no notification has been filed to the Bundesanstalt für Finanzdienstleistungsaufsicht and therefore shares of these subfunds may not be publicly distributed in Germany.

The sales prospectus, the PRIIPs KID (Packaged Retail and Insurance-based Investment Products Key Information Document), the articles of association of the Company, the annual and semi-annual reports as well as the portfolio movements of the Company mentioned in this publication are available free of charge at the sales agencies and at the registered office of the Company.

# Features of the Company

Global Opportunities Access (hereinafter called the “Company”) offers investors a range of different subfunds (“umbrella structure”) which invest in accordance with the investment policies described in the sales prospectus. The sales prospectus, which contains specific details on each subfund, will be updated on the inception of each new subfund.

The Company was incorporated on 10 January 2008 as an open-end investment fund in the legal form of a “Société d’Investissement à Capital Variable” (SICAV) in accordance with Part II Law of 2010. The Company is entered under no. B 135 728 in the Luxembourg Commercial Register.

The Company was converted from a UCI subject to Part II of the Law of 2010 to a UCI subject to Part I of the Law of 2010 with effect as of 17 April 2014. The Company is authorised under Part I of the Law of 2010, as amended.

The original articles of incorporation of the Company (the “Articles”) were published in the “*Mémorial, Recueil des Sociétés et Associations*” (and together with the “*Recueil Electronique des Sociétés et Associations*” hereinafter referred to as the “Luxembourg Official Gazette”), on 16 February 2008. Each amendment to the Articles will be published in the Luxembourg Official Gazette, in a Luxembourg daily newspaper and, if necessary, in the official publications specified for the respective countries in which shares of the Company are sold. Such amendments become legally binding in respect of all shareholders subsequent to their approval by the general meeting of shareholders.

As at 31 July 2023, the following subfunds are active:

Global Opportunities Access	Currency of account
Global Opportunities Access – Balanced CHF	CHF
Global Opportunities Access – Balanced EUR	EUR
Global Opportunities Access – Corporate Bonds	USD
Global Opportunities Access – Corporate Bonds EUR	EUR
Global Opportunities Access – Global Bonds CHF	CHF
Global Opportunities Access – Global Bonds EUR	EUR
Global Opportunities Access – Global Bonds GBP	GBP
Global Opportunities Access – Global Bonds USD	USD
Global Opportunities Access – Global Equities	EUR
Global Opportunities Access – Global Equities II	EUR
Global Opportunities Access – High Yield and EM Bonds	USD
Global Opportunities Access – Key Multi-Manager Hedge Fund	EUR
Global Opportunities Access – Sustainable Bonds	USD
Global Opportunities Access – Sustainable Equities	USD
Global Opportunities Access – Yield CHF	CHF
Global Opportunities Access – Yield EUR	EUR

Various classes may be offered for the subfunds. Information on which share classes are available for which subfund can be obtained from the Administrative Agent.

## “F”

Class F shares are reserved for (i) investors that have entered into a written discretionary management agreement with UBS; and (ii) UBS managed funds. No distributor is appointed for Class F shares. Class F shares no longer held by either (i) investors bound by the terms of a written discretionary management agreement with UBS or (ii) by UBS managed

funds, may be compulsorily redeemed at their then applicable net asset value or exchanged for another class of the subfund.

## “K”

Class K shares are reserved for persons that (i) have entered into a written discretionary management agreement with UBS and that (ii) are in a particular client segment. Class K shares held by persons no longer bound by the terms of a written discretionary management agreement with UBS will be compulsorily redeemed at their then applicable net asset value or exchanged for another class of the subfund. No distributor is appointed for K classes.

## “P”

Class P shares are reserved for investors that (i) have the shares held directly in a UBS account or (ii) are clients of UBS and have the shares held in an account pre-approved by the Management Company or (iii) as otherwise decided by the Management Company. Class P shares no longer held in a UBS account by investors may be compulsorily redeemed at their then applicable net asset value or exchanged for another class of the subfund.

## “P-C”

Class P-C shares are exclusively reserved for investors who fulfil the criteria for Class P shares described above. Class P-C shares confer the right to an annual distribution. However, this distribution is not paid to the shareholder but is transferred in its entirety to the UBS Optimus Foundation. The UBS Optimus Foundation is a charitable, grant-making foundation established in 1999 in accordance with Swiss law and dedicated to improving the health and development of children in measurable, cost-effective and sustainable ways. Distributions for the Class P-C shares are paid in their entirety to the UBS Optimus Foundation which uses these for charitable purposes. The entire issuing commission for units in Class P-C shares is also paid to the UBS Optimus Foundation together with the total Flat Fee chargeable on the portion of the net assets attributable to Class P-C shares. Class P-C shares no longer held in a UBS account by investors may be compulsorily redeemed at their then applicable net asset value or exchanged for another class of the subfund.

## “Q”

Class Q shares are reserved for investors that have entered into a written advisory agreement or agreements relating to investment fund saving schemes with UBS which specifically permits purchases of share classes with no retrocessions. Class Q shares held by investors no longer bound by the terms of such a written advisory agreement or agreements relating to investment fund saving schemes with UBS may be compulsorily redeemed at their then applicable net asset value or exchanged for another class of the subfund.

## “Q-C”

Class Q-C shares are exclusively reserved for investors who fulfil the criteria for Class Q shares described above. Class Q-C shares confer the right to an annual distribution. However, this distribution is not paid to the shareholder but is transferred in its entirety to the UBS Optimus Foundation. The UBS Optimus Foundation is a charitable, grant-making foundation established in 1999 in accordance with Swiss

law and dedicated to improving the health and development of children in measurable, cost-effective and sustainable ways. Distributions for the Class Q-C shares are paid in their entirety to the UBS Optimus Foundation which uses these for charitable purposes. The entire issuing commission for units in Class Q-C shares is also paid to the UBS Optimus Foundation together with the total Flat Fee chargeable on the portion of the net assets attributable to Class Q-C shares. Class Q-C shares held by investors that are no longer bound by the terms of a written advisory agreement with UBS which specifically permits purchases of share classes with no retrocessions may be compulsorily redeemed at their then applicable net asset value or exchanged for another class of the subfund.

### **Initial issue price of shares**

Unless otherwise set out in this Prospectus, the initial issue price of shares of any class amounts to 100 AUD, 100 CAD, 100 CHF, 1,000 DKK, 100 EUR, 100 GBP, 1,000 HKD, 10,000 JPY, 1,000 NOK, 1,000 SEK, 100 SGD, 100 USD. Their smallest tradable unit is 0.001.

### **Additional characteristics of the share classes**

#### **“acc”**

The income of share classes with “-acc” in their name is not distributed unless the Company decides otherwise.

#### **“dist”**

The income of share classes with “-dist” in their name is distributed unless the Company decides otherwise.

#### **“qdist”**

Share classes with “-qdist” in their name may make quarterly distributions, gross of fees and expenses. Distributions may also be made out of the capital (this may include, inter alia, realised and unrealised net gains in net asset value) (“capital”). Distributions out of capital result in the reduction of an investor’s original capital invested in the share class. Furthermore, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per share. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of fund shares. Some investors may therefore prefer to subscribe to accumulating share classes (-acc) rather than distributing (-dist, -qdist) share classes. Investors may be taxed at a later point in time on income and capital gains arising on accumulating (-acc) share classes compared with distributing (-dist) share classes. Prospective investors should consult qualified experts for tax advice regarding their individual situation.

#### **“mdist”**

Share classes with “-dist” in their name may make monthly distributions, gross of fees and expenses. Distributions may also be made out of capital. Distributions out of capital result in the reduction of an investor’s original capital invested in the share class. Furthermore, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per share. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of fund shares. Some investors may therefore prefer to invest in accumulating (-acc) rather than distributing (-dist, -mdist) share classes. Investors

may be taxed at a later point in time on income and capital gains arising on accumulating (-acc) share classes compared with distributing (-dist) share classes. Prospective investors should consult qualified experts for tax advice regarding their individual situation.

#### **“UKdist”**

Share classes may also include a reference to “-UKdist” in their name. In respect of each such share class which is labelled “-UKdist”, it is intended that a sum corresponding to 100% of the reportable income within the meaning of the UK reporting fund rules be distributed to the relevant shareholders when the share classes are subject to the reporting fund rules. The Company does not intend to make available taxable values in other countries for any such share class and any share class labelled “-UKdist” is exclusively intended for investors whose investment in the share class is liable to tax in the UK.

#### **“2%”, “4%”, “6%”, “8%”**

Share classes with “2%” / “4%” / “6%” / “8%” in their name may make monthly (-mdist), quarterly (-qdist) or annual (-dist) distributions at the respective aforementioned annual percentage rates, gross of fees and expenses. The distribution amount is calculated based on the net asset value of the respective share class at the end of the month (in the case of monthly distributions), financial quarter (in the case of quarterly distributions) or financial year (in the case of annual distributions). These share classes are suitable for investors seeking more stable distributions, unrelated to past or expected returns or income of the relevant share class. Distributions may also be made from the capital. Distributions out of capital result in the reduction of an investor’s original capital invested in the share class. Furthermore, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per share. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of fund shares. Some investors may therefore choose to invest in accumulating (-acc) rather than distributing (-dist, -qdist, -mdist) share classes. Investors may be taxed at a later point in time on income and capital gains arising on accumulating (-acc) share classes compared with distributing (-dist, -qdist, -mdist) share classes. Prospective investors should consult qualified experts for tax advice regarding their individual situation.

