### What is this product?

#### TYPE OF PRODUCT

The product is a sub-fund of UNI-GLOBAL, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

#### TERM

The Sub-Fund is established for an unlimited duration. However the Board of Directors may decide to close this product under certain circumstances.

#### OBJECTIVES

The sub-fund offers to deliver the best absolute return to risk ratio by investing in a diversified mix of asset classes at a global level without being restricted to any particular sector, currency or market in order to deliver a positive return over a rolling three-year period by targeting an average annual return of 5% gross of fees.

The sub-fund may use derivative products in order to hedge currency risk and/or to enhance effective investment management.

The Sub-Fund is actively managed without any reference to a benchmark. The Investment Manager has discretion over the composition of its portfolio subject to this objective and investment policy.

The sub-fund intends to promote environmental and social characteristics by investing in assets which operate across the entire value chain in and, among others:

- contribute to reducing Greenhouse Gas intensity, and
- Meet high or improving Environmental, Social and Governance (ESG) score, as per the scoring performed by the Investment Manager.

In relation to derivatives, the Investment Manager will assess the ESG compliance of a potential investment on a best effort basis only, at the level of the underlying asset, and only when applicable.

The investor has the right to redeem his shares on demand. Redemptions are carried out on each full business day in Luxembourg and full business day on the London Stock Exchange and on the New York Stock Exchange. The attention of the investor is drawn to the fact that in exceptional circumstances, the investor's ability to redeem his shares may be limited or suspended.

Please refer to the Prospectus for more information about the Sustainable Finance Disclosure Regulation ("SFDR") classification of the Sub-Fund.

The share class is denominated in CHF.

The sub-fund is denominated in USD.

The currency risk of this share class is hedged.

These shares are capitalisation shares. Income and capital gains are reinvested

#### INTENDED RETAIL INVESTORS

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

## What are the risks and what could I get in return?

### Risk indicator

1	2	3	4	5	6	7
---	---	---	---	---	---	---

Lower risk

Higher risk

The risk indicator assumes you keep the product for 5 years.

The risk can be significantly different if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

**Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.**

Please refer to the Prospectus for more information on the specific risks relevant to the product not included in the summary risk indicator.

This product does not include any protection from future market performance, so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: Example investment		5 years CHF 10 000		
		If you exit after 1 year	If you exit after 5 years	
<b>Scenarios</b>				
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.			
Stress scenario	What you might get back after costs	CHF 8 070	CHF 5 660	
	Average return each year	-19.3%	-10.8%	
Unfavourable scenario	What you might get back after costs	CHF 8 780	CHF 8 380	This type of scenario occurred for an investment in the product between January 2020 and June 2022.
	Average return each year	-12.2%	-3.5%	
Moderate scenario	What you might get back after costs	CHF 10 340	CHF 10 380	This type of scenario occurred for an investment in the product between June 2016 and June 2021.
	Average return each year	3.4%	0.7%	
Favourable scenario	What you might get back after costs	CHF 11 150	CHF 11 360	This type of scenario occurred for an investment in the proxy then the product between February 2013 and February 2018.
	Average return each year	11.5%	2.6%

## What happens if Lemanik Asset Management S.A. is unable to pay out?

Lemanik Asset Management S.A. is not making any payment to you in relation to this Sub-Fund and you would still be paid in case of a default from Lemmanik Asset Management S.A..

The Sub-Fund's assets are held with J.P. Morgan Bank Luxembourg S.A. and are segregated from the assets of other sub-funds of the SICAV. The assets of the Sub-Fund cannot be used to pay the debts of other sub-funds.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does.

The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- CHF 10 000 is invested

Investment of CHF 10 000	If you exit after 1 year	If you exit after 5 years
Total costs	CHF 497	CHF 962
Annual cost impact (*)	5.0%	1.8%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 2.5% before costs and 0.7% after costs.

#### Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	Up to 4.00% of the amount you pay in when entering this Investment.	Up to CHF 400
Exit costs	We do not charge an exit fee for this product.	CHF 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.94% of the value of your investment per year. This is an estimate based on actual costs over the last year.	CHF 94
Transaction costs	0.03% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	CHF 3
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	CHF 0

## How long should I hold it and can I take my money out early?

#### Recommended holding period (RHP): 5 years.

The RHP was chosen to provide a consistent return less dependent on market fluctuations.

Redemptions are possible every Bank Business Day (any full day on which banks are open for business in Luxembourg and New York). All redemption requests must be received in good order by the Registrar and Transfer Agent prior to 4 p.m (Central European time) on one (1) Bank Business Day preceding the relevant Valuation Day (every Bank Business Day). Redemption proceeds shall be paid in the relevant reference currency usually within three (3) Bank Business Days following the relevant Valuation Day.

## How can I complain?

In the event a natural or legal person wishes to file a complaint with the Sub-Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address:
