## What is this product?

### TYPE OF PRODUCT

The product is a sub-fund of DECALIA SICAV, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

### TERM

The Sub-Fund is established for an unlimited duration. However, the board of directors may decide to close this product under certain circumstances.

### OBJECTIVES

#### Objectives and investment policy

The Sub-Fund's investment objective is to capitalize on the growth of disruptive and innovating sectors and companies that will shape our future society through the construction of a global equity portfolio centered on 7 themes: Security, O2 and Ecology, Cloud & Digital, Industrial 5.0, Elder & Wellbeing, Tech Med, Young Generation.

The Sub-Fund will mainly invest in equities and equity related securities of companies that trend or are oriented to at least one of the 7 themes above-mentioned.

If the Sub-Fund can invest in companies of any market capitalisation, a large part of investments can be made in mid and small capitalisation companies.

The Sub-Fund may be exposed to any country (including emerging countries, up to 20% of the Sub-Fund's net assets), to any economic sector (with the nucleus on the above-mentioned 7 themes / economic sectors) and to any currency. However, depending on financial market conditions, the investments / exposure may be focused on one country or on a limited number of countries and/or one economic activity sector and/or one currency.

The Sub-Fund will invest in the following limits:

- A maximum of 10% of its net assets in closed-ended REITs qualifying as transferable securities;
- Maximum 10% of its net assets in SPACs (Special Purpose Acquisition Companies vehicles);
- A maximum of 10% of its net assets in China A-shares, via the use of Stock Connect markets.

On an ancillary basis, the Sub-Fund can invest any other type of eligible assets, such as investment grade money market instruments and debt securities, cash, structured products, undertakings for collective investment (UCIs).

However, the Sub-Fund will invest a maximum 10% of its net assets in UCIs.

Under exceptional circumstances, if the investment manager considers this to be in the best interest of the shareholders, on a temporary basis and for defensive purposes, the Sub-Fund may also hold, up to 100% of its net assets, in cash and cash equivalents.

**Derivatives** The Sub-Fund may use all types of financial derivative instruments traded on a regulated market and/or over the counter, for hedging and for investment purposes. Nevertheless, in normal market conditions, the investment manager intends to use futures and options offering an exposure to equities and currency derivatives.

**Benchmark** The Sub-Fund is actively managed. The index MSCI World Net Total Return in EUR (and denominated in the currency of the non-hedged share classes) is only used for the calculation of the performance fee (payable to the investment manager) and for performance comparison purposes. The Sub-Fund does not track the index and can deviate significantly or entirely from the index.

**ESG information** The Sub-Fund is categorized as a financial product falling under the scope of **article 8** of the **SFDR** because it is focused on companies with good and improving ESG profiles. These companies are identified upon a three-pillar approach, normative ESG screening, controversial approach and exclusions and a proprietary qualitative ESG approach.

**Dividend Policy** This Class is cumulative. Dividend distributions are not planned.

**Share Class Currency** The currency of the Class is EUR.

The recommended holding period of this product is determined to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The return of the product is determined using the Net Asset Value (the "NAV") calculated by FundPartner Solutions (Europe) S.A. (the "Administrative Agent"). This return depends mainly on the market value fluctuations of the underlying investments.

### INTENDED RETAIL INVESTOR

The product is suitable for retail investors with limited knowledge of the underlying financial instruments and no financial industry experience. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

### OTHER INFORMATION

**Depository** Bank Pictet & Cie (Europe) AG, succursale de Luxembourg (the "Depository").

**Asset segregation** The assets and liabilities of each sub-fund are segregated by law, which means that the performance of the assets in other sub-funds does not influence the performance of your investment.

**Dealing** The NAV of the Sub-Fund shall be calculated on each Business Day (the "Calculation Day"), on the basis of the pricing of the preceding Business Day (the "Valuation Day"). For any subscription or redemption request received by the Fund, prior to 12:00 p.m. Luxembourg time, at the Valuation Day, the NAV calculated on the Calculation Day will be applicable.

**Switching** Shareholders may apply for any share of any sub-fund or class to be converted into shares of another sub-fund or class, provided that the conditions for accessing the target class, are fulfilled, on the basis of their respective NAV calculated on the Valuation Day following receipt of the conversion request. The redemption and subscription costs connected with the conversion may be charged to the shareholder as indicated in the prospectus. For details about how to switch between sub-funds or classes, please refer to the prospectus, section which details the switch between sub-funds or classes, which is available at [www.fundsquare.net](http://www.fundsquare.net).