#### **Currency**

Each of the above share class may be denominated in the following reference currencies: AUD, CAD, CHF, DKK, EUR, GBP, HKD, JPY, NOK, SEK, SGD, USD. For share classes where the reference currency is part of the name of the relevant subfund, the respective currency will not be included in the share class name.

#### **Hedging**

Each of the above share class denominated in a currency other than the relevant subfund’s currency of account may also be hedged, in which case, the relevant share class will include a reference to “-hedged” in its name. In relation to “-hedged” share classes, foreign exchange transactions and currency forwards are conducted in order to hedge the net asset value of the subfund, calculated in the subfund’s currency of account, against the net asset values of the share classes

denominated in other currencies. Provision is made for the amount of the hedging to be between 95% and 105% of the total net assets of the share class in foreign currency. Changes in the value of the hedged sections of the portfolio and the volume of subscription and redemption requests for shares not denominated in the currency of account may, however, result in the level of currency hedging temporarily surpassing the stated limits. The Investment Manager or relevant Portfolio Manager, as the case may be, will take all the necessary steps to bring the hedging back within the aforementioned limits.

The sum of the subfunds' net assets forms the total net assets of the Company, which at any time correspond to the share capital of the Company and consist of fully paid in and non-par-value shares (the "shares").

At general meetings, the shareholder has the right to one vote per whole share held, irrespective of the difference in value of shares in the respective subfund. Shares of a particular subfund or class carry the right of one vote per whole share held when voting at meetings affecting this subfund or class.

The Company is a single legal entity.

For the purpose of the relations as between the shareholders, each subfund is deemed to be a separate entity, separate from the others. The assets of a subfund are exclusively available to satisfy the requests of that subfund and the right of creditors whose claims have arisen in connection with that subfund.

The Board of Directors of the Company is empowered to establish new subfunds and/or to liquidate existing ones at any time or to establish various share classes with specific characteristics within these subfunds. The current sales prospectus shall be updated following the establishing of a new subfund or new share class.

The Company is unlimited with regard to duration and total assets.

The financial year of the Company ends on 31 July.

The ordinary general meeting takes place annually on 31 January at 11 a.m. at the registered office of the Company. If such a day does not fall on a business day in Luxembourg, the ordinary general meeting must take place on the next following working day.

Information on whether a subfund of the Company is listed on the Luxembourg Stock Exchange can be obtained from the Administrative Agent or the Luxembourg Stock Exchange website ([www.bourse.lu](http://www.bourse.lu)).

The issue and redemption of shares of the Company are subject to the regulations prevailing in the concerned country of distribution.

Only the information contained in the sales prospectus and in any of the documents referred to therein shall be deemed to be valid.

The annual and semi-annual reports are available to shareholders at the registered office of the Company and of the Depositary.

No subscription may be accepted on the basis of the financial reports. Subscriptions are accepted only on the basis of the current prospectus accompanied by the latest annual report and the latest semi-annual report if available.

The figures stated in this report are historical and not necessarily indicative of future performance.

# Portfolio Manager Report

For portfolios holding both equities and bonds, performance over the reporting period (1 August 2022 – 31 July 2023) was broadly positive. From August 1 until the end of 2022, the portfolio achieved a negative result that was more than offset in 2023. The positive result was driven by equities, as bonds continued to go through a challenging period. In portfolios with reference currency the Swiss franc, unhedged exposure to US dollar-denominated assets detracted from performance.

After a strong July, equity markets retreated in August. The main driver over the month was shifting perceptions over Federal Reserve policy, with hopes fading later in the month that the central bank was on the brink of becoming more accommodative. In August, global equities gave up 3.7%, with a similar decline for US equities. The uncertain backdrop, stemming from fears of a recession, explains why Eurozone equities were the worst performing major market. The rally in fixed income from July also went into reverse in August, with significant increase in government yields and spreads widening slightly.

The war in the Ukraine, lockdowns in China, and the energy crisis in Europe have led to a further rise in inflation, rates, and market uncertainty. In September, stocks and bonds fell at the same time due to higher inflation and sharp interest rate increases, making traditional portfolio diversification more challenging. At the same time, there are some positive signals – the US labor market remains strong, and valuations have improved. Meanwhile, the US dollar continued to benefit from safe haven flows and some hedge funds, which generally thrive amid heightened market volatility, protected capital in September.

Amid the challenging backdrop of geopolitical uncertainties, the energy crisis in Europe and still high inflation, signs of slower pace of rate hikes from some central banks prompted optimism among investors. Global equities rose in October, breaking a two-month losing streak, on renewed hopes that the Fed will soon pause rate hikes. The main exception to the positive trend in global stocks was China, with the market falling 16.4%. The mood in global equity markets was also improved by the UK government's decision to abandon plans for a large unfunded fiscal expansion, which had heightened concerns over financial stability.

Investors were in a risk-on mood for a second consecutive month in November due to rising hopes that the worst of the inflation scare has passed and central banks will soon slow the pace of rate rises. Global stocks returned 7.8% in November, cutting the year-to-date loss to 15%, while the biggest gain was in the Chinese market, which returned 28.4%. Gains in November followed a rise in October, the first back-to-back advance in stocks since 2021. Rising optimism had a positive impact on fixed income, with gains across the asset class, while the reversal of safe-haven flows dented the US dollar.

The global equity market rally that started in October ran out of steam in the last month of the year, amid renewed anxiety over the pace of central bank tightening and the

deteriorating growth outlook. Inflation has been slowing in recent months. While the housing market has turned sharply lower in the US, some other indicators have been more positive, above all consumer spending and the labor market. The US bond market was relatively stable in December. But there was a large shift in European fixed income markets following a more hawkish than expected statement from ECB President Christine Lagarde.

Global equity markets have made a strong start to 2023, with all major indexes delivering a positive total return in January. Market sentiment improved following slowing inflation in the US and the resilience of the Eurozone economy. Optimism was further fueled by the reopening of the Chinese economy. Returns were positive across fixed income, where lower-rated bonds benefited from improving risk appetite including emerging market bonds.

Market sentiment was impacted by concerns over stubbornly high US inflation, leading to the potential for more aggressive rate hikes from the Fed. Global equities retreated in February, led by the US and Chinese markets. However, the eurozone, UK, and Japan gained ground. Worries over inflation and interest rates also led to a setback for fixed income.

In March market sentiment was impacted by concerns over the health of the banking system on both sides of the Atlantic. Global equities had a positive return in March – reflecting confidence that regulators have done enough to avert a banking crisis and that an end to central bank rate hikes is near. Within fixed income high-quality had a positive month while investment grade credit also performed well, against a backdrop of expectations for slowing economic growth.

Global equities continued to advance in April on anticipation that the US Federal Reserve is nearing the end of its interest rate hiking cycle. The broadly positive mood in markets in part reflected evidence that US consumer price inflation is moderating. In fixed income, market volatility was relatively muted and government bonds were stable.

In May, global equities experienced setbacks which were partially offset by a further surge in megacap US technology stocks due to enthusiasm over the potential of artificial intelligence. Overall market sentiment was influenced by the US debt ceiling debate and concerns over China's lackluster growth. Fixed income markets were unsettled by the combination of continued high inflation and the potential for further rate hikes.

In June, global equities rallied amid renewed optimism that the Federal Reserve will manage an economic soft landing. Select technology stocks continued their strong run driven by optimistic views on the potential of artificial intelligence. US and European government bonds lost ground as the Fed signaled further policy tightening ahead while credit markets delivered a muted performance. Both global and US equities have risen more than 20% from their October lows while bond markets are pricing a more pessimistic outlook. Looking at current valuations and the potential macro scenarios from here, we see better risk-reward in bonds than in equities.

The portfolio delivered a positive return in July, adding to the strong performance year-to-date. In July, we further reduced our exposure to the USD by buying the euro against the greenback. We also took profits on our Brent put and extend (rolled over) the position. In our strategy, we prefer quality bonds, look for equity laggards, and position for dollar weakness.

Initially, the strategy we implemented in our portfolios was geared towards value equities, including commodity-related sectors such as energy. Subsequently, the war in Ukraine, lockdowns in China and the energy crisis in Europe led to a further increase in inflation, interest rates and market uncertainty. In this challenging environment, we decided to reduce portfolio risk and added defensive positions, such as a USD/EUR strategy, a 10-year US Treasury position versus 10-year French government bonds, and a hedge on a portion of the equity exposure. In early 2023, we opened a position in emerging market bonds financed by a reduction in high grade bonds. In March, based on our belief that at this stage of the economic cycle bonds offer better value and lower volatility than equities, we overweighted bonds relative to equities. In currencies, we have consistently maintained positions for dollar weakness. The current ones consist of long positions in Japanese yen and euro against the US dollar.

### Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Global Opportunities Access (the “Fund”) and of each of its sub-funds as at 31 July 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

#### *What we have audited*

The Fund’s financial statements comprise:

- the combined statement of net assets for the Fund and the statement of net assets for each of the sub-funds as at 31 July 2023;
- the statement of investments in securities and other net assets as at 31 July 2023;
- the combined statement of operations for the Fund and the statement of operations for each of the sub-funds for the year then ended;
- the combined statement of changes in net assets for the Fund and the statement of changes in net assets for each of the sub-funds for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

---

### Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

---

### Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

---

R.C.S. Luxembourg B 65 477 - TVA LU25482518*

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

### **Responsibilities of the Board of Directors of the Fund for the financial statements**

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

---

### **Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements**

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;
- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds (except for Global Opportunities Access – Bond Plus USD, Global Opportunities Access – Global Equity Plus USD and Global Opportunities Access – UK Equities GBP where a decision to liquidate exists) to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

# Notes to the Financial Statements

## Note 1 – Summary of significant accounting policies

The financial statements have been prepared in accordance with the generally accepted accounting principles for investment funds in Luxembourg, except for the subfunds Global Opportunities Access – Bond Plus USD\*, Global Opportunities Access – Global Equity Plus USD\* and Global Opportunities Access – UK Equities GBP\*.

Those subfunds were put into liquidation during the year and there is still some cash remaining on the accounts held with the Depository Bank as at 31 July 2023. As such, the Financial Statements for those subfunds have been prepared on a non-going concern basis. For the subfunds for which the Financial Statements have been prepared on a non-going concern basis, the following accounting policies differ from those described in the present note:

- Expected liquidation expenses (if any) have been accrued for;
- Any remaining formation expenses have been fully expensed;
- The valuation of the subfund's investments is based on their net realisable value.

The application of the non-going concern basis of accounting has not led to material adjustments to the subfund(s)' published net asset value.

The significant accounting policies are summarised as follows:

### a) Calculation of the Net Asset Value

The net asset value per share of any share class is expressed in the reference currency of the share class concerned and calculated on every business day (the "Valuation Day"). In respect of the subfund Global Opportunities Access – Key Multi-Manager Hedge Fund, the Valuation Day is on each Wednesday of an even calendar week (except for the last even calendar week in each year consisting of 52 weeks) that is a business day, or, if such Wednesday is not a business day, on the next business day. The Net Asset Value per share is calculated by dividing the overall net assets of the subfund attributable to each share class by the number of shares issued in the particular share class of the subfund.

In this context, "business day" refers to the normal bank business days (i.e. each day on which banks are open during normal business hours) in Luxembourg, with the exception of individual, non-statutory rest days as well as days on which exchanges in the main countries in which a subfund invests are closed or 50% or more subfund investments cannot be adequately valued. "Non-statutory rest days" are days on which banks and financial institutions are closed.

The percentage of the Net Asset Value which is attributable to each respective share class of a subfund is determined by the ratio of the shares issued in each share class to the total number of shares in circulation in the subfund, and will change each time shares are in circulation or redeemed.

\* See note 12

### b) Valuation principles

- Liquid assets – whether in the form of cash, bank deposits, bills of exchange and demand notes and receivables, prepaid expenses, cash dividends and declared or accrued interest that has not yet been received – are valued at their full value unless it is unlikely that this value will be fully paid or received, in which case their value is determined by taking into consideration a deduction that seems appropriate in order to represent their true value.
- Securities, derivatives and other investments listed on a stock exchange are valued at the last known market price. If the same security, derivative or other investment is quoted on several stock exchanges, the last available quotation on the stock exchange that represents the major market for this investment will apply. In the case of securities, derivatives and other investments little traded on a stock exchange and for which a secondary market among securities traders exists with pricing in line with the market, the Company may value these securities, derivatives and other investments based on these prices. Securities, derivatives and other investments that are not listed on a stock exchange, but which are traded on another regulated market which is recognised, open to the public and operates in a due and orderly fashion, are valued at the last available price on this market.
- Securities, derivatives and other investments that are not listed on a stock exchange or traded on another regulated market, and for which no appropriate price can be obtained, will be valued by the Company according to other principles chosen by it in good faith on the basis of the likely sales prices.
- The valuation of derivatives, which are not listed on a stock exchange ("OTC derivatives"), takes place by reference to independent pricing sources. In case only one independent pricing source of a derivative is available, the plausibility of the valuation price obtained will be verified by means of methods of calculation recognised by the Company and the Auditor, based on the market value of the underlying instrument from which the derivative is derived.
- Shares of other undertakings for collective investment in transferable securities authorised under Directive 2009/65/EC (the "UCITS Directive") ("UCITS") and/or other UCIs ("Other UCIs") will be valued at their last available net asset value. Certain units or shares of other UCITS or Other UCIs may be valued based on an estimate of their value provided by reliable service providers that are independent from the portfolio manager or the investment advisor of the target funds (price estimate).
- The value of money market instruments which are not listed on a stock exchange or traded on another regulated market open to the public is based on the appropriate curves. The valuation based on the curves refers to the interest rate and credit spread components. The following principles are applied in this process: for each money market instrument, the interest rates nearest the residual maturity are interpolated. The interest rate calculated in this way is converted into a market price by adding a credit spread that reflects the underlying borrower. This credit spread is adjusted if there is a significant change in the credit rating of the borrower.
- Securities and other investments that are denominated in a currency other than the currency of account of the relevant subfund and which are not hedged by means of currency

transactions are valued at the middle currency rate (midway between the bid and offer rate) obtained from external price providers.

- Time deposits and fiduciary investments are valued at their nominal value plus accumulated interest.
- The value of swaps is calculated by an external service provider. The calculation is based on the net present value of all cash flows, both inflows and outflows. In some specific cases, internal calculations (based on models and market data made available from Bloomberg), and/or broker statement valuations may be used. The valuation methods depend on the respective security and are determined pursuant to the applicable UBS valuation policy.

In circumstances where the interests of the Company or its shareholders so justify (avoidance of market timing practices, for example), the Board of Directors may take any appropriate measures, such as applying a fair value pricing methodology to adjust the value of the Company's assets.

The Company is authorized to apply other generally recognized and auditable valuation criteria chosen in good faith in order to achieve an appropriate valuation of the Net Asset Value if, due to extraordinary circumstances, a valuation in accordance with the above-mentioned regulations proves to be unfeasible or inaccurate.

In the case of extraordinary circumstances, additional valuations, which will affect the prices of the shares to be subsequently issued or redeemed, may be carried out within one Valuation Day. In this case, only the last valuation is taken into consideration.

The actual costs of purchasing or selling assets and investments for a subfund may deviate from the latest available price or net asset value used, as appropriate, in calculating the net asset value per share due to duties and charges and spreads from buying and selling prices of the underlying investments. These costs have an adverse effect on the value of a subfund and are known as "dilution". To mitigate the effects of dilution, the Board of Directors may, at its discretion, make a dilution adjustment to the net asset value per share ("Swing Pricing").

Shares will in principle be issued and redeemed on the basis of a single price, i.e., the net asset value per share. However – to mitigate the effect of dilution – the net asset value per share will be adjusted on any valuation date in the manner set out below depending on whether or not a subfund is in a net subscription position or in a net redemption position on such valuation date. Where there is no dealing on a subfund or share class of a subfund on any valuation date, the applicable price will be the unadjusted net asset value per share. The Board of Directors retains the discretion in relation to the circumstances under which to make such a dilution adjustment. As a general rule, the requirement to make a dilution adjustment will depend upon the volume of subscriptions or redemptions of shares in the relevant subfund. The Board of Directors may make a dilution adjustment if, in its opinion, the existing shareholders (in case of subscriptions) or remaining shareholders (in case of redemptions) might otherwise be adversely affected. In particular, the dilution adjustment may be made where, for example but without limitation:

- (a) a subfund is in continual decline (i.e. is experiencing a net outflow of redemptions);
- (b) a subfund is experiencing large levels of net subscriptions relevant to its size;
- (c) a subfund is experiencing a net subscription position or a net redemption position on any valuation date; or
- (d) in any other case where the Board of Directors is of the opinion that the interests of shareholders require the imposition of a dilution adjustment.

The dilution adjustment will involve adding to, when the subfund is in a net subscription position, and deducting from, when the subfund is in a net redemption position, the net asset value per share such figure as the Board of Directors considers represents an appropriate figure to meet duties and charges and spreads. In particular, the net asset value per share of the relevant subfund will be adjusted (upwards or downwards) by an amount which reflects (i) the estimated fiscal charges, (ii) dealing costs that may be incurred by the subfund and (iii) the estimated bid/offer spread of the assets in which the subfund invests. As certain stock markets and jurisdictions may have different charging structures on the buy and sell sides, the resulting adjustment may be different for net inflows than for net outflows. Adjustments will however generally be limited to a maximum of 2% of the then applicable net asset value per share. The Board of Directors may decide, in respect of any subfund and/or valuation date, to apply on a temporary basis a dilution adjustment greater than 2% of the then applicable net asset value per share in exceptional circumstances (e.g. high market volatility and/or illiquidity, exceptional market conditions, market disruptions, etc.) where the Board of Directors can justify that this is representative of prevailing market conditions and that this is in the best interests of shareholders. Such dilution adjustment is calculated in conformity with the procedures established by the Board of Directors. Shareholders shall be notified at the introduction of the temporary measures as well as at the end of the temporary measures via the usual communication channels.

