital of the Company, which is redeemable participating shares, can vary depending on the demand for redemptions and subscriptions to the Company. The Company has no legal restrictions on the issue, repurchase or resale of redeemable shares beyond those included in the Company's constitution.

The Company's objectives for managing capital are:

- · To invest the capital in investments meeting the description, risk exposure and expected return indicated in its prospectus,
- To achieve consistent returns while safeguarding capital by investing in diversified portfolio, by participating in derivative and other capital
 markets and by using various investment strategies and hedging techniques,
- To maintain sufficient liquidity to meet the expenses of the Company, and to meet redemption requests as they arise, and
- To maintain sufficient size to make the operations of the Company cost-efficient.

^{*} Actual fees charged for this Share Class is 0.40% of NAV.

The Investment Manager shall be entitled to be reimbursed by the Company out of the assets of the Company any properly vouched reasonable out-of-pocket expenses incurred by it on behalf of the Company.

During the financial year ended 31 October 2023, the Investment management fee amounted to US\$9,770,221 (31 October 2022 US\$11,357,615). The investment management fee payable as at the financial year ended 31 October 2023 amounted to US\$3,204,565 (31 October 2022: US\$3,424,969). During the year ended 31 October 2023, the Investment Manager reimbursed the fund expenses related to UTI India Sovereign Bond UCITS ETF amounting to \$163,149 (31 October 2022: US\$252,259).

Establishment expenses

The fees and expenses relating to the establishment of the Company, the UTI India Dynamic Equity Fund and the UTI India Balanced Fund, including the fees of the Fund's professional advisers were borne by the Investment Manager. The costs relating to the launch of the UTI India Sovereign Bond UCITS ETF and UTI India Innovation Fund are estimated to be up to USD 100,000 and will be amortised over the first five years of the Fund's operation.

The Company's prospectus requires set-up costs to be amortised over a period of five years for the purpose of calculating its trading net asset value, whereas IFRS requires set-up costs to be expensed as incurred. All set-up costs have been expensed during the year ended 31 October 2022 in accordance with IFRS, however this has resulted in a difference between the Fund's net asset value for shareholder dealing/prospectus and the net asset value for financial statement purposes, measured in accordance with IFRS, refer to note 4 for details. The Fund's shares are classified as liabilities in accordance with IAS 32. This liability is measured at the amount which the Fund is obligated to pay upon redemption, which is based on the trading net asset value calculated in accordance with the prospectus.

Administrator's Fee

The administrator shall be entitled to receive from the Company a maximum annual fee of 1.5% of the NAV of the Company. Such fee shall be calculated and accrued as at each Valuation Point and shall be payable monthly in arrears. The Administrator shall also be entitled to be reimbursed out of the assets of the Company for all reasonable out-of-pocket expenses incurred by the Administrator in the proper performance of its duties.

During the financial year ended 31 October 2023, the administration fee amounted to US\$560,310 (31 October 2022: US\$565,873). The administration fee payable as at the financial year ended 31 October 2023 amounted to US\$37,100 (31 October 2022: US\$69,075). The Administrator fees are included in the Administration and advisory fees in the Statement of Comprehensive Income and Administration and advisory fees payable in the Statement of Financial Position.

During the financial year ended 31 October 2023, the advisory fee amounted to US\$371,750 (31 October 2022: US\$292,776). The advisory fee payable as at the financial year ended 31 October 2023 amounted to US\$93,867 (31 October 2022: US\$65,075). The advisory fees are included in the Administration and advisory fees in the Statement of Financial Position.

Depositary's Fee

As at 31 October 2023, Citi Depository Services Ireland Designated Activity Company (the "Depositary") is the Company's Depositary. The Depositary shall be entitled to receive from the Company a maximum annual fee of 0.5% of the NAV of the Company which shall consist of;

- (a) a safekeeping fee, an annual fee billed and payable monthly based on the value of the month end assets. Safekeeping fees calculated on a "per country" basis and include the safekeeping fees charged by the sub-depositaries.
- (b) a fee per transaction, a per portfolio trade settlement which includes sub-depositaries expenses. All transactions are sent through an STP process. Manual transactions will incur an extra fee of €15 per manual transaction.
- (c) a fee for each third party fixed deposit, foreign exchange deal and outward payment affected by the Depositary on behalf of each Fund. These transactions will incur a fee of US\$10 per transaction.

^{**} Share Class fully redeemed on 11 August 2023.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

8. FEES (CONTINUED)

Depositary's Fee (Continued)

Such fees shall be calculated and accrued as at each valuation point and shall be payable monthly in arrears, subject to a minimum monthly global fee of US\$2,000 per Fund. The Depositary shall also be entitled to be reimbursed by the Company out of the assets of the Company any properly vouched reasonable out-of-pocket expenses incurred by it on behalf of the Company.

During the financial year ended 31 October 2023, the depositary fee amounted to US\$801,482 (31 October 2022: US\$886,899). The depositary fee payable as at the financial year ended 31 October 2023 amounted to US\$129,133 (31 October 2022: US\$81,142).

Directors' Fee

The Directors are entitled to receive a fee and remuneration which relates to emoluments for their services at a rate to be determined from time to time by the Directors, up to a maximum fee per Director of ϵ 10,500 per annum until 30 June 2022 and ϵ 20,000 per annum from 1 July 2022. The Directors may also be paid, inter alia for travelling, hotel and other expenses properly incurred by them in attending meetings of the directors or in connection with the business of the Company.

Simon McDowell received €20,000 (31 October 2022: €13,667), Samantha McConnell received €20,000 (31 October 2022: €13,667) for the financial year ended 31 October 2023. Praveen Jagwani waived his fees for the financial year ended 31 October 2023 and 31 October 2022. All Directors will be entitled to reimbursement by the Company of expenses properly incurred in connection with the business of the Company or the discharge of their duties.

During the financial year ended 31 October 2023, the directors' fee amounted to US\$28,865 (31 October 2022: US\$26,754). The directors' fee payable as at the financial year ended 31 October 2023 amounted to US\$1,346 (31 October 2022: US\$2,318).

Auditor's Fee

The total amounts earned by the statutory auditors, Ernst & Young for the provision of services to the Company for the financial year ended 31 October 2023 and 31 October 2022 were (inclusive of out of pocket expenses and excluding Value Added Tax):

| | 31 October 2023 | 31 October 2022 |
|--------------------------|-----------------|-----------------|
| | USD | USD |
| Statutory audit | 108,896 | 103,521 |
| Other assurance services | - | - |
| Tax advisory | - | - |
| Other non-audit services | - | - |

The Audit fee payable as at the financial year ended 31 October 2023 amounted to US\$92,296 (31 October 2022: US\$77,029).

Management Fee

The Manager shall be entitled to receive out of the assets of the Fund an annual fee up to 0.0125% of the Net Asset Value of the Fund (plus VAT, if any), subject to a minimum amount of 650,000 per annum for the initial Fund and 612,500 per annum per additional fund. The Manager's fee will be accrued and calculated on each Valuation Point and payable quarterly in arrears.

The Manager shall be entitled to reimbursement of all reasonable and properly vouched out-of-pocket expenses (plus any applicable taxes) incurred on behalf of the Fund, out of the assets of the Fund.

During the financial year ended 31 October 2023, fees of US\$133,738 (31 October 2022: US\$154,889) were incurred and US\$45,554 (31 October 2022: US\$95,714) was payable to the Manager at the financial year end.

^{*} UTI India Innovation Fund launched on 16 June 2022.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

9. TAXATION

Under current law and practice, the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or capital gains. However, Irish tax can arise on the happening of a "chargeable event" in the Company. A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise in respect of chargeable events in respect of:

- (a) A Shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Company or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- (b) certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations.

Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

On 1 April 2018, India introduced a taxation regime for long-term capital gains. As a result of this, the Funds introduced an accrual for incremental long-term Indian capital gains earned since 1 April 2018. The accrual for the unrealised capital gains tax is not included in the NAV for dealing purposes, please refer to note 4 of the financial statements for details.

For the financial year ended 31 October 2023, the Company incurred capital gains taxes on realised positions of US\$5,156,602 (31 October 2022: US\$11,756,479), the Company recognise an accrual for long-term Indian capital gains of US\$13,955,594 (31 October 2022: US\$15,079,066) and incurred withholding tax on dividends of US\$1,164,917 (31 October 2022: US\$1,665,996).

10. RELATED PARTY TRANSACTIONS

IFRS (IAS 24 – Related Party Disclosures) requires the disclosure of information relating to material transactions with parties who are deemed to be related to the reporting entity. A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

In the opinion of the Directors, the Manager, Investment Manager and Distributor are related corporations of the Company, and therefore related parties under IFRS. Fees payable to these parties and the expenses are disclosed in Note 8.

(a) Entities with significant influence over the Company

UTI Asset Management Company Limited (the "Investment Advisor") has been appointed as Investment Advisor of the Company. The Investment Advisor fees will be paid out of the fees of the Investment Manager.

The Company has delegated responsibility for the investment and re-investment of the Company's assets to the Investment Manager, UTI International (Singapore) Private Limited. During the financial year ended 31 October 2023, US\$9,770,221 fees were incurred (31 October 2022: US\$11,357,615) and US\$3,204,565 was payable to the Investment Manager at the financial year end (31 October 2022: US\$3,424,969). The Investment Manager paid organisational expenses on behalf of the Company amounting to US\$Nil (31 October 2022: US\$72,322), which were subsequently reimbursed. During the financial year ended 31 October 2023, the Investment Manager reimbursed fund expenses related to UTI India Sovereign Bond UCITS ETF amounting to US\$163,149 (31 October 2022: US\$252,259) and US\$57,787 was receivable from the Investment Manager at the financial year end (31 October 2022: US\$251,183), this is presented as rebate receivable in the statement of financial position.

The Investment Manager holds total shares of 74,314 (31 October 2022: 74,314) of UTI India Dynamic Equity Fund with a value of US\$1,472,159 (31 October 2022: US\$1,445,406), total shares of 312,078 (31 October 2022: 297,409) of UTI India Balanced Fund with a value of US\$3,030,276 (31 October 2022: US\$2,947,325) and total shares of 335,496 of UTI India Innovation Fund with a value of US\$3,777,690.

(b) Key management personnel of the Company

The Directors' fees relating to emoluments for the financial year are disclosed in the Statement of Comprehensive Income. During the financial year ended 31 October 2023, US\$28,865 was incurred (31 October 2022: US\$26,754) and US\$1,346 was payable at the financial year end (31 October 2022: US\$2,318).

Praveen Jagwani, a director of the Company, is an employee of the Investment Manager and Distributor, held 13,461 (31 October 2022: 13,461) shares in UTI India Dynamic Equity Fund during the financial year ended 31 October 2023, with a value of US\$266,671 (31 October 2022: US\$261,825).

Waystone Management Company (IE) Limited, appointed as Manager of the Company on 26 November 2021, is a related party. During the financial year ended 31 October 2023, fees of US\$133,738 (31 October 2022: US\$154,889) were incurred and US\$45,554 (31 October 2022: US\$95,714) was payable to the Manager at the financial year end.

(c) Significant Shareholders

The following table details the number of shareholders with significant holdings of at least 20 percent of the Company and the aggregate value and percentage of that holding.

As at 31 October 2023

| Fund | Number of Shareholders | Value of Holding USD | Holding % of Fund |
|------------------------------------|---------------------------|-------------------------|----------------------|
| UTI India Dynamic Equity Fund | - | - | - |
| UTI India Balanced Fund | - | - | - |

| UTI India Innovation Fund | 1 | 12,138,227 | 70.92% |

11. RISK MANAGEMENT POLICIES AND PROCEDURES

In accordance with IFRS 7 Financial Instruments: Disclosures this note details the way in which the Company manages risks associated with the use of financial instruments.

Concentration indicates the relative sensitivity of the Fund's performance to developments affecting a particular industry or geographical location. Concentrations of risk arise when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

In order to avoid excessive concentrations of risk, the Fund's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio.

The Company is exposed to market price risk, interest rate risk, currency risk, credit risk and liquidity risk arising from the financial instruments the Company holds. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on financial performance. The policies documented below are standard operational practices and are reviewed on a continuous basis. In certain market conditions, the Manager may apply additional risk procedures to minimise potential adverse effects on the Company's financial performance.

(a) Market Price Risk

Market price risk is the risk that the fair value or future cash flows of financial assets/liabilities will fluctuate because of changes in market prices. Market price risk arises from uncertainty about future prices of financial assets/liabilities held. It represents the potential loss the Company might suffer through holding market positions in the face of price movements. The Board monitors the Company's characteristics in detail with the Investment Manager at least quarterly and in some cases monthly. The Investment Manager also reviews the Company's portfolio characteristics in their entirety. This review may include as appropriate a review of capitalisation, distribution, industry sector weights, price/book levels, portfolio duration, sector exposure, quality exposure and other key risk measures. The Company's other price risk is managed in accordance with the UCITS Regulations and the limits set forth in the prospectus.

As at 31 October 2023, the financial assets and liabilities at fair value through profit or loss comprises the following:

| | UTI India Dynamic | UTI India Balanced | UTI India Sovereign | UTI India |
|---|-------------------|--------------------|---------------------|------------------------|
| | Equity Fund | Fund | Bond UCITS ETF | Innovation Fund |
| Financial assets | USD | USD | USD | USD |
| Equities | 871,645,199 | 12,400,903 | - | 23,326,750 |
| Government bonds | - | 8,922,757 | 7,750,650 | - |
| Corporate bonds | - | 4,765,866 | - | - |
| Investment funds | | 50,728 | - | <u>-</u> |
| Total financial assets at fair value through profit or loss | 871,645,199 | 26,140,254 | 7,750,650 | 23,326,750 |

The table below details the exposure to market price risk with a 0.5% increase/decrease in market prices with all other variables remaining constant. This represents management's best estimate of a reasonably possible shift.

The table below details the exposure to market price risk with a 0.5% increase/decrease in market prices with all other variables remaining constant. This represents management's best estimate of a reasonably possible shift.

Net asset movement if market prices had

increased/(decreased) by 0.5%

US\$5,476,748

US\$185,550

US\$86,096

US\$81,314

(b) Interest Rate Risk

This risk is defined as the risk that the fair value or future cash flows of a financial asset/liability will fluctuate because of changes in market interest rates. Fixed interest rate debt securities are exposed to interest rate risk where the value of these securities may fluctuate as a result of a change in market interest rates. The Company's interest bearing assets are subject to changes in the level of interest rates.

