Past performance should not be taken as a guide to the future. Performance would have been lower had any initial charge been included. Performance will vary between different Share Classes reflecting the fee levels of those Share Classes. As with any investment it is possible to lose capital and any yields will vary over time. Investment benefits to individual Shareholders will vary in accordance with personal circumstances.

Morningstar category percentage averages are those of relevant Morningstar category filtered to include only the funds on the Morningstar Offshore Mutual Funds (Major Offshore Domiciles) database. Source: Morningstar, NAV based, gross income reinvested (with the exception of Global Gold Fund which has no income reinvested), measured in Sub-Fund reference currency as indicated. All periods and measures to 30.06.24 based on the prices issued to the market at that date. All market indicators are total return. Three year volatility is annualised volatility as measured by standard deviation of monthly returns.

Past performance should not be taken as a guide to the future. Performance would have been lower had any initial charge been included. Performance will vary between different Share Classes reflecting the fee levels of those Share Classes. As with any investment it is possible to lose capital and any yields will vary over time. Investment benefits to individual Shareholders will vary in accordance with personal circumstances.

Morningstar category percentage averages are those of relevant Morningstar category filtered to include only the funds on the Morningstar Offshore Mutual Funds (Major Offshore Domiciles) database. Source: Morningstar, NAV based, gross income reinvested (with the exception of Global Gold Fund which has no income reinvested), measured in Sub-Fund reference currency as indicated. All periods and measures to 30.06.24 based on the prices issued to the market at that date. All market indicators are total return indices except# which are price indices with no income reflected. Three year volatility is annualised volatility as measured by standard deviation of monthly returns.

# The Fund

## The Fund

Ninety One Global Strategy Fund (the ‘Fund’) was initially established in Guernsey on 5 January 1984 and was re-domiciled to Luxembourg on 1 July 2008. The Fund is authorised under Part I of the Luxembourg law of 17 December 2010 relating to collective investment undertakings (loi concernant les organismes de placement collectif) (the ‘Law of 2010’). The Fund qualifies as an Undertaking for Collective Investment in Transferable Securities (‘UCITS’) under Article 1 paragraph 2, points a) and b) of the Directive 2009/65/EC of 13 July 2009 of the European Parliament and the Council (the ‘Directive 2009/65/EC’), and may therefore be offered for sale in European Union (‘EU’) Member States (subject to registration in EU Member States other than Luxembourg). In addition, applications to register the Fund may be made in other countries.

The Fund has appointed Ninety One Luxembourg S.A. (previously Investec Asset Management Luxembourg S.A.) (the ‘Management Company’) on 30 November 2014, to serve as its designated management company in accordance with the Law of 2010. The Management Company is a public limited company (societe anonyme) incorporated on 8 July 2011 under registration number B 162485. The Management Company has been authorised by the CSSF to manage the business and affairs of the Fund pursuant to Chapter 15 of the Law of 2010. The Management Company has also been authorised by the CSSF as an alternative investment fund manager (an ‘AIFM’) pursuant to the Law of 2013 on alternative investment fund managers and currently acts as an AIFM to three alternative investment funds.

# Notes forming part of the financial statements

## **1. Principal accounting policies**

The following accounting principles have been applied consistently in dealing with items which are considered material in relation to the financial statements of the Fund:

### **a) Basis of preparation**

The financial statements are presented in US Dollars and rounded to the nearest thousand. Where the reference currency of the Sub-Fund is not US Dollars, the presentation is in the reference currency of the Sub-Fund. The financial statements have been prepared in accordance with the Luxembourg law on Undertakings for Collective Investment. The preparation of financial statements requires management to make estimates and assumptions that may affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

The financial statements have been prepared on a going concern basis, except for the Latin American Smaller Companies Fund which was liquidated on 20 February 2024.

The use of the non-going concern basis of accounting for liquidated sub-funds implies that its financial statements are adjusted to include the liquidation costs, the depreciation of any remaining unamortized formation expenses attributable to this sub-funds (if any), and that the valuation of investments reflect its net realizable value at liquidation date.

The use of the non-going concern has no material impact on the financial statements of liquidated sub-funds.

### **b) Presentation of combined totals**

The combined totals presented in the financial statements represent the aggregation of all the Sub-Funds net assets and operations in US Dollars. Cross-holdings between Sub-Funds within the Fund have not been eliminated from these totals. On 30 June 2024, the cross Sub-Fund investments represent 0.73% of the combined net assets.

