What is this product?

Type

The Fund is an investment company incorporated as a société anonyme qualifying as a Société d'Investissement à Capital Variable. The Fund's value is dependent on the performance of the underlying assets and may go up as well as down. Any capital invested in the Fund may be at risk.

Objectives and Investment Policy

Investment Objective:

The Fund aims to provide long term capital growth and income by investing in a portfolio of emerging market shares, while promoting environmental, social and governance (ESG) characteristics.

The Fund promotes ESG characteristics within the meaning of Article 8 of SFDR. More information on HSBC Global Asset Management's responsible investing policies is available at www.assetmanagement.hsbc.com/about-us/responsible-investing.

Investment Policy:

In normal market conditions, the Fund will invest at least 90% of its assets in shares (or securities similar to shares) of companies of any size, that are based in, or carry out most of their business in emerging markets.

The Fund includes the identification and analysis of a company's ESG credentials as an integral part of the investment decision making process to help assess risks and potential returns. ESG credentials may include environmental and social factors, and corporate governance practices. Companies and/or issuers considered for inclusion within the Fund's portfolio will be subject to excluded activities in accordance with HSBC Asset Management's Responsible Investment Policies, which may change from time to time. Please refer to the Prospectus for more details on ESG credentials and excluded activities.

ESG credentials, excluded activities and the need for enhanced due diligence may be identified and analysed using both HSBC's proprietary ESG Materiality Framework as well as research & information provided by financial and non-financial data providers.

The Fund may invest up to 40% in China A and China B-shares. For China A-shares, up to 30% through the Shanghai-Hong Kong Stock Connect and the Shenzhen-Hong Kong Stock Connect, up to 30% in China A-shares Access Products (CAAPs) and up to 10% in CAAPs issued by any single issuer.

The Fund may invest up to 15% of its assets in convertible securities, up to 10% of its assets in Real Estate Investment Trusts (REITs), up to 10% in other funds, and may invest in bank deposits and money market instruments for treasury purposes.

The Fund may also invest in derivatives and use them for hedging, efficient portfolio management and cash flow management purposes. Derivatives will not be used extensively for investment purposes. Derivatives may also be embedded in other instruments used by the Fund.

- ◆ The Fund may enter into securities lending transactions for up to 29% of its assets. However, this is not expected to exceed 25%.
- ◆ The reference currency of the Fund is USD. The reference currency of this share class is GBP.

- ◆ Income is reinvested.
- ◆ You may sell your investment on most working days.
- ◆ The Fund is actively managed and does not track a benchmark. The reference benchmark for the Fund is MSCI Emerging Markets Net.
- ◆ The Investment Advisor will use its discretion to invest in securities not included in the reference benchmark based on active investment management strategies and specific investment opportunities. It is foreseen that a significant percentage of the Fund's investments will be components of the reference benchmark. However, their weightings may deviate materially from those of the reference benchmark.
- ◆ The deviation of the Fund's performance relative to the benchmark is also monitored, but not constrained, to a defined range.

Intended Retail Investor

The Fund may be suitable for investors with a long term investment horizon. The Fund is intended for more experienced investors aiming to asset classes that have the potential to reduce liquidity and increase the volatility of return, or investors aiming for very active investment strategies which may result in a concentrated portfolio. The Fund may be suitable for investors looking for an investment to diversify an existing core portfolio.

An investment in the Fund is only suitable for investors who are capable of evaluating the risks and merits of such an investment, and who have sufficient resources to bear any loss as the Fund is not guaranteed and they may receive back less than the amount invested. The Fund is designed for use as part of a diversified investment portfolio. Prospective investors should consult with their financial advisor before making an investment.

Term:

The Fund does not have a maturity date.

The PRIIP Manufacturer cannot terminate the Fund unilaterally. The Board of Directors may furthermore decide to liquidate the Fund in certain circumstances set out in the prospectus and articles of incorporation of the Fund.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. The unfavourable scenario occurred for an investment between January 2021 and March 2024. The moderate scenario occurred for an investment between February 2015 and February 2020. The favourable scenario occurred for an investment between January 2016 and January 2021.

What happens if HSBC Investment Funds (Luxembourg) S.A. is unable to pay out?

The Fund's ability to pay out would not be affected by the default of HSBC Investment Funds (Luxembourg) S.A.. The Fund's assets are kept safe by the Depositary Bank and are segregated from the assets of other Funds. This means that the holdings of one Fund are kept separate from the holdings of the other Funds and your investment in the Fund cannot be used to pay the liabilities of any other Fund. There is a potential liability risk for the Depositary if the assets of the Fund are lost. The Depositary is liable in case of its negligent or intentional failure to properly fulfil its obligations pursuant to the 2010 Law.

In the event of a bankruptcy or insolvency of the Depositary Bank or other service provider, investors could experience delays (for example, delays in the processing of subscriptions, conversions and redemption of shares) or other disruptions and there may be a risk of default. The Fund is not covered by an investor compensation or guarantee scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Cost over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- ◆ In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- ◆ GBP 10,000 is invested.

Recommended Holding Period: 5 Years Investment of GBP 10,000	If you exit after 1 year	If you exit after 5 years
Total Costs	722 GBP	2,205 GBP
Annual cost impact % *	7.2%	3.4% each year

* This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 8.16% before costs and 4.73% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

These figures include the maximum distribution fee that the person selling you the product may charge up to 5.00%. This person will inform you of the actual distribution fee.