The tables below summarise the exposure to interest rate risk of UTI India Dynamic Equity Fund, including the assets and liabilities at fair value for the financial year ended 31 October 2023 and 31 October 2022:

| 31 October 2023 | | | | Non-Interest | |

11. RISK MANAGEMENT POLICIES AND PROCEDURES (CONTINUED)

(c) Interest Rate Risk (continued)

| 31 October 2022 | | | | Non-Interest | |
|-------------------|--------------|-----------|--------------|--------------|--------------------|
| | Up to 1 year | 1-5 years | Over 5 years | Bearing | Total Value |
| Assets | USD | USD | USD | USD | USD |
| Investments | - | - | - | 16,262,870 | 16,262,870 |
| Other assets | 1,120,125 | - | - | 2,597 | 1,122,722 |
| Total assets | 1,120,125 | - | - | 16,265,467 | 17,385,592 |
| Liabilities | | | | | |
| Other liabilities | - | - | - | (83,792) | (83,792) |
| Total liabilities | - | - | - | (83,792) | (83,792) |
| Total Net Assets | 1,120,125 | - | - | 16,181,675 | 17,301,800 |

The table below details interest rate sensitivity analysis for the Funds. An increase of 1.25% in decrease rates would increase the net assets attributable to holders of redeemable shares as detailed in the below table:

| | 31 October 2023 | 31 October 2022 |
|------------------------------------|-----------------|-----------------|
| | USD | USD |
| UTI India Dynamic Equity Fund | 564,104 | 518,448 |
| UTI India Balanced Fund | 179,888 | 249,007 |
| UTI India Sovereign Bond UCITS ETF | 97,977 | 219,311 |
| UTI India Innovation Fund | 19,635 | 14,002 |

The sensitivity of the profit/(loss) for the financial year is the effect of the assumed changes in interest rates on changes in fair value of investments for the financial year, based on revaluing fixed rate financial assets at the end of the reporting year. The impact of such an increase in interest rates has been estimated by calculating the fair value changes of the fixed rate financial assets.

In practice, the actual trading results may differ from the above sensitivity analysis and the difference could be significant.

(c) Currency Risk

The Company may hold assets denominated in currencies other than the functional currency of each Fund. The Funds are therefore exposed to currency risk, as the value of the securities denominated in other currencies will fluctuate due to changes in exchange rates. The following table details the material currency exposures as at 31 October 2023 and as at 31 October 2022.

| | Foreign Currency Denominated Assets |
|-------------------------------|--|
| UTI India Dynamic Equity Fund | USD |

(d) Credit Risk

Credit risk is the risk that a counterparty to a financial asset/liability will fail to discharge an obligation or commitment that it has entered into with the Company. The carrying amounts of financial assets best represent the maximum credit risk exposure at the statement of financial position date. All physical securities and cash at bank balances are held by the Depositary, Citi Depositary Services Ireland DAC. Citi Depositary Services Ireland DAC is not rated but the credit rating of the parent company of the Depositary, Citibank N.A. is A+ (31 October 2022: A+).

The table below sets out a summary of the credit exposure based on the credit ratings of the debt securities held by the Company as at 31 October 2023 and 31 October 2022:

UTI India Balanced Fund - Fixed Income Portion

| Rating | 31 October 2023 | 31 October 2022 |
|-------------------------|-----------------|-----------------|
| BBB-* | 95.12% | 94.82% |
| Cash & Cash Equivalents | 4.88 % | 5.18% |
| Total | 100.00% | 100.00% |

^{*}Ratings are provided by S&P.

11. RISK MANAGEMENT POLICIES AND PROCEDURES (CONTINUED)

(e) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. Generally, the Company's assets are comprised of actively traded and highly liquid securities. The liquidity risks associated with the need to satisfy shareholders' requests for redemptions, which is allowed on daily basis, are mitigated by maintaining a liquid portfolio of assets which can be liquidated to satisfy usual levels of demand. In addition, the Company may restrict redemptions and borrow monies on a temporary basis as detailed in the Company's Prospectus. The Investment Manager manages the Company's liquidity position on a daily basis. Also, the Investment Manager is able, through the provisions in the Prospectus, to defer the processing of redemptions of significant size to facilitate an orderly disposition of securities in order to protect the interest of the remaining shareholders.

As at 31 October 2023, the Company's liabilities were payable within 12 months as disclosed below:

(f) Fair Value Hierarchy

This requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The three levels of the fair value hierarchy are described below:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Prices determined using significant observable inputs. Observable inputs are inputs that reflect the assumptions market participants would use in pricing a security and are developed based on market data obtained from sources independent of the reporting entity (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).
- Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant (for example, when there is little or no market activity for an investment at the end of the financial year), unobservable inputs are inputs that reflect the reporting entity's own assumptions about the factors market participants would use in pricing the security and would be based on the best information available under the circumstances.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability. The determination of what constitutes "observable" requires significant judgement. The Directors consider observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

11. RISK MANAGEMENT POLICIES AND PROCEDURES (CONTINUED)

(f) Fair Value Hierarchy (continued)

Other than financial assets at fair value through profit or loss and financial liabilities at fair value through profit or loss, all other financial instruments not measured at fair value through profit or loss, are short-term financial assets and financial liabilities whose carrying amounts approximate fair value.

The following table summarise the Company's financial assets by class within the fair value hierarchy at 31 October 2023:

| UTI India Dynamic Equity Fund | Level 1 USD | Level 2 USD | Level 3 USD | Total USD |
|--|----------------------------|--------------------|----------------|---------------|
| Financial assets at fair value through profit or loss: | | | | |

11. RISK MANAGEMENT POLICIES AND PROCEDURES (CONTINUED)

| UTI India Innovation Fund | Level 1 | Level 2 | Level 3 | Total |
|---|------------|---------|---------|------------|
| | USD | USD | USD | USD |
| Financial assets at fair value through profit or loss: | | | | |
| Equities | 16,262,870 | - | - | 16,262,870 |
| Total financial assets at fair value through profit or loss | 16,262,870 | - | - | 16,262,870 |

Investments whose values are based on quoted market prices in active markets are classified within Level 1. The Company invests in corporate and government bonds. In the absence of a quoted price in an active market, they are valued using observable inputs such as recently executed transaction prices in securities of the issuer or comparable issuers and yield curves. Adjustments are made to the valuations when necessary to recognise differences in the instruments terms. To the extent that the significant inputs are observable, the company categorises these investments as Level 2. There were no Level 3 securities held by the Company during the financial year ended 31 October 2023 and 31 October 2022.

Transfers between levels are deemed to have occurred when the pricing source for a particular security has changed which triggers a change in level as defined under IFRS 7. There were no transfers between Levels 1, 2 or 3 during the financial year ended 31 October 2023 and 31 October 2022.

12. PROVISION

The following table summarises the movement in the Company's provision for unrealised capital gains tax during the financial year ended 31 October 2023:

| | Balance at the beginning | Movement in the | Balance at the end of the |
|------------------------------------|--------------------------|---------------------------|---------------------------|
| | of the financial year | provision during the year | financial year |
| 31 October 2023 | USD | USD | USD |

| UTI India Innovation Fund* | - | - | <u> </u> |
| | 51,585,412 | (36,506,346) | 15,079,066 |

[^] UTI India Sovereign Bond UCITS ETF launched on 1 November 2021. * UTI India Innovation Fund launched on 16 June 2022.

13. EFFICIENT PORTFOLIO MANAGEMENT

The Company will not invest in derivatives instruments (including structured deposits, products or instruments) for investment or hedging purposes. Furthermore, the Company itself will not be leveraged for investment, efficient portfolio management or hedging purposes.

14. SOFT COMMISSION AND DIRECT BROKERAGE ARRANGEMENTS

No soft commission and direct brokerage arrangements were entered into during the financial year ended 31 October 2023 and 31 October 2022.

15. EXCHANGE RATES

The following exchange rates were used to convert the instruments and other assets and liabilities denominated in currencies other than the base currency at 31 October 2023 and 31 October 2022:

| | 31 October 2023 | 31 October 2022 | | 31 October 2023 | 31 October 2022 |
|--------------|-----------------|-----------------|------------------|-----------------|-----------------|
| | USD | USD | | USD | USD |
| Euro | 0.938 | 1.007 | Pound Sterling | 0.821 | 0.867 |
| Indian Rupee | 83.257 | 82.393 | Singapore Dollar | 1.366 | 1.416 |

16. CONTINGENT LIABILITY

There were no contingent liabilities at 31 October 2023 and 31 October 2022.