### **c) Foreign currency translation**

Items are recorded in the Fund's records in the relevant reference currency of each Sub-Fund, which includes British Pound Sterling, Euro and US Dollars. These currencies are identified in the Prospectus.

The Fund is presented in US Dollars and the results of the Sub-Funds have been aggregated into US Dollars using the exchange rate ruling at the period-end date for the Statement of Assets and Liabilities and the average rate for the Statement of Operations and the Statement of Changes in Share-holders' Equity. The adjustment in US dollar terms arising from this aggregation is classified as a currency adjustment in the Statement of Changes in Shareholders' Equity. This adjustment has no effect on the value of the net assets allocated to individual Sub-Funds.

Transactions in foreign currencies are translated into the reference currency of the relevant Sub-Fund at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the reference currency of the relevant Sub-Fund at the closing exchange rate ruling at the Statement of Assets and Liabilities date.

## **Notes forming part of the financial statements (continued)**

Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised in the Statement of Operations. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the reference currency of the relevant Sub-Fund at the foreign exchange rate ruling at the dates the values were determined. Foreign currency exchange differences relating to investments are included in gains and losses on investments. All other foreign currency exchange differences relating to monetary items, including cash and cash equivalents, are presented separately in the note 5 - Net gains/(losses) on investments under caption 'Net realised gain/(loss) on foreign currencies and forward currency contracts'.

### **d) Valuation of financial Instruments**

The value of any cash on hand or on deposit, bills and demand notes, accounts receivable, prepaid expenses, cash dividends and interest declared and accrued as aforesaid, and not yet received, shall be equal to the entire nominal or face amount thereof, unless the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Board of Directors may consider appropriate, to reflect the true value thereof.

The value of Transferable Securities and Money Market Instruments and any other assets which are quoted or dealt in on any stock exchange is based on the latest available price. Each Transferable Security and Money Market Instrument and any other assets traded on any Other Regulated Market shall be valued in a manner as similar as possible to that provided for quoted securities.

The fair value of investments is based on their quoted market prices at the Statement of Assets and Liabilities date. Financial assets are priced at current market prices. If a quoted market price is not available on a recognized stock exchange or from a broker/dealer for a non exchange-traded financial instrument, the fair value of the instrument is estimated using valuation techniques. If none of the above methods of valuation are appropriate for any investment or if in any case a particular value is not ascertainable, or if the Directors shall, having first sought appropriate advice, consider that some other method of valuation better reflects the fair value of the relevant investment then in any such case the method of valuation of the relevant investment shall be such as the Directors shall decide having regard to the circumstances and/or the nature of the investment.

Swaps, comprising Credit Default Swaps, Interest Rate Swaps and Total Return Swaps, are contracts by which two parties commit themselves during a given period to exchange two flows, one in exchange of the other, determined on the basis of a nominal value. The flows may be linked to interest rate(s), exchange rate(s), share(s), index(es) or credit event(s). Swap contracts are valued using the difference between the values of forecasted flows the counterparty is to pay to the Sub-Fund and those owed by the Sub-Fund to its counterparties.

Contracts for Difference are valued based on the closing market price of the underlying security, less any financing charges attributable to each contract. Upon entering into Contracts for Difference, the Fund may be required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount ('initial margin'). Subsequently, payments known as 'variation margin' are made or received by the Fund periodically, depending on fluctuations in the value of the underlying security. During the period the contracts are open, changes in the value of the contracts are recognised as unrealised gains and losses by marking to market at each valuation date in order to reflect the value of the underlying security. Realised gains or losses upon closure of the contract are equal to the difference between the value of the contract at the time it was opened including financial charges and the value at the time it was closed.

## **Notes forming part of the financial statements (continued)**

The fair value of the forward contracts and futures contracts is estimated as the amount the Sub-Fund would receive or pay to terminate the contract at the Statement of Assets and Liabilities date.

Shares or units of underlying open-ended Undertakings for Collective Investment (UCIs) are valued at their last determined and available Net Asset Value.

Money market instruments are valued at their market price.