**Additional Information** More detailed information on the Fund, such as the prospectus, other classes, the key information, the latest NAV, the articles of incorporation as well as the latest annual and semi-annual report, can be obtained free of charge, in English, from the Administrative Agent, the distributors, the Management Company or online at [www.fundsquare.net](http://www.fundsquare.net).

This key information document describes the Class of one sub-fund of the Fund. For more information about other sub-funds, please refer to the prospectus and periodic reports that are prepared for the entire Fund.

## What are the risks and what could I get in return?

### Risk indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The essential risks of the investment fund lie in the possibility of depreciation of the securities in which the fund is invested.

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable proxy over the last 10 years. Markets could develop very differently in the future.

<b>Recommended holding period (RHP): Example investment</b>	<b>5 years EUR 10,000</b>		
	<b>If you exit after 1 year</b>	<b>If you exit after 5 years</b>	

Scenarios				
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.			
<b>Stress scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 5,920 -40.8%	EUR 1,480 -31.8%	
<b>Unfavourable scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 7,070 -29.3%	EUR 8,830 -2.5%	This type of scenario occurred for an investment in the product between December 2021 and December 2023.
<b>Moderate scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 10,590 5.9%	EUR 13,770 6.6%	This type of scenario occurred for an investment in the proxy then the product between July 2017 and July 2022.
<b>Favourable scenario</b>	<b>What you might get back after costs</b> Average return each year	EUR 14,040 40.4%	EUR 17,250 11.5%	This type of scenario occurred for an investment in the proxy between October 2016 and October 2021.

The stress scenario shows what you might get back in extreme market circumstances.

## What happens if FundPartner Solutions (Europe) S.A. is unable to pay out?

The Management Company is not making any payment to you in relation to the Sub-Fund and you would still be paid in case of a default from the Management Company.

The Sub-Fund's assets are held with a separate company, the Depository, so the Sub-Fund's ability to pay out would not be affected by the insolvency of the Management Company. However, in the event of the Depository's insolvency, or its delegates, the Sub-Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depository is required by law and regulation to segregate its own assets from the assets of the Sub-Fund. The Depository will also be liable to the Sub-Fund or its investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfill its obligations (subject to certain limitations).

If the Sub-Fund is terminated or wound up, the assets will be liquidated and you will receive an appropriate share of any proceeds but you may lose part or all of your investment.

There is no compensation or guarantee scheme protecting you from a default of the Depository.

## What are the costs?

**The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.**

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10,000 is invested

Investment of EUR 10,000	If you exit after 1 year	If you exit after 5 years
<b>Total costs</b>	EUR 238	EUR 1,607
<b>Annual cost impact (*)</b>	2.4%	2.4%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 9.0% before costs and 6.6% after costs.

#### Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee for this Class. The person selling you this product may charge up to 5.00%.	Up to EUR 500
Exit costs	We do not charge an exit fee for this Class.	EUR 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	2.17% of the value of your investment per year. This is an estimate based on actual costs over the last year.	EUR 217
Transaction costs	0.21% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	EUR 21
Incidental costs taken under specific conditions		
Performance fees	Paid yearly and based on the NAV, equivalent to 10.00% of the performance of the NAV per share (measured against the Reference NAV) over the return of a benchmark, calculated during the current period. The benchmark used for the calculation of the Performance Fees is MSCI World total net return EUR (and denominated in the currency of the non-hedged share classes). The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	EUR 0

Conversions between sub-funds are subject to a commission of maximum 1.00% of the NAV of the shares to be converted.

## How long should I hold it and can I take my money out early?

### Recommended holding period (RHP): 5 years.

The RHP was chosen to allow sufficient time for this product to reach its objectives and avoiding short term market fluctuations.

The NAV of the Sub-Fund shall be calculated on each Business Day (the "Calculation Day"), on the basis of the pricing of the preceding Business Day (the "Valuation Day"). For any subscription or redemption request received by the Fund, prior to 12:00 Luxembourg time, at the Valuation Day, the NAV calculated on the Calculation Day will be applicable.

## How can I complain?

In the event a natural or legal person wishes to file a complaint with the Fund in order to recognize a right or to redress a harm, the complainant should address a written request that contains description of the issue and the details at the origin of the complaint, either by email or by post, in an official language of their home country to the following address: FundPartner Solutions (Europe) S.A., 15 Avenue J.F. Kennedy, L-1855 Luxembourg; pfcs.lux@pictet.com; <https://www.pictet.com/ch/en/legal-documents-and-notes/key-information-document-complaint-procedure>.
