What is this product?

Type

The fund is a compartment of MFS Meridian® Funds established in Luxembourg as an investment company with variable capital (Société d'Investissement à Capital Variable or "SICAV"). The assets of each compartment are segregated by law. The fund qualifies as an Undertaking for Collective Investment in Transferable Securities (a UCITS fund). As an investment fund, the return of the fund depends on the performance of its underlying assets.

Term

The fund has no fixed maturity date. However, the fund may be liquidated following notice to investors and subject to other conditions as described in the fund's Prospectus. The recommended holding period of the fund is 5 years.

You may request to redeem or exchange your shares on any business day of the MFS Meridian Funds (please see the fund's Prospectus). Information about other classes of the fund available in your country is available at meridian.mfs.com or from your financial intermediary.

Objectives

The fund's objective is total return, measured in U.S. dollars.

The fund invests primarily (at least 70%) in emerging market debt instruments. The fund generally focuses its investments U.S. dollar denominated emerging market debt instruments and government and government-related issuers, but may also invest in other emerging market debt instruments. The fund may invest all of its assets in below investment grade debt instruments. The fund will promote an environmental characteristic under Article 8 of Regulation (EU) 2019/2088 of 27 November 2019 on sustainability-related disclosures in the financial sector ("SFDR") (see the fund's Prospectus and website for more information). The Investment Manager may also consider environmental, social and governance (ESG) factors in its fundamental analysis alongside other factors. The fund may use derivatives for hedging and/or investment purposes but will not extensively or primarily use derivatives to achieve the fund's investment objective.

For information about the fund's risks, please see the fund's Prospectus.

The fund's benchmark, JP Morgan Emerging Markets Bond Index Global Diversified (USD), has been designated for performance comparison only. Although the fund's investments will generally be represented in the benchmark, components are likely to be weighted differently from the benchmark and the fund is likely to invest outside of the benchmark to take advantage of attractive investment opportunities. The fund is actively managed within its objectives and the investment strategy will not restrict the extent to which portfolio holdings may deviate from the benchmark. It is expected that the fund's deviation from the benchmark will be significant, however, factors such as a low volatility environment, high correlation among issuers or lack of attractive investment opportunities outside the benchmark may limit the fund's ability to achieve performance differentiation versus the benchmark for a given period.

Currency Hedging. MFS will generally enter into currency hedging transactions for this class with the aim to reduce exchange rate and return fluctuations between the class and U.S. dollars, the base currency class of the fund.

Distributions. Income (net of expenses) will be distributed to shareholders monthly.

Depository. The fund's depository is State Street Bank International GmbH, Luxembourg Branch.

Intended Retail Investor

The fund is intended as a long term investment for investors who have the ability to bear fluctuations in the value of their investment, including in extraordinary market conditions, the total loss of their investment. The fund is available for investors with basic knowledge of financial instruments and limited or no previous experience investing in pooled investment products. Notwithstanding the above, investment decisions should be based on each investor's specific risk profile and investment portfolio.

Additional Information. Copies of the fund's Prospectus and the annual and half-yearly reports of the fund are available in English free of charge from the MFS Meridian Funds, c/o State Street Bank International GmbH, Luxembourg Branch, 49, Avenue J.F. Kennedy, L-1855 Luxembourg, Grand-Duchy of Luxembourg, or at meridian.mfs.com. Other information about the fund, including share prices, is also available at meridian.mfs.com.

For more information about the fund's expenses, please see "Fund Profiles" section in the prospectus, which is available at meridian.mfs.com.

How long should I hold it and can I take money out early?

Recommended holding period: 5 years.

The fund has no required minimum holding period. You may request, on any business day of the fund, to redeem your shares in the currency in which the purchase was made at their net asset value. Please see the fund's Prospectus for more information. Due to potential volatility of returns, you should be prepared to stay invested for at least 5 years. However, we believe holding investments over a full market cycle provides the best opportunity for investors to realize the value of the active investment approach utilized in the management of the fund.
