Lemanik Asset Management S.A. is authorised in Luxembourg and regulated by the CSSF.

This Key Information Document is accurate as at 19th July 2024.

What is this product?

TYPE OF PRODUCT

The product is a sub-fund of Lemanik SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Fund is established for an unlimited duration. However the Board of Directors may decide to close this product under certain circumstances.

OBJECTIVES

The investment objective of the Sub-Fund is to achieve income and capital appreciation from debt securities issued by companies from the financial sector. Among the debt securities, the Sub-Fund may invest maximum 50% of its net assets in contingent convertible bonds issued by banking institutions located in OECD countries. The Sub-Fund invests in contingent convertible bonds rated at least CCC- by Bloomberg composite or equivalent at time the investment is made, however the Sub-Fund is allowed to invest in contingent convertible bonds not rated up to 5%.

The Sub-Fund is actively managed without reference to any benchmark.

The Sub-Fund mainly invests its assets in bonds with a focus on subordinated debt (a security which involves high risk in raising capital to the company) issued by financial institutions like banks or insurance companies.

The Sub-Fund may invest in Financial Derivatives Instruments (instruments whose prices are dependent on one or more underlying assets 'FDIs'). The Investment Manager is free to manage the exposure to relevant exchange rates and may decide to hedge (an investment position intended to offset potential losses) or not to hedge exchange risks. The Sub-Fund may also invest in a wide range of securities. To achieve its investment goals, for treasury purposes and/or in case of unfavourable market conditions, the Sub-Fund may invest in money market instruments and deposits on an ancillary basis.

The Sub-Fund is actively managed without any reference to a benchmark. The Investment Manager has discretion over the composition of its portfolio subject to this objective and investment policy.

The Investment Manager may use a hedging strategy that aims to ensure returns for investors are consistent with the Sub-Fund's investment objective.

The Sub-Fund may use FDIs in order to reduce the possibility of financial losses or to achieve higher gains.

The Sub-Fund may also use CDS, either to buy credit protection without holding the underlying assets or selling credit protection in order to acquire specific credit exposures.

For the purpose of sound and efficient portfolio management, as well as for hedging purpose, the Sub-Fund may use financial derivative instruments (including exchange-traded futures and options, FX Forwards) within the limits set forth under the Prospectus.

Sale of shares in the Sub-Fund can be made on any business day.

Please refer to the Prospectus for more information about the Sustainable Finance Disclosure Regulation ("SFDR") classification of the Sub-Fund.

Shareholders are entitled to a dividend depending on the decision to distribute such income at the annual general meeting of shareholders.

INTENDED RETAIL INVESTORS

The product is suitable for retail investors with average knowledge of the underlying financial instruments and some financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital, for receiving regular income and who wish to hold their investment over 3 years.

OTHER INFORMATION

The Depositary is Caceis Bank, Luxembourg Branch.

Further information about the Fund (including the current Prospectus and most recent annual report) is available in English, and information about the Sub-Fund and other share classes (including the latest prices of shares and translated versions of this document), are available free of charge on www.lemanikgroup.com or by making a written request to Lemanik Asset Management S.A., 106, route d'Arlon, L-8210 Mamer, Luxembourg or by emailing fund.reporting@lemanik.lu.

What are the risks and what could I get in return?

Risk indicator

The risk indicator assumes you keep the product for 3 years.

The risk can be significantly different if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: Example investment	3 years EUR 10 000		
	If you exit after 1 year	If you exit after 3 years	
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress scenario	What you might get back after costs Average return each year	EUR 5 980 -40.2%	EUR 6 840 -11.9%
Unfavourable scenario	What you might get back after costs Average return each year	EUR 7 570 -24.3%	EUR 7 730 -8.2%
Moderate scenario	What you might get back after costs Average return each year	EUR 9 350 -6.5%	EUR 9 130 -3.0%
Favourable scenario	What you might get back after costs Average return each year	EUR 11 490 14.9%	EUR 10 530 1.7%

The stress scenario shows what you might get back in extreme market circumstances.

What happens if Lemanik Asset Management S.A. is unable to pay out?

Lemanik Asset Management S.A. is not making any payment to you in relation to this Sub-Fund and you would still be paid in case of a default from Lemmanik Asset Management S.A.

The Sub-Fund's assets are held with Caceis Bank, Luxembourg Branch and are segregated from the assets of other sub-funds of the Fund. The assets of the Sub-Fund cannot be used to pay the debts of other sub-funds of the Fund.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10 000 is invested

Investment of EUR 10 000	If you exit after 1 year	If you exit after 3 years
Total costs	EUR 555	EUR 1 043
Annual cost impact (*)	5.5%	3.6%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.6% before costs and -3.0% after costs.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Please refer to the Prospectus for more information on the specific risks relevant to the product not included in the summary risk indicator.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	Up to 3.00% of the amount you pay in when entering this investment. This is the highest you could be charged. The person selling you the product will inform you of the actual charge.	Up to EUR 300
Exit costs	We do not charge an exit fee for this product.	EUR 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.47% of the value of your investment per year. This is an estimate based on actual costs over the last year.	EUR 247
Transaction costs	0.00% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	EUR 0
Incidental costs taken under specific conditions		
Performance fees	10% of the net increase as a result of operations of each year. A Performance fee shall be owed if the Net Asset Value per Share of the respective Share Class on a Valuation Day exceeds the adjusted highwatermark (outperformance). The Performance Fee is paid in arrears after the end of each year. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	EUR 8

How long should I hold it and can I take my money out early?

Recommended holding period (RHP): 3 years.

The RHP was chosen to provide a consistent return less dependent on market fluctuations.

Redemptions are possible every Bank Business Day (a day on which banks are generally open for business in Luxembourg). All redemption requests must be received in good order by the Registrar and Transfer Agent prior to 2 p.m (Central European time) on one (1) Bank Business Day preceding the relevant Valuation Day (each Bank Business Day). Redemption proceeds shall be paid in the relevant reference currency usually within three (3) Bank Business Days following the relevant Valuation Day.

How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:

Lemanik Asset Management S.A.,
106 Route d'Arlon,
L-8210 Mamer,
Luxembourg
