In 2020 we have seen the development of the covid-19 pandemic and a significant correction in the financial markets during the first quarter. Markets have mostly recovered through the end of the year, and the impact of the pandemic on the Company's activity finally appears not to be significant. The Board and the Management Company continue to watch the global situation very closely and monitor the economic and financial impact of the pandemic on the activity of the Company.

We anticipate that Alma Platinum IV will expand its client base in 2021.

Independent Auditor's Report

Opinion

We have audited the financial statements of Alma Platinum IV (the "Fund") including the sub-funds as listed below, which comprise the Statement of Net Assets and the Statement of Investments as at 31 January 2021, and the Statement of Operations and Changes in Net Assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

This report includes the following sub-funds:

- Alma Platinum IV Systematic Alpha
- Alma Platinum IV Selwood Market Neutral Credit

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and the sub-funds as listed above as at 31 January 2021, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (the "Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements" section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund and the sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or the sub-funds or to cease operations, or has no realistic alternative but to do so.

Independent Auditor's Report (continued)

Responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.
- Conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund or the sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Fund or the sub-funds to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements as at 31 January 2021

1. General

Alma Platinum IV (the "Company") is registered in the Grand Duchy of Luxembourg as an undertaking for collective investment pursuant to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment, as may be amended (the "Law"). The Company qualifies as an undertaking for collective investment in transferable securities ("UCITS") under Article 1(2) of the Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities as may be amended (the "UCITS Directive") and may therefore be offered for sale in each member state of the European Union ("EU Member State"), subject to registration.

The Company is an investment company that has been incorporated under the laws of the Grand Duchy of Luxembourg as a *société d'investissement à capital variable* ("SICAV") on 8 February 2002 for an unlimited period.

The Articles of Incorporation have been deposited with the Luxembourg Trade and Companies' Register ("*Registre de Commerce et des Sociétés de Luxembourg*") and have been published in the *Recueil des Sociétés et Associations* of the Grand Duchy of Luxembourg (the "*Mémorial*") on 1 March 2002. The Company is registered with the Luxembourg Trade and Companies' Register under number B-85.828. The Articles of Incorporation have been lastly amended by an extraordinary shareholders' meeting held on 11 January 2020. The minutes of such extraordinary shareholders' meeting were published in the *Mémorial* on 29 January 2020.

The Company is presently structured as an umbrella fund to provide investors with a variety of Sub-Funds of which the performance may be linked partially or fully to the performance of an underlying asset, such as, for instance, a basket of securities or an index (the "Underlying Asset").

The Shares are divided into Classes "I" and "R". Shares of Class "I" are available only to Institutional Investors whilst Shares of Class "R" are primarily designed for Retail Investors. Shares of Classes "I" and "R" may be further subdivided into Shares of Classes with different fee structures, currencies or other characteristics (identified by a combination of numbers and letters) and differentiated between Distribution Shares (identified by the letter "D") and Capitalisation Shares (identified by the letter "C"). Shares of Classes may be listed for trading on one or more stock exchanges.

As of 31 January 2021, the Company has 2 active Sub-Funds:

- Alma Platinum IV Systematic Alpha
- Alma Platinum IV Selwood Market Neutral Credit

2. Accounting Policies

The financial statements of the Company have been prepared according to accounting principles generally accepted in Luxembourg and applicable for investment funds. The significant accounting policies used detail as follows:

a) Valuation of investments

The Net Asset Value ("NAV") of the Sub-Funds shall be determined in accordance with the following rules:

- (i) The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid, and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is determined after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- (ii) Contracts for difference (CFD) and credit default swaps (CDS) are valued at market value established by reference to the underlying financial instrument.
- (iii) The value of all securities which are listed or traded on an official stock exchange or traded on any other Regulated Market are valued on the basis of their last available prices on the Business Day immediately preceding the Valuation Day or on the basis of the last available prices on the main market on which the investments of the Sub-Funds are principally traded. The Board of Directors will approve a pricing service which will supply the above prices. If, in the opinion of the Board of Directors, such prices do not truly reflect the fair market value of the relevant securities, the value of such securities will be determined in good faith by the Board of Directors either by reference to any other publicly available source, or by reference to such other sources, as it deems in its discretion appropriate.