17. COMMITTED DEALS

There were no committed deals at 31 October 2023 and 31 October 2022.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023 (CONTINUED)

18. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

The Supplements for UTI India Dynamic Equity Fund, UTI Balance Funds and UTI India Innovation Fund were updated on 21 December 2022 to comply with Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector (the "SFDR").

The Board of Directors have noted the ongoing developments in the Ukraine and the sanctions which continue to be imposed on Russia by many countries as a result. Given the absence of exposure in the region, the Board of Directors' view is that those developments and sanctions are unlikely to have a significant direct adverse impact on the Company. Nonetheless, the situation continues to evolve, and it remains difficult at this stage to estimate all direct and indirect impacts which may arise from these emerging developments. The Board of Directors continues to monitor the developments closely and to take all the necessary actions.

As at 7 November 2023, the NAV of the UTI India Sovereign Bond UCITS ETF had reduced by 83% due to redemptions amounting to \$15,073,717.

On 29 September 2023 KBA Consulting Management Limited, the Management Company of the Company, completed its merger with Waystone Management Company (IE) Limited ("WMC"). WMC is the surviving entity post-merger and as such, the Company's Management Company is WMC from this date.

On 12 December 2022, the Manager changed its address to 35 Shelbourne Road, 4th Floor, Ballsbridge, Dublin, D04 A4E, Ireland.

On 7 October 2023, the group Hamas led surprise attacks against Israel by land, sea, and air in the Gaza Strip. The conflict continues to escalate with devastating implications for the region both politically and economically in addition to the human tragedies. To date the Company has no exposure to the region and the conflict has not had an impact on the performance of the Company.

There were no other significant events affecting the Company during the financial year that require amendment to or disclosure in the financial statements.

19. SIGNIFICANT EVENTS SINCE THE FINANCIAL YEAR END

Samantha McConnell resigned as Director on 31 December 2023 and Tain Huei Hsia was appointed as Director on 31 December 2023.

There were no other significant events affecting the Company after the financial year end that require amendment to or disclosure in the financial statements.

20. APPROVAL OF THE FINANCIAL STATEMENTS

The Directors approved the financial statements on 16 February 2024.

FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023

FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023

APPENDIX 2 - REMUNERATION DISCLOSURE (UNAUDITED)

The Manager has designed and implemented a remuneration policy (the "Policy") in line with the provisions of S.I. 257 of 2013 European Union (Alternative Investment Fund Managers) Regulations 2013 (the "AIFM Regulations"), S.I. 352 of 2011 European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations") and of the ESMA Guidelines on sound remuneration policies under the UCITS Directive and AIFMD (the "ESMA Guidelines"). The Policy is designed to ensure that the remuneration of key decision makers is aligned with the management of short and long-term risks, including the oversight and where appropriate the management of sustainability risks in line with the Sustainable Finance Disclosure Regulations.

The Manager's remuneration policy applies to its identified staff whose professional activities might have a material impact on the Company's risk profile and so covers senior management, risk takers, control functions and any employees receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers and whose professional activities have a material impact on the risk profile of the Company. The Manager's policy is to pay identified staff a fixed component with the potential for identified staff to receive a variable component. It is intended that the fixed component will represent a sufficiently high proportion of the total remuneration of the individual to allow the Manager to operate a fully flexible policy, with the possibility of not paying any variable component. When the Manager pays a variable component as performance related pay certain criteria, as set out in the Manager's remuneration policy, must be adhered to. The various remuneration components are combined to ensure an appropriate and balanced remuneration package that reflects the relevant staff rank and professional activity as well as best market practice. The Manager's remuneration policy is consistent with, and promotes, sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profile of the funds it manages.

These disclosures are made in respect of the remuneration policies of the Manager. The disclosures are made in accordance with the ESMA Guidelines.

Total remuneration (in EUR) paid to the identified staff of the Manager fully or partly involved in the activities of the Company that have a material impact on the Company's risk profile during the financial year to 31 December 2022 (the Manager's financial year):

| Fixed remuneration | EUR |
|-------------------------|-----------|
| Senior Management | 1,387,113 |
| Other identified staff | - |
| Variable remuneration | |
| Senior Management | 180,517 |
| Other identified staff | - |
| Total remuneration paid | 1,567,630 |

No of identified staff – 15

Neither the Manager nor the Company pays any fixed or variable remuneration to identified staff of the Investment Manager.

There have been no material changes made to the Remuneration Policy or the Manager's remuneration practices and procedures during the financial year.

FOR THE FINANCIAL YEAR ENDED 31 OCTOBER 2023

APPENDIX 3 – SECURITIES FINANCING TRANSACTIONS REGULATIONS (SFTR) (UNAUDITED)

Securities Financing Transactions ("SFTs"), broadly speaking, are any transaction where securities are used to borrow cash, or vice versa. Practically, this mostly includes repurchase agreements (repos or reverse repos), securities lending activities, total return swaps and sell/buy-back transactions. In each of these, ownership of the securities temporarily changes in return for cash temporarily changing ownership. At the end of an SFT, the change of ownership reverts, and both counterparties are left with what they possessed originally, plus or minus a small fee depending on the purpose of the transaction. In this regard, they act like collateralised loans.

Regulation (EU) 2015/2365 of the European Parliament increases the transparency of SFTs and specifically, within Article 13 of that regulation, requires managers to inform investors on the use made of SFTs and total return swaps (which have similar characteristics) in the semi-annual and annual reports of the Company.

During the financial year ended 31 October 2023, the Company did not enter into any transaction that requires disclosure under the Securities Financing Transaction Regulation.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED)

The European Union's Sustainable Finance Disclosure Regulations (SFDR) came into force in March 2022. The SFDR is designed to help institutional asset owners and retail clients understand, compare, and monitor the sustainability characteristics of investments funds by standardising sustainability disclosures.

Under the SFDR, the Funds must make both fund and product-level disclosures on the integration of sustainability risks, the consideration of adverse sustainability impacts, the promotion of environmental or social factors, and sustainable investment objectives.

The Funds are an Article 8 fund, as a fund that promotes environmental and social characteristics provided that the companies in which the investments are made follow good governance practices.

The Funds seek to promote good environmental and social standards and invests in companies that apply good corporate governance practices. To achieve this, the Funds pursues the following approaches in the investment process via exclusions, ESG integration and active ownership.

In identifying investments which allow the Funds to promote environmental or social characteristics, the Investment Manager, in consultation with the Investment Advisor, adopts the approach to encourage positive ESG improvements in investee companies.

The Investment Manager, in consultation with the Investment Advisor, has determined that certain companies will be excluded from the Funds' investment universe where any one or more factors mentioned below are applicable to the relevant company:

- Companies in the business of production, exploration, mining & processing of thermal coal.
- Companies that generate more than 75% of their captive power using thermal coal.
- Companies that derive more than 50% of their revenue from activities related to fossil fuels.
- Companies that derive more than 20% of their revenue from alcohol, tobacco or gambling.
- Companies that are engaged in manufacturing or distribution of weaponry, particularly cluster munitions or anti-personnel
 mines.
- Companies that have been found guilty of exploiting children for labour.
- Companies that have been found guilty of the following in a persistent and systemic manner and the issue is considered to be material in the context of the overall operations of the company:
 - Violating human rights.
 - Involved in environmental pollution.
 - Involved in systemic corruption.

