What is this product?

Type

FULCRUM UCITS SICAV is an open-ended investment company organized under the laws of the Grand-Duchy of Luxembourg as a Société d'Investissement à Capital Variable in accordance with Part I of the Luxembourg law of December 17, 2010 relating to undertakings for collective investment as amended from time to time (hereafter the "UCI Law").

Term

This investment has no maturity date. Fulcrum UCITS SICAV has the right to terminate the product in a limited number of circumstances, as set out in the prospectus.

Objectives

The Sub-Fund seeks to achieve long-term absolute returns equal to the rate of inflation increased by +3% to 5% in all market conditions over rolling five year annualized periods, with lower volatility than equity markets. In doing so the Sub-Fund aims to achieve a positive return on a rolling three year basis. However, a positive return is not guaranteed and a capital loss may occur. The investment target of the Fund is 3-5 years, the holding period of 5 years allows for a typical cycle to play out.

Intended Retail Investor

The Sub-Fund is intended for retail investors (i) with knowledge and/or experience of these types of products, (ii) that have obtained appropriate investment advice and (iii) that have the ability to bear losses up to the amount they have invested in the Sub-Fund. The Sub-Fund will not be suitable for retail investors that are unable to sustain large short-term losses.

SFDR Classification

The Sub-Fund classifies as Article 6 under the EU's Sustainable Finance Disclosure Regulation ("SFDR") as it does not promote environmental and/or social characteristics. For more information please see the prospectus

Income Policy

This is an income class and dividends will be paid according to the prospectus.

Dealing Frequency

Investors may subscribe or redeem on a daily basis. Applications for subscriptions and redemptions must be received no later than 1pm Luxembourg time on the relevant valuation day. For more information please see the prospectus.

Additional Information

The Depositary of the Fund is J.P.Morgan SE, Luxembourg Branch.

More detailed information on the Fund, such as the prospectus, other classes, the key investor information, the statutes as well as the latest annual and semi-annual report, can be obtained free of charge, in English, from the Administrative Agent (J.P.Morgan SE, Luxembourg Branch), the Management Company or Investment Manager. This KID refers to a sub-fund of Fulcrum UCITS SICAV, the prospectus and the annual and semi-annual reports are prepared for the entire Fund. Investors may switch their investment from one sub-fund to another sub-fund according to the terms of the prospectus. The Transfer Agent (J.P. Morgan SE, Luxembourg Branch) can provide copies of the necessary forms. Information on other classes of the Sub-Fund can be obtained from the Investment Manager on +44 207 016 6450. The assets and liabilities of each Sub-Fund of the Fund are segregated and therefore investors in the Sub-Fund are not affected by the liabilities of other Sub-Funds of the Fund.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes that you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

If the product currency differs from your investment currency, the following applies: Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Further information on risks is detailed in the Fund's prospectus, available at www.fulcrumasset.com

This product does not include any protection from future market performance so you could lose some or all of your investment.

If we are not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

The figures shown include all the costs of the product itself, and includes the costs of your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

The unfavourable scenario occurred for an investment in the benchmark between February 2015 and February 2020.

The moderate scenario occurred for an investment between May 2018 and May 2023.

The favourable scenario occurred for an investment between August 2017 and August 2022.

Recommended holding period: 5 years. Example Investment: EUR 10,000.

What happens if Fulcrum UCITS SICAV is unable to pay out?

You may face a financial loss should the manufacturer or depositary default on their obligations. There is no compensation or guarantee scheme in place which may offset all or any of this loss.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are

illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year, you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	167 EUR	925 EUR
Annual cost impact (*)	1.7%	1.7% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 3.1% before costs and 1.4% after costs.

Composition of costs
