4, rue Peternelchen
L-2370 Howald, Luxembourg

General Information

SEB Fund 1 (the "Fund") is an open-ended common fund ("FCP" - "Fonds Commun de Placement") governed by Part I of the Luxembourg Law on Undertakings for Collective Investment of 17 December 2010, as amended, (the "Law"). The Fund qualifies as an Undertaking for Collective Investment in Transferable Securities (UCITS). The Fund was set up on 3 December 1987 for an undetermined duration. The Management Regulations lastly modified with effect from 20 September 2017, have been published in the *Recueil Electronique des Sociétés et Associations (RESA)* on 31 October 2017. The Fund is registered in Luxembourg with the Luxembourg Register of Commerce under the number K 49. The Management Company was established on 19 May 1978 in the form of a Swedish limited liability company (AB). The Management Company is authorised by Finansinspektionen for the management of UCITS and for the discretionary management of financial instruments and investment portfolios under the Swedish UCITS Act (SFS 2004:46). The Management Company is also authorised as an alternative investment fund manager to manage alternative investment funds under the Swedish AIFM Act (SFS 2013:561).

The Management Company has delegated parts of the Central Administration as further detailed hereafter, including the administrative, registrar and transfer agent functions - under its continued responsibility and control - at its own expenses to The Bank of New York Mellon SA/NV, Luxembourg Branch, 2-4, rue Eugène Ruppert, L-2453 Luxembourg. This branch was created in Luxembourg as a "succursale d'une société de droit étranger" on 15 December 1998 and is an indirect wholly-owned subsidiary of The Bank of New York Mellon Corporation. It is registered with the Luxembourg Trade and Companies' Register under Corporate Identity Number B 105087 (the "Administrative Agent" and "Registrar and Transfer Agent").

In the capacity of Administrative Agent, it carries out certain administrative duties related to the administration of the Fund, including the calculation of the NAV of the Units and the provision of account services for the Fund.

In its capacity as Registrar and Transfer Agent, it will process all subscriptions, redemptions and transfers of units, and will register these transactions in the Investors' register of the Fund.

The main objective of each Sub-Fund will be to invest directly and/or indirectly in transferable securities and other Eligible Assets, with the purpose of spreading investment risks and achieving long-term capital growth. The investment objectives of the Sub-Funds will be carried out in compliance with the investment restrictions set forth in the latest prospectus.

At present, seven Sub-Funds of SEB Fund 1 are at the Investors' disposal:

Sub-Fund name:	Base currency:
SEB Asset Selection Fund	EUR
SEB Europe Equity Fund	EUR
SEB Europe Exposure Fund	EUR
SEB Global Climate Opportunity Fund	EUR
SEB Global Fund	USD
SEB Nordic Future Opportunity Fund	EUR
SEB US Focus Core Fund	USD

Luxembourg-domiciled SEB Fund 1 – SEB Norway Focus Fund merged with Sweden-domiciled SEB Nordenfond on 12 June 2023. See Note 7 for further details.

The base currency of the Fund is USD.

Unless otherwise laid down in part II of the Prospectus, "The Sub-Funds", the Management Company may decide to issue, for each Sub-Fund, capitalisation Units ("C" Units) and distribution Units ("D" Units).

The "C" Units will reinvest their income, if any. The "D" Units may pay a dividend to its Investors, upon decision of the Management Company. Dividends are paid annually, except for those Sub-Funds where the Management Company would decide on a monthly, quarterly or semi-annual dividend payment.

The Management Company may issue Unit Classes whose Reference Currency is not the Base Currency of the respective Sub-Fund. With regard to such Unit Classes, the Management Company has the ambition to hedge the currency exposure from the Base Currency into the currency exposure of the Reference Currency. Considering the practical challenges of doing so, the Management Company does not guarantee how successful such currency hedging of Unit Classes will be. For Unit Classes where the Management Company has an ambition to currency-hedge the Unit Class, an "H-" will precede the currency denomination of the Unit Class. For example "(H-SEK)" means that there is an ambition by the Management Company to hedge the currency exposure from a Base Currency into a SEK-exposure for the Unit Class. The ambition of such hedging activity is to limit the performance impact related to fluctuations in the exchange rate between the Base Currency and the Reference Currency of the Unit Class. The profit and loss effects related to currency hedging of a particular Unit Class, will be allocated to the relevant Unit Class.

