The Sub-Fund monitors risk exposure in relation to the Benchmark however the extent of deviation

from the Benchmark is expected to be material. Further, the Sub-Fund has designated the benchmark as a reference benchmark for the purpose of the Disclosure Regulation. The Benchmark is a broad market index, which does not assess or include constituents according to environmental characteristics, and therefore is not aligned with the environmental characteristics promoted by the Sub-Fund.

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment team analyses interest rate and long-term macroeconomic trends (top-down) to identify the geographic areas that appear likely to offer the best risk-adjusted returns. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.