The liquidation value of futures, forward and options contracts not traded on exchanges or on Other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors. The liquidating value of futures, forward and options contracts traded on exchanges or on Other Regulated Markets shall be based upon the last available settlement prices of these contracts on exchanges and/or Regulated Markets on which the particular futures, forward or options contracts are traded by the Sub-Fund.

The Fund generates income from investments it may hold in the most junior class of securities of Collateralized Loans Obligations (CLOs) (typically preferred shares or subordinated securities) managed by other asset management companies. These junior class securities are subordinated to senior bond holders who typically receive a fixed rate of return on their investment. The CLOs are leveraged funds and any excess cash flow or "excess spread" (interest earned by the underlying securities in the fund less payments made to senior bond holders and less fund expenses and management fees) is paid to the holders of the CLOs' subordinated securities or preferred shares. The Fund recognizes a portion of these cash payments as interest income based on an expected rate of return through expected maturity, and any excess is then recognized as a return of capital.

For any senior class CLO securities the Fund may hold, interest is earned at a fixed rate or a fixed spread relative to the LIBOR index, and is recognized as interest income on the accrual basis.

The Money Market Funds (U.S. Dollar Money Fund and Sterling Money Fund) are variable NAV Sub-Funds (VNAV). Under a VNAV all investments are valued at Mark-to-Market.

### **e) Fair value adjustments**

Events may occur between the determination of an investment's last available price and the determination of a Sub-Fund's Net Asset per Share at the valuation point that may, in the opinion of the Directors, mean that the last available price does not truly reflect the true market value of the investment. In such circumstances, a fair value adjustment factor is applied to the price of such investments in accordance with applicable trigger rules.

### **f) Swing Pricing**

The actual cost of acquiring or disposing of assets and investments in a Sub-Fund may deviate from the mid-market prices normally used in calculating the Sub-Fund's Net Asset Value per Share, due to dealing charges, taxes and spreads between acquisition and disposal prices of assets dealt in that Sub-Fund on that Valuation Day. These costs may have an adverse effect on the Net Asset Value per Share, known as "dilution". In order to mitigate the effect of dilution and to protect Shareholder's interests the Board of Directors may at their discretion estimate and allocate these costs to anyone dealing in Shares on a relevant Valuation Day by adjusting the Net Asset Value per Share in a Sub-Fund to take into account the possible effects of dilution.

## **Notes forming part of the financial statements (continued)**

The Net Asset Value per Share of a Sub-Fund may be adjusted on any Valuation Day where in the opinion of the Board of Directors it is in the interests of Shareholders. An adjustment may be applied on a 'partial' (i.e. ad hoc) or 'full' (i.e. daily) basis. A partial (i.e. ad hoc) adjustment will be applied on any Valuation Day when the aggregate total of subscriptions, conversions (for Shares of another Sub-Fund) and/or redemptions of Shares of all Classes of a Sub-Fund result in net subscriptions (inflows) or redemptions (outflows) which exceeds a pre-determined threshold, as determined and reviewed by the Management Company from time to time for that Sub-Fund. A full (i.e. daily) adjustment will be applied only in certain circumstances (e.g. where a Sub-Fund is experiencing consistent net subscriptions and/or redemptions over a period of time, or, in the period leading up to a merger or liquidation of a Sub-Fund). In this case the full (i.e. daily) adjustment will be applied regardless of the size of the net subscriptions or redemptions of the Shares of a Sub-Fund. The Net Asset Value per Share will be adjusted upwards for subscriptions and adjusted downwards for redemptions. In certain circumstances, the Board of Directors may decide, at its sole discretion, that it is not appropriate to make an adjustment to the Net Asset Value per Share of a Sub-Fund.

As at the date of this report the Board of Directors has determined that the adjustment, based on normal dealing and other costs for the particular assets in which a Sub-Fund invests or disinvests, will not exceed 2% of the unadjusted Net Asset Value per Share of the Sub-Fund in normal market conditions.

As any such adjustment will be dependent on the aggregate net transactions in Shares in a Sub-Fund, it is not possible to accurately predict whether it will occur at any future point in time and consequently how frequently it will need to be made. Additionally, as the markets and jurisdictions in which the Sub-Funds invest may have different charging structures on the purchase and sale of assets, the resulting adjustment may differ between Sub-Funds and may be different for subscriptions than for redemptions.