The unit classes offered for the Sub-Funds are disclosed in note 2 of this Semi-Annual Report.

The last known issue and redemption prices may be downloaded from the Website of the Branch and/or requested at any time at the registered offices of the Management Company and of the Depository, at the address of its Branch as well as from the paying agents.

In addition, the Net Asset Value, fact sheets and other informational material is published on the SEB Luxembourg website www.sebgroup.lu ("website"). When registered in other countries, the publication media might differ according to the regulatory requirements. Information about ongoing charges can be found in the Key Information Document ("KID").

The audited annual and unaudited semi-annual reports of the Fund may be obtained, free of charge, at the registered office of the Management Company, at the address of its Branch and on the website. These reports as well as copies of the Prospectus, the Management Regulations and the KID are available, free of charge, at the registered office of the Management Company, at the address of the Branch and on the website.

Management Report

Dear Investors,

With this report, we want to give you an overview of the general economic environment and the development of the most important capital markets of our Fund SEB Fund 1.

January 2023 – June 2023: AI Revolution, Disinflation Trends and Resilient Economies

The disinflationary trend continued in the first half of the year as energy prices fell due to improvements in supply and demand, while wage costs moderated. Goods inflation declined amid fading supply chain disruptions and weakening demand for goods. Services inflation in Europe and the US remained elevated due to post-COVID demand and strong labour markets, while price pressures in Asia were more moderate. Global growth came in below trend, but above consensus, while first-quarter corporate profits surpassed estimates, leading to upward revisions in growth and earnings forecasts. In the US, hard macro data came in stronger than expected, defying fears that high inflation and interest rates would cause a recession. Concerns for the global banking sector, which arose in March with the US regional banking crisis, eased after quick liquidity support from the US Federal Reserve (the Fed) and stabilisation of bank deposit outflows. The US also avoided defaulting on its debt by raising its debt ceiling in a last-minute deal. The Eurozone entered a technical recession in the first quarter as growth was revised down due to lower household spending and public expenditures. China's recovery disappointed as manufacturing activity slowed, its housing market slumped, and its labour market remained weak, increasing expectations for more stimulus ahead. Global financial conditions eased but remained elevated as central banks continued to tighten policy to curb inflation. Central banks maintained a hawkish stance and signalled further rate hikes to restore their credibility. The Fed held rates steady in June but lifted its rate projection due to persistently high inflation and a resilient economy.

Global stocks, especially US equities, saw a significant rise, with the S&P 500 entering bull market territory. This rally was largely driven by a re-rating of mega-cap tech companies, boosted by optimism around artificial intelligence (AI), but gradually extended to other sectors as well. Despite many investors entering the year with bearish expectations, anticipating a US recession and a sharp decline in corporate profits, the stock market remained resilient. Concerns about the global banking sector, following the collapse of US regional banks, led to a temporary decline in risk sentiment and a move towards safe-haven assets. However, as liquidity issues appeared to be confined, contagion fears subsided, and risk appetite rebounded. Market volatility and credit spreads, which had increased during the financial turmoil, decreased as banking worries faded. Despite the risk of a looming US debt default, equity and credit markets remained relatively stable. Hawkish central bank rhetoric led to an upward shift in market expectations for future interest rates, leading to higher short-term bond yields and an inverted yield curve.

Optimism for AI boosted returns for chip producers and tech companies this year. Valuations of firms like Nvidia, companies seen as key beneficiaries of the technology, skyrocketed. As AI is projected to revolutionise work practices and increase labour productivity across industries, SEB Investment Management AB (SEB IM AB) decided to launch the SEB Artificial Intelligence Fund – a thematic fund focusing on companies that enable the use or development of AI – to capitalise on its growth potential and meet the increasing demand for AI investments. SEB IM AB published its annual sustainability report detailing their progress in working with sustainability and corporate governance issues, and how SEB IM AB, as active owners, continue to engage and influence companies in which they invest.

