General Information

Information to the Shareholders

Notices concerning the Fund are published in newspapers designated by the Board of Directors, and, if prescribed by law, are published in the Mémorial, the official gazette of Luxembourg, and are lodged with the Registrar of the Luxembourg District Court.

The current Articles of Incorporation of the Fund are lodged with the Registrar of the Luxembourg District Court, from whom copies may be obtained.

The latest price for each Class of shares can be obtained at the registered office of the Fund on each Valuation Day. Such prices may also be published in such other newspaper(s) as the Board may from time to time determine.

Audited reports in respect of the preceding financial year, unaudited semi-annual reports and the prospectus of the Fund will be made available at the registered office of the Fund in Luxembourg. The audited reports and semi-annual reports will provide information on each Sub-Fund and, on a consolidated basis, the Fund as a whole.

Some classes of shares of the Fund may be listed on the Luxembourg Stock Exchange. As at June 30, 2024, no active shares are listed.

Subscriptions cannot be received on the basis of financial reports. Subscriptions are valid only if made on the basis of the current prospectus, supplemented by the last annual report and the most recent semi-annual report if published thereafter.

The prospectus, the key investor information documents, the articles, the audited annual and unaudited semi-annual reports - each in paper form -, a list of the changes in the investment portfolio during financial period as well as the issue, conversion and redemption prices and any notices to Shareholders in Germany can also be obtained free of charge from the German Paying and Information Agent:

Marcard, Stein & Co AG
Ballindamm 36
20095 Hamburg
Germany.

Net Asset Value per Share

The day on which the Net Asset Value (hereafter the “NAV”) of the shares is calculated (the “Valuation Day”) by the Administrative Agent.

For VECTOR - NAVIGATOR and VECTOR - FLEXIBLE, the NAV is calculated daily, on each Business Day.

For VECTOR - TOP MANAGERS MIXED, the NAV is calculated weekly, with valuation day every last Business Day of the week.

Furthermore, at the end of each month, half-year and financial year, the NAV normally calculated as of the Valuation Day closest to the end of the relevant month, half-year or financial year will be replaced by a NAV calculated on the last calendar day of the period concerned.

Notwithstanding the valuation principles specified below, the NAV of the shares of each Sub-Fund at the end of any financial year, half-year or month will be calculated on the basis of the last available price at the end of the relevant financial year, half-year or month in question.

The NAV of shares of each Sub-Fund or Class in the Fund shall be expressed as a per share figure in such currency as the Board shall from time to time determine in respect of such Sub-Fund or Class and shall be determined in respect of any Valuation Day by dividing the net assets of the Fund corresponding to each Sub-Fund or Class by the number of shares of the relevant Sub-Fund or Class then outstanding and shall be rounded up or down to two decimal places.

NOTE 1 - GENERAL INFORMATION

VECTOR (the "Fund") is a limited liability company organised as a société d'investissement à capital variable incorporated in Luxembourg on July 8, 2002 for an unlimited duration. The Fund is subject to the provisions of the Law of August 10, 1915 on commercial companies, as amended (the "Law of 1915") and of Part I of the Law of December 17, 2010 on undertakings for collective investment fund, as amended (the "Law of 2010") and is compliant with the Directive 2009/65/EC of the European Parliament and of the Council of July 13, 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities, as amended by the Directive 2014/91/EU of 23 July 2014 (the "UCITS V Directive").

The Fund qualifies as an undertaking for collective investment in transferable securities under article 1(2) of the Directive.

The initial version of Articles were published in the Mémorial on July 30, 2002. The last amendments to the Articles were published in the Mémorial on February 18, 2016. The consolidated Articles have been deposited with the Registre de Commerce et des Sociétés of Luxembourg, where they are available for inspection.

The Fund is registered at the Luxembourg Register of Commerce under the number B 88.004.

As at June 30, 2024, the following Sub-Funds are available to investors:

- VECTOR - NAVIGATOR
- VECTOR - FLEXIBLE
- VECTOR - TOP MANAGERS MIXED.

The Board of Directors of the Fund may, at any time, decide to create additional Sub-Funds or issue additional classes of shares.

