Reference Date: 16 February 2024

What is this product?

► Type:

This product is an undertaking for collective investments in transferable securities (UCITS) incorporated as an investment company with variable capital (SICAV).

► Term:

This product does not have a maturity date.

► Objectives:

Investment Objective:

The objective of the sub-fund is to seek exposure to a broad range of asset classes, such as equities of all sectors, bonds and money market instruments, as well as cash and cash equivalents. Exposure to these asset classes will be achieved directly or indirectly through investments in open-ended UCITS/UCIs.

Investment Policy:

The reference asset allocation is of 50% in equities and 50% in bonds and cash (equivalents). The actual asset allocation may however diverge from the reference asset allocation depending on expectations regarding the market trends. The sub-fund is not subject to any geographic or sectorial restrictions. The currency exposure of the sub-fund is flexibly managed. The investment horizon is long term.

ESG considerations:

The sub-fund aims to contribute to the realisation of the United Nations Sustainable Development Goals (SDGs). The SDGs are a call for action defined by the United Nations to promote prosperity while protecting the planet (Article 9 SFDR).

► Intended retail investor:

This product is suitable for investors who are willing to accept the risk of total loss of invested capital and have an investment horizon of approximately 3 years. It is intended for investors who do not have the minimum required level of knowledge and experience of financial markets. This product can be used both as a primary investment and as part of a diversified portfolio.

Benchmark:

The sub-fund is actively managed and is not constrained by a benchmark index.

Trading and cut-off time:

Investors may request redemptions of shares daily in line with the relevant section of the Fund's prospectus.

Distribution policy:

Your shares will be distributing shares.

Currency:

EUR

Additional information:

Depositary: CACEIS Bank, Luxembourg Branch.

The latest prospectus and periodic regulatory documents drawn up for the entire Fund are available free of charge in English from the Management Company, ING Solutions Investment Management S.A., 26, Place de la Gare, L-1616 Luxembourg or on the website <https://www.ing-isim.lu>. The net asset value is available on request from the Management Company. Investors may convert their shares of any class of one sub-fund of the Fund into shares of another class of that sub-fund or a different sub-fund subject to the provisions of the prospectus.

What are the risks and what could I get in return?

Risk Indicator:

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact the capacity to pay you.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Please refer to the Fund's prospectus for a full list of risks which can affect the overall Fund value.

Performance Scenarios:

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: 3 years
Example investment: EUR 10,000
Scenarios

If you exit after 1 year

If you exit after 3 years

Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress	What you might get back after costs	4,070 EUR	5,290 EUR
	Average return each year	-59.3%	-19.1%
Unfavourable	What you might get back after costs	7,980 EUR	8,890 EUR
	Average return each year	-20.2%	-3.9%
Moderate	What you might get back after costs	10,090 EUR	11,000 EUR
	Average return each year	0.9%	3.2%
Favourable	What you might get back after costs	11,600 EUR	13,170 EUR
	Average return each year	16.0%	9.6%

The stress scenario shows what you might get back in extreme market circumstances.

The unfavourable scenario occurred for an investment between 12/2021 and 12/2023.

The moderate scenario occurred for an investment between 08/2015 and 08/2018.

The favourable scenario occurred for an investment between 12/2018 and 12/2021.

What happens if ING Solutions Investment Management S.A. is unable to pay out?

The Fund's assets and liabilities are segregated from those of ING Solutions Investment Management S.A. Therefore, the Fund's ability to pay out would not be affected in case of insolvency or default of ING Solutions Investment Management S.A.

However, there is a risk of financial loss in the event of the insolvency of the depository but this risk is mitigated due to the segregation of the depository's assets from those of the Fund. A potential loss is not covered by an investor compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time:

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

If you exit after 1 year

If you exit after 3 years

Total costs	483 EUR	918 EUR
Annual cost impact (*)	4.8%	3.0% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.3% before costs and 3.2% after costs.

Composition of Costs:

One-off costs upon entry or exit

If you exit after 1 year

Entry costs	Maximum 3.00% of the amount you pay in when entering this investment.	297 EUR
Exit costs	We do not charge an exit fee for this product.	0 EUR

Ongoing costs taken each year

Management fees and other administrative or operating costs	1.75% of the value of your investment per year. This is an estimate based on actual costs over the last year.	173 EUR
Transaction costs	0.14% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	14 EUR

Incidental costs taken under specific conditions

Performance fees	There is no performance fee for this product.	0 EUR
-------------------------	---	-------

How long should I hold it and can I take money out early?

Recommended holding period: 3 years.

There is no minimum holding period required for this product. The period of 3 years has been determined to be consistent with the time the product may need to achieve its investment objectives and generate a potential return. Selling your units before the end of the recommended holding period may have an adverse effect on your return. In addition, while longer holding periods allow more time to achieve the investment objectives of the product, the outcome of any holding period is in no way guaranteed in terms of return.

You can redeem your investment at any time without penalty in accordance with the provisions of the Fund's prospectus.

How can I complain?

Should you wish to make a complaint against the product, its initiator or the person who provides you with advice or sells the product to you, your financial intermediary is the first point of contact. You can also send it in writing to ING Solutions Investment Management S.A., 26 Place de la Gare, L-1616 Luxembourg or by email to compliance.isim@ing.com. For more information, you can refer to the procedure for handling claims available on <https://www.ing-isim.lu/policies>.

Other relevant information

Past performances and performance scenarios

Further information on the past performance of the product over the last 10 years as well as previous performance scenarios is available on <https://www.priipsdocuments.com/isim/?isin=LU2511511052&lang=en&kid=no>. For recent products, past performance may be less than 10 years.

Remuneration policy

The updated English version of the remuneration policy of ING Solutions Investment Management S.A. can be consulted on the website <https://www.ing-isim.lu/policies>.

Tax

Depending on your tax regime, any capital gains and income arising from the ownership of shares in the Fund may be subject to taxation. We advise you to consult your financial advisor for more information on taxation.

Other information

Information on payments, participants, redemptions or repayments of units and information on the Fund is available to the public at the offices of the institutions providing the financial services.

The Management Company ING Solutions Investment Management S.A. may only be held liable on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the prospectus of the Fund.