In the second half of 2023, market focus will likely shift to growth as investors have become less worried about inflation, which has fallen in line with 2023's market forecast. Investors will also focus on when central banks, particularly the Fed, which is nearing its peak rate, will conclude their hiking cycles and start cutting interest rates. Despite a strong US economy, there are signs of a weaker macroeconomic backdrop due to past rate hikes and tightening credit conditions. The question is whether the Fed can avoid a recession with continued rate hikes. The effectiveness of China's measures to boost its recovery and global growth is also a key concern. While we anticipate a slowdown in growth, a severe contraction seems less likely this year due to resilient economic data. We expect inflation to continue falling, which should put downward pressure on bond yields and, in our view, lead to a shift in monetary policy. Lower yields, a robust economy, and stable corporate earnings should support risk assets like equities and credit. Given investors' historically low exposure to stocks, we see the potential for stable equity returns over the next three to six months.

On behalf of SEB Investment Management AB and our board of directors, we thank you again for your continued commitment. And as always, we are here to assist you should you have any concerns.

Luxembourg, 11 July 2023

The accompanying notes are an integral part of these financial statements.

Notes to the Financial Statements

As at 30 June 2023

Note 1. Significant Accounting Policies

The financial statements have been prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investment.

The Financial Statements have been prepared based on the last official Net Asset Value of the period which has been calculated on 30 June 2023 with the prices as of that date.

Investments	Last available price	Administrative Agent	Last available settlement prices	A price no lower than the bid price and no higher than the ask price	Latest available forward exchange rates
Listed Transferable securities and money markets instruments	X				
Unlisted Transferable securities and money markets instruments				X	
Transferable securities and money market instruments quoted or traded on several markets	X				
Derivatives instruments			X		
Forward foreign exchange contracts					X
Financial Futures Contracts*	X				

* Financial Futures Contracts, which are not matured, are valued at valuation date at market rates prevailing at this date.

In the event that such prices are not in line with market conditions, or for securities and money market instruments other than those covered above for which there are no fixed prices, these securities and money market instruments, as well as other assets, will be valued at the current market value as determined in good faith by the Management Company, following generally accepted valuation principles.

Derivatives instruments not traded on regulated markets or on stock exchanges are valued at their net liquidating value determined, pursuant to the policies established in good faith by the Management Company, on a basis consistently applied for each different variety of contracts, in accordance with generally recognised principles, taking into consideration the generally accepted accounting practices, the customary practices in line with the market and the interests of the Investors.

In the case that extraordinary circumstances occur which make it impossible or even wrong to make a valuation in accordance with the above-mentioned criteria, the Management Company is entitled to temporarily apply other generally accepted valuation procedures, which are determined by it in good faith, in order to make an appropriate valuation of the Fund's Assets.

Gains and losses on the sale of securities are determined using the average cost method.

Swing pricing:

When substantial sums flow in or out of a Sub-Fund, the Investment Manager has to make adjustments, such as trading on the market, in order to maintain the desired asset allocation for the Sub-Fund. Trading can incur costs that affect the Unit price of the Sub-Fund and the value of existing Investors' investments. Swing pricing is designed to protect Investors' investments in this kind of situation.

The Unit price of the Sub-Fund may thus be adjusted upwards in case of large inflows and downwards in case of large outflows on a certain Business Day. The thresholds that trigger swing pricing as well as the size of the adjustments ("swing factor") are set by the board of directors of the Management Company or by a swing price committee appointed by the board of directors of the Management Company.

The Board of Directors of the Management Company or swing price committee may also decide a maximum swing factor to apply to a specific Sub-Fund. The list of Sub-Funds that currently apply swing pricing, including the size of a maximum swing factor, is available on SEB Investment Management's website. Investors may also request this information, free of charge.

Umbrella	Sub-Funds	Maximum applied adjustment
SEB Fund 1	SEB Europe Equity Fund	0.99% of the NAV
SEB Fund 1	SEB Europe Exposure Fund	0.99% of the NAV
SEB Fund 1	SEB Global Climate Opportunity Fund	0.99% of the NAV
SEB Fund 1	SEB Global Fund	0.99% of the NAV
SEB Fund 1	SEB Nordic Future Opportunity Fund	0.99% of the NAV
SEB Fund 1	SEB US Focus Core Fund	0.99% of the NAV

No swing pricing adjustment has been applied to the period end Net Asset Value per unit calculated on 30 June 2023.