The Investment Manager, in consultation with the Investment Advisor, assesses the governance practices of issuers through active analysis of the relevant companies' financial and operational health. The Investment Manager, in consultation with the Investment Advisor, analyses companies as going concerns and evaluates companies' track records over a long period of time, in addition to using governance ratings provided by third party data providers ("Data Providers") to supplement their research. In addition, the Investment Manager, in consultation with the Investment Advisor, directly engages with management at regular intervals in order to satisfy itself that the relevant issuers follow good governance practices, in particular with respect to sound management structures, employee relations, remuneration of staff and tax compliance. The Investment Manager, in consultation with the Investment Advisor, monitors investee companies and checks whether companies have policies in place on these factors. In addition, the Investment Manager, in consultation with the Investment Advisor, has adopted a stewardship code.

The Investment Manager, in consultation with the Investment Advisor, monitors compliance with the ESG characteristics outlined above on a regular basis through the use of sustainability indicators covering environmental footprint and compliance, social and employee matters, board and senior management governance, respect for human rights, anti-corruption and anti-bribery, among others.

The Investment Manager, in consultation with the Investment Advisor, ensures that at least:

- 90% of debt securities and money market instrument with an investment grade credit rating, sovereign debt issued by developed countries, and
- 75% of debt securities and money market instruments with a high yield rating and sovereign debt issued by emerging countries, held in the Funds' portfolio are rated against the sustainability criteria.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: UTI India Dynamic Equity Fund Legal entity identifier: 549300ACH7GWORVJDB13

Environmental and/or social characteristics

| Did this financial product have a sustainable inve | stment objective? |
|---|--|
| Yes | No No |
| It made sustainable investments with an environmental objective:% | It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of 76.99 % of sustainable investments |
| in economic activities that qualify as environmentally sustainable under the EU Taxonomy in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy | with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy with a social objective |
| It made sustainable investments with a social objective:% | It promoted E/S characteristics, but did not make any sustainable investments |

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The environmental and social characteristics promoted by the Fund during the reporting period 1 November 2022 to 31 October 2023 (the "Reporting Period") consisted of:

The environmental characteristics promoted by the Sub-Fund are:

- · carbon neutrality;
- decarbonisation efforts;
- · use of renewable energy;

The social characteristics promoted by the Sub-Fund are:

- Employee health and safety.
- Employee Attrition.
- · Gender Diversity:
- Women participation in workforce.
- · Women directors on board.
- · gender diversity.

The Fund met these environmental and social characteristics, as measured by reference to the sustainability indicators set out below.

How did the sustainability indicators perform?

| Sustainability Indicators | Performance 2023 | Performance 2022 |
|--|------------------|------------------|
| Percentage of investee companies with Net Zero/ Carbon Neutral/ SBTi targets | 40% | 22% |
| Percentage of investee companies with which the Investment Manager attained ESG Engagement | 80% | 75% |
| Percentage of investee companies that disclose energy utilized from renewable sources | 40% | 27% |
| Percentage of investee companies that fell within the Human Rights Exclusions | 0% | 0% |
| Percentage of investee companies which provide disclosures on anti-bribery policy | 60% | 36% |
| Percentage of investee companies which disclose women directors on Board | 100% | 71% |
| Percentage of investee companies which disclose employee attrition | 100% | N/A |
| Percentage of investee companies which disclose women workforce participation rate | 100% | N/A |

APPENDIX 4 - SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?

The objectives of the sustainable investments are the reduction in harm to the environment and climate arising from the emissions of greenhouse gases. The sustainable investments contribute to these objectives, as measured, for example, by key resource efficiency indicators on the use of energy and renewable energy and the production of greenhouse gas emissions.

As of 31st October 13.17% of the portfolio contributed towards sustainable invetsments. The Fund does not have any social sustainable investment objectives.

As of 31st October 13.17%% of the portfolio contributed towards sustainable invetsments. We follow our exclusion list and do not invest in companies in the business of production, exploration, mining & processing of thermal coal and companies that generate captive power using thermal coal. We encouraged our investee companies to adopt best practices in reducing the overall carbon emissions and to commit to short/long term Carbon Neutral/Net Zero Targets. The Fund does not have any social sustainable investment objectives.

How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?

N/A – All sustainable investments need to meet minimum sustainability criteria, as determined by the investment due diligence process carried out by the Investment Manager, completed during the investment process and reviewed on an ongoing basis.

This review includes:

Principal Adverse Impact ("PAI"): The negative impact of investments on sustainability factors is taken into consideration as an integrated part of the Investment Manager's investment process, where applicable and where data is sufficiently available, and ensures that certain minimum standards are reached for each applicable PAI Indicator. PAI and other data was reviewed for the sustainable investments and based on this data, the Investment Manager monitored that the sustainable investments did no significant harm to the environmental sustainable investment objectives.

Exclusion Policy: The Investment Manager implements an exclusion policy which eliminates any company from the Sub-Fund's universe which may cause significant environmental or social harm.

The exclusion policy can be found on the Investment Manager's website and includes:

- · Companies in the business of production, exploration, mining & processing of thermal coal.
- Companies that generate more than 75% of their captive power using thermal coal.
- Companies that derive more than 25% of their revenue from activities related to fossil fuels.
- · Companies that derive more than 20% of their revenue from Alcohol, Tobacco or Gambling.
- · Companies that are engaged in the manufacturing or distribution of controversial weapons, which includes:
 - Cluster bombs and munitions
 - Landmines
 - Chemical and biological weapons
 - Nuclear weapons
 - Depleted uranium
 - White phosphorous
 - Blinding laser weapons
 - Non-detectable fragments
- Companies that have been found guilty of exploiting children for labour.
- Companies that have been found guilty of the following in a persistent and systemic manner without any acceptable corrective actions taken and the issue is considered to be material in the context of the overall operations of the company:
 - Violating human rights
 - Environmental pollution
 - Corruption

How were the indicators for adverse impacts on sustainability factors taken into account?

The Investment Manager uses a variety of financial and non-financial factors during the initial investment process and on-going diligence of its investments. Where reliable data is available, the process seeks to incorporate certain indicators for adverse impacts on sustainability factors from Table 1 of Annex I as part of the ESG dataset reviewed for each investment. Depending on determinations of materiality to the individual investments and availability of reliable data, the Investment Manager may also seek to incorporate one or more indicators from Tables 2 and 3 of Annex I into the ESG data evaluated.

Greenhouse Gas Emissions:. The investment due diligence process reviewed and monitored investee company's GHG emissions such as scope1, scope 2 and scope3 emissions, Carbon footprint, GHG intensity, Exposure to fossil fuels, Share of non-renewable energy, Emissions of inorganic and air pollutants, and investments in companies without carbon emission reduction initiatives.

Biodiversity: The investment due diligence process considers potential impacts on biodiversity-sensitive areas and where appropriate engages with investments and potential investments to understand policies related to protecting biodiversity.

Water: The investment due diligence process considers water usage and recycling and emissions to water.

Waste: The investment due diligence process considers hazardous and radioactive waste production.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

How were the indicators for adverse impacts on sustainability factors taken into account? (continued)

Social and employee matters: The investment due diligence process reviews investments for violations of UN Global Compact and OECD Guidelines, policies related to monitoring compliance with UN Global Compact and OECD Guidelines, and exposure to controversial weapons.

Human Rights: The Investment Manager had reviewed the policies and procedures with respect to human, trafficking, child labour and forced or compulsory labour.

Anti-corruption and anti-bribery: The investment due diligence process considers anti-corruption and anti-bribery policies. Currently not many companies are having this policy but through engagement process we are confident that this number will increase in next reporting period.

Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights?

Yes, sustainable investments are aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights.

The Sub-Fund does not invest in companies that have been found guilty in exploiting children for labour or have been guilty in violating human rights. The Investment Manager encourages the investee companies to follow the 10 principles and become a signatory to UN Global Compact. The Investment Manager expects the investee companies to formally commit to respect human rights and have a human rights due diligence process in place.

