## What is this product?

**Type:** Shares of a Sub-Fund of Amundi Fund Solutions, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

**Term:** The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

**Objectives:** The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation. The Sub-Fund seeks to achieve capital appreciation and income over the recommended holding period by investing in a diversified portfolio of the permissible instruments described below. The Sub-Fund invests primarily in open-ended UCIs and UCITS pursuing a diverse range of investment strategies. The Sub-Fund may also invest in equities and equity linked instruments, Money-Market Instruments, debt and debt-related instruments (including convertible bonds and bonds cum warrants), deposits subject to call with a maximum term of 12 months, and interest-rate certificates.

The Sub-Fund may invest up to 35% of its assets in equities (either directly or indirectly through open-ended UCITS or UCI). The Sub-Fund may seek exposure to commodities and real estate through investment in eligible transferable securities, indices and other liquid financial assets (either directly or indirectly through open-ended UCITS or UCI). The Sub-Fund may invest up to 20% of its assets in eligible commodity-index certificates. The Sub-Fund may also invest in UCITS or UCIs following alternative strategies.

**Benchmark :** The Sub-Fund is actively managed. The 75% Barclays Euro Aggregate Index/ 25% MSCI AC World Index serves as a reference benchmark for calculating and monitoring the Sub-Fund's relative Value at Risk ("VaR"). There are no constraints relative to this benchmark restraining portfolio construction and the extent of deviation from such index is expected to be significant. Further the Sub-Fund has not designated the Benchmark as a reference benchmark for the purpose of the Disclosure Regulation.

**Management Process :**

The Sub-Fund integrates Sustainability Factors in its investment process and considers principle adverse impacts. When investing in third party managers it does consider principal adverse impacts of investment decisions on Sustainability Factors as long as information is available as outlined in more detail in section "Sustainable Investment" of the Prospectus save that the Amundi ESG scoring methodology described in that section is extended to any underlying UCITS and UCIs.

Further, the Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the investment universe. The aggregate ESG score and rating (A to G- as detailed in section "Sustainable Investment" of the Prospectus) for the Sub-Fund (using the weighted average ESG score of underlying UCITS/UCIs and other securities) is compared with the ESG rating of its investment universe.

This is a non-distributing share class. Investment income is re-invested.