The Board of Directors has delegated the day to day operational decisions to adjust the Net Asset Value per Share to the Management Company. The Management Company makes, and periodically reviews, the operational decisions to adjust the Net Asset Value per Share, including the application of a partial or full adjustment, the thresholds which would trigger an adjustment on a partial basis and the extent of the adjustment in each case, in accordance with its swing pricing mechanism policy. Currently, the Board of Directors has determined that all Sub-Funds, save for the U.S. Dollar Money Fund and Sterling Money Fund, may be subject to the adjustment mechanisms.

During the period from 1 January 2024 to 30 June 2024 following Sub-Funds have swung: All China Bond Fund, All China Equity Fund, Asian Equity Fund, Emerging Markets Blended Debt Fund, Emerging Markets Hard Currency Debt Fund, Emerging Markets Local Currency Total Return Debt Fund, Emerging Markets Sustainable Blended Debt Fund, Emerging Markets Sustainable Equity Fund, Global Dynamic Fund, Global Equity Fund, Global High Yield Fund, Global Multi-Asset Sustainable Growth Fund, Global Multi-Asset Sustainable Growth Fund (Euro), Global Natural Resources Fund, Global Value Equity Fund, Investment Grade Corporate Bond Fund, Latin American Equity Fund, Latin American Smaller Companies Fund and U.K. Alpha Fund. The remaining Sub-Funds did not swing because their flows did not meet the threshold set up by the Management Company.

## **Notes forming part of the financial statements (continued)**

Swing pricing as at the year end, if any, is recorded under the Swing adjustment caption of the Statement of Assets and Liabilities and of the Statement of Changes in Shareholders' Equity. As at period end there was swing adjustment recorded on the Latin American Equity Fund.

### **g) Cash and cash equivalents**

Cash comprises current accounts as well as term deposits with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of change in value.

### **h) Interest income**

Interest income is recognised in the Statement of Operations as it accrues, using the interest rate of the instrument calculated at the period-end on an effective interest rate basis.

Interest income or other income may include the amortisation of any discount or premium with regards to zero coupon bonds and money market instruments valued at amortised cost, transaction costs or other differences between the initial carrying amount of an interest bearing instrument and its amount at maturity.

### **i) Dividend income**

Dividend income is recognised in the Statement of Operations on the ex-dividend date.

In some cases, the Sub-Fund may receive dividends in the form of additional shares rather than cash. In such cases the Sub-Fund recognises the value of the cash dividend alternative as dividend income.

### **j) Expenses**

All expenses are recognised in the Statement of Operations on an accruals basis. Where formation costs have been incurred, these are capitalised and amortised over a period not exceeding five years.

### **k) Income and expense allocation**

The allocation of income and expenses to each Share Class is based upon the proportion of the Sub-Fund's net assets of each Share Class on the day the income is earned or the expense is incurred.

### **l) Taxation**

The Fund is not subject to any Luxembourg income tax, nor are dividends paid by the Fund subject to any withholding tax.

However, the Fund is liable in Luxembourg to a subscription tax (taxe d'abonnement) of 0.05% per annum, such tax being payable quarterly and calculated on the total Net Asset Value of the respective Class of Share at the end of the relevant quarter.

A reduced tax rate of 0.01% per annum of the net assets will be applicable to the I, J, S and Z Share Classes which are only sold to and held by Institutional Investors and to all Classes of the U.S. Dollar Money Fund and the Sterling Money Fund. Such tax is payable quarterly and calculated on the net assets of such Class at the end of the relevant quarter.

### **m) Performance Fees**

There are no performance fees charged on the Global Strategy Fund.

## **Notes forming part of the financial statements (continued)**

### **n) Distribution**

The distributions are recorded on the declaration date in the financial statements.

#### **2. Equalisation**

The Net Asset Value per Share of each Income Share includes a payment for equalisation representing undistributed income accrued since the last ex-dividend date.

Equalisation is a payment by a person who subscribes for Shares, and is calculated by dividing the relevant proportion of the net undistributed income of the Share Classes, by the number of such Shares in issue at the date on which the subscription is made. Equalisation is repaid to the Shareholders on the occurrence of the redemption of the Shares or on the payment of a dividend.