Alma Platinum IV

Notes to the Financial Statements (continued) as at 31 January 2021

2. Accounting Policies (continued)

a) Valuation of investments (continued)

- (iv) Securities not listed or traded on a stock exchange or a Regulated Market are valued on the basis of the probable sales price, determined prudently and in good faith, by the Board of Directors.
- (v) Securities issued by open-ended investment funds are valued at their last available NAV or in accordance with item (iii) above where such securities are listed.
- (vi) The liquidating value of futures, forward or options contracts that are not traded on exchanges or on other organised markets shall be determined pursuant to the policies established by the Board of Directors, on a basis consistently applied. The liquidating value of futures, forward or options contracts traded on exchanges or on other organised markets is based upon the last available settlement prices of these contracts on exchanges and organised markets on which the particular futures, forward or options contracts are traded; provided that if a futures, forward or options contract could not be liquidated on such Business Day with respect to which a NAV is being determined, then the basis for determining the liquidating value of such contract is such value as the Board of Directors may deem fair and reasonable.
- (vii) Liquid assets and money market instruments may be valued at nominal value plus any accrued interest or using an amortised cost method. This amortised cost method may result in periods during which the value deviates from the price the relevant Sub-Fund would receive if it sold the investment. The Management Company may, from time to time, assess this method of valuation and recommend changes, where necessary, to ensure that such assets will be valued at their fair value as determined in good faith pursuant to procedures established by the Board of Directors. If the Board of Directors believes that a deviation from the amortised cost per Share may result in material dilution or other unfair results to Shareholders, the Board of Directors shall take such corrective action, if any, as they deem appropriate, to eliminate or reduce, to the extent reasonably practicable, the dilution or unfair results.
- (viii) The swap transaction will be valued on a consistent basis based on valuations to be received from the Swap Counterparty which may be bid, offer or mid prices as determined in good faith pursuant to procedures established by the Board of Directors. If, in the opinion of the Board of Directors, such values do not reflect the fair market value of the relevant swap transactions, the value of such swap transactions will be determined in good faith by the Board of Directors or by such other method as it deems in its discretion appropriate.
- (ix) All other securities and other permissible assets as well as any of the above mentioned assets for which the valuation in accordance with the above sub-paragraphs would not be possible or practicable, or would not be representative of their fair value, will be valued at fair value, as determined in good faith pursuant to procedures established by the Board of Directors.
- (x) A Swaption can be defined as the option to enter into an interest rate swap. In exchange for an option premium, the buyer gains the right but not the obligation to enter into a specified swap agreement with the issuer on a specified future date. Swaptions open at year end are disclosed in Note 13.

b) Net realised gain / (loss) on sale of investments

The net realised gain or loss on sale of investments is determined on the basis of the average cost of investments sold.

c) Conversion of foreign currencies

The accounts of the various Sub-Funds are expressed in the following currencies:

- Alma Platinum IV Systematic Alpha	USD
- Alma Platinum IV Selwood Market Neutral Credit	EUR

The values of assets denominated in currencies which are different to a Sub-Fund's currency are translated into that Sub-Fund's currency at the exchange rates prevailing as at 31 January 2021.

The costs of investments expressed in currencies which are different to a Sub-Fund's currency are translated into that Sub-Fund's currency at the exchange rate prevailing at the purchase date.

f) Income

Interest income is accrued pursuant to the terms of the underlying investment. Income is recorded net of respective withholding taxes, if any. Dividends are recognised on ex-date.

3. Taxation

Under current law and practice, the Company is not liable to any Luxembourg income tax.

The Company is, however, liable in Luxembourg to a subscription tax ("*Taxe d'Abonnement*") of 0.05 per cent per annum in respect of Shares of Class "R" and of 0.01 per cent per annum in respect of Shares of Class "I" in accordance with Article 174 of the Law.