Currency translation:

Separate accounts are maintained for the Sub-Fund in the currency in which the Net Asset Value per unit to which it relates is expressed (the "accounting currency").

Transactions denominated in a currency other than the accounting currency are recorded on the basis of exchange rates prevailing on the date they occur or accrue to the Sub-Fund.

Assets and liabilities, expressed in a currency other than the accounting currency, are translated on the basis of exchange rates ruling at the balance sheet date.

The combined total is translated into USD at the period end date exchange rate.

The Sub-Funds are priced at either intraday or close of business. The exchange rates are presented in line with when these Sub-Funds are priced.

As at 30 June 2023, the intraday exchange rates for SEB Asset Selection Fund, SEB Global Climate Opportunity Fund, SEB Global Fund and SEB US Focus Core Fund and the combined figures were:

1 AED =	0.272250916	USD	1 KRW =	0.000758927	USD
1 AUD =	0.665244030	USD	1 MXN =	0.058564280	USD

1 EUR =	1.091006607	USD	1 TRY =	0.038358260	USD
1 GBP =	1.271350000	USD			

Income:

Interest income and bank interest income are recognised on an accrual basis. Dividends are recorded on the ex-dividend date. This income is shown net of any withholding taxes and adjusted accordingly when tax reclaims apply.

Note 2. Management Fees

The unit classes currently offered for the Sub-Funds of SEB Fund 1 are listed below. In payment of its services, the Management Company receives a management fee at an annual rate as follows:

SEB Fund 1 Sub-Fund name:	ISIN	Unit Class	Effective rate %
SEB Asset Selection Fund	LU0256624742	C (EUR)	1.10
SEB Asset Selection Fund	LU0414062751	C (H-CHF)	1.10

A twelfth of this rate is being payable at the end of each month and based on the average Net Assets of each Sub-Fund calculated daily during the relevant month.

The Management Company pays accounting, administration and depositary fees on behalf of the Fund.

Note 3. Performance Fees

In addition to the management fees, the Management Company is entitled to a performance fee on all the unit classes of the Sub-Funds SEB Fund 1 - SEB Asset Selection Fund and SEB Fund 1 - SEB Nordic Future Opportunity Fund. The performance fee is calculated, accrued and crystallised on a daily basis and paid out of the assets of the applicable unit class of the Sub-Fund at the end of each month. The calculation of the performance fees takes place on the basis of the units of the respective unit class in circulation at the respective Valuation Day.

The performance fees per unit of the applicable unit class of SEB Fund 1 - SEB Asset Selection Fund equals 20% of the appreciation of the Net Asset Value per unit of the applicable unit class of the Sub-Fund over the benchmark, pre performance fees, but post the management fees and other types of fees, above the current Hurdle Value of the applicable unit class of the Sub-Fund for all classes except unit class SIC (H-USD) with a rate of 15%. The Sub-Fund uses the principle of High Water Mark and the Risk Free Rate as a hurdle. The 3 Month Treasury Bill return index is used as the Risk Free Rate.

The performance fees per unit of the applicable unit class of SEB Fund 1 - SEB Nordic Future Opportunity Fund equals 15% of the appreciation of the Net Asset Value per unit of the applicable unit class of the Sub-Fund over the benchmark, pre performance fees, but post the management fees and other types of fees, above the current Hurdle Value of the applicable unit class of the Sub-Fund for all classes. The Sub-Fund uses the principle of the Benchmark model. The VINX Benchmark Cap Net Return Index is used as the Benchmark.

There were no performance fees accrued during the period and no performance fees were outstanding as at 30 June 2023.

Note 4. Taxation

The Fund is liable in Luxembourg to a subscription tax ("taxe d'abonnement") of 0.05% or 0.01% (as applicable) per annum of its NAV, such tax being payable quarterly on the basis of the value of the aggregate Net Assets of the Sub-Funds at the end of the relevant calendar quarter. Investments by a Sub-Fund in shares or units of another Luxembourg undertaking for collective investment which are also subject to the tax d'abonnement are excluded from the NAV of the Sub-Fund serving as basis for the calculation of this tax to be paid by the Sub-Fund.

No stamp duty or other tax is payable in Luxembourg on the issue of units.