Indeed, in order to meet the specific needs of the shareholders, the Board of Directors of the Fund may further decide to issue within each Sub-Fund two or more classes of shares of the assets of which will be commonly invested pursuant to the specific investment policy of the Sub-Fund concerned, although a separate sale and redemption mechanism, fee structure, distribution policy, hedging policy and any other characteristic may be applicable to a particular class of shares within each Sub-Fund.

To ensure effective management, the Management Company is authorised to manage all or part of the assets of one or more Sub-Funds with other Sub-Funds in the Fund (pooling technique) or to co-manage all or part of the assets, except for a cash reserve, if necessary, of one or more Sub-Funds of the Fund with assets of other Luxembourg undertakings for collective investment or of one or more sub-funds of other Luxembourg undertakings for collective investment (hereinafter called "Party(ies) to co-managed assets") for which the Fund's Depositary Bank was appointed as depositary bank. These assets will be managed in accordance with the respective investment policy of the Parties to co-managed assets, each of which pursuing identical or comparable objectives. Parties to co-managed assets will only participate in co-managed assets as stipulated in their respective prospectus and in accordance with their respective investment restrictions.

Each Party to co-managed assets will participate in co-managed assets in proportion to the assets contributed thereto by it. Assets will be allocated to each Party to co-managed assets in proportion to its contribution to co-managed assets. The entitlements of each Party to co-managed assets apply to each line of investment in the aforesaid co-managed assets.

The aforementioned co-managed assets will be formed by the transfer of cash or, if necessary, other assets from each Party to co-managed assets. Thereafter, the Management Company may regularly make subsequent transfers to co-managed assets. The assets can also be transferred back to a Party to co-managed assets for an amount not exceeding the participation of the said Party to co-managed assets.

Dividends, interest and other distributions deriving from income generated by co-managed assets will accrue to the Parties to co-managed assets in proportion to their respective investments. Such income may be kept by the Party to co-managed assets or reinvested in the co-managed assets.

All charges and expenses incurred in respect of co-managed assets will be applied to these assets. Such charges and expenses will be allocated to each Party to co-managed assets in proportion to its respective entitlement in the co-managed assets.

In the case of infringement to investment restrictions affecting a Sub-Fund of the Fund, when such a Sub-Fund takes part in co-management and even though the Management Company has complied with the investment restrictions applicable to the co-managed assets in question, the Management Company shall, or the Board shall ask the Management Company to reduce the investment in question proportionally to the participation of the Sub-Fund concerned in the co-managed assets or, if necessary, reduce its participation in the co-managed assets so that investment restrictions for the Sub-Fund are observed.

When the Fund is liquidated or when the Board or the Management Company decides - without prior notice - to withdraw the participation of the Fund or a Sub-Fund from co-managed assets, the co-managed assets will be allocated to Parties to co-managed assets proportionally to their respective participation in the co-managed assets.

Investors must be aware of the fact that such co-managed assets are employed solely to ensure effective management, and provided that all Parties to co-managed assets have the same depositary bank. Co-managed assets are not distinct legal entities and are not directly accessible to investors. However, the assets and liabilities of each Sub-Fund will be constantly separated and identifiable.

NOTE 1 - GENERAL INFORMATION (continued)

As at June 30, 2024 this pooling technique is implemented and concerns the 2 following Sub-Funds: VECTOR - NAVIGATOR and VECTOR - FLEXIBLE.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Financial Statements of VECTOR (the “Fund”) have been prepared in accordance with the accounting principles generally accepted in Luxembourg, including the following significant policies:

a) Valuation of other assets

The value of any cash on hand or on deposit, bills and demand notes and account receivable, prepaid expenses and dividends and interests declared or accrued but not yet received, is deemed to be the face value unless it appears unlikely that this value will be received; in this case the value is determined by deducting an amount that the Board considers adequate to reflect the true value of these assets.

b) Valuation of the investments in securities of each Sub-Fund

The valuation of any transferable security and/or money market instrument admitted to trading on an official stock exchange or on any other Regulated Market that operates regularly, is recognised and open to the public, is based on the last available price in Luxembourg on the Valuation Day and, if this transferable security or instrument is traded on several markets, on the basis of the last available price of the principal market of this transferable security or instrument; if the last available price is not representative, the valuation is based on the probable realisation value estimated by the Board with prudence and in good faith.