Investments by a Sub-Fund in shares or units of another Luxembourg undertaking for collective investment are excluded from the Net Asset Value of the Sub-Fund serving as basis for the calculation of the *Taxe d'Abonnement* payable by that Sub-Fund.

Sub-Funds that comply with the following conditions are also exempt from the *Taxe d'Abonnement*: (i) the Sub-Fund's Shares are reserved for Institutional Investors and, (ii) the exclusive objective is the collective investment in money market instruments or deposits with credit institutions and, (iii) the weighted residual portfolio maturity does not exceed 90 days and (iv) the Sub-Fund has obtained the highest possible ranking by a recognised rating agency. In case of several Share Classes within a Sub-Fund, the exemption only applies to the Share Classes whose Shares are reserved for Institutional Investors.

The exemption also applies to Sub-Funds whose securities are reserved for pension funds or companies set up by one or more employers for the benefit of their employees; or Sub-Funds whose main objective is the investment into microfinance institutions; or Sub-Funds whose securities (i) are listed or traded on at least one stock exchange or another regulated market operating regularly, recognised and open to the public and (ii) whose exclusive objective is to replicate the performance of one or more indices, it being understood that this condition of exclusive objective does not prevent

the management of liquid assets, if any, on an ancillary basis, or the use of techniques and instruments used for hedging or for purposes of efficient portfolio management. A Grand-Ducal regulation may determine additional or alternative criteria with respect to the indices under that exemption (in case of several Share Classes within a Sub-Fund, the exemption only applies to the Share Classes fulfilling the condition of sub-point (i) above).

The *Taxe d'Abonnement* is payable quarterly on the basis of the Net Asset Value of the Sub-Fund at the end of the relevant calendar quarter. The benefit of the 0.01 per cent *Taxe d'Abonnement* is available to Shares of Class "I" on the basis of the Luxembourg legal, regulatory and tax provisions as these are known to the Company at the time of admission of an investor in such Classes of Shares. Such assessment is subject to such changes in the laws and regulations of Luxembourg and to such interpretation on the status of an eligible investor in the Shares of Class "I" by any competent Luxembourg authority as will exist from time to time. Any such reclassification made by an authority as to the status of an investor may submit the entire class to a *Taxe d'Abonnement* at the rate of 0.05 percent per annum.

No stamp or other tax will be payable in Luxembourg in connection with the issue of Shares by the Company.

Under current law and practice in Luxembourg, no capital gains tax is payable on the realised capital appreciation of the assets of the Company and no tax is payable on the investment income received in respect of the assets. Investment income for dividends and interest received by the Company may however be subject to withholding taxes in the country of origin at varying rates. Such withholding taxes are not recoverable.

Under the Belgian Finance Act of 22 December 2003, a 0.06% yearly tax was applied on all money originating from Belgium included in the Company at December 31 of the prior year. This tax rate has been increased to 0.07% in 2005, to 0.08% in 2007, to 0.0965% in 2013 and decreased to 0.0925% from 2014 onwards.

4. Management Company Fee

In accordance with and subject to the terms of the Management Company Agreement, the annual Management Company Fee is accrued on each calendar day and is calculated on each Valuation Day on the basis of a percentage (i) of the last available Net Asset Value of each Sub-Fund or Class of Shares or (ii) the Initial Issue Price multiplied by the number of outstanding Shares of each Sub-Fund or Class of Shares (as indicated for each Sub-Fund or Class of Shares in the relevant Product Annex). The Management Company Fee is payable monthly. The Management Company is also entitled to receive reimbursements for any reasonable expenses that were made in its capacity as management company of the Company in the context of the execution of the Management Company Agreement and that were not reasonably foreseeable in the ordinary course of business.

Some of the Investment Managers are remunerated by the Management Company out of the Management Company Fee.

6. Performance Fee

Performance Fees exist for 2 Sub-Funds:

1) Alma Platinum IV Systematic Alpha

For all Share Classes, if the Gross Asset Value per Share for a Share Class is above the relevant High Water Mark, an amount per Share, calculated on each Valuation Day, equal to 18% of the Daily Return.