The net asset value of each share class in the subfund will be calculated separately but any dilution adjustment will in percentage terms affect the net asset value of each share class in an identical manner. The dilution adjustment will be applied on the capital activity at the level of the subfund and will not address the specific circumstances of each individual investor transaction.

For all subfunds the Swing Pricing methodology is applied.

If there were Swing Pricing adjustments to the net asset value at the end of the financial year, this can be seen from the three-year comparison of the net asset value information of the subfunds. The issue and redemption price per share represents the adjusted net asset value.

When applicable, the swing pricing income is disclosed under the caption "Other income" in the statement of operations.

#### **c) Net realized gains (losses) on sales of securities**

The realized gains or losses on the sales of securities are calculated on the basis of the average cost of the securities sold.

#### **d) Valuation of forward foreign exchange contracts**

The unrealized gain (loss) of outstanding forward foreign exchange contracts is valued on the basis of the forward exchange rates prevailing at valuation date.

### e) Valuation of financial futures contracts

Financial futures contracts are valued based on the latest available published price applicable on the valuation date. Realized gains and losses and the changes in unrealized gains and losses are recorded in the statement of operations. The realized gains and losses are calculated in accordance with the FIFO method, i.e. the first contracts acquired are regarded as the first to be sold.

### f) Conversion of foreign currencies

Bank accounts, other net assets and the valuation of the investments in securities held denominated in currencies other than the reference currency of the different subfunds are converted at the mid closing spot rates on the valuation date. Income and expenses denominated in currencies other than the currency of the different subfunds are converted at the mid closing spot rates at payment date. Gain or loss on foreign exchange is included in the statement of operations.

The cost of securities denominated in currencies other than the reference currency of the different subfunds is converted at the mid closing spot rate on the day of acquisition.

### g) Accounting of securities' portfolio transactions

The securities' portfolio transactions are accounted for the bank business day following the transaction dates.

### h) Combined financial statements

The combined financial statements are expressed in EUR. The various items of the combined statement of net assets and the combined statement of operations as of 31 July 2023 are equal to the sum of the corresponding items in the financial statements of each subfund.

The following exchange rates were used for the conversion of the combined financial statements as of 31 July 2023:

#### Exchange rates

EUR 1 = CHF	0.955745
EUR 1 = GBP	0.856915
EUR 1 = USD	1.102550

For the merged or put into liquidation subfunds, the exchange rate used for the conversion of the combined financial statements is the one as at liquidation or merger date.

### i) Receivable on securities sales, Payable on securities purchases

The position "Receivable on securities sales" can also include receivables from foreign currency transactions. The position "Payable on securities purchases" can also include payables from foreign currency transactions.

Receivables and payables from foreign exchange transactions are netted.

### j) Income recognition

Dividends, net of withholding taxes, are recognized as income on the date upon which the relevant securities are first listed as "ex-dividend". Interest income is accrued on a daily basis.

## Note 2 – Flat fee

Each subfund and each class of shares within each subfund will bear a maximum flat fee (the "Maximum Flat Fee") calculated on the average net assets attributable to this share class and at the maximum rate p.a. as listed below and paid quarterly:

Global Opportunities Access	Maximum flat fee	Effective flat fee
– Balanced CHF F-acc	1.10%	0.47%
– Balanced EUR F-acc	1.10%	0.47%
– Balanced EUR K-acc	1.10%	0.47%
– Corporate Bonds F-acc	0.60%	0.47%

– Yield EUR F-acc	1.00%	0.47%

In accordance with the table above, the Flat Fee covers the following fees, costs and expenses of the Company, each subfund and class:

- fees, costs and expenses of the Depositary;
- fees, costs and expenses of the Administrative Agent;
- fees, costs and expenses of the Management Company;
- fees, costs and expenses of the Investment Manager;
- fees, costs and expenses of the Portfolio Manager and any delegate(s) of the Portfolio Manager;
- fees, costs and expenses in relation to distribution activities relating to the shares of the Company (including the costs and fees incurred in maintaining registration of the Company in foreign countries with competent authorities).

#### *Operation and administration expenses of the Company*

In addition to the fees, costs and expenses covered by the Flat Fee, the Company bears all expenses which are operational and administrative expenses, which will include but not be limited to:

- all taxes which may be due on the assets and the income of the Company (including the applicable subscription tax);
- any custody charges of banks and financial institutions to whom custody of assets of the Company is entrusted;
- usual banking fees due on transactions involving securities or other assets (including derivatives) held in the portfolio of the Company (such fees to be included in the acquisition price and to be deducted from the selling price);
- the fees, expenses and all reasonable out-of-pocket expenses properly incurred by the Company;
- legal fees and expenses incurred by the Company or the Management Company while acting in the interests of the shareholders (including, for the avoidance of doubt, any legal fees and expenses relating to any re-structuring of the Company or any of its subfund(s));
- the costs of preparing, in such languages as are necessary for the benefit of the shareholders (including the beneficial holders of the Shares), and distributing (but not printing) annual and semi-annual reports and such other reports or documents as may be required under applicable laws or regulations;
- the cost of preparing notices to the shareholders and all costs of transactions (broker's normal commission, fees, taxes, etc.) connected with administration of the Company's assets;
- charges and costs of approvals and supervision of the Company in Luxembourg and abroad;
- costs and expenses of printing of the Articles of Incorporation, Prospectus, PRIIPs KID and annual and semi-annual reports and of preparing and/or filing and printing the Articles of Incorporation and all other documents concerning the Company (in such languages as are necessary), including registration statements, prospectuses and explanatory memoranda with all authorities (including local securities dealers' associations) having jurisdiction over the Company or the offering of shares of the Company;
- costs and expenses related to the publications of the net asset value and the publication of notices to investors;
- fees and expenses charged in connection with listing the Company's shares on any stock exchange or regulated market;
- fees and other costs for the payment of dividends to shareholders;
- audit fees, costs and expenses (including the fees and expenses of the Auditor).

The Company may accrue in its accounts of administrative and other expenses of a regular or recurring nature based on an estimated amount rateably for yearly or other periods.

All costs which can be allocated accurately to individual subfunds and/or individual share classes will be charged to these subfunds and share classes. Costs which pertain to several or all subfunds or share classes will be charged to the subfunds or share classes concerned in proportion to their relative net asset values or on such other basis reasonably determined by the Company or the Management Company. In the subfunds that may invest in Other UCI or UCITS under the terms of their investment policies, fees may be incurred both at the level of the subfund and at that of the relevant target fund. The upper limit for management fees of the target fund in which the assets of such are invested amounts to a maximum of 3.5%,

taking into account any trail fees. In the case of investments in units of funds managed directly or indirectly by the Management Company itself or another company related to it by common management or control, or by a substantial direct or indirect holding, the subfund's making the investment may not be charged with any of the target fund's issue or redemption commissions.

Details on the running costs of the subfunds can be found in the PRIIPs KID.

The costs involved in launching new subfunds will be written off over a period of up to five years in the respective subfunds only.

The fees, costs and expenses in relation to distribution activities received by the Management Company and paid to the distributor and by the distributor to the sub-distributors and any intermediary in relation to the distribution of shares of the Company will satisfy any legal and regulatory restrictions and conditions applicable to the reception and the retention of such fees. Subject to applicable legal and regulatory restrictions and conditions, the distributor may pay retrocessions to cover the distribution activities of the Company.

### Note 3 – Taxe d'abonnement

In accordance with the law and the regulations currently in force, the Company is subject to a subscription tax at the annual rate of 0.05%, payable quarterly and calculated on the basis of the net assets of each subfund at the end of each quarter. The rate is reduced to 0.01% in respect of classes reserved to institutional investors.

The "taxe d'abonnement" is waived for that part of the net assets invested in units or shares of other undertakings for collective investment that have already paid the "taxe d'abonnement" in accordance with the statutory provisions of Luxembourg law.

### Note 4 – Commitments on Financial Futures

Commitments on Financial Futures per subfund and respective currency as of 31 July 2023 can be summarised as follows:

Financial Futures

<b>Global Opportunities Access</b>	<b>Financial Futures on bonds (bought)</b>	<b>Financial Futures on bonds (sold)</b>
– Global Bonds CHF	62 410 287.89 CHF	25 963 800.49 CHF
– Global Bonds EUR	95 262 894.41 EUR	40 685 260.00 EUR
– Global Bonds GBP	6 606 784.03 GBP	2 732 274.26 GBP
– Global Bonds USD	137 218 633.59 USD	58 919 456.11 USD
– Sustainable Bonds	100 624 734.85 USD	- USD

<b>Global Opportunities Access</b>	<b>Financial Futures on indices (bought)</b>	<b>Financial Futures on indices (sold)</b>
– Global Equities	212 167 416.44 EUR	240 477 502.84 EUR
– Global Equities II	341 666 835.97 EUR	321 423 663.43 EUR

The commitments on Financial Futures on bonds or index (if any) are calculated based on the market value of the Financial Futures (Number of contracts\*notional contract size\*market price of the futures).

### Note 5 – Income distribution

The general meeting of shareholders of the respective subfunds or classes of shares shall decide, at the proposal of the Board of Directors and after closing the annual accounts per subfund, whether and to what extent distributions are to be paid out by each subfund or share class, provided that such subfund or share class gives right to distribution payments. The payment of distributions must not result in the net assets of the Company falling below the minimum amount of assets prescribed by law. If a distribution is made, payment will be effected no later than four months after the end of the financial year.

The Board of Directors is authorized to pay interim dividends and to suspend the payment of distributions.

### Note 6 – Soft commission arrangements

During the financial year from 1 August 2022 until 31 July 2023, no "soft commission arrangements" were entered into on behalf of Global Opportunities Access and "soft commission arrangements" amount to nil.

### Note 7 – Transaction costs

Transaction costs include brokerage fees, stamp duty, local taxes and other foreign charges if incurred during the period. Transaction fees are included in the cost of securities purchased and sold.

For the financial year ended on 31 July 2023 the Company incurred transaction costs relating to purchase or sale of investments in securities and similar transactions, as follows:

<b>Global Opportunities Access</b>	<b>Transaction costs</b>
– Balanced CHF	1 818.53 CHF
– Balanced EUR	1 643.14 EUR
– Bond Plus USD	4 100.96 USD
– Corporate Bonds	246.75 USD
– Corporate Bonds EUR	45.14 EUR
– Global Bonds CHF	20 251.83 CHF
– Global Bonds EUR	11 694.53 EUR
– Global Bonds GBP	3 370.06 GBP
– Global Bonds USD	24 077.97 USD
– Global Equities	138 524.48 EUR
– Global Equities II	231 064.30 EUR

Global Opportunities Access	Transaction costs
– Global Equity Plus USD	7 817.47 USD
– High Yield and EM Bonds	834.23 USD
– Key Multi-Manager Hedge Fund	1 083.58 EUR
– Sustainable Bonds	75 346.21 USD
– Sustainable Equities	147 361.43 USD
– UK Equities GBP	10 695.80 GBP
– Yield CHF	962.45 CHF
– Yield EUR	1 806.58 EUR

Not all transaction costs are separately identifiable. For fixed income investments, forward currency contracts and other derivative contracts, transaction costs will be included in the purchase and sale price of the investment. Whilst not separately identifiable these transaction costs will be captured within the performance of each subfund.

## Note 8 – Portfolio Turnover Rate (PTR)

The portfolio turnover has been calculated as follows:

$$\frac{(\text{Total purchases} + \text{total sales}) - (\text{total subscriptions} + \text{total redemptions})}{\text{Average of net assets during the period under review}}$$

Average of net assets during the period under review

The portfolio turnover statistics are the following for the period under review:

Global Opportunities Access	PTR
– Balanced CHF	25.59%
– Balanced EUR	29.88%
– Corporate Bonds	-27.28%
– Corporate Bonds EUR	-27.07%
– Global Bonds CHF	41.44%
– Global Bonds EUR	44.65%
– Global Bonds GBP	77.32%
– Global Bonds USD	47.19%
– Global Equities	-26.35%
– Global Equities II	-27.89%
– High Yield and EM Bonds	44.39%
– Key Multi-Manager Hedge Fund	-11.53%
– Sustainable Bonds	24.71%
– Sustainable Equities	46.38%
– Yield CHF	18.73%
– Yield EUR	23.06%

## Note 9 – Total Expense Ratio (TER)

This ratio was calculated in accordance with the Asset Management Association Switzerland (AMAS) "Guidelines on the calculation and disclosure of the TER" in the current version and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

Global Opportunities Access	Total Expense Ratio (TER)
– Balanced CHF F-acc	1.01%
– Balanced EUR F-acc	1.01%
– Balanced EUR K-acc	1.06%
– Corporate Bonds F-acc	0.81%
– Corporate Bonds (CHF hedged) F-acc	0.84%
– Corporate Bonds (JPY hedged) F-acc	0.84%
– Corporate Bonds F-UKdist	0.83%
– Corporate Bonds (CHF hedged) F-UKdist	0.87%
– Corporate Bonds (GBP hedged) F-UKdist	0.85%
– Corporate Bonds EUR F-acc	0.82%
– Corporate Bonds EUR F-UKdist	0.88%
– Global Bonds CHF F-acc	0.70%
– Global Bonds CHF F-UKdist	0.74%
– Global Bonds EUR F-acc	0.81%
– Global Bonds EUR F-UKdist	0.85%
– Global Bonds GBP F-UKdist	0.79%
– Global Bonds USD F-acc	0.76%
– Global Bonds USD (JPY hedged) F-acc	0.79%
– Global Bonds USD F-UKdist	0.78%
– Global Equities F-acc	0.63%
– Global Equities (CHF hedged) F-acc	0.63%
– Global Equities (JPY hedged) F-acc	0.64%
– Global Equities (USD hedged) F-acc	0.63%
– Global Equities F-UKdist	0.75%
– Global Equities (CHF hedged) F-UKdist	0.83%
– Global Equities (GBP hedged) F-UKdist	0.65%
– Global Equities (USD hedged) F-UKdist	0.69%
– Global Equities II F-acc	0.61%
– Global Equities II (CHF hedged) F-acc	0.61%
– Global Equities II (JPY hedged) F-acc	0.61%

## Note 11 – Defaulted Securities

There are a number of securities that - at the year-end – are in default. These securities are disclosed in the portfolio.

Furthermore, there are securities that have defaulted in the past where no pricing quotes exists. These securities have been fully written off by the fund. They are monitored by the management company that will allocate any return that might still arise (ie dividend) to the subfunds. They are not shown within the portfolio but separately in this note.

### Global Opportunities Access – Global Equities

Share	Currency	Number
NMC HEALTH PLC ORD GBP0.1	GBP	2 873.00

### Global Opportunities Access – Global Equities II

Share	Currency	Number
NMC HEALTH PLC ORD GBP0.1	GBP	2 193.00

## Note 12 – Liquidation

The following liquidations occurred:

Subfunds	Date
Global Opportunities Access – Bond Plus USD	8.11.2022
Global Opportunities Access – Global Equity Plus USD	8.11.2022
Global Opportunities Access – UK Equities GBP	17.1.2023

For the following subfunds, find here after the details of the remaining cash on the accounts held with the Depositary Bank as at 31 July 2023. It will be used to pay the remaining operating fees pertaining to those subfunds and final payments of liquidation proceeds (if any) to Shareholders:

Cash balance of the subfund Global Opportunities Access – Bond Plus USD as at 31 July 2023 is USD 33 551.65.

Cash balance of the subfund Global Opportunities Access – Global Equity Plus USD as at 31 July 2023 is USD 8 715.93.

Cash balance of the subfund Global Opportunities Access – UK Equities GBP as at 31 July 2023 is GBP 14 676.46.

## Note 13 – Subsequent event

There were no events after the year-end that require adjustment to or disclosure in the Financial Statements.

## Note 14 – Applicable law, place of performance and authoritative language

The Luxembourg District Court is the place of performance for all legal disputes between the shareholders, the Company and the Depositary. Luxembourg law applies. However, in matters concerning the claims of investors from other countries, the Company and/or the Depositary can elect to make themselves subject to the jurisdiction of the countries in which Company shares were bought and sold.

The English version of these financial statements is the authoritative version and only this version was audited by the auditor. However, in the case of Company shares sold to investors from the other countries in which Company shares can be bought and sold, the Company and the Depositary may recognise approved translations (i.e. approved by the Company and the Depositary) into the languages concerned as binding upon itself.

## Note 15 – OTC-Derivatives and Securities Lending

If the Company enters into OTC transactions, it may be exposed to risks related to the creditworthiness of the OTC counterparties: when the Company enters into futures contracts, options and swap transactions or uses other derivative techniques it is subject to the risk that an OTC counterparty may not meet (or cannot meet) its obligations under a specific or multiple contracts. Counterparty risk can be reduced by depositing a security. If the Company is owed a security pursuant to an applicable agreement, such security shall be held in custody by the Depositary in favour of the Company. Bankruptcy and insolvency events or other credit events with the OTC counterparty, the Depositary or within their subdepository/correspondent bank network may result in the rights or recognition of the Company in connection with the security to be delayed, restricted or even eliminated, which would force the Company to fulfill its obligations in the framework of the OTC transaction, in spite of any security that had previously been made available to cover any such obligation.

The Company may lend portions of its securities portfolio to third parties. In general, lendings may only be effected via recognized clearing houses such as Clearstream International or Euroclear, or through the intermediary of prime financial institutions that specialise in such activities and in the modus specified by them. Collateral is received in relation to securities lent. Collateral is composed of high quality securities in an amount typically at least equal to the market value of the securities loaned. UBS Europe SE, Luxembourg Branch, acts as securities lending agent.

### OTC-Derivatives\*

The OTC-derivatives of the below subfunds with no collateral have margin accounts instead.

Subfund Counterparty	Unrealized gain (loss)	Collateral received
<b>Global Opportunities Access – Balanced CHF</b>

Net Securities Lending revenues	71 097.12 EUR	182 572.60 EUR

\* Effective 1 June 2022, 30% of the gross revenue are retained as costs/fees by UBS Switzerland AG acting as securities lending service provider and 10% are retained by UBS Europe SE, Luxembourg Branch acting as securities lending agent.

# Appendix 1 – Global Exposure (unaudited)

## Risk management

Risk management in accordance with the commitment approach and the value-at-risk approach is applied pursuant to the applicable laws and regulatory provisions.

## Leverage

Leverage is defined pursuant to the applicable ESMA directives as the total of the notional values of the derivatives used by the respective subfund. According to this definition, leverage may result in artificially increased leverage amounts, as some derivatives that can be used for hedging purposes may be included in the calculation. Consequently, this information does not necessarily reflect the precise actual leverage risk that the investor is exposed to.

# Appendix 3 – Securities Financing Transaction Regulation (SFTR) (unaudited)

The Company engages in Securities Financing Transactions (hereafter “SFT”) (as defined in Article 3 of Regulation (EU) 2015/2365). Securities Financing transactions include repurchase transactions, securities or commodities lending and securities or commodities borrowing, buy-sell back transactions or sell-buy back transactions and margin lending transactions through its exposure on reverse repurchase agreements during the year. In accordance with Article 13 of the Regulation, information on securities lendings are detailed below:

## Global Data

The following table details the value of securities lending as a proportion of the subfund’s Net Assets Value as well as a proportion of the total lendable securities, as at 31 July 2023.

<b>Global Opportunities Access</b>	<b>Securities lent in % of Net Assets</b>	<b>Securities lent in % of Total Lendable Securities</b>
– Global Equities	5.98%	6.57%
– Global Equities II	6.54%	7.33%

The total amount (absolute value) of the securities lent is disclosed in Note 15 – OTC-Derivatives and Securities Lending.

## Data on collateral reused

Amount of collateral reused, compared with the maximum amount disclosed to investors: None

Cash collateral reinvestment income to the Company: None

## Concentration Data

Ten largest collateral issuers of SFTs per subfund:

## Data on income and expense for each type of SFT

All expenses relating to the execution of securities lending transactions and their collateralization are borne by the counterparties and the depositary.

Service providers that provide securities lending services to the Company have the right to receive a fee in line with market standards in return for their services. The amount of this fee is reviewed and adapted, where appropriate, on an annual basis. Currently, 60% of the gross revenue received in the context of securities lending transactions negotiated at arm's lengths is credited to the relevant subfund, while 40% of the gross revenue are retained as costs/fees by UBS Europe SE, Luxembourg Branch acting as securities lending agent and UBS Switzerland AG providing securities lending services. All costs/fees of running the securities lending programme are paid from the securities lending agents' portion of the gross income. This includes all direct and indirect costs/fees generated by the securities lending activities. UBS Europe SE, Luxembourg Branch and UBS Switzerland AG are part of the UBS Group.

## Income-Ratio (Company)

<b>Global Opportunities Access</b>	<b>Percentage</b>
– Global Equities	0.38%
– Global Equities II	0.36%

<b>Global Opportunities Access</b>	<b>Percentage</b>
– Global Equities	0.15%
– Global Equities II	0.14%

# Appendix 4 – Remuneration Policy (unaudited)

The Board of Directors of UBS Fund Management (Luxembourg) S.A. (the “Management Company” or the “AIFM”) has adopted a remuneration framework (the “Framework”) whose objectives are on one hand; to ensure that the remuneration framework is in line with the applicable laws and regulations, and more specifically with provisions defined under:

- (i) the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment in Transferable Securities as amended from time to time (the “UCITS Law”) transposing the UCITS Directive 2009/65/EC (the “UCITS Directive”) as amended by Directive 2014/91/EU (the “UCITS V Directive”);
- (ii) the Alternative Investment Fund Managers Directive (“AIFMD”) 2011/61/EU, transposed into the Luxembourg AIFM Law dated from 12 July 2013, as amended from time to time;
- (iii) the ESMA’s guidelines on sound remuneration policies under the UCITS Directive - ESMA/2016/575 and ESMA’s guidelines on sound remuneration policies under the AIFMD - ESMA/2016/579 both published on 14 October 2016;
- (iv) the CSSF Circular 10/437 on Guidelines concerning the remuneration policies in the financial sector issued on 1 February 2010;
- (v) the Directive 2014/65/EU on markets in financial instruments (MiFID II);
- (vi) the Commission Delegated Regulation 2017/565/EC of 25 April 2016 supplementing Directive 2014/65/EU (MiFID II Level 2);
- (vii) Regulation (EU) 2019/2088 of the European parliament and of the council of 27 November 2019 on sustainability-related disclosures in the financial services sector (“SFDR”);
- (viii) the CSSF Circular 14/585, transposing the ESMA Guidelines 2013/606 on remuneration policies and practices (MiFID ESMA Guidelines).

and on the other hand, to comply with the UBS Group AG (the “UBS Group”) Total Reward Principles.

The Framework is meant not to encourage excessive risk taking, to contain measures to avoid conflicts of interest, to be consistent with, and promote, sound and effective risk management, including sustainability risk where applicable, and to be consistent with the UBS Group business strategy, objectives and values.

More details about the Framework of the Management Company/the AIFM, which describes, but not limited to, how remuneration and benefits are determined, are available at <https://www.ubs.com/global/en/asset-management/investment-capabilities/white-labelling-solutions/fund-management-company-services/fml-procedures.html>.

The Framework is subject to an annual review by the control functions of the Management Company/the AIFM after review and update by the Human Resources department; and is approved by the Board of Directors of the Management Company/the AIFM. Last approval by the Board of Directors took place on 23 September 2022. The changes made to the Framework relate to the extension of the Management Company/the AIFM license to cover non-core services investment advice and reception and transmission of orders in relation to financial instruments.

## Application of the requirements and remuneration disclosure

In accordance with the Article 151 of the UCITS Law and Article 20 of the AIFM Law, the Management Company/the AIFM is required to disclose at least annually certain information concerning its remuneration framework and the practices for its Identified Staff.

The Management Company/the AIFM complies with the UCITS Directive/AIFMD principles in a way and to the extent that is appropriate to its size, internal organisation and the nature, scope and complexity of its activities.

Considering the total size of funds under management, both UCITS and AIFs although a significant portion is not complex or risky investment, the Management Company/the AIFM judges that the proportionality principle may not be applicable at the level of the company but at the level of the Identified Staff.

By application of the proportionality principle for the Identified Staff, the following requirements on pay-out processes for Identified Staff are not applied:

- The payment of variable remuneration in instruments related mainly to the funds in relation to which they perform their activities;
- Deferral requirements;
- Retention periods;
- Incorporation of ex-post risk factors (i.e. malus or clawback arrangements).

# Appendix 4 – Remuneration Policy (unaudited)

The deferral requirements remain however applicable when the employee's total annual compensation is exceeding the threshold defined under the UBS Group Compensation Framework; the variable compensation will be treated in line with the plan rules defined under the UBS Group Compensation Framework.

## Remuneration of Management Company/AIFM staff

The aggregate amounts of total remuneration, split into fixed and variable, paid by the Management Company/the AIFM to its staff and its Identified Staff during the financial year ended as at 31 December 2022 are as follows:

EUR 1 000	Fixed remuneration	Variable remuneration	Total remuneration	No of beneficiaries
All staff	10 669	1 787	12 456	100
- whereof Identified Staff	4 644	985	5 629	33
- thereof Senior Management*	2 341	714	3 055	11
- thereof Other Identified Staff	2 303	271	2 574	22

\* Senior Management includes the CEO, the Conducting Officers, the Head of Compliance and the Independent Director.

## Remuneration of delegates staff

As a market or regulatory practice develops UBS Asset Management may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other UBS fund disclosures in that same year.

For the year ending 31 December 2022, the aggregate total remuneration paid by the delegated Investment Manager to its Identified Staff in relation to the Fund amounted to EUR 620 345, of which EUR 227 879 represented the variable remuneration (14 beneficiaries).

\* The investments underlying this subfund do not take into account the EU criteria for environmentally sustainable economic activities (Art. 7 Taxonomy).

Consideration of sustainability risks are not integrated due to the investment strategy and the nature of the underlying investments (SFDR Art. 6). Sustainability risks are not currently expected to have a material impact on achieving the return objectives of the subfund.

The subfund does not consider principal adverse impacts on sustainability factors due to its investment strategy and the nature of the underlying investments (SFDR Art. 7).

## Article 8(1):

Global Opportunities Access – Sustainable Bonds  
Global Opportunities Access – Sustainable Equities

Consult the next pages for the periodic disclosure of the subfund referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852, and/or (if any) the subfunds referred to in Article 9, paragraphs 1 to 4a, of Regulation (EU) 2019/2088 and Article 5, first paragraph, of Regulation (EU) 2020/852.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

## ANNEX IV

Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

### Sustainable investment

means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

**Product name:** Global Opportunities Access – Sustainable Bonds

**Legal entity identifier:** 549300883RVIJ1HJFP21

## Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?

