The financial statements are presented in accordance with the legal and regulatory requirements in force in Luxembourg relating to Undertakings for Collective Investment and they are prepared in accordance with accounting principles generally accepted.

2.2 Valuation of the investments in securities

- 1) For assets which are officially listed on a stock exchange, at the last available closing price;
- 2) For assets which are not officially listed on a stock exchange but which are traded on a regulated market or on other organised markets, also at the last available traded price, provided that at the time of valuation, the Depositary considers this price to be the best possible price at which the assets may be sold;
- 3) For financial futures contracts on foreign currencies, securities, financial indices, interest rates and other permissible financial instruments, as well as options on these and corresponding warrants, insofar as they are listed on a stock exchange, at the most recently determined prices of the relevant stock exchange. Insofar as there is no stock exchange listing, in particular, in the case of all OTC transactions, the valuation shall be made at the likely realisation value, which shall be determined with caution and in good faith;
- 4) For interest rate swaps, at their market value in relation to the applicable yield curve. For indices and swaps linked to financial instruments, at their market value determined with reference to the relevant index or financial instrument;
- 5) For Units in UCITS or UCIs, at the last determined and available redemption price;
- 6) Assets not denominated in the currency determined for the Fund (hereinafter, the “base currency”) shall be converted into the base currency of the Fund at the latest mid-market exchange rate;
- 7) Assets for which the prices are not in line with the market and all other assets shall be valued at their likely realisation value, which shall be determined prudently and in good faith;
- 8) Cash and cash equivalents and time deposits, at their nominal value plus interest.

2.3 Net realised gain / loss on sales of investments

Net realised gain / (loss) on the sale of securities are determined on the basis of the average cost method and are recorded in the Statement of Operations and Changes in Net Assets.

Notes to the Financial Statements as at January 31, 2024 (continued)

Remuneration policy

The remuneration paid by SG 29 HAUSSMANN consists of fixed remuneration and may, if economic conditions permit, include a variable component in the form of a discretionary bonus. These bonuses are not linked to the performance of the vehicles managed (no profit-sharing on capital gains).

SG 29 HAUSSMANN applies the remuneration policy of the Société Générale Group. This Group policy incorporates many of the principles set out in Annex II of the UCITS Directive, which are common to the prudential rules already applicable at consolidated Group level (see Report on Remuneration Policies and Practices of the Société Générale Group). In addition, in 2014, SG 29 HAUSSMANN made adjustments to this policy in order to comply with the rules specific to the UCITS Directive specific to the sector of alternative management fund managers, notably by setting up an indexing mechanism (basket of 4 funds representing the activity of SG29 HAUSSMANN) for all employees who receive deferred remuneration in order to ensure alignment of the interests of employees with those of investors.

Thus, the variable remuneration of SG 29 HAUSSMANN employees covered by the UCITS Directive is subject to the following provisions and conditions:

- A deferred acquisition up to 40% minimum, with a deferred payment spread over 3 years prorata temporis,
- A payment of 50% of the total variable remuneration (acquired and unearned) in the form of financial instruments or equivalent,
- An acquisition of the unit not acquired subject to compliance with conditions of presence and performance adjusted for the entity's risks.

SG 29 HAUSSMANN's remuneration policy does not affect the risk profile of the UCITS and covers all conflicts of interest related to the financial management of vehicles.

SG 29 HAUSSMANN	Amount of fixed remuneration (EUR)	Amount of variable remuneration (EUR)	Aggregate remuneration (EUR)
Employees impacting the risk profile	8,800,821.00	2,970,250.00	11,771,071.00