As part of the Investment Manager's internal due diligence process, all existing and potential investments are routinely screened through one or more specialised ESG research providers to assess any violations of acceptable business practices including alignment with OECD Guidelines and UN Guiding Principles.

How did this financial product consider principal adverse impacts on sustainability factors?

This Sub-Fund considers PAI on sustainability factors. This is done in a number of ways.

- A minimum proportion of the investments held in this product must be sustainable investments, as determined by the Investment
 Manager. In determining whether an investment is a sustainable investment, the PAI Indicators of the investment are
 considered, and where the adverse impact is considered to be excessive, in the judgement of the Investment Manager, such
 investments are not deemed to be sustainable investments.
- The Investment Manager's decision on whether to make an investment in a company, and the size of that investment, takes into account a wide range of PAI Indicators relating to the social, environmental and governance characteristics of that company, including the adverse impact that the company is having on sustainability.
- The product does not invest in any companies engaged in certain activities which, in the opinion of the Investment Manager, are associated with a particularly adverse impact on sustainability. These include but are not limited to companies involved in the business of production, exploration, mining & processing of thermal coal.
- The Investment Manager engages with companies in which it invests on a range of issues, including engagement with companies which have high adverse impact, with a view to influencing the company to change its activities in a manner which will reduce the adverse impact.

The following PAI indicators were considered during the reporting period:

- GHG emissions (Scope 1, 2, 3 and total).
- Carbon footprint.
- · GHG intensity of investee companies.
- Exposure to companies active in the fossil fuel sector.
- Share of non-renewable energy consumption and production.
- Energy consumption intensity per high impact climate sector.
- Activities negatively affecting biodiversity sensitive areas.
- · Emissions to water.
- · Hazardous waste ratio.
- Violations of UN Global Compact principles and Organisation for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises.
- Lack of processes and compliance mechanisms to monitor compliance with UN Global Compact principles and OECD Guidelines for Multinational Enterprises.
- Unadjusted gender pay gap.
- Board gender diversity.
- · Exposure to controversial weapons (antipersonnel mines, cluster munitions, chemical weapons and biological weapons).

Currently 60-70% of the companies in the portfolio report the data. The data availability will increase from FY 23 onwards as with effect from the financial year 2022-2023, the filing of Business responsibility and sustainability reporting by listed entities (BRSR) shall be mandatory for the top 1000 listed companies (by market capitalization) and shall replace the existing BRR.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

What were the top investments of this financial product?

| Description | GICS Sector | Country | Security Type | Exposure %NAV* |
|---------------------------|------------------------|---------|---------------|-------------------|
| HDFC Bank Ltd | Financials | India | Equity | 6.29% |
| LTI Mindtree Ltd | Information Technology | India | Equity | 6.19% |
| BAJAJ FINANCE LTD | Financials | India | Equity | 5.99% |
| ICICI BANK LTD | Financials | India | Equity | 5.80% |
| Infosys Ltd | Information Technology | India | Equity | 3.81% |
| AVENUE SUPERMARTS LIMITED | Consumer Staples | India | Equity | 3.77% |
| Kotak Mahindra Bank Ltd | Financials | India | Equity | 3.70% |
| Info Edge (India) Ltd | Information Technology | India | Equity | 3.09% |
| Titan Industries Ltd | Consumer Discretionary | India | Equity | 3.04% |
| COFORGE LIMITED | Information Technology | India | Equity | 2.99% |

^{*}The above percentages may not match the schedule of investments percentages because the schedule of investments are calculated using the financial statements NAV as per Note 4 of the financial statements.

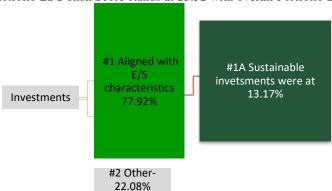

What was the proportion of sustainability-related investments?

The Fund had 13.17% of the portfolio invested in the sustainable related investments as defined by the Investment Manager. The investments were into companies with Sustainalytics ESG score of Low Risk & Medium Risk is considered sustainable investments by the investment manager.

What was the asset allocation?

77.92% of the investments were into companies with Sustainalytics ESG score of Low Risk & Medium Risk. 34.69% of the investments were into companies with Sustainalytics ESG score of Low Risk. 43.23% of the investments were into companies with Sustainalytics ESG score of Medium Risk. For Sustainable Investments, we evaluate our equity universe and screen them through an exhaustive exclusion list of sectors, and do not invest in companies that may have detrimental impact on environment or society. Further, we analyse the portfolio companies that are rated Low Risk & Medium Risk by Sustainalytics on the disclosures and progress on the mandatory Principle Adverse Indicators. We then apply internal thresholds which include indicators such as, weighted average portfolio ESG risk score, weighted average portfolio GHG intensity, board gender diversity, exposure to fossil fuels, involvement in controversial weapons. After applying these thresholds our sustainable investments currently stand at 13.17%. In light of the above we will continue to opt for the following option:

1.30% of the investments are in investee companies for which Sustainalytics does not provide an ESG Risk score. 16.07% of investments are in companies which provide few ESG disclosures and have a Sustainalytics ESG score of High Risk/Severe. Overall Weighted Average Portfolio ESG Risk Score stands at 23.52 with overall Portfolio ESG Risk Rating as Medium Risk.

#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2 Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

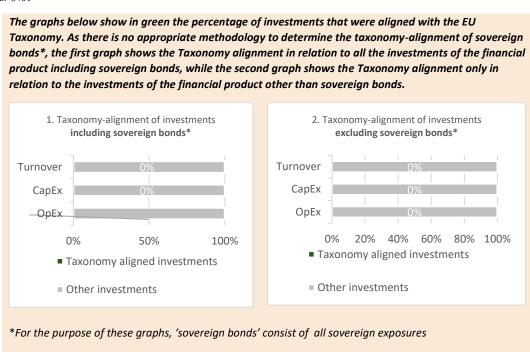

The category #1 Aligned with E/S characteristics covers:

- The sub-category #1A Sustainable covers environmentally and socially sustainable investments.

In which economic sectors were the investments made?

| | Sum of % of Net Assets |
|----------------------------|------------------------|
| Consumer Discretionary | 13.65% |
| Consumer Staples | 7.58% |
| Financials | 24.50% |
| Health Care | 11.53% |
| Industrials | 10.43% |
| Information Technology | 18.95% |
| Materials | 7.81% |
| Telecommunication Services | 1.11% |
| Cash | 4.43% |
| Total | 100% |

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy? The proportion of investments of the product in environmentally sustainable economic activities aligned with the EU Taxonomy was 0%.

What was the share of investments made in transitional and enabling activities? 0%

How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?

N/A – the Fund does not commit to making investents in economic activities that all aligned with the EU Taxonomy criteria.

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy? The entire portion of the sustainable investments was not aligned with EU Taxonomy.

What was the share of socially sustainable investments? N/\boldsymbol{A}

What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?

1.30% of the investments are in investee companies for which Sustainalytics does not provide an ESG Risk score. 16.07% of investments are in companies which provide few ESG disclosures and have a Sustainalytics ESG score of High Risk/Severe. 4.43% investment is in cash and cash equivalents. Through regular meetings and discussions with such companies, the Investment Manager actively seeks increased transparency by encouraging more frequent and robust disclosure and the establishment of tangible ESG goals. The high /sever risk companies were engaged and through this process we expect that this number will continue to decrease in our portfolio.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

What actions have been taken to meet the environmental and/or social characteristics during the reference period? The Investment Manager maintained and updated proprietary qualitative and quantitative ESG tracksheet for the following reasons:

- a) To assess performance on sustainability for companies in the Investment Manager's portfolios and investable universe;
- b) To identify potential ESG issues of companies for further qualitative ESG research and engagement.