#### **3. Currency exchange rates**

## **Notes forming part of the financial statements (continued)**

### **5. Material contracts**

The following material contracts have been entered into by the Fund:

- A management company services agreement between the Fund and the Management Company dated 30 November 2014 pursuant to which the Management Company is appointed as the management company for the Fund. This agreement was entered into for an unlimited period and is terminable by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.
- An investment management agreement between the Fund, the Management Company and the Investment Manager dated 30 November 2014 pursuant to which the latter acts as investment manager of the Fund. This agreement was entered into for an unlimited period and is terminable by either party upon 90 days' written notice. According to an agreement entered into between the investment manager (in its capacity as a QFI) and Hong Kong and Shanghai Banking Corporation Limited (“HSBC”) on or about 22 April 2015, as amended (the “QFI Schedule”), the latter has been appointed by the investment manager as its directly contracted agent. The QFI Schedule shall apply in full to all actions taken by HSBC under the QFI Schedule which are performed by HSBC as the investment manager's directly contracted agent.
- An agreement between the Fund and State Street Bank International GmbH, Luxembourg Branch (the legal successor of State Street Bank Luxembourg S.C.A. following this entity's merger into State Street Bank International GmbH on 4 November 2019) dated 10 May 2016 pursuant to which the latter is appointed Depositary of the assets of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice provided that no such notice shall take effect until the appointment of a successor to the Depositary. According to the QFI Schedule entered into between the investment manager (in its capacity as a QFI) and HSBC on or about 22 April 2015 as amended, the latter has been appointed by the investment manager as the sub-custodian of the assets in China of Sub-Funds permitted to invest via the QFI licence. However, the depositary agreement between the Fund and State Street Bank International GmbH, Luxembourg Branch shall apply in full to all actions taken by HSBC under the QFI Schedule acting in its capacity as sub-custodian of the assets of the above-mentioned Sub-Funds, notwithstanding the direct appointment of HSBC by the investment manager of the Fund. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.
- An agreement between the Fund, the Management Company and State Street Bank International GmbH, Luxembourg Branch (the legal successor of State Street Bank Luxembourg S.C.A. following this entity's merger into State Street Bank International GmbH on 4 November 2019) dated 30 November 2014 pursuant to which the latter is appointed Administrator and Domiciliary Agent of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.
- An agreement between the Fund, the Management Company and the Global Distributor and Service Provider dated 30 November 2014 pursuant to which the latter was appointed Global Distributor and Service Provider of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.

**Administration Servicing Fee**

The Fund incurs an administration servicing fee (the “Administration Servicing Fee”) of up to 0.30% per annum of the Net Asset Value of the relevant Share Class, accrued on each Valuation Day and payable monthly in arrears. The Administration Servicing Fee corresponds to the aggregate fees paid by the Fund to the Administrator and Domiciliary Agent, Registrar and Transfer Agent and the Global Distributor and Service Provider for certain services provided in relation to their different functions and the assistance of different secretarial tasks. The Fund pays the Administration Servicing Fee to the Global Distributor and Service Provider who shall retain, for the performance of its duties, the balance of the Administration Servicing Fee remaining after the payments made to each of the above parties.

The Fund may also pay Operating and Administrative Expenses to the Administrator and Domiciliary Agent.

### **7. Dealing commissions arrangements**

The Investment Manager does not use dealing commissions for the purchase of research services. Dealing commissions paid will only be for execution services. Research services are paid for by the Investment Manager.

### **8. Ongoing Charges**

The method for calculation is Total Operating Expenses (not including negative investment income) divided by the average Net Asset Value for the period. This is calculated on a Share Class basis.

Ongoing charges were calculated in accordance with the ESMA's guidelines on the methodology for calculation of the ongoing charges figure in the Key Investor Information Document CESR/10-674, as well as with the ALFI (Association of the Luxembourg Fund Industry) guidelines.

**Distribution policy**

Income Shares in the Fund are denoted by the word Inc, Inc-2 or Inc-3 in the Share Class name. In determining the distribution policy for any Class of Income Share (whether Inc, Inc-2 or Inc-3), the Board of Directors may determine, as permitted under Luxembourg Law, the extent to which expenses of that Class may be deducted from its income and/or capital account. In particular, the Board of Directors may determine that the distribution policy of any Class of Income Share is to distribute the whole of the income attributable to that Class to Shareholders after the deduction of the Management Fee (as defined in the Prospectus Section 9.1), the Administration Servicing Fee, the Distribution Fee where relevant, the Depositary Fee and all other expenses attributable to that Class and potentially a portion of capital to Shareholders before deduction of the Management Fee, the Administration Servicing Fee, the Distribution Fee where relevant, the Depositary Fee and all other expenses attributable to that Class of Income Share..