Each Performance Fee Amount, positive or negative, will contribute to the accrued performance fee of that Share Class and will be reflected in the Net Asset Value.

where:

“Daily Return” means the difference between the Gross Asset Value per Share and the larger of a) the prior day Net Asset Value per share and b) the High Water Mark.

“Gross Asset Value” means, on any Valuation Day, the Net Asset Value of the relevant Share Class calculated on such Valuation Day without taking into account any deduction for the Valuation Day’s Performance Fee Amount.

“Gross Asset Value per Share” means, on any Valuation Day, the Gross Asset Value attributable to all the Shares issued in a respective Share Class, divided by the number of Shares issued by the relevant Share Class.

“High Water Mark” means on any Valuation Day:

- (i) up to, and including, the first Performance Fee Period End Date as of which the Net Asset Value per Share is greater than the High Water Mark, the Initial High Water Mark increased by the cumulative Hurdle Adjustments in relation to each Valuation Day from, and including 1st July 2019, to and including such Valuation Day; and
- (ii) thereafter the Net Asset Value per Share as at the most recent Performance Fee Period End Date as of which the Net Asset Value per Share was higher than the High Water Mark increased by the cumulative Hurdle Adjustments in relation to each Valuation Day from, and excluding, such Performance Fee Period End Date to, and including, such Valuation Day.

“Initial High Water Mark” for a Share Class will be determined by the Board of Directors as of 1st July 2019.

“Hurdle Rate” means the 3-month LIBOR rate of the respective Share Class Currency (subject to a floor of 0%), which is reset at the end of each quarter (on the last Valuation Day in March, June, September and December) for the following calendar quarter. If LIBOR ceases to be available or, in the opinion of the Board of Directors, ceases to be a suitable rate for this purpose, then the Board of Directors may determine a replacement rate at its sole discretion.

“Hurdle Adjustment” on any Valuation Day is the product of (a) the Net Asset Value per Share at the end of the most recent Performance Fee Period End Date as of which the Net Asset Value per Share was higher than the High Water Mark (or, if there is no such Performance Period End Date, the Initial High Water Mark), (b) the applicable Cash Management Portfolio Ratio for that Valuation Day and (c) the number of days since the last Valuation Day divided by 365 times the applicable Hurdle Rate.

“Cash Management Portfolio Ratio” is the ratio of the Cash Management Portfolio in the Sub-Fund as compared to the Sub-Fund’s Net Asset Value, determined at the end of each month for the following calendar month.

For the avoidance of doubt, Performance Fee calculations take into account dividends paid (if any) during the Performance Fee Period.

“Performance Fee Period End Dates” means the last Valuation Day of June in each year.

“Performance Fee Period” means the period from, but excluding a Performance Fee Period End Date to, and including, the next succeeding Performance Fee Period End Date, provided that the first Performance Fee Period will commence on the Launch Date and end on the first Performance Fee Period End Date.

“Performance Fee Payment Dates” means the Performance Fee Amounts (negative and positive) that have accrued for a Performance Fee Period will be aggregated and if this is a positive amount it shall be payable out of the assets of the Sub-Fund on an annual basis, within 14 Business Days following each Performance Fee Period End Date.

If a Share is redeemed during a Performance Fee Period and prior to a Performance Fee Period End Date, the accrued but unpaid Performance Fee Amounts calculated in respect of such Share as at the Valuation Day as of which such Share is

- (iv) for I2C Share Classes, 15% of the Daily Percentage Return; and
- (v) for I3C Share Classes, 10% of the Daily Percentage Return.

Each Performance Fee Amount, positive or negative, will contribute to the accrued performance fee of that Share Class and will be reflected in the Net Asset Value.

Where:

“Daily Percentage Return” means the percentage return between the Gross Asset Value per Share and the larger of a) the prior day Net Asset Value per share and b) the High Water Mark.

“High Water Mark” means (i) on any Valuation Day up to, and including, the first Performance Fee Period End Date, the Initial Issue Price and (ii) on any Valuation Day thereafter, the greater of (a) the Net Asset Value per Share as at the first immediately preceding Performance Fee Period End Date in respect of which a Performance Fee was payable and (b) the Initial Issue Price.

