Date of Production of the KID: 12 April 2024

What is this product?

Type

An undertaking for collective investment organised under the laws of the Grand Duchy of Luxembourg organised as a société d'investissement à capital variable (SICAV). The Sub-Fund is registered pursuant to Part I of the Law of 17 December 2010.

Term

The term of the Sub-Fund is unlimited and therefore there is no maturity date. The Manufacturer may not unilaterally terminate the Fund, however, the directors of the Sub-Fund and/or the investors of the Sub-Fund may in certain circumstances set out in the Prospectus and constitutive document of the Sub-Fund, unilaterally terminate the Fund. Cases of automatic termination may be foreseen by laws and regulations applicable to the Sub-Fund.

Objectives

Investment Objective

This Sub-Fund invests in a diversified portfolio consisting primarily of high yield fixed income / debt securities issued by Asian entities or their subsidiaries. This Sub-Fund's portfolio primarily consists of securities denominated in US dollars as well as the various Asian currencies and aims to maximize total returns through investing primarily in fixed income / debt securities rated below BBB-.

SFDR Classification: The Sub-Fund qualifies as an Article 8 fund

Investment Policy

In choosing investments, the investment manager combines overall economic and credit research with research into individual issuers.

The Sub-Fund may invest up to 20% of its net assets in ABS, MBS, Contingent Convertible Bonds ("CoCos"), Distressed Securities and Defaulted Securities, with a limit of 10% for Distressed Securities and Defaulted Securities. The Sub-Fund may invest less than 30% of its net assets in debt instruments with loss absorption features out of which up to 10% of its net assets may be invested in CoCos with loss absorption features. In addition, the Sub-Fund may invest up to 10% of its net assets in synthetic fixed income instruments (including credit-linked notes). It may also hold up to 10% of its net assets in equity securities to the extent

that such securities result from the conversion or exchange of a preferred stock or debt obligation.

The Sub-Fund may make investments up to 10% of its net assets in Chinese onshore debt securities through the China interbank bond market direct access program (the "CIBM Direct Access Program") and/or China Hong Kong Bond Connect ("Bond Connect").

Benchmark This Sub-Fund aims to outperform the return of JP Morgan Asia Credit Non-Investment Grade Index ("Benchmark"). The Sub-Fund is actively managed.

Currency ZAR

Your shares will be "hedged" with the aim of protecting them from exchange rate fluctuations between their denominated currency (the "Share class reference currency") and the base currency of the Fund. Hedging also has the effect of limiting the potential for currency gains to be made.

Share Class Policy The shares in mention are distributing shares (shares that distribute dividends).

Processing of subscription and redemption orders

You can place orders to buy or sell shares at any time. Orders placed before 2 PM (Luxembourg time) and on any day that is a banking day in Luxembourg and in the country or countries where the majority of the Sub-Fund's assets are invested will generally be processed that day

Intended retail Investor

Shares in the Sub-Fund are suitable for any investor (i) for whom an investment in the Sub-Fund does not constitute a complete investment program; (ii) who fully understands and is willing to assume the risks involved in the Sub-Fund's investment program; (iii) who understands that they may not recover the invested amount; and (iv) who are looking for medium term investment.

Depositary

The Bank of New York SA/NV Luxembourg branch

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will

lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

There are other risks materially relevant to the PRIIP which are not included in the summary risk indicator. For more information, please refer to the prospectus.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

Recommended holding period:		5 years	
Example Investment:		100000 ZAR	
		If you exit after 1 year	If you exit after 5 years
Scenarios			
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	54290 ZAR	49630 ZAR
	Average return each year	-45.71%	-13.07%
Unfavourable	What you might get back after costs	58230 ZAR	63930 ZAR
	Average return each year	-41.77%	-8.56%
Moderate	What you might get back after costs	104120 ZAR	136250 ZAR

What happens if Eastspring Investments (Luxembourg) S.A. is unable to pay out?

The assets of the Sub-Fund are held in safekeeping by its depositary. In the event of the insolvency of the Manager, the Sub-Fund's assets in the safekeeping of the Depositary will not be affected. However, in the event of the Depositary's insolvency, or someone acting on its behalf, the Sub-Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the Sub-Fund. The Depositary will also be liable to the Sub-Fund and the investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfil its obligations (subject to certain limitations).

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario
- ZAR 100,000.00

	If you exit after 1 year	If you exit after 5 years
Total costs	4250 ZAR	12610 ZAR
Annual cost impact (*)	4.3%	1.9% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 8.3 % before costs and 6.4 % after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Please note that the figures shown here do not include any additional trailing or upfront fees that may be charged by your distributor, advisor or any insurance wrapper in which the fund may be placed.