Yes

No

It made **sustainable investments with an environmental objective:** \_\_\_%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It made **sustainable investments with a social objective:** \_\_\_%

It **promoted Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of 87.97% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promoted E/S characteristics, but **did not make any sustainable investments**

### Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

**To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The subfund promotes environmental and/or social characteristics such as climate change, water, pollution and waste management, and gender-related matters, by investing in target funds and/or via Dedicated Portfolios ("Investment Strategies") which promote environmental (E) and/or social (S) characteristics and/or Investment Strategies with sustainable investment or a reduction in carbon emissions as their objective.

The extent to which the environmental and/or social characteristics promoted by this financial product were met is stated in the answer to the question "How did the sustainability indicators perform?" of this annex.

No ESG reference benchmark has been designated for the purpose of attaining the characteristics promoted by the financial product.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

## ● **How did the sustainability indicators perform?**

During the reference period, the percentage of the subfund's assets aligned with the promoted characteristic described above was higher than two thirds (i.e. the committed minimum threshold):

Percentage of the financial product aligned with the promoted characteristic: 94.55%

## ● **...and compared to previous periods?**

Not applicable. This is the first reference period.

## ● **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

The objectives of the sustainable investments that the subfund partially intends to make are to contribute to one or more sustainability topics such as, climate change, water, pollution and waste management, reduced inequalities, gender-related matters, and governance. These sustainable investments contribute to the objectives by investing in companies which have an economic activity which contributes to an environmental and/or a social objective, or in fixed income instruments which contribute to an environmental and/or a social objective.

As the subfund invests in financial products manufactured by different third parties, there are potential inconsistencies between the definition of how an underlying portfolio of a target fund contributes to environmental and/or social objectives as each target fund may have different criteria, approaches, and constraints, when defining the universe of sustainable investments.

## ● **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

As part of the due diligence and selection process, the Portfolio Manager checks if there are processes in place by the target funds to ensure that the sustainable investments do not cause significant harm to any environmental or social sustainable investment objective.

----- **How were the indicators for adverse impacts on sustainability factors taken into account?**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

As part of the due diligence and selection process, the Portfolio Manager checks if there are processes undertaken by the target funds to consider the indicators for adverse impacts on sustainability factors.

----- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

As part of the due diligence and selection process, the Portfolio Manager checks if there are processes undertaken by the target funds to align sustainable investments with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights.

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

*The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

## How did this financial product consider principal adverse impacts on sustainability factors?

The subfund invests in target funds with a minimum proportion of sustainable investments, and therefore considers principal adverse impact on sustainability factors. As part of the due diligence and selection process, the Portfolio Manager checks if there are processes undertaken by the target fund to consider principal adverse impacts on sustainability factors, such as exclusions of controversial weapons or contraventions of UN Global Compact principles.

## What were the top investments of this financial product?

Largest Investments	Sector	% Net Assets*	Country
Multi Manager Access II - European Multi Credit Sustainable	Investment funds	18.35	Luxembourg
Focused SICAV - World Bank Bond USD	Investment funds	15.15	Luxembourg
UBS Lux Fund Solutions - Sustainable Development Bank Bonds UCITS ETF	Investment funds	14.13	Luxembourg
Record UCITS ICAV - Record EM Sustainable Finance Fund	Investment funds	12.22	Ireland
Focused SICAV - World Bank Long Term Bond USD	Investment funds	12.05	Luxembourg
Federated Hermes SDG Engagement High Yield Credit Fund	Investment funds	8.55	Ireland
Multi Manager Access-Green, Social and Sustainable Bonds	Investment funds	6.09	Luxembourg
Multi Manager Access II - US Multi Credit Sustainable	Investment funds	6.08	Luxembourg
Neuberger Berman Global High Yield SDG Engagement Fund	Investment funds	3.59	Ireland

\*Minor differences with “Statement of Investments in Securities” might occur due to rounding in production system

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: 31 July 2023.

## What was the proportion of sustainability-related investments?

### ● What was the asset allocation?

The proportions of investments of the financial product were calculated as per the end of the reference period, which is: 31 July 2023.

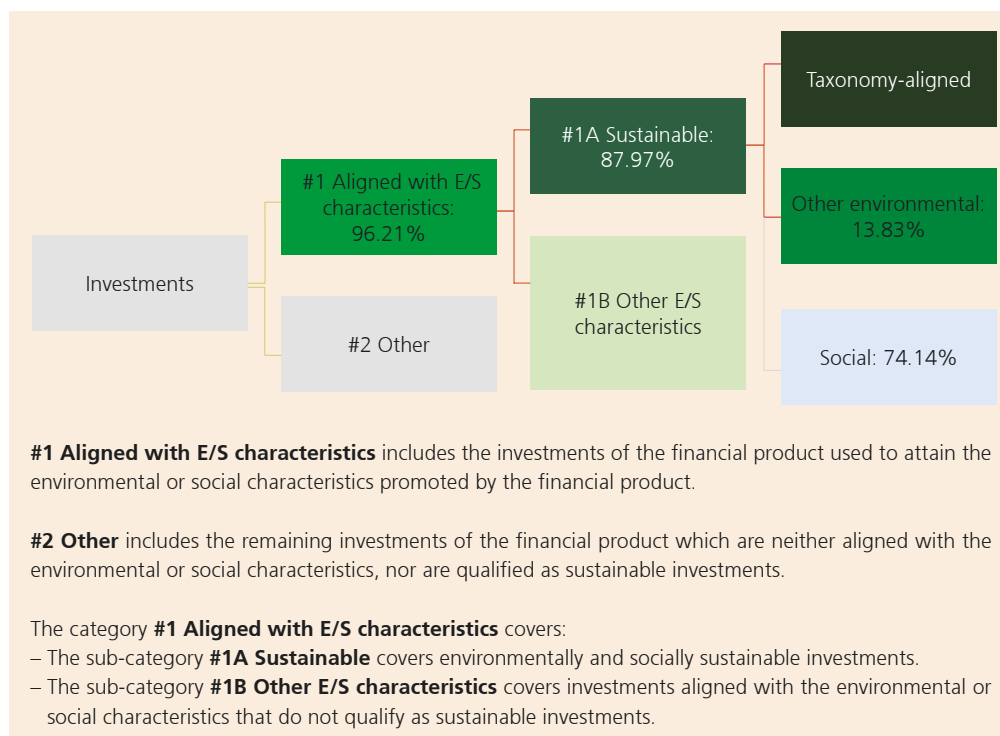

**Asset allocation** describes the share of investments in specific assets.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective.

**Transitional activities** are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

## ● **In which economic sectors were the investments made?**

Please refer to the section “Structure of the Securities Portfolio” of the relevant subfund of this Annual report to review the breakdown of the economic sectors where the investments were made.

## **To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

It has not been possible to collect data on the environmental objective(s) set out in Article 9 of the Taxonomy Regulation and on how and to what extent the investments underlying the financial product are in economic activities that qualify as environmentally sustainable under Article 3 of the Taxonomy Regulation (“Taxonomy Aligned Investments”). On that basis, the financial product has 0% Taxonomy Aligned Investments.

## ● **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy<sup>1</sup>?**

Yes:

In fossil gas     In nuclear energy

No

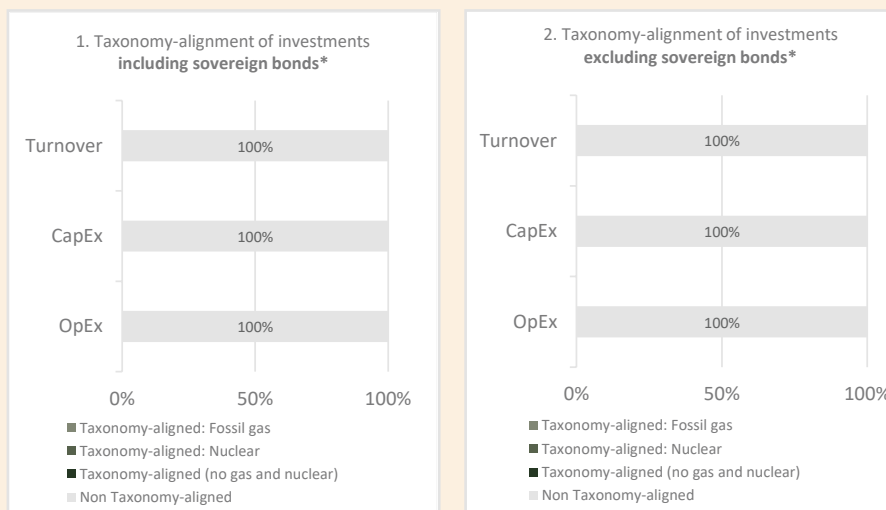

<sup>1</sup> Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

\* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● **What was the share of investments made in transitional and enabling activities?**

There is no commitment to a minimum proportion of investments in transitional and enabling activities.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable. This is the first reference period.

 are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

The financial product invests in economic activities which are environmentally sustainable but not EU Taxonomy aligned, this is due to the absence of the required implementing legislation and in particular the absence of the necessary taxonomy-related data provided by the investee companies and of a well-defined calculation methodology. The financial product targets a minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy greater than 0%.

**What was the share of socially sustainable investments?**

The financial product targets a minimum share of socially sustainable investments greater than 0%.