## **Notes forming part of the financial statements (continued)**

### **9. Distribution (continued)**

The Board of Directors may also determine if and to what extent distributions may include distributions from both net realised and net unrealised capital gains. Where Classes pay distributions that include net realised capital gains or net unrealised capital gains, or, in the case of Share Classes' which distribute income gross of expenses, dividends may include initially subscribed capital. Shareholders should note that dividends distributed in this manner may be taxable as income, depending on the local tax legislation, and should seek their own professional tax advice in this regard.

The Board of Directors has determined that for any Inc Share Class, the distribution policy is to distribute net income. Accordingly, the expenses related to such a Share Class will be deducted from its income account. Where the income generated is insufficient to cover the expenses, the residual expenses shall be deducted from the relevant Share Class' capital account.

The Board of Directors has determined that for any Inc-2 Share Class, the distribution policy is to distribute gross income. Accordingly, the expenses related to such a Share Class will be deducted from its capital account. This will have the effect of increasing that Share Class' distributions (which may be taxable) whilst reducing its capital to an equivalent extent. This could constrain future capital and income growth.

The Board of Directors has determined that for an Inc-3 Share Class, the distribution policy is to distribute the long term expected level of gross income. The distribution will be calculated at the discretion of the Board of Directors on the basis of the expected gross income over a given period (such period to be at the Board of Director's discretion) with a view to providing a consistent monthly distribution to Shareholders during such period. The distribution rate for each Inc-3 Share Class will typically be reviewed on a quarterly basis, but at least semi-annually, but may be adjusted more frequently to reflect changes in the portfolio's expected yield. The expenses related to such a Share Class will be deducted from its capital account and may include net realised and net unrealised capital gains. This will have the effect of increasing that Share Class' distributions (which may be taxable) whilst reducing its capital to an equivalent extent. This could constrain future capital and income growth.

The Board of Directors may determine, as permitted under Luxembourg law, the extent to which a dividend for any Class of Income Share may include distributions of income and/or capital. For the All China Bond Fund and the Global Total Return Credit Fund, the Board of Directors has determined that its distributable income may also include any implied yield accrued by certain investments the purchase of which is driven by an income-generating objective (e.g. foreign exchange forward contracts). The distribution policy for any Class of Income Share may change from time to time as determined by the Board of Directors.

The frequency of distributions varies across the different Sub-Funds and Share Classes, the detail of which can be found in the Fund's Prospectus.

The distributions are recorded on the declaration date in the financial statements.

## **Class action**

### **Class action against Volkswagen AG ('the Litigation')**

The Litigation relates to the installation by Volkswagen AG of 'defeat software' in vehicles sold worldwide between 2009 and September 2015 ('the Emissions Scandal'). Proceedings (which include statutory and civil law claims) have been brought in the German Courts on behalf of shareholders who acquired Ordinary or Preference Volkswagen shares on any German stock exchange between 1 January 2009 and 18 September 2015 inclusive, and who had not sold all of those shares prior to 21 September 2015, relating to losses as a result of the Emissions Scandal ('the Class Action').

As a shareholder in Volkswagen AG during the relevant period, the Ninety One Global Strategy Fund, on behalf of the Global Equity Fund, Global Strategic Equity Fund and Global Strategic Managed Fund, is participating as a Claimant in the Class Action.

### **Class Action against BHP Billiton Ltd**

The litigation relates to BHP Billiton Ltd ("BHP"). BHP is alleged to have made a series of false representations and not made certain disclosures in relation to the Fundão Dam at the Germano iron ore mine in Brazil. On 5 November 2015, the Fundão Dam collapsed, which is alleged to have caused environmental damage and loss of life. As a result BHP's stock price drop. The class action litigation against BHP commenced in the Australian courts.

The Ninety One Global Strategy Fund on behalf of: Asia Pacific Equity Opportunities Fund, Global Equity Fund, Global Strategic Managed Fund, Enhanced Natural Resources Fund, Global Natural Resources Fund, Global Strategic Equity Fund, and U.K. Alpha Fund, as shareholders in BHP during the relevant period, is participating in the class action.