Interest, dividend and other income realised by a Sub-Fund on the sale of securities of non-Luxembourg issuers, may be subject to withholding and other taxes levied by the jurisdictions in which the income is sourced.

Note 5. Transaction Fees

Transaction fees incurred by the Sub-Funds relating to the purchase or sale of transferable securities, money market instruments, derivatives or other eligible assets are mainly composed of depositary fees and broker fees. Most of the transaction fees are included in the transaction price used to calculate the realised and unrealised gain/(loss) on securities.

In line with bond market practice, a bid-offer spread is applied when buying or selling securities and other financial instruments. Consequently, in any given transaction, there will be a difference between the purchase and sale prices quoted by the broker, which represents the broker's remuneration. This type of transaction cost is difficult to obtain separately and is therefore included in the acquisition cost of securities or deducted from selling prices of bonds.

As at 30 June 2023, the transaction fees of SEB Fund 1 were as follows:

SEB Asset Selection Fund	424,476.47	EUR
SEB Europe Equity Fund	653,586.00	EUR
SEB Europe Exposure Fund	222,365.58	EUR
SEB Global Climate Opportunity Fund	119,529.85	EUR
SEB Global Fund	696,196.91	USD
SEB Nordic Future Opportunity Fund	45,657.91	EUR
SEB Norway Focus Fund*	15,763.82	NOK
SEB US Focus Core Fund	24,746.68	USD

*Luxembourg-domiciled SEB Fund 1 – SEB Norway Focus Fund merged with Sweden-domiciled SEB Nordenfond on 12 June 2023. See Note 7 for further details.

Note 6. Collateral

As at 30 June 2023, the following securities were held with broker Skandinaviska Enskilda Banken AB (publ) as collateral on derivative positions:

Sub-Fund	Security Description	Nominal
SEB Fund 1 - SEB Asset Selection Fund	0.00 % German Treasury Bill (Zero Coupon)	EUR 44,000,000

Note 7. Merger of the Sub-Fund

On 12 June 2023 (Date of merger) Luxembourg domiciled SEB Fund 1 – SEB Norway Focus Fund (“Merging Sub-Fund”) was merged into Sweden-domiciled SEB Nordenfond (“Receiving Fund”).

This merger was completed in accordance with article 1, (20) a) as well as Chapter 8 of the Law.

The costs triggered by the merger including the costs of the dissolution of the Merging Sub-Fund were borne by the Management Company.

The merger took place by way of absorption meaning that the merging Sub-Fund transferred all its respective assets and liabilities to the receiving Fund. The accrued income of the merging Sub-Fund was transferred and accounted as an accrued income in the corresponding unit class of the receiving Fund. Any income accrued in the receiving Fund prior to the merger was not affected.

The merger report prepared by Ernst & Young S.A., includes the following items for which no objection was reported:

- (i) the criteria adopted for valuation of the assets and/or liabilities for the purposes of calculating the exchange ratios;
- (ii) the calculation method for determining the exchange ratios; and
- (iii) the final exchange ratios.

In accordance with article 71 (3) of the Law, the merger report is available on request and free of charge to the investors of the Sub-Fund and to the “Commission de Surveillance du Secteur Financier” at the registered office of the Management Company.

The final exchange ratios used were as follows:

Name of merging Sub-Fund	Name of receiving Fund	Exchange ratio*
SEB Fund 1 – SEB Norway Focus Fund - Class C (SEK)	SEB Nordenfond - Class A (SEK)	3.1960625
SEB Fund 1 – SEB Norway Focus Fund - Class C (NOK)	SEB Nordenfond - Class C	1.00
SEB Fund 1 – SEB Norway Focus Fund - Class HNWC (NOK)	SEB Nordenfond - Class D	1.00
SEB Fund 1 – SEB Norway Focus Fund - Class IC (NOK)	SEB Nordenfond - Class E	1.00

*Number of units of the receiving Fund issued for one unit of the merging Sub-Fund.

Upon the effective date of the merger, the merging Sub-Fund ceased to exist.

Note 8. Significant Events during the period

A new prospectus was issued in January 2023.

There were no other significant events during the period.

Note 9. Subsequent Events after the period end

There were no subsequent events after the period end.