The Investment Manager conducted engagement calls with portfolio holding companies on material ESG issues to obtain additional research insights, encourage positive change for the ESG characteristics promoted, and to discuss any material controversies.

In FY23, from January 2023 - October 2023 the Investment Manager engaged with 63 investee companies.

The Investment Manager took an active and responsible approach to proxy voting by using customized ESG proxy voting guidelines for casting votes, when required.

How did this financial product perform compared to the reference benchmark?

N/A - no such reference benchmark has been designated.

- How does the reference benchmark differ from a broad market index? $_{N/\Delta}$
- How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?
- How did this financial product perform compared with the reference benchmark? N/Δ
- \bullet How did this financial product perform compared with the broad market index? N/A

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: UTI India Balance Fund Legal entity identifier: 549300M38BE797F4EN34

Environmental and/or social characteristics

| Did this financial product have a sustainable inve | stment objective? |
|---|--|
| Yes | No No |
| It made sustainable investments with an environmental objective:% | It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of 76.99 % of sustainable investments |
| in economic activities that qualify as environmentally sustainable under the EU Taxonomy in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy | with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy with a social objective |
| It made sustainable investments with a social objective:% | It promoted E/S characteristics, but did not make any sustainable investments |

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The environmental and social characteristics promoted by the Fund during the reporting period 1 November 2022 to 31 October 2023 (the "Reporting Period") consisted of:

The environmental characteristics promoted by the Sub-Fund are:

- · carbon neutrality;
- decarbonisation efforts;
- · use of renewable energy;

The social characteristics promoted by the Sub-Fund are:

- employee health and safety;
- gender diversity.
- Women participation in workforce.
- Women directors on board.

The Fund met these environmental and social characteristics, as measured by reference to the sustainability indicators set out below.

How did the sustainability indicators perform?

57.33% of the investments were into companies with Sustainalytics ESG score of Low Risk & Medium Risk. 20.85% of the investments were into companies with Sustainalytics ESG score of Low Risk. 36.48% of the investments were into companies with Sustainalytics ESG score of Medium Risk. 23.83% of investments are in companies which provide few ESG disclosures and have a Sustainalytics ESG score of High Risk/Severe Risk. 0.64% of the investments are in investee companies for which Sustainalytics does not provide an ESG Risk score. 18.2% of the investments are in securities issued by the Government of India. Sustainalytics use different models for rating countries compared to corporates. The most reliable metric for assessing the E/S characteristics of a country, that is most consistent with the Risk score for corporations, is the ESG Factor score. The ESG factor score for India, per Sustainalytics, is 44.56 (grade C)". Based on the country factor score and rating, we consider these investments to meet environmental or social characteristics promoted by the Fund.

Investee companies only include the companies invested under corporate bonds and for which we have Sustainalytics ESG score

| Sustainability Indicators | Performance 2023 | Performance 2022 |
|--|------------------|------------------|
| Percentage of investee companies with Net Zero/ Carbon Neutral/ SBTi targets | 45% | 25% |
| Percentage of investee companies with which the Investment Manager attained ESG Engagement | 80% | 75% |
| Percentage of investee companies that disclose energy utilized from renewable sources | 45% | 50% |
| Percentage of investee companies that fell within the Human Rights Exclusions | 0% | 0% |
| Percentage of investee companies which provide disclosures on anti-bribery policy | 65% | 50% |
| Percentage of investee companies which disclose women directors on Board | 100% | 75% |
| Percentage of investee companies which disclose employee attrition | 100% | N/A |
| Percentage of investee companies which disclose women workforce participation rate | 100% | N/A |

APPENDIX 4 - SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?

N/A – the Fund does not commit to making sustainable investments.

How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?

N/A - the Fund does not commit to making sustainable investments.

How were the indicators for adverse impacts on sustainability factors taken into account?

N/A – the Fund does not commit to making sustainable investments.

Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights?

N/A – the Fund does not commit to making sustainable investments.

How did this financial product consider principal adverse impacts on sustainability factors?

This Sub-Fund considers PAI on sustainability factors. This is done in a number of ways.

- The Investment Manager's decision on whether to make an investment in a company, and the size of that investment, takes into account a wide range of PAI Indicators relating to the social, environmental and governance characteristics of that company, including the adverse impact that the company is having on sustainability.
- The product does not invest in any companies engaged in certain activities which, in the opinion of the Investment Manager, are associated with a particularly adverse impact on sustainability. These include but are not limited to companies involved in the in the business of production, exploration, mining & processing of thermal coal.
- The Investment Manager engages with companies in which it invests on a range of issues, including engagement with companies which have high adverse impact, with a view to influencing the company to change its activities in a manner which will reduce the adverse impact.

The following PAI indicators were considered during the reporting period:

- GHG emissions (Scope 1, 2, 3 and total).
- Carbon footprint.
- GHG intensity of investee companies.
- Exposure to companies active in the fossil fuel sector.
- Share of non-renewable energy consumption and production.
- Energy consumption intensity per high impact climate sector.
- Activities negatively affecting biodiversity sensitive areas.
- · Emissions to water.
- · Hazardous waste ratio.
- Violations of UN Global Compact principles and Organisation for Economic Cooperation and Development (OECD) Guidelines for Multinational Enterprises.
- Lack of processes and compliance mechanisms to monitor compliance with UN Global Compact principles and OECD Guidelines for Multinational Enterprises.
- · Unadjusted gender pay gap.
- Board gender diversity.
- Exposure to controversial weapons (antipersonnel mines, cluster munitions, chemical weapons and biological weapons).

The data availability has increased in FY24 as compared to FY23 onwards. With mandatory filing of Business responsibility and sustainability reporting by listed entities (BRSR) for the top 1000 listed companies (by market capitalization) we expect to have 75%-95% of portfolio companies to report incremental data.

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

Periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: UTI India Innovation Fund Legal entity identifier: 635400XB8AVFJQCTAF93

Environmental and/or social characteristics

| Did this financial product have a sustainable inves | stment objective? |
|---|---|
| Yes | No No |
| It made sustainable investments with an environmental objective:% | It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of 76.99 % of sustainable investments |
| in economic activities that qualify as environmentally sustainable under the EU Taxonomy in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy | with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy |
| It made sustainable investments with a social objective:% | with a social objective It promoted E/S characteristics, but did not make any sustainable investments |

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The environmental and social characteristics promoted by the Fund during the reporting period 1 November 2022 to 31 October 2023 (the "Reporting Period") consisted of:

The environmental characteristics promoted by the Sub-Fund are:

- carbon neutrality;
- decarbonisation efforts;
- · use of renewable energy;

The social characteristics promoted by the Sub-Fund are:

- employee health and safety;
- gender diversity.
- Women participation in workforce.
- Women directors on board.

The Fund met these environmental and social characteristics, as measured by reference to the sustainability indicators set out below.

How did the sustainability indicators perform?

| Sustainability Indicators | Performance 2023 | Performance 2022 |
|--|------------------|------------------|
| Percentage of investee companies with Net Zero/ Carbon Neutral/ SBTi targets | 30% | 11% |
| Percentage of investee companies with which the Investment Manager attained ESG Engagement | 22% | 15% |
| Percentage of investee companies that disclose energy utilized from renewable sources | 40% | 4% |
| Percentage of investee companies that fell within the Human Rights Exclusions | 0% | 0% |
| Percentage of investee companies which provide disclosures on anti-bribery policy | 70% | 13% |
| Percentage of investee companies which disclose women directors on Board | 100% | N/A |
| Percentage of investee companies which disclose employee attrition | 100% | N/A |
| Percentage of investee companies which disclose women workforce participation rate | 100% | 24% |

We follow our exclusion list and do not invest in companies in the business of production, exploration, mining & processing of thermal coal and thermal coal power generating companies.