“Performance Fee Period End Dates” means the last Valuation Day of December in each year.

“Performance Fee Period” means the period from, but excluding a Performance Fee Period End Date to, and including, the next succeeding Performance Fee Period End Date, provided that the first Performance Fee Period will commence on the Launch Date and end on the first Performance Fee Period End Date.

14. Dividend payment

15. Soft Commissions (unaudited)

No soft commission arrangements were entered into by the Management Company, State Street Global Advisors Limited or Winton Capital Management Limited with brokers during the period in relation to the Company.

As of 3 January 2018 due to new rules relating to the receipt of research by portfolio managers pursuant to Article 24(8) of Directive 2014/65/EU on Markets in Financial Instruments ("MiFID II") as implemented into the FCA rules Selwood Asset Management LLP had to make changes to the way in which it pays for research. As such Selwood Asset Management LLP has established a "research payment account" from which it may pay for research that it receives from third parties in connection with the provision of services to its clients including the Sub-Fund. A "Research Charge" will be collected from the Sub-Fund on behalf of Selwood Asset Management LLP on an annual basis and accrued daily in the Net Asset Value of the Sub-Fund. Research charges collected from other funds whose assets are managed by Selwood Asset Management LLP who pursue the same or a similar strategy to the Sub-Fund (and, therefore, who benefit from the same research as the Sub-Fund) will also be transferred into the research payment account. The research charges transferred to the account will then be used by Selwood Asset Management LLP to pay for research used by it to make investment decisions for all such funds whose assets are managed by it (including the Sub-Fund). Selwood Asset Management LLP has adopted procedures (including the setting of a research budget) to ensure that each client pays only its proportionate share of Selwood Asset Management LLP's research costs ("Research Budget").

16. Pre-Hedging

Sub-Funds to which a Maturity Date is designated will follow an investment strategy that aims at providing investors with one or more predefined payout(s) upon maturity of the Sub-Fund. The predefined payout(s) may be either relating to minimum payout(s) or to fixed payout(s).

The ability to provide investors with such a predefined payout is dependent upon a number of parameters, including certain market movements between the determination of the payout upon the inception of the Sub-Fund and the moment the Sub-Fund or one of its particular Share Classes is launched.

In order to avoid any adverse effect of such market movements, the Sub-Fund intends to take pre-hedging arrangements to the extent and size required to deliver the pre-defined payout and in accordance with the Investment Restrictions. The cost per Share of such pre-hedging transactions will be equal to the difference between the Initial Issue Price per Share and the value per Share of the Sub-Fund's portfolio (or in the case of the launch of a new Share Class, the value per Share of the Sub-Fund's portfolio attributable to such Share Class) (including such pre-hedging transactions) at the Launch Date.

This cost (the "Pre-Hedging Costs") represents the cost of the Swap Counterparty bearing the market risk of entering into such pre-hedging arrangements prior to the Launch Date. Such Pre-Hedging Costs will be accounted for in the relevant OTC Swap Transaction(s) and accordingly in determining the NAV per Share. Therefore, such Pre-Hedging Costs will when positive be borne by investors upon subscription. In the event that the value per Share of the Sub-Fund's portfolio at the Launch Date is higher than the Initial Issue Price per Share, the Pre-Hedging Costs will be negative and the Swap Counterparty will bear such negative Pre-Hedging Costs.

The Pre-Hedging Costs as determined above may continue to be borne by new investors in the Sub-Fund, or Class of Shares, as applicable, for a period after the Launch Date, in order to avoid any dilution of the investments made by the

Alma Platinum IV

Notes to the Financial Statements (continued) as at 31 January 2021

16. Pre-Hedging (continued)

investors who invested into the Sub-Fund on or during such period after the Launch Date. Such period will be agreed by the Swap Counterparty and the Management Company on or about the Launch Date and shall expire no later than one year after the Launch date.

After such period of time, the Pre-Hedging Costs will be either written off or accrued, as appropriate, over a predefined period of time, unless otherwise specified in the Sub-Fund's Product Annex.

This note is not applicable for this financial year.