Non-listed transferable securities or those not traded on a stock exchange or on any other Regulated Market operating regularly, recognised and open to the public are valued on the basis of the probable realisation value estimated by the Board with prudence and in good faith. Units of undertakings for collective investment are valued on the basis of their last available NAV.

c) Net realised gain or loss on sales of investments of each Sub-Fund

Realised gains or losses on sales of investments are calculated on the basis of average cost of the investments sold.

d) Conversion of foreign currencies of each Sub-Fund

The accounting records and the financial statements of each Sub-Fund are expressed in euros (EUR). Bank accounts, other net assets and market value of the investments in securities expressed in currencies other than EUR are converted into EUR at the exchange rates prevailing on the date of the statement of net assets. Income and expenses in currencies other than EUR are converted into EUR at the rate of exchange prevailing at payment date.

e) Cost of investments in securities of each Sub-Fund

Cost of investments in securities in currencies other than EUR is converted into EUR at the exchange rate applicable at purchase date.

f) Valuation of forward foreign exchange contracts

Forward foreign exchange contracts on currencies are valued at the forward rate applicable at the statement of net assets date for the remaining period until maturity.

Gains or losses resulting from forward foreign exchange contracts are recognised in the statement of operations and changes in net assets.

g) Valuation of futures and options

Futures and options are valued on the basis of the last available price on the Valuation Day on the relevant market. The prices used shall be the liquidation prices on futures markets.

In the financial statements, the options quantities include the size of the contract

h) Valuation of swap contracts

Swaps are valued at fair value based on the last known closing price of the underlying value.

i) Formation expenses

Formation expenses are amortised on a straight line basis over a period of 5 years.

j) Combined statements

The combined statements of the Fund are expressed in EUR and are equal to the sum of the corresponding items in the financial statements of each Sub-Fund.

The portion of investment income allocated to Capitalisation Shares shall be reinvested in the Company and shall thus increase the Net Asset Value relating to the Capitalisation Shares. NOTE 5 - DEPOSITARY BANK, DOMICILIARY AND CENTRAL ADMINISTRATION FEES (continued)

The caption “Other expenses” in the different sub-funds is mainly composed of a global pricing fees computed at a rate of 0.10% of the total net asset of the Sub-Funds.

NOTE 6 - PERFORMANCE FEE

For VECTOR - NAVIGATOR and VECTOR – FLEXIBLE for each Class, the Benchmark as well as the percentage of the Net Asset Value per Share of the performance fee is determined in the tables below.

The Investment Advisor and the Management Company will receive an aggregated performance fee, accrued on each Valuation Day, paid yearly, based on the Net Asset Value, equivalent to max. 20% of the Net Asset Value per share performance (measured against the High Water Mark) over the Benchmark return calculated since the last High Water Mark determination date (as defined hereafter).

The performance fee is calculated on the basis of the Net Asset Value per share, after deduction of all expenses, liabilities, and management fee (but not performance fee), and is adjusted to take account of all subscriptions and redemptions.

The performance fee is based on the Net Asset Value per share outperformance multiplied by the outstanding number of shares at the Valuation Day. No performance fee will be due if the performance of the Net Asset Value per share before performance fee turns out to be below the Benchmark return, since the last High Water Mark determination date.

The High Water Mark is defined as the last Net Asset Value per share on which a performance fee has actually been paid (taking into account, for the avoidance of any doubt, any cap of performance fee, as detailed below, in which case the High Water Mark (i) will correspond to the theoretical Net Asset Value per share entitling the Management Company to receive a performance fee of 2 % of the average Net Asset Value of the relevant class during the relevant calculation period and (ii) will not increase further during that calculation period. For a new class the first High Water Mark is the initial Net Asset Value per share and the first High Water Mark determination date is the launch date of the relevant Class. For existing Classes, the first High Water Mark is the Net Asset Value of the relevant Classes as of September 24, 2019.

Provision will be made for this performance fee on each Valuation Day. If the Net Asset Value per share underperforms the Benchmark since the last High Water Mark determination date, the provisions made in respect of the performance fee will be reduced accordingly. If these provisions fall to zero, no performance fee will be payable. The performance fee may not exceed a total of 2% of the average Net Asset Value of the relevant Class in the calculation period, calculated using the numbers at the end of each month.