Currently 70-80% of the companies in the portfolio report the data. The data availability has increased in FY24 as compared to FY23 onwards. With mandatory filing of Business responsibility and sustainability reporting by listed entities (BRSR) for the top 1000 listed companies (by market capitalization) we expect to have 95%-100% of portfolio companies to report incremental data.

APPENDIX 4 - SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?

The Fund does not commit to making sustainable investments.

How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?

N/A -The Fund does not commit to making sustainable investments.

How were the indicators for adverse impacts on sustainability factors taken into account? (continued)

N/A: The Fund does not commit to making sustainable investments.

Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights?

the Fund does not commit to making sustainable investments.

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

This Sub-Fund considers PAI on sustainability factors. This is done in a number of ways.

- The Investment Manager's decision on whether to make an investment in a company, and the size of that investment, takes into account a wide range of PAI Indicators relating to the social, environmental and governance characteristics of that company, including the adverse impact that the company is having on sustainability.
- The product does not invest in any companies engaged in certain activities which, in the opinion of the Investment Manager, are associated with a particularly adverse impact on sustainability. These include but are not limited to companies involved in the business of production, exploration, mining & processing of thermal coal.
- The Investment Manager engages with companies in which it invests on a range of issues, including engagement with
 companies which have high adverse impact scores, with a view to influencing the company to change its activities in a manner
 which will reduce its adverse impact.

The following PAI indicators were considered during the reporting period:

- GHG emissions (Scope 1, 2, 3 and total).
- Carbon footprint.
- GHG intensity of investee companies.
- Exposure to companies active in the fossil fuel sector.
- Share of non-renewable energy consumption and production.
- Energy consumption intensity per high impact climate sector.
- · Activities negatively affecting biodiversity sensitive areas.
- Emissions to water.
- · Hazardous waste ratio.
- Violations of UN Global Compact principles and Organisation for Economic Cooperation and Development (OECD)
 Guidelines for Multinational Enterprises.
- Lack of processes and compliance mechanisms to monitor compliance with UN Global Compact principles and OECD Guidelines for Multinational Enterprises.
- Unadjusted gender pay gap.
- · Board gender diversity.
- Exposure to controversial weapons (antipersonnel mines, cluster munitions, chemical weapons and biological weapons).

Currently 50%-60% of the companies in the portfolio report the data. The data availability will increase from FY 23 onwards as with effect from the financial year 2022-2023, the filing of Business responsibility and sustainability reporting by listed entities (BRSR) shall be mandatory for the top 1000 listed companies (by market capitalization) and shall replace the existing BRR.

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

What were the top investments of this financial product?

| Security Description | Sector | Country | Exposure % NAV* |
|---|------------------------|---------|-----------------|
| Zomato | Information Technology | India | 7.75% |
| PB FINTECH LIMITED | Financials | India | 6.96% |
| Info Edge India | Information Technology | India | 6.75% |
| IndiaMart InterMesh | Information Technology | India | 5.65% |
| RATEGAIN TRAVEL TECHNOLOGIES LIMITED | Information Technology | India | 4.81% |
| FSN E-Commerce Ventures | Consumer Staples | India | 4.70% |
| MTAR Technologies | Information Technology | India | 4.58% |
| Nazara Technologies | Information Technology | India | 4.48% |
| KPIT TECHNOLOGIES LIMITED | Information Technology | India | 4.48% |
| PRAJ INDUSTRIES LIMITED | Information Technology | India | 4.48% |

^{*}The above percentages may not match the schedule of investments percentages because the schedule of investments are calculated using the financial statements NAV as per Note 4 of the financial statements

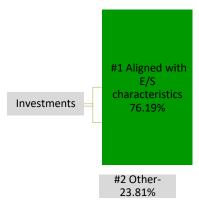

What was the proportion of sustainability-related investments?

The Fund does not commit to making sustainable investments.

What was the asset allocation?

76.19% of the investments were into companies with Sustainalytics ESG score of Low Risk & Medium Risk. 23.23% of the investments were into companies with Sustainalytics ESG score of Low Risk. 52.96% of the investments were into companies with Sustainalytics ESG score of Medium Risk.

4.81% of the investments are in investee companies for which Sustainalytics does not provide an ESG Risk score. 12.95% of investments are in companies which provide few ESG disclosures and have a Sustainalytics ESG score of High Risk/Severe. Overall Weighted Average Portfolio ESG Risk Score stands at 23.87 with overall Portfolio ESG Risk Rating as Medium Risk.

#1 Aligned with E/S characteristics includes the investments of the financial product used to attain the environmental or social characteristics promoted by the financial product.

#2 Other includes the remaining investments of the financial product which are neither aligned with the environmental or social characteristics, nor are qualified as sustainable investments.

The category #1 Aligned with E/S characteristics covers:

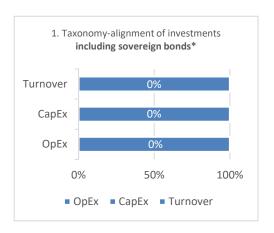

- The sub-category #1A Sustainable covers environmentally and socially sustainable investments.

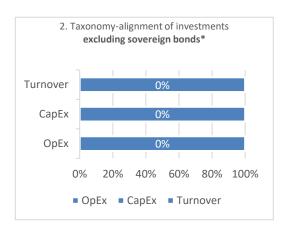

In which economic sectors were the investments made?

| | Sum of % of Net Assets |
|---------------------------|------------------------|
| Consumer Discretionary | 8.77% |
| Consumer Staples | 4.70% |
| Financials | 10.94% |
| Health Care | 4.05% |
| Information Technology | 53.63% |
| Materials | 11.87% |
| Cash and cash equivalents | 6.05% |
| Total | 100.00% |

APPENDIX 4 – SUSTAINABLE FINANCE DISCLOSURE REGULATIONS (SFDR) (UNAUDITED) (CONTINUED)

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy? The proportion of investments of the product in environmentally sustainable economic activities aligned with the EU Taxonomy was 0%.

What was the share of investments made in transitional and enabling activities? 0%

How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?

N/A - the Fund does not commit to making investments in economic activities that all aligned with the EU Taxonomy criteria.

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy? The entire portion of the sustainable investments was not aligned with EU Taxonomy.

What was the share of socially sustainable investments?

What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?

4.81% of the investments are in investee companies for which Sustainalytics does not provide an ESG Risk score. 12.95% of investments are in companies which provide few ESG disclosures and have a Sustainalytics ESG score of High Risk/Severe. 6.05% is cash and cash equivalents. Through regular meetings and discussions with such companies, the Investment Manager actively seeks increased transparency by encouraging more frequent and robust disclosure and the establishment of tangible ESG goals. The high /sever risk companies were engaged and through this process we expect that this number will continue to decrease in our portfolio.

What actions have been taken to meet the environmental and/or social characteristics during the reference period? The Investment Manager maintained and updated proprietary qualitative and quantitative ESG tracksheet for the following reasons:

- a) To assess performance on sustainability for companies in the Investment Manager's portfolios and investable universe;
- b) To identify potential ESG issues of companies for further qualitative ESG research and engagement.

The Investment Manager conducted engagement calls with portfolio holding companies on material ESG issues to obtain additional research insights, encourage positive change for the ESG characteristics promoted, and to discuss any material controversies.

In FY 2022-23, the Investment Manager engaged with 63 investee companies.

The Investment Manager took an active and responsible approach to proxy voting by using customized ESG proxy voting guidelines for casting votes, when required.

How did this financial product perform compared to the reference benchmark?

N/A – no such reference benchmark has been designated.

- How does the reference benchmark differ from a broad market index?
 N/A
- How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?
- \bullet How did this financial product perform compared with the reference benchmark? N/A
- How did this financial product perform compared with the broad market index?
 N/A