**What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?**

Included in "#2 Other" are cash and unrated instruments for the purpose of liquidity, efficient portfolio management and hedging. Unrated instruments may also include securities for which data needed for the measurement of attainment of environmental or social characteristics is not available.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

## **What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

During the reference period, the environmental and/ or social characteristics were met by following the investment strategy and applying exclusion criteria as per the sales prospectus. The investment strategies and/ or exclusion criteria are monitored to ensure adherence.

## **How did this financial product perform compared to the reference benchmark?**

No ESG reference benchmark has been designated for the purpose of determining whether the financial product is aligned with the characteristics that it promotes.

- ***How does the reference benchmark differ from a broad market index?***

Not applicable.

- ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

Not applicable.

- ***How did this financial product perform compared with the reference benchmark?***

Not applicable.

- ***How did this financial product perform compared with the broad market index?***

Not applicable.

### **Reference benchmarks**

are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

## ANNEX IV

Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

### Sustainable investment

means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

**Product name:** Global Opportunities Access – Sustainable Equities

**Legal entity identifier:** 5493007SHDTRRICLY90

## Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?

Yes

No

It made **sustainable investments with an environmental objective:** \_\_\_%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It made **sustainable investments with a social objective:** \_\_\_%

It **promoted Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of 61.33% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promoted E/S characteristics, but **did not make any sustainable investments**

### Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

**To what extent were the environmental and/or social characteristics promoted by this financial product met?**

The subfund promotes environmental and/or social characteristics such as climate change, water, pollution and waste management, and gender-related matters, by investing in target funds and/or via Dedicated Portfolios ("Investment Strategies") which promote environmental (E) and/or social (S) characteristics and/or Investment Strategies with sustainable investment or a reduction in carbon emissions as their objective.

The extent to which the environmental and/or social characteristics promoted by this financial product were met is stated in the answer to the question "How did the sustainability indicators perform?" of this annex.

No ESG reference benchmark has been designated for the purpose of attaining the characteristics promoted by the financial product.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

## ● **How did the sustainability indicators perform?**

During the reference period, the percentage of the subfund's assets aligned with the promoted characteristic described above was higher than two thirds (i.e. the committed minimum threshold):

Percentage of the financial product aligned with the promoted characteristic: 94.73%

## ● **...and compared to previous periods?**

Not applicable. This is the first reference period.

## ● **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

The objectives of the sustainable investments that the subfund partially intends to make are to contribute to one or more sustainability topics such as, climate change, water, pollution and waste management, reduced inequalities, gender-related matters, and governance. These sustainable investments contribute to the objectives by investing in companies which have an economic activity which contributes to an environmental and/or a social objective, or in fixed income instruments which contribute to an environmental and/or a social objective.

As the subfund invests in financial products manufactured by different third parties, there are potential inconsistencies between the definition of how an underlying portfolio of a target fund contributes to environmental and/or social objectives as each target fund may have different criteria, approaches, and constraints, when defining the universe of sustainable investments.

## ● **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

As part of the due diligence and selection process, the Portfolio Manager checks if there are processes in place by the target funds to ensure that the sustainable investments do not cause significant harm to any environmental or social sustainable investment objective.

### ----- **How were the indicators for adverse impacts on sustainability factors taken into account?**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

As part of the due diligence and selection process, the Portfolio Manager checks if there are processes undertaken by the target funds to consider the indicators for adverse impacts on sustainability factors.

### ----- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

The subfund has indirect exposure to sustainable investments via its investments in target funds with a minimum proportion of sustainable investments.

As part of the due diligence and selection process, the Portfolio Manager checks if there are processes undertaken by the target funds to align sustainable investments with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights.

**Principal adverse impacts** are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

*The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.*

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

*Any other sustainable investments must also not significantly harm any environmental or social objectives.*

## How did this financial product consider principal adverse impacts on sustainability factors?

The subfund invests in target funds with a minimum proportion of sustainable investments, and therefore considers principal adverse impact on sustainability factors. As part of the due diligence and selection process, the Portfolio Manager checks if there are processes undertaken by the target fund to consider principal adverse impacts on sustainability factors, such as exclusions of controversial weapons or contraventions of UN Global Compact principles.

\*Minor differences with “Statement of Investments in Securities” might occur due to rounding in production system

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: 31 July 2023.

## What was the proportion of sustainability-related investments?

### ● What was the asset allocation?

The proportions of investments of the financial product were calculated as per the end of the reference period, which is: 31 July 2023.

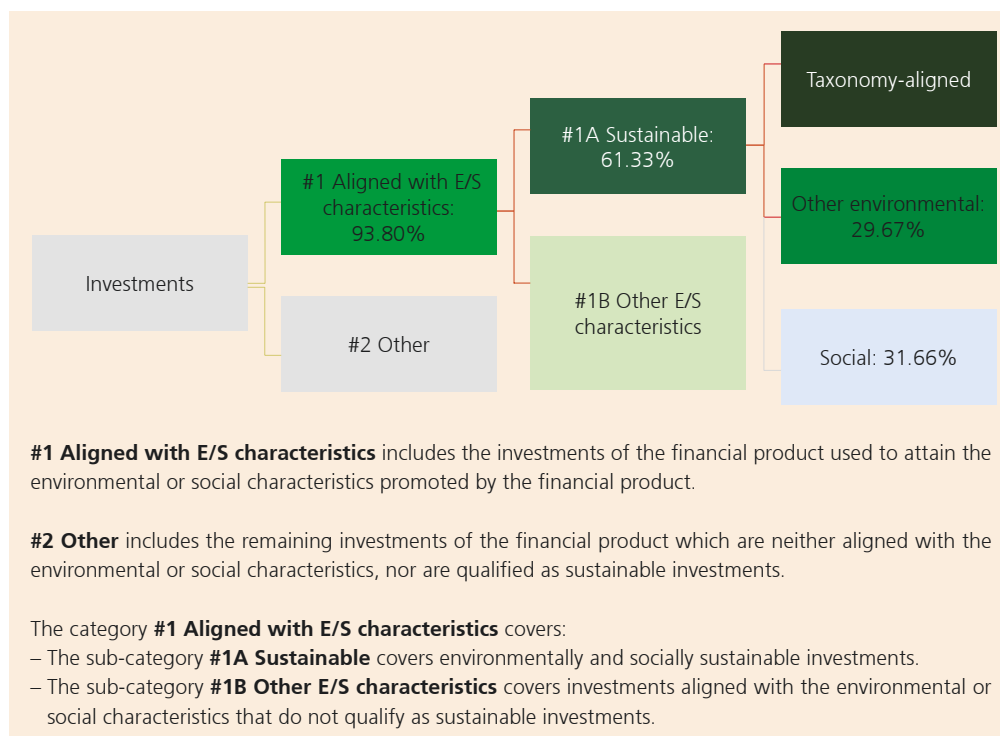

**Asset allocation** describes the share of investments in specific assets.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

**Enabling activities** directly enable other activities to make a substantial contribution to an environmental objective.

**Transitional activities** are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

## ● **In which economic sectors were the investments made?**

Please refer to the section “Structure of the Securities Portfolio” of the relevant subfund of this Annual report to review the breakdown of the economic sectors where the investments were made.

## **To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?**

It has not been possible to collect data on the environmental objective(s) set out in Article 9 of the Taxonomy Regulation and on how and to what extent the investments underlying the financial product are in economic activities that qualify as environmentally sustainable under Article 3 of the Taxonomy Regulation (“Taxonomy Aligned Investments”). On that basis, the financial product has 0% Taxonomy Aligned Investments.

## ● **Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy<sup>1</sup>?**

Yes:

In fossil gas     In nuclear energy

No

<sup>1</sup> Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

*The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

\* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● **What was the share of investments made in transitional and enabling activities?**

There is no commitment to a minimum proportion of investments in transitional and enabling activities.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable. This is the first reference period.

 are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

**What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

The financial product invests in economic activities which are environmentally sustainable but not EU Taxonomy aligned, this is due to the absence of the required implementing legislation and in particular the absence of the necessary taxonomy-related data provided by the investee companies and of a well-defined calculation methodology. The financial product targets a minimum share of sustainable investments with an environmental objective that are not aligned with the EU Taxonomy greater than 0%.

**What was the share of socially sustainable investments?**

The financial product targets a minimum share of socially sustainable investments greater than 0%.

**What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?**

Included in "#2 Other" are cash and unrated instruments for the purpose of liquidity, efficient portfolio management and hedging. Unrated instruments may also include securities for which data needed for the measurement of attainment of environmental or social characteristics is not available.

# Appendix 5 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

## **What actions have been taken to meet the environmental and/or social characteristics during the reference period?**

During the reference period, the environmental and/ or social characteristics were met by following the investment strategy and applying exclusion criteria as per the sales prospectus. The investment strategies and/ or exclusion criteria are monitored to ensure adherence.

## **How did this financial product perform compared to the reference benchmark?**

No ESG reference benchmark has been designated for the purpose of determining whether the financial product is aligned with the characteristics that it promotes.

- ***How does the reference benchmark differ from a broad market index?***

Not applicable.

- ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

Not applicable.

- ***How did this financial product perform compared with the reference benchmark?***

Not applicable.

- ***How did this financial product perform compared with the broad market index?***

Not applicable.

### **Reference benchmarks**

are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.
